THE BOARD OF ALDERMEN

OF THE CITY OF NEW YORK

STATED MEETING.

Tuesday, April 7, 1903, 1 o'clock p. m.

The Board met in the Aldermanic Chamber, City Hall.

Present:

Hon. Charles V. Fornes, President of the Board of Aldermen.

Aldermen:

James H. McInnes, Vice-Chairman;
Charles Alt,
John H. Behrmann,
Thomas F. Baldwin,
Frank Bennett,
Joseph A. Bill,
Frederick Brenner,
James J. Bridges,
Patrick Chambers,
John V. Coggey,
Charles W. Culkin,
James J. Devlin,
William Dickinson,
John Diemer,
John J. Dietz,
John H. Donohue,
Reginald S. Doull,
Frank L. Dowling,
Robert F. Downing,
John L. Florence,
Thomas F. Foley,
James E. Gaffney,
Frank Gass,
Andrew M. Gillen,
John D. Gillies,
John L. Goldwater,
Elias Goodman,
John J. Haggerty,
Leopold W. Harburger,
Philip Harnischfeger,
Patrick Higgins,
Peter Holler,
David M. Holmes,
Charles P. Howland,
William T. James,
Samuel H. Jones,
Patrick S. Keely,
Francis P. Kenney,
John C. Klett,
Jacob Leitner,
Frederick Lundy,
John T. McCall,
Thomas F. McCaul,
Patrick H. Malone,
Joseph H. Maloy,
Isaac Marks,
Armitage Mathews,
Charles Metzger,
James Cowden Meyers,
Nicholas Nehrbauer,
Joseph Oatman,
James Owens,

Frederick Richter,
John A. Schappert,
Ernest A. Seebeck, Jr.
Cornelius A. Shea,
David S. Stewart,
Timothy P. Sullivan,
Noah Tebbetts,
John J. Twomey,
Webster R. Walkley,
Franklin B. Ware,
William Wentz,
William J. Whitaker,
Henry Willett,
John Wirth,

George Cromwell, President, Borough of Richmond.

Joseph Cassidy, President, Borough of Queens.

Louis F. Haffen, President, Borough of The Bronx.

J. Edward Swanstrom, President, Borough of Brooklyn.

Jacob A. Cantor, President, Borough of Manhattan.

In the temporary absence of the President, the Vice-President took the chair.

The Clerk proceeded to read the Minutes of the stated meeting of March 31, 1903.

Alderman Harburger moved that the Minutes be corrected and amended by striking from page 1186 the words "Which was referred to the Committee on Streets, Highways and Sewers," and inserting in lieu thereof the words "Which was referred to the Local Board of the District affected."

Which motion was adopted.

On motion of Alderman Mathews the Minutes as corrected and amended were approved as printed.

MOTIONS, ORDINANCES AND RESOLUTIONS.

Alderman Diemer asked and obtained unanimous consent to introduce the following:

No. 1889.

Resolved, That his Honor the Mayor be and he is hereby respectfully requested to return to this Board for further consideration an ordinance now in his hands (Int. No. 1855), entitled "An ordinance to provide for the heating of street cars in The City of New York."

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was decided in the affirmative.

Subsequently the paper was received from his Honor the Mayor, and is as follows:

No. 1855.

AN ORDINANCE to provide for the heating of street cars in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Each street, surface or other railroad company operating or running cars on the surface of any street, avenue or thoroughfare in The City of New York

shall, between the first day of October and the first day of April of each year, properly heat and keep heated at least every second car on its line or lines whenever the temperature upon the street shall fall below 40 degrees Fahrenheit.

Sec. 2. A failure to so heat and keep heated each second or alternate car where the thermometer shall record a temperature below 40 degrees Fahrenheit shall subject the company or companies so violating the conditions of section 1 to a penalty of twenty-five dollars fine for each and every failure so to do.

Sec. 3. There shall be conspicuously displayed on both sides of each heated car, when all the cars of the line are not heated, a placard or sign containing the words, "Heated Car," in large type.

Sec. 4. The above sections shall apply only to cars running a distance of three miles or more.

Sec. 5. All ordinances or parts of ordinances of the former municipal and public corporations consolidated into The City of New York inconsistent or conflicting with the provisions of this ordinance are hereby repealed, and any ordinances and parts of ordinances affected or repealed thereby are hereby re-enacted.

Sec. 6. This ordinance shall take effect immediately.

Alderman Diemer moved a reconsideration of the vote by which the above resolution was adopted.

The Vice-Chairman put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

On motion of Alderman Diemer, the paper was then ordered on file.

No. 1890.

By Alderman Diemer—

AN ORDINANCE to provide for the heating of street cars in The City of New York.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. Each street, surface or other railroad company operating or running cars on the surface of any street, avenue or thoroughfare in The City of New York shall, between the first day of October and the first day of April of each year, properly heat and keep heated at least every second car on its line or lines whenever the temperature upon the street shall fall below forty degrees Fahrenheit.

Sec. 2. A failure to so heat and keep heated each second or alternate car where the thermometer shall record a temperature below forty degrees Farhenheit shall subject the company or companies so violating the conditions of section 1 to a penalty of twenty-five dollars fine for each and every failure so to do.

Sec. 3. There shall be conspicuously displayed on each side of each heated car, when all the cars of the line are not heated, a placard or sign containing the words "Heated Car," in large type.

Sec. 4. The above section shall apply only to cars running a distance of three miles or more.

Sec. 5. All ordinances or parts of ordinances of the former municipal and public corporations consolidated into The City of New York inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

Sec. 6. This ordinance shall take effect immediately.

The Vice-Chairman put the question whether the Board would agree with said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Behrmann, Bennett, Bill, Brenner, Bridges, Coggey, Devlin, Dickinson, Diemer, Donohue, Doull, Dowling, Downing, Gass, Gillies, Goodman, Haggerty, Harburger, Harnischfeger, Higgins, Holler, Holmes, James, Klett, John T. McCall, Malone, Mathews, Meyers, Nehrbauer, Oatman, Owens, Peck, Richter, Seebeck, Shea, Stewart, Sullivan, Tebbetts, Twomey, Walkley, Ware, Willett, Wirth; President Cromwell, Borough of Richmond and the Vice-Chairman of the Board of Aldermen—46.

Alderman Higgins asked and obtained unanimous consent to introduce the following:

No. 1891.

Resolved, That his Honor the Mayor be and he is hereby respectfully requested to return to this Board for further consideration resolution now in his hands (Int. No. 1822) authorizing and requesting the President of the Borough of Manhattan to prepare plans and specifications for the erection of a suitable building on the site of Clinton Market, in the Borough of Manhattan.

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was decided in the affirmative.

Subsequently the paper was received from his Honor the Mayor and is as follows:

No. 1822.

Whereas, The building known as Clinton Market, bounded by Spring, West, Washington and Canal streets, erected by The City of New York in 1828 as a public market, is in a dilapidated condition and unfit for the purposes for which it was erected; and

Whereas, The maintenance of a public market on this site is absolutely necessary for the residents of the district and for the shipping industry of the Hudson river; and

Whereas, The wholesale potted plants and cut flower dealers have been endeavoring to secure the erection by the City of a flower market, and have selected this site as the most available for their purpose, by reason of its proximity to the principal ferry systems from the State of New Jersey; be it

Resolved, That the Board of Aldermen of The City of New York do hereby authorize and request the President of the Borough of Manhattan to prepare plans and specifications for the erection of a suitable building on the above mentioned site, to be occupied as a public market, flower market and as a public bath house. And when they are completed, the President of the Borough of Manhattan is hereby authorized and requested to apply to the Board of Estimate and Apportionment for an appropriation to properly complete and equip the same.

Alderman Higgins moved a reconsideration of the vote by which the above resolution was adopted.

The Vice-Chairman put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

On motion of Alderman Higgins the paper was then ordered on file.

Alderman Harnischfeger asked and obtained unanimous consent to introduce the following:

No. 1892.

Resolved, That his Honor the Mayor be and he is hereby respectfully requested to return to this Board for further consideration an ordinance now in his hands (Int. No. 1553), entitled "An Ordinance to change grade of Bryant street, Borough of The Bronx."

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was decided in the affirmative.

Subsequently the paper was received from his Honor the Mayor, and is as follows:

No. 1553.

The Committee on Streets, Highways and Sewers, to whom was referred on January 20, 1903 (Minutes, page 234), the annexed ordinance in favor of changing the grade of Bryant street, Borough of The Bronx, respectfully

REPORT:

That, having examined the subject, they believe the proposed improvement to be necessary. They therefore recommend that the said ordinance be adopted.

AN ORDINANCE to change the grade of Bryant street, Borough of The Bronx.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

That, in pursuance of section 442 of the Greater New York Charter, the following resolution of the Board of Estimate and Apportionment adopted by that Board on the 19th day of December, 1902, be and the same hereby is approved, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of section 442 of the Greater New York Charter, deeming it for the public interest to alter the map or plan of The City of New York by changing the grade of Bryant street, between Freeman street and Jennings street, in the Borough of The Bronx, City of New York, does hereby favor and approve of the same, so as to change the grade of the aforesaid street, as follows:

The grade of Freeman street to be 65 feet above mean highwater datum, as heretofore.

The grade at a point 200 feet northerly of the intersection of the northern line of Freeman street with the western line of Bryant street to be 67 feet above mean high water datum, and the grade at the intersection of Jennings street to be 55.8 feet above mean high water datum, as heretofore.

FRANK L. DOWLING, CHARLES ALT, WILLIAM J. WHITAKER, PATRICK H. MALONE, CHARLES W. CULKIN, Committee on Streets, Highways and Sewers.

Alderman Harnischfeger moved a reconsideration of the vote by which the above resolution was adopted.

The Vice-Chairman put the question whether the Board would agree with the said motion.

Which was decided in the affirmative.

On motion of Alderman Harnischfeger the paper was then ordered on file.

MESSAGES FROM HIS HONOR THE MAYOR.

The Vice-Chairman laid before the Board the following message from his Honor the Mayor:

No. 1747.

City of New York, Office of the Mayor,
April 6, 1903.

To the Honorable the Board of Aldermen of The City of New York:

I return herewith, without my approval, a resolution adopted by the Board of

Aldermen on March 24, 1903, to change the name of Eastern Parkway Extension, between Bushwick avenue and Jamaica avenue.

My objection to this resolution is that, as passed, it applies to a street running through Highland Park, and I do not think that the change can properly be made to apply to a street running through one of the public parks. It seems to me that, if the change is made, the resolution should be amended so as to apply to Eastern Parkway Extension, between Bushwick avenue and Highland Park only.

SETH LOW, Mayor.

Resolved, That the name of Eastern Parkway Extension, between Bushwick avenue and Jamaica avenue, in the Boroughs of Brooklyn and Queens, be and the same is hereby changed to and shall hereafter be known and designated as Highland Boulevard, and the Presidents of the boroughs of Brooklyn and Queens are hereby authorized and requested to renumber the houses and lots along the line of said thoroughfare, as may be necessary, and to note the same on the maps and records of The City of New York in accordance herewith.

Which was laid over, ordered to be printed in the Minutes and published in full in the "City Record."

The Vice-Chairman laid before the Board the following message from his Honor the Mayor:

No. 1814.

City of New York, Office of the Mayor,
April 7, 1903.

To the Honorable the Board of Aldermen of The City of New York:

I return herewith, without my approval, an ordinance adopted by the Board of Aldermen on March 24, 1903, amending section 179 of the Revised Ordinances of The City of New York of 1897, by adding a section providing for the issuing of permits for ornamental projections on certain buildings beyond the building line.

My objection to this ordinance is that it imposes too stringent restrictions upon pilasters, window sills, trims, lintels, cornices, gables, statuary, carvings and bas reliefs, and it seems to me that they should be omitted from the scope of the ordinance.

I think, also, that no compensation should be asked by the City for the privilege of erecting such ornamental projections unless they extend more than one foot beyond the building line. I am assured by the Superintendents of Buildings in the Borough of Manhattan and the Borough of Brooklyn that unless these two modifications are made to the ordinance they will inflict great hardship upon builders and property owners, and will also create difficult problems in the calculation of the

compensation to be charged by the City. I think this matter should be considered in committee and action taken as early as possible.

SETH LOW, Mayor.

AN ORDINANCE amending section 179 of the Revised Ordinances of The City of New York of 1897, by adding a section providing for the issuing of permits for ornamental projections on certain buildings beyond the building line.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 179A.

Section 1. The Borough Presidents and the Park Commissioners having jurisdiction shall, subject to the restrictions of this ordinance, issue permits for the construction of ornamental projections which project beyond the building line, provided in the opinion of the officer having jurisdiction no injury will come to the public thereby. Permits for the construction of such projections lying within any park, square, or public place, or within a distance of three hundred and fifty feet from the outer boundaries thereof, shall be issued by the Park Commissioner having jurisdiction, as provided in section 612 of the Charter, as amended by section 1, chapter 723 of the Laws of 1901. Permits for the erection of all other ornamental projections shall be issued by the Borough President having jurisdiction.

For the purposes of this ordinance "an ornamental projection" shall be taken to mean and include all decorative projections on the face of a building beyond the building line, in the nature of porches, porticos, columns, pillars, pilasters, window-sills, trims, lintels, cornices, gables, statuary carvings, bas-reliefs, etc., which are erected purely for the enhancement of the beauty of the building from an artistic standpoint.

Section 2. Before the erection of any such ornamental projections shall be commenced, the owner of the building, or his duly authorized agent, shall make application in writing to the said Borough President or Park Commissioner having jurisdiction, on suitable blanks furnished by him, for the permit herein provided for, and shall file a plan and drawings showing the nature of the proposed ornament, with the dimensions thereof, the number of stories through which it is intended to be carried, and the number of square feet of area covered by that portion of the ornamentation projecting beyond the building line.

Each application shall be accompanied by the amount of compensation due the City for the privilege of erecting said ornamentation, as hereinafter provided.

Section 3. Each application for the erection of an ornamental projection, which projects more than one foot beyond the building line, shall be accompanied by a certified copy of the last assessed valuation of the property on which said orna-

mental projection is to be erected which appears upon the books of the Department of Taxes and Assessments. Except as hereinafter provided, the amount that shall be paid as a compensation to the City for the privilege of erecting each ornamental projection shall be, for each and every square foot or fraction thereof of area beyond the building line, for each and every story through which it is carried, covered by said ornamental projection, at the rate of ten per cent. per square foot of the assessed value of the property on which the said ornamental projection is to be erected.

If such ornamental projection does not go more than one foot beyond the building line, and it is not carried higher than the sill of the second-story windows, then the rate throughout The City of New York shall be ten cents for each square foot or fraction thereof of horizontal area covered by said ornamental projection beyond the building line.

Section 4. Ornamental projections which shall extend not more than two feet beyond the building line may hereafter be erected on buildings in the Borough of Manhattan, situated on Broadway to the south of Fifty-ninth street; on Fourteenth street, between Broadway and Sixth avenue; on Twenty-third street, between Third and Sixth avenues; on Thirty-fourth street, between Third and Ninth avenues; on Fifty-ninth street, between Third and Ninth avenues, and on Fifth avenue, between Fourteenth street and Fifty-ninth street; and on all other streets ornamental projections may be erected, provided they shall extend not more than one-fifteenth part of the width of the street they are upon, nor in any case more than four feet beyond the building line.

Section 5. The permits mentioned herein shall be issued in duplicate, one of which will be retained by the applicant and kept at the building during the erection of the projection, and the other shall be filed by him with the plans for the building in the Bureau of Buildings. If it shall appear upon completion that the ornamental projection occupies a greater number of square feet or has been carried through a greater number of stories than shall have been paid for, the applicant shall pay twice the sum previously paid for each square foot of area occupied by said projection over and above the number of square feet paid for originally; but in no case shall said ornamental projection exceed the limit allowed by law.

Section 6. Permits granted pursuant to the provisions of this ordinance are revocable permits, and shall have the following clause printed thereon, viz.: "This permit is issued subject to revocation thereof at any time hereafter by the Board of Aldermen of The City of New York, upon the recommendation of the officer having jurisdiction, when the space occupied by said ornamental projection or any

portion thereof, may be required for any public improvement, or upon any violation of any of the terms or conditions upon which this permit is issued." A permit for the erection of an ornamental projection shall be deemed to have expired when such projection is taken down, and the space formerly occupied thereby shall no longer be used for the purpose for which the permit was issued, unless a permit for its reconstruction shall have been granted, as provided in section 8 of this ordinance. In case it is thereafter desired to erect an ornamental projection on the said property, the applicant shall comply with all of the provisions of this ordinance.

Section 7. Permits as hereinbefore described, and subject to the conditions therein attached, may be issued to the owners of all buildings having ornamental projections, which buildings have been erected or are being erected, and have ornamental projections thereon beyond the building line, without any authorization therefor.

Section 8. No fees shall be charged for granting a permit to reconstruct an ornamental projection within the limitations imposed by an original permit therefor.

Section 9. Nothing herein contained shall be deemed to conflict with the provisions of the Building Code. No plans for the construction of a building having ornamental projections thereon, beyond the building line, as defined in this ordinance, shall be approved by the Superintendent of Buildings until the permit therefor is filed, as provided by section 5 of this ordinance.

Section 10. All fees received by the Borough Presidents or Park Commissioners for the issuing of permits provided by this ordinance shall be accounted for in proper books kept for that purpose, and shall be turned over by them to the City Chamberlain and credited to the General Fund.

Section 11. Any person, firm or corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor, and shall, in addition thereto, be liable to a penalty of ten dollars for each offense, and ten dollars for each and every day that such offense shall continue.

Section 12. All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

Section 13. This ordinance shall take effect immediately.

Which was laid over, ordered to be printed in the minutes and published in full in the "City Record."

PETITIONS AND COMMUNICATIONS.

No. 1893.

State of New York, Executive Chamber,
Albany, April 3, 1903.

Mr. P. J. SCULLY, City Clerk, New York City:

My Dear Sir—I beg to acknowledge receipt of resolutions adopted by the Board of Aldermen of The City of New York relative to Senate Bill No. 844 and Assembly Bill No. 1147.

Very truly yours,

B. B. ODELL, Jr.

Which was ordered on file.

No. 1894.

State of New York, Senate Chamber,
Albany, April 3, 1903.

P. J. SCULLY, New York City:

Dear Sir—I beg to acknowledge receipt of resolutions relative to Assembly Bill No. 1500 and Senate Bill No. 844, and the same have been presented to the Senate.

Yours truly,

L. B. GLEASON, Assistant Clerk.

Which was ordered on file.

No. 1895.

Towns & McCrossin, Attorneys and Counsellors at Law,
Germania Savings Bank Building, Nos. 375-379 Fulton Street,
Brooklyn, April 1, 1903.

Commission for Revising Street Names, Borough of Brooklyn:

Gentlemen—With a very proper reform, that of renaming some of the streets in Brooklyn, which you have undertaken, I am heartily in accord. But I do not think that the list would be complete unless you eradicated from the map the name "Coney Island Avenue." For about thirty years now that name has killed one of the most important streets in this borough; it is suggestive of so much that is bad and commonplace that people shun it.

I would suggest in place of it "Brighton Road, Brighton Avenue, Wave Avenue, Crest Avenue, South Avenue, Sunset Avenue."

I am sure that every man, woman and child living on the avenue or having property on the avenue would like to see the name changed. I myself have several hundred

lots on the avenue and I should esteem it a great favor if you can have the name changed.

Yours respectfully,

M. L. TOWNS.

Which was referred to the Alderman of the district affected.

No. 1896.

Sixth, Tenth and Twelfth Wards Board of Trade,
Brooklyn, N. Y., April 3, 1903.

CHARLES V. FORNES, Esq., President of the Board of Aldermen, New York City:

Dear Sir—I am instructed by the Sixth, Tenth and Twelfth Wards Board of Trade to forward you copy of resolutions adopted at our last meeting, and hope that your Board will take action in relation to matters referred to.

Yours very truly,

A. J. DOOHER, Secretary.

Resolutions Adopted by the Sixth, Tenth and Twelfth Wards Board of Trade, at Their Regular Meeting, Held at No. 396 Clinton Street, March 27, 1903.

Whereas, A letter has been received from Robert Van Iderstine, Deputy Commissioner of Water Supply, Gas and Electricity, inclosing a report submitted to the Mayor of this City by Robert Grier Monroe, Commissioner of said Department, bearing date March 12, 1903, wherein said Commissioner urges that legislation be immediately asked and that The City of New York be given power to establish and maintain an electric plant for street lighting in case it is for the public interest so to do; and

Whereas, It appears from said report that a combination exists between all the gas and electric lighting companies in The City of New York, so that there is no competition between them in any part of the City, and the law requiring that contracts for lighting streets, etc., be let after public competition is nullified in its practical intent; therefore be it

Resolved, That the Sixth, Tenth and Twelfth Wards Board of Trade believes that The City of New York should have the power to establish its own electric lighting plant whenever and wherever, in said City, honest, competitive bidding for such services cannot be obtained.

That a copy of this resolution be forwarded to Robert Van Iderstine, Deputy Commissioner, aforesaid, with the thanks of this organization for calling its attention to the proposed legislation.

Whereas, The gas companies of Greater New York are charging exorbitant prices and providing an inadequate service, therefore

Resolved, That we favor a change in the Greater New York Charter imposing heavier penalties than at present provided for violation of the law by the said gas companies.

Resolved, That we favor an appropriation of fifty-one thousand dollars asked for by Commissioner Monroe for installing movable photometric stations for making gas tests and providing him with all necessary employees for that purpose.

Resolved, That the Board of Aldermen be requested to pass an ordinance, requesting that the gas companies furnish their patrons with duplicate readings of gas meters, and that they be requested to place all metres in such positions as may be readily accessible at all times.

J. J. ENNIS, President.

A. J. DOOHER, Secretary.

Copy of resolution adopted by Board March 27, 1903.

Which was referred to the Committee on Water Supply, Gas and Electricity.

No. 1897.

The Peck, Stow & Wilcox Company,
Hardware Manufacturers, No. 27 Murray street,
New York, April 7, 1903.

Honorable CHARLES V. FORNES, President, and Esteemed Colleagues, Fellow Members of the Board of Aldermen of The City of New York:

I desire to thank each one of you for the resolutions of condolence and sympathy which were adopted by your Honorable Body upon the decease of my only and beloved son, Winfield Davidson Walkley.

While such expressions do not lessen the sorrow which overwhelms me, they do light the darkness of the valley of the shadow of death through which I am passing.

My son, active in life, earnest in his work, faithful to every duty, has left a record and a name worthy of imitation.

I can only pray that when each of you shall sit in the shadow of a great sorrow, you may be sustained by an "unfaltering trust" and supported by such friends and associates as have surrounded me on every side.

My companion through many years joins me in again thanking you for these evidences of your sympathy, and the kindly expressions of your esteem which have been handed me, duly authenticated and handsomely engrossed.

In grateful recognition of your loving remembrance in the hour of my deep affliction, I hope ever to remain, Your friend,

WEBSTER R. WALKLEY.

Which was ordered on file.

No. 1898.

By Alderman Bennett—

Twentieth Assembly District Association of the Citizens' Union of New York City,
Borough of Brooklyn,
Brooklyn, April 6, 1903.

Alderman FRANK BENNETT:

Dear Sir—The following resolutions were unanimously adopted at the meeting of the Citizens' Union of the Twentieth Assembly District, Kings County, held on the above date, and kindly request you to present the same to the Honorable Board of Aldermen of Greater New York:

Whereas, It is a frequent occurrence of late for persons to be bitten by a dog owing to the lack of a law compelling them to wear a muzzle; and

Whereas, The Society for the Prevention of Cruelty to Animals, which has been given full control in this matter, is not in the position to cope with the situation which confronts them, as you will very readily see by the inclosed copy of a postal that is sent to a person desirous of getting rid of a vicious animal; and

Whereas, The nearest place to deliver a dog is about four miles away, and a person being compelled to walk with a vicious animal would only cause more trouble, as the railroad company will certainly not issue a permit to take a mad dog on a car; and

Whereas, The number of homeless dogs have increased many fold since the City gave up control of destroying the same; and

Whereas, On information received the Police have not the authority to shoot an animal; therefore be it

Resolved, That the Citizens' Union of the Twentieth Assembly District, Kings County, urge the Honorable Board of Aldermen of Greater New York to at once pass an ordinance for the muzzling and control of dogs in Greater New York for the relief of the public in general, for we are of the opinion when the warm weather sets in the attack by dogs will certainly become more numerous and stringent measures must be taken to prevent the same.

We fully appreciate the efforts and accomplishments of the Society for the Prevention of Cruelty to Animals, but we must seek to avoid all cases of rabies in the future.

According to the New York World, who have given the matter due consideration, ninety-four persons have been attacked since January 1, which is certainly very alarming.

Hoping you will give this matter due consideration, I remain,

Most respectfully,

Secretary,

No. 193 Ralph street.

JOHN MORCH, Chairman.

(Copy of Postal.)

The American Society for the Prevention of Cruelty to Animals.
Brooklyn Office No. 13 Willoughby Street.

Your request to have dog removed and disposed of received. We regret to say that such requests have become so numerous of late as to entail an annual expense of several thousands of dollars which cannot be spared from the aggressive work of the society. We are therefore constrained to suspend this gratuitous service and to request the owners of unwanted animals to take them to one of the following named places provided by the Society for their reception:

Headquarters of the Society—No. 111 East Twenty-second street, Borough of Manhattan; One Hundred and Second street and East river, Borough of Manhattan; Malbone street and Nostrand avenue, Borough of Brooklyn; No. 114 Lawrence street, Borough of Brooklyn; Wave street, Stapleton, Borough of Richmond.

It is a violation of law to abandon an animal. (See section 655, Penal Code.)

(Signed) JOHN P. HAINES, President.

Which was referred to the Committee on Laws and Legislation.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The Vice-Chairman laid before the Board the following communications from the Board of Estimate and Apportionment transmitting ordinances:

No. 1899.

Board of Estimate and Apportionment, The City of New York,
New York, March 30, 1903.

To the Honorable Board of Aldermen of The City of New York, Borough of Manhattan:

Dear Sirs—In pursuance of the provisions of section 442 of the Greater New York Charter and by direction of the Board of Estimate and Apportionment of The City of New York I transmit herewith certified copy of a resolution adopted by the Board on the 20th day of March, 1903, favoring and approving of a change in the map or

plan of The City of New York by laying out East One Hundred and Eighty-fifth street, from Washington avenue to Third avenue, in the Borough of The Bronx.

This change was petitioned for by property owners and recommended by the Local Board of the Morrisania District and by the Chief Engineer of the Board of Estimate and Apportionment.

I enclose a copy of a report from Josiah A. Briggs, Chief Engineer of the Borough of The Bronx and a form of ordinance for adoption by your Board.

Respectfully,

J. W. STEVENSON, Secretary.

AN ORDINANCE to provide for laying out and extending East One Hundred and Eighty-fifth street, from Washington avenue to Third avenue, in the Borough of The Bronx.

Be it Ordained, by the Board of Aldermen of The City of New York as follows:

That, in pursuance of section 442 of the Greater New York Charter, the following resolution of the Board of Estimate and Apportionment adopted by that Board on the 20th day of March, 1903, be and the same hereby is approved, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest to alter the map or plan of The City of New York by laying out and extending East One Hundred and Eighty-fifth street, from Washington avenue to Third avenue, in the Borough of The Bronx, City of New York, does hereby favor and approve of the same, so as to lay out and extend the aforesaid street as follows:

"PARCEL A."—BETWEEN WASHINGTON AVENUE AND BASSFORD AVENUE.

Beginning at a point in western line of Bassford avenue, distant 210.03± feet southerly from the intersection of said line with the southwestern line of Third avenue as they are laid down on section 13 of the final maps of the Twenty-third and Twenty-fourth Wards, Borough of The Bronx, City of New York, filed in the Register's office, New York City.

1. Thence westerly, parallel and 25 feet northerly of the southern property line of Lot No. 78, Block 3053, to its intersection with the eastern line of Washington avenue.

2. The northern line of East One Hundred and Eighty-fifth street is 50 feet northerly and parallel to the previous course.

"PARCEL B."—BETWEEN BASSFORD AVENUE AND THIRD AVENUE.

Beginning at a point in the eastern line of Bassford avenue, distant 160.92± feet southerly from the intersection of said line with the southwestern line of Third avenue, as they are laid down on section 13 of the final maps of the Twenty-third and Twenty-fourth Wards, Borough of The Bronx, City of New York, filed in the Register's office, New York City.

1. Thence easterly along the southern property line of Lots Nos. 33 and 46, Block 3053, to its intersection with the westerly line of Bathgate avenue.

2. The northern line of East One Hundred and Eighty-fifth street is 50 feet northerly and parallel to the previous course.

Which was referred to the Committee on Streets, Highways and Sewers.

No. 1900.

Board of Estimate and Apportionment, The City of New York,
New York, March 30, 1903.

To the Honorable Board of Aldermen of The City of New York, Borough of Manhattan:

Dear Sirs—In pursuance of the provisions of section 442 of the Greater New York Charter, and by direction of the Board of Estimate and Apportionment of The City of New York, I transmit herewith certified copy of a resolution adopted by the Board on the 20th day of March, 1903, favoring and approving of a change in the map or plan of The City of New York by laying out a public park bounded by East avenue, Van Alst avenue, Ninth and Twelfth streets, in the Borough of Queens. This change was adopted after a public hearing upon the recommendation of the Local Board of the Newtown District and on the report of the Chief Engineer of this Board.

I inclose form of ordinance for adoption by your Honorable Board.

Respectfully,

J. W. STEVENSON, Secretary.

AN ORDINANCE to provide for laying out a Public Park, bounded by East avenue, Van Alst avenue, Ninth and Twelfth streets, in the Borough of Queens.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

That, in pursuance of section 442 of the Greater New York Charter, the following resolution of the Board of Estimate and Apportionment, adopted by that Board on the 20th day of March, 1903, be and the same hereby is approved, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York

Charter, deeming it for the public interest to alter the map or plan of The City of New York by laying out a public park, bounded by East avenue, Van Alst avenue, Ninth and Twelfth streets, in the Borough of Queens, City of New York, does hereby favor and approve of the same so as to lay out the aforesaid park as follows: Beginning at a point formed by the intersection of the westerly side of Van Alst avenue with the northerly side of Ninth street and running thence northerly seventy-five degrees fifty-two minutes and thirty-two seconds (N. 75 deg. 52 min. 32 sec. W.), along the northerly side of Ninth street five hundred eighty-nine and seventy-two hundredths (589.72) feet to the easterly side of East avenue; thence north fourteen degrees seven minutes and twenty-eight seconds east (N. 14 deg. 7 min. 28 sec. E.), along the easterly side of East avenue, seven hundred nineteen and ninety-four hundredths (719.94) feet to the southerly side of Twelfth street; thence south seventy-five degrees fifty-two minutes and thirty-two seconds east (S. 75 deg. 52 min. 32 sec. E.), along the southerly side of Twelfth street five hundred and eighty-nine and seventy-two hundredths (589.72) feet to the westerly side of Van Alst avenue; thence south fourteen degrees seven minutes and twenty-eight seconds west (S. 14 deg. 7 min. 28 sec. W.), along the westerly side of Van Alst avenue, seven hundred and nineteen and ninety-four hundredths (719.94) feet to the point or place of beginning.

Which was referred to the Committee on Parks.

No. 1901.

Board of Estimate and Apportionment, The City of New York.
New York, March 30, 1903.

To the Honorable Board of Aldermen of The City of New York, Borough of Manhattan:

Dear Sirs—In pursuance of the provisions of section 442 of the Greater New York Charter, and by direction of the Board of Estimate and Apportionment of The City of New York, I transmit herewith certified copy of a resolution adopted by the Board on the 20th day of March, 1903, favoring and approving of a change in the map or plan of The City of New York by laying out an approach to the Manhattan Bridge (Bridge No. 3), in the Borough of Brooklyn. This change was adopted after a public hearing upon the recommendation of the Chief Engineer of this Board.

I inclose form of ordinance for adoption by your Honorable Board.

Respectfully,

J. W. STEVENSON, Secretary.

AN ORDINANCE to provide for laying out an approach to the Manhattan Bridge (Bridge No. 3), in the Borough of Brooklyn.

Be it Ordained, by the Board of Aldermen of The City of New York as follows:

That, in pursuance of section 442 of the Greater New York Charter, the following resolution of the Board of Estimate and Apportionment adopted by that Board on the 20th day of March, 1903, be and the same hereby is approved, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest to alter the map or plan of The City of New York by laying out an approach to the Manhattan Bridge (Bridge No. 3), in the Borough of Brooklyn, City of New York, does hereby favor and approve of the same, so as to lay out the aforesaid approach as follows:

The laying out of a street 120 feet in width as an approach to the Manhattan Bridge, in the Borough of Brooklyn. The centre line of the said new street to extend from a point on the southerly side of Nassau street, distant 322 feet 6 inches easterly from the southeasterly corner of Nassau and Jay streets, to the intersection of the centre line of Flatbush avenue with the centre line of Fulton street, the sides of the said street to be 60 feet distant from this centre line and parallel therewith; the said new street to have a roadway 85 feet in width and sidwalks each 17 feet 6 inches in width, and no fences, courtyards, areas, stoops, bay windows or other obstructions to be permitted outside of the building line of the said street.

Which was referred to the Committee on Bridges and Tunnels.

No. 1902.

Board of Estimate and Apportionment of The City of New York.
New York, April 4, 1903.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—In pursuance of the provisions of section 442 of the Greater New York Charter, and by direction of the Board of Estimate and Apportionment of The City of New York, I transmit herewith certified copy of a resolution adopted by said Board at a meeting held on the 27th day of March, 1903, approving of a change in the map or plan of The City of New York, by laying out a new street 80 feet in width from the Bowery to Elm street, between Broome street and Spring street, in the Borough of Manhattan, City of New York, as an extension to the Delancey street approach to the Williamsburg Bridge.

The said change was adopted after a public hearing, upon the recommendation of the Engineer of Street Openings for the Borough of Manhattan.

I inclose copy of an ordinance for adoption by your Board; also copies of communications from Carter & Ledyard, No. 54 Wall street (2), and Flandrau & Co. (2).

Respectfully,

J. W. STEVENSON, Secretary.

Carter & Ledyard,
No. 54 Wall Street,
New York, September 25, 1902.

To the Board of Estimate and Apportionment of The City of New York:

Gentlemen—In addition to the views submitted by us on behalf of the American Express Company in our communication to your Honorable Board, dated September 12, 1902, giving reasons why the property belonging to the American Express Company, occupying the southerly half of the block on Broome street, between Elm and Marion streets, should not be acquired by the City in connection with the proposed approach to the Williamsburgh Bridge, we desire to make the following suggestions bearing chiefly on the question of the value of said property, and on the amount which the City would probably be called upon to pay if the same is condemned for such approach.

The dimensions of this property, as shown on the diagram annexed to this letter, are as follows: It has a frontage of 100 feet 5½ inches on Broome street, 148 feet 9 inches on Marion street, 149 feet 6⅜ inches on Elm street, and its width at its northerly extremity between Elm and Marion streets is 59 feet 3½ inches. It contains in all 11,944 square feet. This plot is completely covered by two brick buildings, seven stories in height with basements. These buildings are connected and are leased, under single lease, to Flandrau & Co., carriage builders. This lease commenced February 1, 1902, and runs for fifteen years at the following rental: For the first year $11,080.75; for the next four years, $19,097.45 per annum; for the next five years, $20,586.72 per annum, and for the last five years $22,052.58 per annum. Hence the total rental for the fifteen years will amount to $300,667.05, or an average of $20,044.47 per year. The buildings on this plot are in good order and the American Express Company has recently paid the sum of $45,000 to put them in thorough repair throughout. Under the above lease the tenant is obliged to keep them in repair during the term. The present and prospective value of the property affected to a considerable extent by the fact that there will be a station of the underground railroad at Elm street, near Spring street, or less than a block away.

Taking into consideration the size of the plot, the condition of the buildings, their proximity to a station of the underground road and the lease existing thereon, the American Express Company considers that a low valuation for the said plot and buildings will be the sum of $500,000.

It will therefore be seen that to extend the Delancey street approach west of the Bowery so as to take in this property of the American Express Company will increase the expense of such approach by at least $500,000 over what such approach would cost if it stops at Marion street, and will increase the cost of such approach by at least $350,000 if made through the southerly half of the triangle bounded by Elm, Broom and Marion streets—and thus the property of the American Express Company taken—over what the expense of this approach would be if it continued to Elm street through the northerly half of this triangle. It seems to us that in considering the question of this extension of Delancey street west of the Bowery, the question of expense is the vital one for your Honorable Board to consider, and it is respectfully submitted that no corresponding advantage will accrue to the City from taking the property of the American Express Company in question when a suitable approach can be obtained, as indicated in our former letter, without taking this property.

Respectfully submitted,

(Signed) CARTER & LEDYARD,

Attorneys for American Express Company.

New York, September 12, 1902.

To the Board of Estimate and Apportionment of The City of New York:

Gentlemen—On behalf of our client, the American Express Company, we desire to protest against the proposed plan of a diagonal approach to the new East River Bridge, between the Bowery and Elm street, in so far as such undertaking would result in the condemnation of the buildings Nos. 406, 408, 410 and 412 Broome street, Nos. 187 and 189 Elm street, and Nos. 4 and 6 Marion street, owned by the American Express Company. The building is at present under lease to Flandrau & Co., carriage builders, and Mr. Daniel T. Wilson, of that firm, has already entered a protest against the condemnation of the building, in a letter of September 4, 1902, to the Hon. Edward M. Grout, Comptroller of The City of New York. This letter was presented to this Honorable Board at its meeting held September 5, and in the protest stated therein, for the reasons there given, our clients, as owners of the building, desire to join.

Briefly stated, the reasons for this protest are as follows:

In the first place, we suggest that it is inadvisable to attempt to make any extension to the approach to the bridge west of the Bowery. That is a broad thoroughfare, fully capable of accommodating the traffic to and from the bridge and of carrying it off without any unusual congestion, especially as a large percentage of the traffic of the bridge would not desire to use any extension beyond the

Bowery. Traffic from down-town, to and from the bridge, will use the much shorter route, reaching it by proceeding over the broad streets below Delancey and coming into Delancey street by side streets east of the Bowery. This is not only a much shorter but a more level route. Traffic from up-town will most naturally come down fourth avenue and the Bowery to Delancey street, and thus to the bridge. And so far as cross-town traffic is concerned, that will be sufficiently handled by Broome and Spring streets, neither of which is more than two or three hundred feet from the junction of the Delancey street approach with the Bowery. While any new thoroughfare in a congested district cannot but be of great advantage, yet, in this instance, it would seem that there is no such need as to justify the large expense which would be incurred in making this extension.

If, however, it is deemed necessary and advisable to make some extension to Elm street, we desire to suggest three schemes which will be much cheaper, and, we believe, more servicable than that shown on the map.

1. Widen Spring street, a much needed improvement. This would prevent cutting up the blocks between Elm street and the Bowery into objectionable gores.

2. Extend the approach straight through to Elm street following the line of Delancey street, removing the small half-houses at the rear of the Elm, Broome and Marion streets block This will end the approach between Broome and Spring streets just where the station of the underground railroad will be. And it will avoid the cutting up of the four blocks between Elm street and the Bowery into irregular plots or gores.

3. If. however, the present diagonal route is considered preferable, we believe that there is no need of removing the building of the American Express Company above referred to—a valuable brick building in excellent condition. If it is desired to secure a large space at the terminus of the approach, this may be done much more cheaply by removing a small part of the Centre Market, an old building at the corner of Centre and Broome streets, thus giving a wide thoroughfare along Centre street; and by taking away the little gore which the present scheme proposes to leave at the northwest corner of Mulberry and Broome streets, a piece of property which would be of little value if the proposed extension is made.

We trust that this Honorable Board will give due consideration to the views here advanced.

Very respectfully,

(Signed) CARTER & LEDYARD,

Attorneys for American Express Company.

Flandrau & Co., Carriage Builders,
New York, March 18, 1903.

Diagonal Street, from the Bowery to Elm Street, 80 Feet Wide.

Hon. EDWARD M. GROUT, Comptroller, City of New York:

Honorable Sir—Understanding that the proposition to take these buildings is again being discussed, we wish to reiterate our protest.

In our opinion it is unnecessary, and we believe that a careful survey of the streets leading to the Williamsburg Bridge, or to any of the bridges, will convince any one that it unnecessary.

To our firm it would be a most serious blow if the building was taken. We do a retail business entirely and, unlike a wholesale house, must be upon the lines of the easy travel. For nearly thirty years we have been located in Broome street, and when seeking larger quarters we leased this building because it was in Broome street, is close to Broadway, the Williamsburg Bridge, Brooklyn Bridge, Fourth avenue cars and the elevated roads, and leased the building for a long period of time in order to continue business in the same neighborhood and be even more accessible to buyers. If the building is taken we shall be forced from Broome street, the natural place for our buyers to come and which has been advertised in all parts of the world. We would have to seek a new location, for there is no building in Broome street that will hold our business. To go up town means a very serious increase in rentals, a loss of customers, making useless a large amount of expensive fixtures necessary to our doing business in this building and which were all put in new last year. Any compensation that the City would allow us would be inadequate to meet the heavy loss we would incur, if we are forced to move, and we beg your Honorable Board to give the matter that careful consideration to which we are entitled.

In securing the lease of these buildings for fifteen years it was to secure the added advantage of the new subway in Elm street, which is to have a station at Spring street, and, being a street without cars, would be used by private vehicles coming up or down town, which would add greatly to our trade, and while the condition of Elm street has been a very serious detriment to us and has had the result of driving trade from here on account of causing private vehicles to turn from Broome street while it was partially closed, we of course realized that this condition was only temporary and that eventually things would be decidedy in our favor.

Thanking you again for the many courtesies shown us in the matter, we are

Yours truly,

(Signed) FLANDRAU & CO.

Flandrau & Company,
New York, September 4, 1902.

Delancey Street Approach to Williamsburg Bridge Continuation to Elm Street.

Hon. SETH LOW, Mayor of The City of New York:

Honorable Sir—As tenants of the building Nos. 406, 408, 410, 412 Broome street, Nos. 187 and 189 Elm street, and Nos. 4 and 6 Marion street, we wish to enter our protest against the diagonal approach from the Bowery, which takes in this building from Elm to Marion streets.

We deem it totally unnecessary to remove this building, as a proper plaza, if one is required, could be made by taking part of the Centre Market, an old building standing on a narrow block opposite the block between Marion and Mulberry streets, and if the little gore at the corner of Mulberry and Broome streets was removed ample space would be had there at a very much less cost than the taking of this building.

The diagonal street will not only interfere with our building, but with many other large concerns in its path who have a large number of employees.

We understood this project had been given up and that the approach would stop at the Bowery. If the approach is necessary from Delancey street why not have it go straight to Elm street and take off the small half houses on this block at the rear, which will end the approach between Broome and Spring streets and right where the station of the underground railroad will be?

If this improvement is needed to reach the bridge only there is no necessity for taking this building away, as Broome street is wide, Centre street faces the Marion and Mulberry street block, Elm street is but one hundred feet from it.

Broome street, at the Bowery on the west side, is only two or three hundred feet from where Delancey street will begin to cut through the block at the Bowery.

We enclose a sketch, which is a copy of the plan said to be adopted. In this we have marked the Centre Street Market and Central Market Place, which were not shown on the drawing. If the two pieces marked with the red cross are taken away instead of this building they would cost less and would give easier access to the approach.

If the approach is intended for trucks to get to Williamsburg Bridge, by looking at the map you will see that trucks from downtown will not come up to the approach, but will go through the wide streets below and cross to Delancey street, east of the Bowery, by side streets, which is a shorter haul.

Teams from uptown will not come down to the diagonal approach, as they would naturally go through the streets above Eighth street and down the nearest way, which is Fourth avenue and the Bowery to Delancey street.

The Spring street station of the underground railroad is one block away from Broome street.

Yours very respectfully,

(Signed) FLANDRAU & CO.

AN ORDINANCE to provide for laying out a new street, eighty feet in width, from the Bowery to Elm street, between Broome street and Spring street, in the Borough of Manhattan.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

That, in pursuance of section 442 of the Greater New York Charter, the following resolution of the Board of Estimate and Apportionment, adopted by that Board on the 27th day of March, 1903. be and the same hereby is approved, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest to alter the map or plan of The City of New York, by laying out a new street, 80 feet in width, from the Bowery to Elm street, between Broome street and Spring street, in the Borough of Manhattan, City of New York, does hereby favor and approve of the same, so as to lay out the aforesaid street as follows:

The southerly line to extend from the westerly line of the Bowery at a point about 230 feet north of Broome street to a point in the easterly line of Elm street, about 150 feet north of Broome street.

Which was referred to the Committee on Streets, Highways and Sewers.

The Vice-Chairman laid before the Board the following communication from the Supervisor of the City Record:

No. 1903.

Office of the City Record,
No. 2 City Hall,
New York, April 2, 1903.

The Honorable the Board of Aldermen, New York City:

Gentlemen—At a meeting of the Board of City Record held March 31 the following communication was submitted by the Supervisor, and, by resolution of the Board, the same is referred to you, with a request that Special Revenue Bonds be authorized to cover the expense of the same:

The rearrangement of the City Record office, as soon as the changes are completed, will involve the erection of a considerable amount of shelving. The Supervising Architect is strictly opposed to the use of wooden shelving in the City Hall building. This is especially inadvisable in the office of the City Record, inasmuch as the papers which we handle can in no way at all be replaced in the case of fire, and

we have no facilities whatever for safekeeping them. It is therefore my intention to have the office provided with steel shelving, which will serve the double purpose of safekeeping and of injury from fire. This will involve, however, a considerable amount of money, which the Supervising Architect informs me will not be at his disposal.

I have had some estimates on the work, and it will cost from $800 to $1,200, depending on its extent. We cannot decide this until the entire premises which we are to have are finally turned over to us. I would request that you appropriate a sum, say, $1,250, to be used for steel shelving and closets to meet the needs of the office of the City Record. As this work takes considerable time to execute, I would ask your early attention.

Asking your favorable action on the matter, I remain,

Respectfully yours,

PHILIP COWEN, Supervisor City Record.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the Department of Finance:

No. 1904.

"The Comptroller shall furnish to each head of Department. monthly, a statement of the unexpended balances of the appropriations for his Department."—Section 149, chapter 466, Laws of 1901.

City of New York, Department of Finance,
Comptroller's Office, April 1, 1903.

To the Board of Aldermen and City Clerk:

Monthly statement, showing the appropriations made under the authority contained in section 226, chapter 378, Laws of 1897, for carrying on the Board of Aldermen and City Clerk, from January 1 to December 31, 1903, both days inclusive, and of the payments made up to and including the date hereof, for and on account of each appropriation, and the amount of unexpended balances:

Titles of Appropriations.	Amount of Appropriations.	Payments.	Amount of Unexpended Balances.
City Contingencies and Supplies	$2,500 00	.....	$2,500 00
Contingencies—City Clerk	1,000 00	$300 00	700 00
Salaries	149,652 00	37,023 08	112,628 92
Total	$153,152 00	$37,323 08	$115,828 92

N. TAYLOR PHILLIPS, Deputy Comptroller.

"No expense shall be incurred by any of the Departments, Boards or Offices thereof, unless an appropriation shall have been previously made covering such expense; nor any expense in excess of the sum appropriated in accordance with law."—Section 1541, chapter 466, Laws of 1901.

"It shall be the duty of the heads of all Departments of said city, and of all Boards and Officers charged with the duty of expending or incurring obligations payable out of the moneys raised by tax in said city, so to regulate such expenditures for any purpose or object that the same shall not in any one year exceed the amount appropriated by the Board of Estimate and Apportionment for such purpose or object; and no charge, claim or liability shall exist or arise against said city for any sum in excess of the amount appropriated for the several purposes."—Section 1542, chapter 466, Laws 1901.

Which was ordered on file.

The Vice-Chairman laid before the Board the following communications from the Board of Estimate and Apportionment transmitting resolutions:

No. 1905.

Department of Finance—City of New York,
April 6, 1903.

Hon. CHARLES V. FORNES, President of the Board of Aldermen:

Dear Sir—I send you herewith certified copy of resolution adopted at a meeting of the Board of Estimate and Apportionment, held April 3, 1903, recommending to the Board of Aldermen that in all cases where salaries have not heretofore been specifically fixed for the several grades of Schedules B and D, as established by Rule 37 of the Municipal Civil Service Rules and Classification, said salaries be now fixed for all such positions in all offices and departments of The Cty of New York and of the counties within said City, together with a copy of communication of the Comptroller under date of April 2, 1903, relative thereto.

I also send form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very respectfully,

J. W. STEVENSON, Deputy Comptroller.

Comptroller's Office,
April 2, 1903.

To the Board of Estimate and Apportionment:

I desire to call your attention to the fact that the general resolution fixing salaries, passed April 30 last, and the several resolutions on the same subject adopted since that date, do not include all of the grades established in Schedules

B and D under Rule 37 of the Municipal Civil Service rules. The result is that in this and other departments there are, for instance, Clerks or others employed, say in Grade 3, at $1,050; Grade 4, at $1,200, and then perhaps in Grade 7, at $1,650, or Grade 10, at $2,100, with no salaries fixed for intervening grades.

For the purpose of making promotions from grade to grade and filling vacancies, carrying with such promotions reasonable increases in salary, it is quite essential that salaries should be formally fixed for all grades.

In order that it may not be necessary to ask your Honorable Board to pass separate resolutions for every grade included in Rule 37, and not specifically covered by the resolutions before stated, I have prepared and submit herewith a general resolution which, if it meets with your approval, will establish or fix salaries for every grade not heretofore provided for.

As promotions cannot be made from or to grades the salaries of which have not been fixed, the adoption of this resolution will make it possible for all employees of the City classified under Schedules B and D to compete in the matter of promotions. This resolution affects only the competitive Civil Service places which are graded at salaries from $300 to $3,000.

Very truly yours,

(Signed) EDWARD M. GROUT, Comptroller.

(Copy.)

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment April 3, 1903:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with section 56 of the Charter, that in all cases where salaries have not heretofore been specifically fixed for the several grades of Schedules B and D, as established by Rule 37 of the Municipal Civil Service rules and classification, said salaries be now so fixed for all such positions in all the offices and departments of The City of New York and of the Counties within said City."

Which was referred to the Committee on Salaries and Offices.

No. 1906.

Department of Finance, City of New York,
April 6, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution, adopted at a meeting of the Board of Estimate and Apportionment held March 13, 1903, approving

of the expenditure of forty-four thousand five hundred dollars ($44,500) for the improvement of parks, parkways and drives in the Borough of Manhattan.

I also send form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

J. W. STEVENSON, Deputy Comptroller.

Resolved, That the Board of Aldermen hereby concurs in and approves of the following resolution adopted at a meeting of the Board of Estimate and Apportionment, held March 13, 1903:

"Resolved, That, subject to the concurrence herewith by the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment April 10, 1901, and concurred in by the Municipal Assembly by resolution approved by the Mayor October 29, 1901, providing for the expenditure by the Department of Parks of the sum of forty-four thousand five hundred dollars ($44,500) for constructing improved public toilet facilities in the city parks in the Borough of Manhattan be and the same is hereby amended to read as follows:

"Resolved, That, pursuant to the provisions of section 48 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the expenditure by the Department of Parks of the sum of forty-four thousand five hundred dollars ($44,500) for the improvement of parks, parkways and drives in the Borough of Manhattan, by the rebuilding of the Bank Rock Bridge in Central Park and the erection of new comfort stations and additions thereto in the parks of said borough, and that for the purpose of providing means therefor the Comptroller be authorized, subject to concurrence herewith by the Municipal Assembly, to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to the amount of forty-four thousand five hundred dollars ($44,500)."

Which was referred to the Committee on Finance.

No. 1907.

Department of Finance, City of New York,
April 6, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of resolution adopted at a meeting of the Board of Estimate and Apportionment held April 3, 1903, fixing the salaries of certain employees of the Bellevue and Allied Hospitals, together with copies of communications from the Superintendent under date of April 2, 1903, and the President of the Board of Trustees under date of March 10, 1903, all relative thereto.

I also send you form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very respectfully,

J. W. STEVENSON, Deputy Comptroller.

Bellevue Hospital,
New York, April 2, 1903.

Hon. EDWARD M. GROUT, Comptroller, Department of Finance, No. 280 Broadway, New York City:

Dear Sir—Adverting to the conversation of yesterday between you, representatives of the Eccentric Association of Engineers No. 2, and me, about the compensation of Enginemen appointed at Bellevue and the Allied Hospitals, I beg to say that since the first of January these men have received no maintenance. The former salary was $900 a year with maintenance, and was afterward increased to $1,095 a year without maintenance. As I understand it, it is the intent of the law to pay these men the prevailing rate of wages, which is $3.50 a day without maintenance, eight hours constituting a day's work. When our budget was presented last fall, it was on the basis of $2.50 a day for each man, but we thought as the amount asked for was cut, we could pay only $3 per day. When the payroll was submitted for January it was disallowed for Bellevue, but allowed for Gouverneur Hospital. It was also allowed for Gouverneur for February, but in March we received your circular letter informing us that increases which had not been passed upon by the Board of Estimate and Apportionment and the Board of Aldermen must be deducted from the March roll.

As I view this matter it seems to come within the provision of day's labor, provided for in section 56 of the Charter. If possible, we would like to have a decision on this matter at the earliest possible date so as to compensate our Engineman at an equitable and just rate. I understand that the increase in certain other departments to $3.50 a day has never been questioned, and this would seem to be a precedent for a decision for our department.

Yours very respectfully,

WILLIAM MABON, Superintendent.

March 10, 1903.

J. W. STEVENSON, Esq., Secretary of the Board of Estimate and Apportionment, Finance Department, Chambers street and Broadway, New York City:

Dear Sir—I beg to inclose copy of a resolution adopted by the Board of Trustees of Bellevue and Allied Hospitals at its meeting held on Thursday, March 5, 1903. The reasons for requesting the increases in the salaries of these officers are to be found in the importance of their functions and the faithful service which each incumbent

has rendered in his or her position. Each one occupies a position of increased responsibility, owing to the changes in the service during the past year, and the Board of Trustees feels that the compensation asked for is no more than just under the circumstances.

Individually the reasons are as follows:

The Assistant Superintendent has had increased responsibilities placed upon him and the work of the institution is constantly increasing. The salary of two thousand dollars is not excessive for a position of this nature, and the long experience of the present incumbent, Mr. M. J. Rickard, deserves this consideration.

The Bookkeeper is to be a bonded officer, and his salary is decreased to the extent of forty dollars for the premium he is obliged to pay a surety company.

Formerly the Superintendent of the Training School was in charge of the New York Training School for Nurses in its nursing department at Bellevue Hospital During the past year the Mills Training School for Men has also been placed under her charge, and this has imposed additional responsibilities and burdens upon her. In the departmental estimate of Bellevue and Allied Hospitals for 1903 it was proposed to pay for this position twelve hundred dollars a year, but after further consideration it seems just to increase it to thirteen hundred and thirty-four dollars.

The salary paid John F. McHale, the Assistant Night Superintendent, is not commensurate with his duties, and should be increased to one thousand dollars, which is only a fair compensation for the nature of the services he renders.

The Engineman, John Conway, has been in the service of the institution a great many years, and in addition to his duties in the boiler house he attends to many repairs about the steam plant of the institution. This increase in salary is made to conform to the prevailing rate of wages paid for work of this character.

The salary of the Engineman, F. W. Hemming, should be increased to meet the prevailing rate of wages in positions of this character.

Through an oversight in the departmental estimate of 1903 the increases from nine hundred to ten hundred and fifty dollars each for the Supervising Nurses of Gouverneur, Harlem and Fordham Hospitals were inadvertently omitted. These Supervising Nurses are practically the Superintendents of the individual hospitals, and are held to a strict account for the manner in which the hospitals are conducted. They are subject to night as well as to day duty, and the responsibilities of such positions are very exacting.

Respectfully,

PRESIDENT, Board of Trustees.

Meeting of Thursday, March 5, 1903.

On motion, duly seconded, it was

Resolved, That the Board of Estimate and Apportionment be requested to establish new salaries for the positions of Assistant Superintendent, Bookkeeper, Superintendent of Training Schools, Assistant Night Superintendent, Enginemen and the Supervising Nurses of the Allied Hospitals, in accordance with the recommendation of the Superintendent.

M. J. Rickard, Assistant Superintendent, from $1,800 to $2,000.

John P. Fawcett, Bookkeeper, from $1,500 to $1,540.

Jane A. Delano, Superintendent of Training Schools, from $750 to $1,334.

John F. McHale, Assistant Night Superintendent, from $840 to $1,000.

John Conway, Engineman, from $900 to $1,204.50.

Fred. W. Hemming, Engineman, from $900 to $1,095.

Jessie A. Stowers, Supervising Nurse, Gouverneur Hospital, from $900 to $1,050.

Sarah A. Gainsforth, Supervising Nurse, Harlem Hospital, from $900 to $1,050.

Carrie Gray, Supervising Nurse Fordham Hospital, from $900 to $1,050.

Whereas, The Board of Estimate and Apportionment, at its meeting held Friday, April 3, 1903, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of the following positions in the Bellevue and Allied Hospitals be fixed as follows:

	Per Annum.
Assistant Superintendent	$2,000 00
Bookkeeper	1,540 00
Superintendent of Training Schools	1,334 00
Assistant Night Superintendent	1,000 00
Engineman	1,204 50
Engineman	1,095 00
Supervising Nurse, Gouverneur Hospital	1,050 00
Supervising Nurse, Gouverneur Hospital	1,050 00
Supervising Nurse, Fordham Hospital	1,050 00

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the above positions in the Bellevue and Allied Hospitals as set forth therein.

Which was referred to the Committee on Salaries and Offices.

No. 1908.

Department of Finance—City of New York,
April 6, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of resolution adopted at a meeting of the Board of Estimate and Apportionment, held April 3, 1903, fixing the salaries of certain employees in the Department of Charities, together with a copy of communication from the Commissioner of Charities, under date of March 10, 1903, relative thereto.

I also send you form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very respectfully,

J. W. STEVENSON, Deputy Comptroller.

(Copy.)

Department of Public Charities,
New York, March 10, 1903.

J. W. STEVENSON, Esq., Secretary, Board of Estimate and Apportionment:

Dear Sir—I beg respectfully to recommend that the following salaries be established in this Department in addition to the salaries heretofore established:

1.	Visitor, per annum	$750 00
2.	Visitor, per annum	900 00
3.	Dietician, per annum	900 00
4.	Dietician, per annum	1,200 00
5.	Electrician, per annum	750 00
6.	Electrician, per annum	1,000 00
7.	Chief Clerk, per annum	1,800 00
8.	Chemist, per annum	3,000 00
9.	Supervising Engineer, per annum	2,400 00
10.	Superintendent of Out Door Poor, per annum	2,700 00
11.	Superintendent, Bureau of Dependent Children, per annum	2,700 00
12.	Resident Physician, per annum	1,800 00
13.	Deputy Medical Superintendent, per annum	1,800 00
14.	Superintendent of Hospitals, per annum	3,000 00
15.	Stewart of Hospitals, per annum	1,200 00
16.	Coxswain, per annum	800 00

My reasons for asking for the establishment of the new grades above indicated are as follows:

1 and 2. Visitor, $750 per annum, and Visitor, $900 per annum. The only existing salaries are $600 and $1,000 per annum. Salaries should be established permitting the gradual promotion on the basis of length of service and meritorious work from the lower grade of $600 to the highest grade of $1,000 per annum. All these Visitors were originally appointed at $900 per annum.

3 and 4. Dietician, $900 per annum, and Dietician, $1,200 per annum. The only existing salary for this position is $720 per annum. This includes maintenance. There should be opportunity for promotion on the basis of length of service and meritorious work to $900 per annum, with maintenance. The Dietician detailed to the Central Office to act as Departmental Dietician will also deliver courses of lectures on dietetics in one or more of the Training Schools for Nurses, the expenses of which have heretofore been paid at the rate of $5 per lecture, amounting to $260 per year. It is desirable that the salary of this position, which will not include regular maintenance, should be fixed at $1,200 per annum.

5 and 6. Electrician, $750 per annum, and Electrician, $1,000 per annum. This is a new position, required by the introduction of X-ray and electro-therapeutic apparatus in several hospitals of the Department. While these facilities are essential for the treatment and cure of certain diseases, their use at the hands of the inexperienced operators is attended with danger, and a new position has been established by the Municipal Civil Service Commission, and an examination has been held for applicants possessing knowledge and experience in this particular line of work. The salaries should be fixed at $750 per annum and $1,000 per annum.

7. Chief Clerk, $1,800 per annum. At present we have the grade of Chief Clerk at $1,500 per annum and a Clerk at $1,800 per annum. We should also have the grade of Chief Clerk at $1,800 per annum, in order to provide for the promotion from the position of Chief Clerk at $1,500 per annum. The next existing salary of Chief Clerk is $2,250. There should be an intermediate grade of Chief Clerk between $1,500 and $2,250, and the salary suggested is $1,800.

8. Chemist, $3,000. The salary existing until recently for the position of Chemist was $2,500. This included full maintenance. Under present arrangements, maintenance is not provided for any of the officials connected with the General Drug Department, and the salary schedule should be rearranged accordingly. This rearrangement has already been made in the lower grades of positions, but not in the position of Chemist, who is the head of the General Drug Department. The duties of the position have also been materially increased by furnishing supplies through the General Drug Department for the institutions of this Department in the Boroughs of Brooklyn and Queens, by the manufacture of a considerably larger number of articles

than heretofore, and by more systematic analysis of samples of food supplies furnished the Department. The salary of $3,000 is the lowest salary which will retain the services of a competent man at the head of this Department. The present incumbent has saved the City about $21,000 per annum by securing a ruling enabling us to secure, tax free, alcohol for our hospitals.

9. Supervising Engineer, $2,400 per annum. The Supervising Engineer at present receives a salary of $2,100. He has entire charge of the transportation service of the Department, and is in general charge of the repairs and alterations to buildings, as well as of the purchase of coal and the general oversight of the Engineers' Department of the various institutions. He does not receive maintenance. This position, if placed on the same basis as positions of similar responsibility in other departments, should command a salary of $3,500 to $5,000. It is impossible for this Department, however, to pay that salary, and a moderate increase from $2,100 to $2,400 is suggested.

10. Superintendent of Out-Door Poor, $2,700 per annum. This position formerly carried a salary of $3,000 for many years. The responsibilities and varied demands of the position are second to those of no other position in the Department aside from those of Commissioner and Deputy Commissioner. The position does not carry maintenance. The very moderate increase from $2,400 to $2,700 per annum is suggested.

11. Superintendent, Bureau of Dependent Children, $2,700 per annum. This position is, in all respects, co-ordinate with that of Superintendent of Out-Door Poor, and for the same reason there should be opportunity for promotion from $2,400 to $2,700 per annum.

12. Resident Physician, $1,800 per annum. This is the title of the physician in charge of the Reception Pavilion for the Insane at the Kings County Hospital. A corresponding position was established in Bellevue Hospital at $2,500 per annum and subsequently increased to $3,500 per annum. The duties of the position in connection with the Kings County Hospital are less arduous and responsible than those at Bellevue, but the lowest salary which will retain the services of a competent alienist for the position is $1,800 per annum.

13. Deputy Medical Superintendent, $1,800 per annum. The responsibilities of the Deputy Medical Superintendent of the Kings County Hospital and Almshouse have vastly increased with the recent growth and development of those institutions. The General Medical Superintendent receives a salary of $5,000 per annum. A competent Deputy cannot be retained for less than $1,800 per annum. The salary of the position has heretofore been $1,200 per annum. It is impossible to retain persons possessing both the requisite medical knowledge and executive ability for this amount.

14. Superintendent of Hospital, $3,000 per annum. The existing salaries for this position are $1,950 and $2,400 per annum. It is impossible to secure and retain permanently the services of persons possessing the requisite knowledge of hospital work and adequate executive ability for the management of large institutions at these salaries. There should be the possibility of promotion to the salary of $3,000 per annum.

15. Steward of Hospitals, $1,200 per annum. The present salary is $900 per annum, with maintenance. It is desired to establish the position at one institution without maintenance, and $1,200 is considered the equivalent of $900 with maintenance.

16. Coxswain, $800 per annum. The present salary of this person is $600 per annum, with quarters provided for the incumbent and his family. It is desired to establish a salary for the position without quarters, and $800 is considered equivalent to present salary with quarters provided.

I have the honor to remain,

Yours very truly,

(Signed) HOMER FOLKS, Commissioner.

Whereas, The Board of Estimate and Apportionment, at a meeting held April 3, 1903, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of the following employees in the Department of Public Charities, be fixed as follows:

	Per Annum.
"Visitor	$750 00
"Visitor	900 00
"Dietician	900 00
"Dietician	1,200 00
"Electrician	750 00
"Electrician	1,050 00
"Chief Clerk	1,800 00
"Chemist	3,000 00
"Supervising Engineer	2,400 00
"Superintendent of Out-Door Poor	2,700 00
"Superintendent of Bureau of Dependent Children	2,700 00
"Resident Physician	1,800 00
"Deputy Medical Superintendent	1,800 00

"Superintendent of Hospitals	3,000 00
"Steward of Hospitals	1,200 00
"Coxswain	800 00"

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the above named positions as set forth therein.

Which was referred to the Committee on Salaries and Offices.

Subsequently, on motion of Alderman Devlin, the Committee on Salaries and Offices was discharged from further consideration of the paper.

The Vice-Chairman then put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Bill, Bridges, Chambers, Coggey, Culkin, Devlin, Dickinson, Dietz, Donohue, Doull, Dowling, Downing, Foley, Gass, Gillen, Gillies, Goldwater, Goodman, Haggerty, Harburger, Harnischfeger, Higgins, Holler, Holmes, James, Jones, Keely, Leitner, Lundy, Thomas F. McCaul, Malone, Maloy, Mathews, Metzger, Meyers, Nehrbauer, Oatman, Owens, Peck, Richter, Schappert, Seebeck, Sullivan, Twomey, Walkley, Ware, Wentz, Whitaker, Willett, Wirth; President Cromwell, Borough of Richmond, and the Vice-President of the Board of Aldermen—54.

MOTIONS, ORDINANCES AND RESOLUTIONS RESUMED.

Alderman Peck asked and obtained unanimous consent to introduce the following.

No. 1909.

Resolved, That the ordinance granting to the Union Railway Company a franchise for an extension of its railway system, made a Special Order for April 7, 1903, be made a Special Order for April 21, 1903, at 2 p. m.

Which was adopted.

REPORTS OF STANDING COMMITTEES.

Reports of Committee on Salaries and Offices—

No. 1876.

The Committee on Salaries and Offices to whom was referred the annexed resolution in favor of appointing Edwin R. Quinby a City Surveyor, (Page 1262, Minutes of March 31, 1903), respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Resolved, That Edwin R. Quinby, of Flushing, Borough of Queens, be and he is hereby appointed a City Surveyor.

ROBERT F. DOWNING, WEBSTER R. WALKLEY, PATRICK H. MALONE, JOHN J. HAGGERTY, JOHN H. DONOHUE, Committee on Salaries and Offices.

Alderman Mathews asked and obtained immediate consideration for this report.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Bennett, Bill, Brenner, Coggey, Devlin, Diemer, Dietz, Donohue, Doull, Dowling, Downing, Florence, Foley, Gass, Goodman, Haggerty, Harburger, Higgins, Holler, Holmes, James, Jones, Klett, Leitner, Thomas F. McCall, Malone, Mathews, Meyers, Oatman, Owens, Richter, Schappert, Seebeck, Shea, Stewart, Sullivan, Tebbetts, Wentz, Whitaker, Willett, Wirth; President Cromwell, Borough of Richmond; the Vice-Chairman of the Board of Aldermen—44.

No. 1871.

The Committee on Salaries and Offices to whom was referred the annexed resolution in favor of appointing C. Austin Crane a City Surveyor (Page 1259, Minutes of March 31, 1903), respectfully

REPORT.

That having examined the subject, they recommend that the said resolution be adopted:

Resolved, That C. Austin Crane, of No. 121 West Seventieth street, Borough of Manhattan, be and he is hereby appointed a City Surveyor.

ROBERT F. DOWNING, WEBSTER R. WALKLEY, SAMUEL H. JONES, WILLIAM D. PECK, JOHN H. DONOHUE, JOHN J. HAGGERTY, Committee on Salaries and offices.

Alderman Holmes asked and obtained immediate consideration for this report.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Behrmann, Bennett, Bill, Brenner, Chambers, Coggey, Devlin, Dickinson, Donohue, Doull, Dowling, Downing, Florence, Foley,

Gass, Gillies, Haggerty, Harburger, Harnischfeger, Higgins, Holler, Holmes, James, Klett, Leitner, Thomas F. McCaul, Malone, Mathews, Metzger, Meyers, Oatman, Owens, Richter, Schappert, Seebeck, Sullivan, Twomey, Walkley, Wentz, Whitaker, Wirth; President Cromwell, Borough of Richmond; the Vice-Chairman of the Board of Aldermen—44.

Report of Committee on Streets, Highways and Sewers—

No. 1638.

The Committee on Streets, Highways and Sewers, to whom was referred on February 10, 1903 (Minutes, page 519), the annexed ordinance in favor of laying out and extending Carey avenue from Bement avenue eastward, and Oakland avenue from extension of Carey avenue to Castleton avenue, First Ward, Borough of Richmond, respectfully

REPORT:

That, having examined the subject, they believe the proposed improvement to be necessary.

They therefore recommend that the said ordinance be adopted.

AN ORDINANCE laying out and extending Carey avenue, from Bement avenue eastward, and by laying out and extending Oakland avenue, from the extension of Carey avenue to Castleton avenue, in the First Ward, in the Borough of Richmond.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

That, in pursuance of section 442 of the Greater New York Charter, the following resolution of the Board of Estimate and Apportionment adopted by that Board on the 30th day of January, 1903, be and the same hereby is approved, viz.:

"Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest to alter the map or plan of The City of New York by laying out and extending Carey avenue, from Bement avenue eastward, and by laying out and extending Oakland avenue, from the extension of Carey avenue to Castleton avenue, in the First Ward, Borough of Richmond, City of New York, does hereby favor and approve of the same, so as to lay out and extend the aforesaid streets as follows:

Beginning at a point on the east line of Bement avenue, distant 491 feet 11 inches southerly from the intersection formed by the east line of Bement avenue and the south line of Castleton avenue; thence in an easterly direction 235 feet to a point distant 454 feet 1 inch southerly from a point on the south line of Castleton avenue which is 238 feet easterly from the intersection of the east line of Bement avenue and the south line

of Castleton avenue; thence northerly 454 feet 1 inch to a point on the southerly line of Castleton avenue, distant 238 feet easterly from the intersection of the east line of Bement avenue and the south line of Castleton avenue; thence easterly and along the south line of Castleton avenue 60 feet 9 inches; thence southerly and parallel with the last but one mentioned line and 60 feet distant therefrom 503 feet 6 inches; thence westerly and parallel to the first mentioned line and 60 feet distant therefrom 295 feet to the east line of Bement avenue; thence northerly along the east line of Bement avenue 60 feet to the point or place of beginning.

FRANK L. DOWLING, DAVID M. HOLMES, TIMOTHY P. SULLIVAN, JAMES OWENS, CHARLES ALT, ERNEST A. SEEBECK, Jr., WILLIAM J. WHITAKER, PATRICK H. MALONE, CHARLES W. CULKIN, Committee on Streets, Highways and Sewers.

On motion of President Cromwell the report was laid over and made a special order for two o'clock p. m.

Subsequently the hour of two o'clock having arrived, President Cromwell called up the matter and moved its adoption.

The President, then in the chair, put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Bennett, Bill, Brenner, Bridges, Chambers, Culkin, Devlin, Dickinson, Diemer, Dietz, Doull, Dowling, Foley, Gass, Gillen, Gilles, Goldwater, Goodman, Haggerty, Harburger, Harnischefeger, Higgins, Holmes, Howland, Jones, Keely, Kenney, Klett, Leitner, Lundy, John T. McCall, Thomas F. McCaul, Malone, Marks, Mathews, Metzger, Meyers, Oatman, Owens, Richter, Schappert, Seebeck, Stewart, Sullivan, Tebbetts, Twomey, Walkley, Ware, Whitaker, Willett, Wirth; President Cromwell, Borough of Richmond; President Cassidy, Borough of Queens; President Haffen, Borough of The Bronx; the Vice-Chairman of the Board of Aldermen and the President of the Board of Aldermen.—58.

Reports of Committee on Finance—

No. 1504.

The Committee on Finance, to whom was referred on January 13, 1903 (Minutes, page 184), the annexed petition of George C. Cranford for the remission of interest on a certain assessment, respectfully

REPORT:

That, having examined the subject, they recommend the adoption of the annexed resolution prepared by the Committee, providing that the said petition be placed on file and that the Clerk of this Board communicate with said George C. Cranford,

inclosing to him a copy of the resolution and of that part of the Corporation Counsel's opinion rendered to the Chairman of the Finance Committee which is set forth in this report.

Your committee, through their Chairman, at once communicated with the Corporation Counsel, and have been advised by him as follows:

"I have received your communication of February 6, 1903, inclosing an extract from the minutes of the Board of Aldermen of January 13, 1902, and calling my attention to the petition of George C. Cranford, wherein he asks that the Board of Aldermen remit the interest on an assessment made many years ago by the then Town of New Utrecht on certain property belonging to him. This petition was referred to the Committee on Finance, and you ask me to advise you for the benefit of the committee upon the following points:

"'(a) Has the Board of Aldermen any power to remit such interest, and, if so, does your office know of any reason why the petition should not be granted?

"'(b) If the Board of Aldermen has no such power, has any other board, body or person such power?'

"The petitioner states that for nine years last past he has been the owner of a plot of land in the Borough of Brooklyn on the north side of Fifty-sixth street, corner of Eleventh avenue, and known as Lots Nos. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 57, 58, 59 and 60, in Block 169 of the Thirtieth Ward, on the Assessors' Map of the Borough of Brooklyn; that he has remained the owner of such property up to the present time, and has regularly paid the taxes and assessments levied against it; that he has learned that in 1892 and 1893 an assessment for the opening and grading of Fifty-sixth street in the then Town of New Utrecht had been levied against the property; that on the 20th day of December, 1894, the property was sold for the non-payment of the assessment, of which sale the petitioner never had any notice; that said assessment draws interest at the rate of nine per cent. per annum from the last-mentioned date.

"Under the circumstances the petitioner asks the Board of Aldermen to remit the interest and to permit him to pay the said assessment in cancellation and satisfaction of the sale for its non-payment. The assessment in question was laid under the provisions of an act of the Supervisors of the County of Kings, passed on the 30th day of July, 1901. This act authorized the improvement of a portion of Fifty-sixth street and the laying of an assessment to pay the expenses thereof. If the assessment remained unpaid after a certain time the property was directed to be sold by the Supervisor of the town, upon giving notice of the time and place of the sale by affixing a written or printed copy of the notice in four public places in the town, and by publication in one or more newspapers of the county, at least once in each week during a period not less than thirty nor more than sixty days.

No personal notice was required, and there is no reason to believe that the proper statutory notice was not given. The act further provides that:

"'If no person shall bid for any such parcel, the Supervisor shall bid in the same for a term of not less than one hundred years, in the name and for the benefit of the town; and if not redeemed within two years thereafter he shall, as such Supervisor, execute such lease or conveyance to the town as the Supervisor; and thereafter the Supervisor, Town Clerk and Justice of the Peace of the town, or a majority of all of them, may dispose of the interest of the town in such parcel under such lease or conveyance, for such sum, not less than the amount due thereon at the time of the sale, as they shall deem just and reasonable.'

"By section 1033 of the Revised Charter it is provided as follows:

"'In cases where lands within the boundaries of any municipal corporations, or parts of municipal corporations by this act consolidated with the corporation known as the Mayor, Aldermen and Commonalty of The City of New York, have been sold for taxes and assessments, and the title upon such sales has passed to either of said municipal corporations or parts of municipal corporations, such title is hereby transferred to and vested in the corporation of The City of New York, as constituted by this act; and said corporations shall have all the rights, privileges and property of its predecessor in said title and the same powers and privileges in repect to the enforcement of the same or the sale or lease thereof, and the Comptroller of the City shall control the same in all respects, as by statute in such cases already made and provided.'

"A certificate of the sale was issued by the Supervisor on the 20th day of December, 1894. Redemption from the sale must have been made within two years from this date, and, not having been so made, the opportunity to redeem has been lost. No lease or conveyance was executed to the town. The City, however, is in a position to apply for and receive at any time a lease or conveyance, and thereupon the provisions of section 1033 will become operative. Under this section The City of New York is given all the rights, privileges and property of its predecessor entitled to the property, and the same powers and privileges in respect to the enforcement of the same or the sale or lease thereof, and the control of the same is given the Comptroller in all respects as is provided by statute. The statute to which reference is made in the present instance is the act of the Board of Supervisors which gives the town officers the right to dispose of the interest of the town in the premises under consideration for a sum not less than the amount due thereon at the time of the sale.

"I am of opinion, therefore, that this power may now be exercised by the Comptroller. I do not think it necessary that an actual conveyance should be made to the City in the present case, as the title has virtually vested in the municipality,

lacking only the formality of a conveyance or lease; and as the only object of taking the lease would be to dispose of the interest of the City in the manner indicated, I am very clear that the Board of Aldermen has no power to remit the interest on the tax.

"Under section 1586 of the Revised Charter, all the powers and duties of the Board of Supervisors of the County of Kings not transferred or devolved upon administrative departments, boards, commissions, officers or other functionaries are vested in the Board of Aldermen of The City of New York. There was no power, however, in the Board of Supervisors of Kings County to remit the interest in a case like the one now under consideration. The property was bought in for the town, and the town was as much entitled to the benefits to be derived from the purchase at the sale as any private purchaser thereat, and could not, therefore, be deprived by the act of the County Legislature of the benefits resulting from its contract unless special authority was vested in the Supervisor to that effect and the contract was made in view of such provisions."

They accordingly recommend the adoption of the annexed resolution.

To the Honorable the Board of Aldermen of The City of New York:

The petition of George C. Cranford respectfully shows:

I. That he is a resident of the Borough of Brooklyn, City of New York.

II. That for upwards of nine years, last past, he has been the owner of a plot of ground in said Borough of Brooklyn, on the north side of Fifty-sixth street, corner Eleventh avenue, and known as Lots Nos. one (1), two (2), three (3), four (4), five (5), six (6), seven (7), eight (8), nine (9), ten (10), eleven (11), fifty-seven (57), fifty-eight (58), fifty-nine (59) and sixty (60), in Block one hundred and sixty-nine (169), Ward Thirty (30) on the Assessors' Map of the Borough of Brooklyn, City of New York.

III. That your petitioner has remained the owner of said property up to the present date, and has regularly paid the taxes and assessments levied against the property.

IV. That recently your petitioner has learned that in 1892 and 1893 an assessment for the opening and grading of Fifty-sixth street, in the then town of New Utrecht, had been levied against the property.

V. That on December 20, 1894, said property was sold to the then town of New Utrecht for the non-payment of said assessments, of which sale your petitioner has never had any notice.

VI. That said assessment draws interest at the rate of nine per cent. per annum from December 20, 1894.

Your petitioner prays your Honorable Board, under the circumstances, to remit the interest on said assessment, and to permit your petitioner to pay the face of said assessment in cancellation and satisfaction of the sale thereunder.

GEORGE C. CRANFORD.

Dated January 5, 1903.

State of New York, County of Kings, ss.

George C. Cranford, being duly sworn, doth depose and say that he has read the foregoing petition and knows the contents thereof, and that the same is true of his own knowledge.

GEORGE C. CRANFORD.

Sworn to before me this 9th day of January, 1903.

(Seal) CHAS. E. ELLIS, Notary Public, Kings County, N. Y.

Whereas, This Board did on the 13th day of January, 1903, receive the annexed petition of George C. Cranford, praying that this Board remit the interest on a certain assessment therein named; and

Whereas, This Board has been advised by the Corporation Counsel that it has no jurisdiction in the premises, and that any power in regard to the matter is vested in the Comptroller;

Resolved, That this Board has no jurisdiction in the premises, and that the said petition, therefore, be placed on file; and further

Resolved, That the Clerk of this Board be and he hereby is directed to communicate with the said George C. Cranford, advising him that this Board has no jurisdiction in the matter, and sending him a copy of the opinion of the Corporation Counsel rendered to the Finance Committee in connection with the matter.

HERBERT PARSONS, WILLIAM T. JAMES, JAMES H. McINNES, JOHN T. McCALL, TIMOTHY P. SULLIVAN, JOSEPH A. BILL, Committee on Finance.

Which report was accepted and the resolution adopted.

No. 1527.

The Committee on Finance, to whom was referred on January 13, 1903 (Minutes, page 188), the annexed resolution requesting advice from the Corporation Counsel in regard to the legality of certain assessments on lands fronting Fort Hamilton avenue, in the Borough of Brooklyn, respectfully

REPORT:

That, having examined the subject and communicated with the Corporation Counsel, through their Chairman, they have received from the Corporation Counsel the following opinion in the matter:

"In your communication you also inclose extracts from the minutes of the Board, calling my attention to a resolution requesting my opinion as to the legality of the assessment on the lands fronting Fort Hamilton avenue, for flagging the sidewalks on both sides of Fort Hamilton avenue from Bay Ridge avenue to Eighty-sixth street. This resolution is based upon a statement of facts, wherein reference is made to section 15 of title 10 of chapter 583 of the Laws of 1888, and, presumably, the opinion of the Corporation Counsel is asked in view of action to be taken by the Board of Aldermen under this provision of law. This act was the Charter of the City of Brooklyn and the provisions referred to read as follows:

"'15. Whenever the Attorney and counsel of the City shall be of opinion that any proceeding or assessments for local improvements are invalid and void by reason of irregularity in the conducting or laying the same, he shall forthwith report such opinion and the reasons therefor to the Common Council, and the Common Council shall enter an order in their minutes of proceedings declaring such assessments invalid and void, and the said assessments shall thereupon be held and deemed to be invalid and void, and the said Common Council are hereby authorized and empowered to cause the amount of such assessments to be reassessed and to have new proceedings taken and reassessments made in the same manner as the original proceedings and assessments should have been made, and such new proceedings and reassessments shall have the same effect as the original proceedings and assessments would have had had they been properly taken and made.'

"It is very evident that this provision was intended to apply only where irregularities had been committed in the laying of an assessment which might be corrected in a new proceeding. This is clearly shown by the fact that the Common Council was empowered to cause the assessment to be reassessed and to have new proceedings taken. The provision cannot apply to cases where no jurisdiction whatever to lay an assessment was vested in the assessing body. Such assessments could not be reassessed in the manner authorized by the section of law quoted. There is a plain distinction between an assessment void on account of irregularity in the conduct of proceedings and an assessment void for lack of jurisdiction (Moore vs. The Mayor, 73 N. Y., 238).

"I am of opinion, therefore, that this is not a proper case for the exercise of the power conferred by the provision of the Brooklyn Charter, even if that provision applies to assessments laid subsequent to consolidation. In view of this conclusion, and as my opinion is asked as a basis for action by the Board of Aldermen under

the provision of the Brooklyn Charter cited, I do not deem it necessary to pass now upon the legality of the assessment referred to."

It appearing, therefore, from the opinion that this Board has no jurisdiction in the matter, your Committee recommend that the resolution be placed on file.

By Alderman Lundy—

Whereas, Section 15 of title 10 of chapter 583 of the Laws of 1888, provided for the cancellation of an assessment which, upon the advice of Corporation Counsel, is invalid and void; and

Whereas, By section 42 of the Charter of The City of New York, being chapter 466, Laws of 1901, it is provided that all of powers and duties conferred or charged upon the Common Council of the City of Brooklyn shall be exercised and performed by the Board of Aldermen of The City of New York, subject nevertheless to the power of approval or disapproval by the Mayor of said City as provided in said chapter; and

Whereas, By chapters 365, 449 and 451 of the Laws of 1894 the City of Brooklyn was made coterminous with the County of Kings, and the rights, duties and privileges of the Board of Supervisors of Kings County devolved on the Common Council of the then City of Brooklyn; and

Whereas, Section 1 of chapter 655 of the Laws of 1892 provides in words and terms as follows: "Section 1—The continuous highway extending from Ocean parkway through the towns of Flatbush and New Utrecht to the Shore road at Fort Hamilton, and known as Fort Hamilton avenue, shall from and after the passage of this act be under the exclusive charge and management of the Park Commissioner of the City of Brooklyn, and shall be known as Fort Hamilton parkway. The said Commissioner shall make and enforce proper rules and regulations for the public use thereof; its subsequent maintenance shall be a charge upon the City of Brooklyn, and such amounts as the Park Commissioner of the City of Brooklyn shall from time to time determine to be necessary for the maintenance or improvements of the same shall annually be raised by the Board of Supervisors of the County of Kings and collected in the taxes for the then current year and paid over to such Park Commissioner of the City of Brooklyn," and said act has never been repealed; and

Whereas, Heretofore and prior to the 19th day of February, 1901, The City of New York caused to be laid on both sides of Fort Hamilton avenue, in the Borough of Brooklyn, a flagged sidewalk extending from Bay Ridge avenue to Eighty-sixth street; and

Whereas, On or about February 19, 1901, The City of New York levied an assessment for the cost of said sidewalk on all the lands fronting in said Fort Hamilton

avenue and within the streets above mentioned, and that said assessment is now a lien and charge upon said lands; therefore be it

Resolved, That the question of the legality of the aforesaid assessment, in view of the act last above mentioned, be referred to the Corporation Counsel of The City of New York with the request that he advise this body in the premises.

HERBERT PARSONS, WILLIAM T. JAMES, JAMES H. McINNES, JOHN T. McCALL, TIMOTHY P. SULLIVAN, JOSEPH A. BILL, Committee on Finance.

Which report was accepted.

Report of Committee on Docks and Ferries—

No. 46—(S. O. No. 92).

The Committee on Docks and Ferries to whom was referred on January 15, 1902 (Minutes, page 101), the annexed resolution in favor of authorizing the purchase of settees for recreation piers, respectfully

REPORT:

That, having examined the subject, they recommend that the annexed substitute resolution be adopted.

(Original.)

Resolved, That the Commissioner of Docks and Ferries be and he is hereby authorized to purchase three hundred settees for use on the recreation piers at a cost not to exceed five dollars and thirty-five cents, and in the aggregate amounting to one thousand six hundred and five dollars.

(Substitute.)

Resolved, That the Commissioner of Docks and Ferries be and he is hereby authorized to purchase three hundred settees, without public letting, for use on the recreation piers at a cost not to exceed five dollars and thirty-five cents, and in the aggregate amounting to one thousand six hundred and five dollars.

DAVID M. HOLMES, JOSEPH A. BILL, JOHN V. COGGEY, THOMAS F. FOLEY, JOHN DIEMER, NOAH TEBBETTS, CORNELIUS A. SHEA, Committee on Docks and Ferries.

Which, on motion of Alderman John T. McCall, was made a special order for 2.15 o'clock p. m.

GENERAL ORDERS.

Alderman Downing called up General Order No. 345, being a report and resolution as follows:

No. 1460—(S. O. No. 93).

The Committee on Parks, to whom was referred on December 23, 1902 (Minutes, page 1934), the annexed ordinance in favor of laying out a public park at Seventy-third street, Fort Hamilton avenue and Seventh avenue, Borough of Brooklyn, respectfully

REPORT:

That, having examined the subject, they believe the proposed improvement to be necessary.

Public hearing was held on the 6th day of March, 1903, at which many residents in the vicinity of the proposed park and the Commissioners of Parks for the boroughs of Brooklyn and Queens were present, and it appeared from the statements there made that the probable cost of acquiring lands embraced in the proposed park would not exceed $100,000; that the cost of improvement would be very small, as the present condition of the area is such that it can readily be made available for public purposes, and that there were no structures within the proposed area. It further appeared that the nearest public park was nearly a mile distant. That the proposed park is covered with large old shade trees of great beauty.

They therefore recommend that the said ordinance be adopted.

AN ORDINANCE laying out as a Public Park the property bounded by Seventy-third street, Fort Hamilton avenue and Seventh avenue, in the Borough of Brooklyn.

Be it Ordained, By the Board of Aldermen of The City of New York, as follows.

That, in pursuance of Section 442 of the Greater New York Charter, the following resolution of the Board of Estimate and Apportionment adopted by that Board on the 12th day of December, 1902, be and the same hereby is approved, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of Section 442 of the Greater New York Charter, deeming it for the public interest to alter the map or plan of The City of New York, by laying out as a public park the property bounded bv Seventy-third street, Fort Hamilton avenue and Seventh avenue, in the Borough of Brooklyn, City

of New York, does hereby favor and approve of the same, so as to lay out the aforesaid public park as follows:

Beginning at the intersection of the eastern line of Seventh avenue with the western line of Fort Hamilton avenue as the same are laid down on the map of the City:

1. Thence northerly along the eastern line of Seventh avenue 1,285.69 feet to the southern line of Seventy-third street.

2. Thence easterly along the southern line of Seventy-third street 680.71 feet to the western line of Fort Hamilton avenue.

3. Thence southerly along the western line of Fort Hamilton avenue 1,219.30 feet to the point of beginning.

FREDERICK W. LONGFELLOW, FRANKLIN B. WARE, HENRY WILLETT, PATRICK H. MALONE, PHILIP HARNISCHFEGER, JAMES J. DEVLIN, WILLIAM J. WHITAKER, JOHN J. TWOMEY, Committee on Parks.

Which, on motion of Alderman Downing, was made a special order for 2.30 o'clock p. m.

Alderman Downing called up General Order No. 337, being a report and ordinance, as follows:

No. 1698.

The Committee on Finance, to whom was referred on February 24, 1903 (Minutes, page 668), the annexed resolution and ordinance in favor of $75,000 of Corporate Stock for buildings, etc., for the New York Zoological Park in Bronx Park, respectfully

REPORT:

That, having examined the subject, they believe the proposed issue to be proper. Your Committee are informed that the proceeds of this Corporate Stock will be used for the construction of the new Ostrich House and Small Mammal House. The Ostrich House will hold the larger birds, such as the ostrich, rhea, cassowary, and also the cranes pending the construction of the Crane Aviary. The gifts of animals to the Park continue. Thereby the number of animals has been nearly 60 per cent. greater during the year past than it was during the year previous. The attendance likewise has been nearly 60 per cent. greater.

Your Committee accordingly recommend that the ordinance be adopted.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of seventy-five thousand dollars ($75,000) for the purpose of providing means to pay all necessary expenses for the construction of parks by providing for the development and improvement of the New York Zoological Park in the Bronx Park and the construction of buildings therein.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment February 20, 1903, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding seventy-five thousand dollars ($75,000) for the purpose of providing means to pay all necessary expenses for the construction of parks by providing for the development and improvement of the New York Zoological Park in Bronx Park and the construction of buildings therein, as set forth in the estimate of the Commissioner of Parks for the Borough of The Bronx of the amount of bonds to be issued during the year 1903, said amount to be expended upon plans and specifications approved by the New York Zoological Society and by said Commissioner of Parks for the Borough of The Bronx, and all payments made from amounts provided hereby to be approved both by the society and by said Commissioner, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding seventy-five thousand dollars ($75,000), the proceeds whereof to be applied to the purposes aforesaid."

HERBERT PARSONS, FREDERICK W. LONGFELLOW, JAMES H. McINNES, TIMOTHY P. SULLIVAN, JAMES E. GAFFNEY, JOHN L. FLORENCE, Committee on Finance.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Bill, Brenner, Bridges, Chambers, Coggey, Culkin, Devlin, Dickinson, Doull, Dowling, Florence, Gaffney, Gass, Gillies, Goldwater, Goodman, Haggerty, Harburger, Harnischfeger, Higgins, Holmes, James, Jones, Keely, Klett, Leitner, Lundy, John T. McCall, Thomas F. McCaul, Malone, Metzger, Meyers, Nehrbauer, Oatman, Owens, Peck, Richter, Shea, Sullivan, Tebbetts, Twomey, Ware, Willett, President Cromwell, Borough of Richmond—45.

Negative—Aldermen Behrmann, Downing, Kenney, Mathews—4.

Alderman Florence called up General Order No. 347, being a report and ordinance, as follows:

No. 1401.

The Committee on Streets, Highways and Sewers, to whom was referred on December 9, 1902 (Minutes. page 1687), the annexed ordinance in favor of changing the grade of Jacobus place, Borough of Manhattan, respectfully

REPORT:

That, having examined the subject, they believe the proposed improvement to be necessary. They therefore recommend that the said ordinance be adopted.

AN ORDINANCE changing the grade of Jacobus place, between Terrace View avenue and Van Corlear place, in the Borough of Manhattan.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

That, in pursuance of section 442 of the Greater New York Charter, the following resolution of the Board of Estimate and Apportionment, adopted by that Board on the 28th day of November, 1902, be and the same hereby is approved, viz.:

"Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest to alter the map or plan of The City of New York by changing the grade of Jacobus place, between Terrace View avenue and Van Corlear place, in the Borough of Manhattan, City of New York, does hereby favor and approve of the same, so as to change the grade of the aforesaid place as follows:

"Beginning at a point the centre line of Terrace View avenue and Jacobus place, elevation 62 feet above City datum; thence northerly along the centre line of Jacobus place to centre line of Van Corlear place, elevation 86 feet.

"All elevations above City datum."

FRANK L. DOWLING, PATRICK H. MALONE, DAVID M. HOLMES, WILLIAM J. WHITAKER, TIMOTHY P. SULLIVAN, JAMES OWENS, CHARLES W. CULKIN, Committee on Streets, Highways and Sewers.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Behrmann, Bennett, Bill, Brenner, Bridges, Chambers, Coggey, Culkin, Devlin, Dickinson, Dietz, Doull, Dowling, Florence, Foley, Gass, Gillies, Haggerty, Harnischfeger, Higgins, Holler, Holmes, James, Keely, Kenney, Klett, Leitner, Lundy, John T. McCall, Malone, Maloy, Mathews, Metzger, Meyers, Nehrbauer, Oatman, Owens, Peck, Richter, Shea, Stewart, Sulli-

van, Tebbetts, Twomey, Ware, Wentz, Whitaker, Willett, Wirth; President Cromwell, Borough of Richmond; President Haffen, Borough of The Bronx, and the Vice-Chairman of the Board of Aldermen—54.

At this point the President took the chair.

REPORTS OF STANDING COMMITTEES, RESUMED.

On motion of Alderman John T. McCall, the Board returned to the order of business of Reports of Standing Committees.

Reports of Committee on Finance—

No. 1693.

The Committee on Finance, to whom was referred on February 24, 1903 (Minutes page 665), the annexed resolution and ordinance in favor of $3,150,000 of Corporate Stock for repaving streets, respectfully

REPORT:

That having examined the subject, they believe the proposed issue to be proper. No argument is required to prove the need of repaving in many parts of the Greater City. It is a matter essential not only to the comfort but also to the health of many of the City's inhabitants. Your Committee understand that this issue will be distributed amongst all the boroughs. The amount to go to each borough will be determined by the Board of Estimate and Apportionment. They therefore recommend the adoption of the ordinance.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of three million one hundred and fifty thousand dollars ($3,150,000), the proceeds whereof shall be applied to the repaving of streets in The City of New York.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment February 20, 1903, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, in pursuance of the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to the amount of three million one hundred and fifty thousand dollars ($3,150,000), exclusive of the amount which may be authorized to be issued by the Board of Estimate and Apportionment, pursuant to section 169 of the Charter, the proceeds whereof shall be applied to the repaving of streets in The City of New York, and that, when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be authorized to issue Cor-

porate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, on and after July 10, 1903, for the said additional amount of three million one hundred and fifty thousand dollars ($3,150,000), the proceeds whereof shall be applied to the repaving of streets and avenues in The City of New York, provided, however, that no contract shall be made for repaving any street or avenue unless the Borough President having charge thereof submits to the Comptroller, with such contract, evidence showing that the original pavement on such street or avenue was laid at the expense of the abutting property owners, or by local taxation, or by bond issues paid by the locality before consolidation, unless the Board of Estimate and Apportionment shall otherwise determine upon presentation to it of the facts and circumstances affecting such street or avenue."

HERBERT PARSONS, WILLIAM T. JAMES, JAMES H. McINNES, JOSEPH A. BILL, JOHN T. McCALL, TIMOTHY P. SULLIVAN, JAMES E. GAFFNEY, JOHN L. FLORENCE, Committee on Finance.

The President put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the negative by the following vote:

Affirmative—Aldermen Behrmann, Bennett, Bill, Brenner, Dickinson, Diemer, Dowling, Downing, Gaffney, Goodman, Holler, Holmes, Howland, Jones, Maloy, Meyers, Nehrbauer, Oatman, Parsons, Peck, Seebeck, Shea, Stewart, Tebbetts, Walkley, Ware, Wentz, Willett, Wirth; President Cromwell, Borough of Richmond; President Cassidy, Borough of Queens; President Haffen, Borough of The Bronx; President Swanstrom, Borough of Brooklyn; President Cantor, Borough of Manhattan; the Vice-Chairman of the Board of Aldermen, and the President of the Board of Aldermen—36.

Negative—Aldermen Baldwin, Bridges, Chambers, Coggey, Culkin, Devlin, Dietz, Donohue, Doull, Foley, Gass, Gillen, Gillies, Goldwater, Haggerty, Harburger, Harnischfeger, Higgins, Kenney, Leitner, Lundy, John T. McCall, Thomas F. McCaul, Metzger, Owens, Richter, Schappert, Sullivan, Twomey and Whitaker—30.

President Cassidy, of the Borough of Queens, moved that the vote by which the above ordinance was lost be reconsidered.

The President put the question whether the Board would agree with said motion.

Which was decided in the negative by the following vote:

Affirmative—Aldermen Bennett, Bill, Brenner, Dickinson, Dowling, Downing, Goldwater, Goodman, Jones, Meyers, Oatman, Ware, Willett; President Cassidy, Borough of Queens; President Cantor, Borough of Manhattan—15.

Negative—Aldermen Alt, Baldwin, Bridges, Chambers, Culkin, Devlin, Dietz, Donohue, Doull, Foley, Gaffney, Gillen, Gillies, Haggerty, Harburger, Harnischfeger, Higgins, Holmes, Kenney, Leitner, Lundy, John T. McCall, Thomas F. McCaul, Mathews, Metzger, Owens, Peck, Richter, Schappert, Seebeck, Sullivan, Tebbetts, Twomey, Walkley, Wentz, Whitaker, Wirth; the Vice-Chairman of the Board of Aldermen, and the President of the Board of Aldermen—39.

Nos. 1809—1840—(G. O. No. 350).

The Committee on Finance, to whom was referred on March 24, 1903 (Minutes, page 1092), the annexed petition of the members of the bar and officials in Richmond County, relative to preserving certain important index books in the Richmond County Clerk's office, and on March 31, 1903 (Minutes, page 1190), a communication from the President of the Borough of Richmond in reference to preserving certain records in the County Clerk's office in the Borough of Richmond (Int. Nos. 1809 and 1840), respectfully

REPORT:

That, having examined the subject, they believe provision should be made as requested, and they accordingly recommend the adoption of the annexed resolution, which has been drafted by the Committee.

The petition of the bar, hereto annexed, shows the complaint. The letter of the Borough President, hereto annexed, suggests that $700 be allowed to provide for the recopying of the worst of the indices. It is, of course, desirable that such records be in proper shape, convenient of access to the members of the bar.

Your Committee accordingly recommend the adoption of the annexed resolution:

Resolved, That, pursuant to subdivision 8 of section 188 of the Charter, the Board of Estimate and Apportionment is hereby requested to issue Special Revenue Bonds to an amount not exceeding seven hundred dollars ($700), the proceeds of which shall be applied to the recopying of indices for deeds, mortgages, lis pendens and so forth, in the office of the Clerk of the County of Richmond, under the supervision of said Clerk.

HERBERT PARSONS, WILLIAM T. JAMES, JAMES H. McINNES, JOHN T. McCALL, TIMOTHY P. SULLIVAN, Committee on Finance.

Which was laid over.

Report of Committee on Buildings—

No. 1234—(G. O. No. 351).

The Committee on Buildings, to whom was referred on October 21, 1902 (Minutes, page 426), the annexed ordinance in favor of amending sections 48 and 97 of the Building Code, respectfully

REPORT:

Your Committee held two public hearings in regard to the proposed amendment, and have made modifications in order to meet the objections raised. The substitute ordinance reported for adoption meets with the approval of the Superintendents of Buildings for the various boroughs.

The amendment to section 48 restricts the size of semi-fireproof vent shafts to twenty-five square feet in area, where heretofore there was no restriction. It also allows the use of such a shaft for ventilating interior bathrooms in private dwellings, provided the shaft is not carried through more than two stories, where heretofore but one story could be ventilated.

The object of the amendment to section 97 is to include private dwellings over two stories and basement, or three stories in height above the cellar, any portion of which is used for business purposes, within that class of buildings which the law now requires that the walls of the dumbwaiter shafts shall be fireproof. Under the present law shafts for this class of buildings can be built of wood. The amendment to section 97 also requires that, where the dumbwaiter shaft is carried through the cellar or lowest story of any building, it shall be enclosed in that story with brick walls not less than eight inches thick. This is an additional safeguard against fire, and conforms to the requirements of the Tenement House law in regard to dumbwaiter shafts.

The Committee on Buildings therefore recommends that the said substitute ordinance be adopted.

ORIGINAL ORDINANCE.

AN ORDINANCE to amend sections 48 and 97 of the Building Code in regard to the construction of light, vent and dumbwaiter shafts.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Note.—New law is underscored thus ————; old law to be omitted is bracketed thus ( ).

Section 1. Section 48 is hereby amended as follows:

Sec. 48. Light and Vent Shafts—In every building hereafter erected or altered all the walls or partitions forming interior light and vent shafts shall be built of brick; (or) except, that when the area does not exceed twenty-five square feet, they may be built of such other fireproof materials as may be approved by the Superintendent (Commissioner) of Buildings having jurisdiction. The walls of all light or vent shafts, whether exterior or interior, hereafter erected, shall be carried up not less than three feet above the level of the roof, and the brick walls coped as other

parapet walls. Where the shaft is covered by a ventilating skylight of metal and glass the walls need not be carried more than two feet above the roof. Vent shafts not more than twenty square feet in area to light interior rooms (bathrooms) in private dwellings may be built of wood filled in solidly with brick or hard-burnt clay blocks, or covered on all sides with metal, metal lath and plaster, or plaster boards, when extending through not more than two stories (one story) in height (and carried not less than two feet above the roof, covered with a ventilating skylight of metal and glass).

Sec. 2. Section 97 is hereby amended to read as follows:

Sec. 97. Dumbwaiter Shafts—All dumbwaiter shafts except those in private dwelling houses not more than two stories and basement, or three stories in height above the cellar, no portion of which is used for business purposes (such as do not extend more than three stories above the cellar or basement in dwelling houses) shall be inclosed in suitable walls of brick or with burnt clay blocks, set in iron frames of proper strength or fireproof blocks strengthened with metal dowels, or such other fireproof material and form of construction as may be approved by the Superintendent (Commissioner) of Buildings having jurisdiction. Said walls or construction shall extend at least three feet above the roof and be covered with a skylight at least three-fourths the area of the shaft, made with metal frames and glazed. All openings in the inclosure walls or construction shall be provided with self-closing fireproof doors. When the dumbwaiter is carried through the cellar or lowest story of any building it shall be inclosed in that story with brick walls not less than eight inches thick. When the shaft does not extend to the floor level of the cellar or lowest story, or through the top story, the bottom and top of the shaft shall be constructed of fireproof material.

Sec. 3. All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

Sec. 4. This ordinance shall take effect immediately.

SUBSTITUTE ORDINANCE.

AN ORDINANCE to amend sections 48 and 97 of the Building Code in regard to the construction of light, vent and dumbwaiter shafts.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Note.—New law is underscored thus ————; old law to be omitted is bracketed thus ( ).

Section 1. Section 48 is hereby amended to read as follows:

Sec. 48. Light and Vent Shafts—In every building hereafter erected or altered all the walls or partitions forming interior light and vent shafts shall be built of brick; (or) except, that when the area does not exceed twenty-five square feet, they may be built of such other fireproof materials as may be approved by the Superintendent (Commissioner) of Buildings having jurisdiction. The walls of all light or vent shafts, whether exterior or interior, hereafter erected, shall be carried up not less than three feet above the level of the roof, and the brick walls coped as other parapet walls. Where the shaft is covered by a ventilating skylight of metal and glass, the walls need not be carried more than two feet above the roof. Vent shafts not more than twenty-five square feet in area to light interior bathrooms in private dwellings may be built of wood filled in solidly with brick or hard burnt clay blocks, or covered on all sides with metal, metal lath and plaster, or plaster boards, when (extending through) used for ventilating not more than two stories (one story) in height, and carried not less than two feet above the roof, covered with a ventilating skylight of metal and glass.

Sec. 2. Section 97 is hereby amended to read as follows:

Sec. 97. Dumbwaiter Shafts—All dumbwaiter shafts, except those in private dwelling houses not more than two stories and basement, or three stories in height above cellar, no portion of which is used for business purposes (such as do not extend more than three stories above the cellar or basement in dwelling houses), shall be enclosed in suitable walls of brick or with burnt clay blocks, set in iron frames of proper strength or fireproof blocks strengthened with metal dowels, or such other fireproof material and form of construction as may be approved by the Superintendent (Commissioner) of Buildings having jurisdiction. Said walls or construction shall extend at least three feet above the roof and be covered with a skylight at least three-fourths the area of the shaft, made with metal frames and glazed. All openings in the enclosure walls or construction shall be provided with self-closing fireproof doors. When the dumbwaiter is carried through the cellar or lowest story of any building, it shall be enclosed in that story with brick walls not less than eight inches thick. When the shaft does not extend to the floor level of the cellar or lowest story, the bottom of the shaft shall be constructed of fireproof material.

Sec. 3. All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

Sec. 4. This ordinance shall take effect immediately.

FRANKLIN B. WARE, DAVID M. HOLMES, LEOPOLD W. HARBURGER, FREDERICK BRENNER, JOHN A. SCHAPPERT, PETER HOLLER, JOHN C. KLETT, Committee on Buildings.

Which was laid over.

Reports of Committee on Salaries and Offices—

No. 1881—(G. O. No. 352.)

The Committee on Salaries and Offices, to whom was referred on March 31, 1903 (Minutes, page 1264), the annexed resolution in favor of appointing Harry V. Berry a City Surveyor, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Resolved, That Harry V. Berry, of Port Richmond, Staten Island, Borough of Richmond, be and he is hereby appointed a City Surveyor.

ROBERT F. DOWNING, SAMUEL H. JONES, JOHN D. GILLIES, JOHN J. HAGGERTY, JOHN H. DONOHUE, Committee on Salaries and Offices.

Which was laid over.

No. 1865.

The Committee on Salaries and Offices to whom was referred on March 31, 1903 (Minutes, page 1258), the annexed resolution in favor of appointing Richard J. Dana a City Surveyor, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Resolved, That Richard T. Dana, of No. 1045 Fifth avenue, Borough of Manhattan, be and he is hereby appointed a City Surveyor.

ROBERT F. DOWNING, SAMUEL H. JONES, JOHN J. HAGGERTY, JOHN D. GILLIES, JOHN H. DONOHUE, Committee on Salaries and Offices.

The Vice-Chairman asked and obtained immediate consideration for this report.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Bennett, Bill, Brenner, Bridges, Chambers, Culkin, Dickinson, Donohue, Doull, Gass, Goodman, Haggerty, Harburger, Higgins, Holmes, Howland, Jones, Kenney, Thomas F. McCaul, Mathews, Metzger, Meyers, Owens, Peck, Richter, Schappert, Seebeck, Sullivan, Tebbetts, Twomey, Ware, Willett, Wirth; President Cromwell, Borough of Richmond; President Cassidy, Borough of Queens; President Haffen, Borough of The Bronx; President Swanstrom, Borough of Brooklyn; the Vice-Chairman of the Board of Aldermen, and the President of the Board of Aldermen—41.

No. 1848—(G. O. No. 353).

The Committee on Salaries and Offices, to whom was referred on March 31, 1903 (Minutes, page 1200), the annexed resolution in favor of fixing salary of Examiner, office of City Record, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment, at a meeting held March 27, 1903, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of the position of Examiner in the office of the City Record be fixed as follows:

"Examiner, $1,500 per annum.

"Examiner, $1,200 per annum.

"Examiner, $900 per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the position of Examiner in the office of the City Record as set forth therein.

ROBERT F. DOWNING, JOHN H. BEHRMANN, WILLIAM D. PECK, PATRICK H. MALONE, JOHN D. GILLIES, JOHN H. DONOHUE, JOHN J. HAGGERTY, SAMUEL H. JONES, Committee on Salaries and Offices.

Which was laid over.

Reports of Committee on Finance—

No. 1841—(G. O. No. 354).

The Committee on Finance, to whom was referred on March 31, 1903 (Minutes, page 1191), the annexed communication from the Comptroller in regard to the advance of certain moneys for St. Mary's schoolship, respectfully

REPORT:

That, having examined the subject, they believe the request should be complied with. The Board granted such a request last year. The resolution which the Committee now recommends will permit the action requested by the Comptroller in each year without further troubling this Board. The propriety of granting such authority seems evident. The schoolship "St. Mary's" first takes a cruise in Long Island Sound. The first of this resolution is to provide for an advance of money necessary for incidental expenses on that cruise. It is self-evident that such an advance is necessary. The schoolship then takes a foreign cruise, and is absent until the fall. The second part of the resolution provides for a letter of credit for expenses during such foreign cruise. The letter of credit on such a cruise is of course necessary to provide for the necessary incidental expenses, there being no other way of sensibly providing for them.

Your Committee accordingly recommend the adoption of the following resolution:

(Original.)

Resolved, That for the purpose of meeting the minor and incidental expenses of the Nautical School Ship "St. Mary's" that cannot be conveniently accounted for by vouchers or provided for by contract in advance, such as minor supplies, repairs, port dues, pilotage, provisions and other necessary expenses while cruising in Long Island Sound, preliminary to the foreign cruise, the Comptroller may and he is hereby authorized to advance from time to time such sum or sums as the Board of Education by resolution may require; and for meeting similar necessary and incidental expenses incurred at such foreign ports as may be visited during the foreign summer cruise of the said School Ship, together with the salaries that may become due during such cruise, the Comptroller is further authorized to procure letters of credit to be issued in favor of the Superintendent of the said Nautical School for such sums as the said Board of Education by resolution may designate. The vouchers for all expenditures under said advances and said letters of credit to be submitted by the Board of Education to the Comptroller for final audit and liquidation.

(Substitute.)

Resolved, That, in each year, for the purpose of meeting the minor and incidental expenses of the Nautical School Ship "St. Mary's" that cannot be conveniently accounted for by vouchers or provided for by contract in advance, such as minor supplies, repairs, port dues, pilotage, provisions and other necessary expenses while cruising in Long Island Sound, preliminary to the foreign cruise, the Comptroller may and he is hereby authorized to advance from time to time such sum or sums as the Board of Education by resolution may require, and for meeting similar

necessary and incidental expenses incurred at such foreign ports as may be visited during the foreign summer cruise of the said School Ship, together with the salaries that may become due during such cruise, the Comptroller is further in each year authorized to procure letters of credit to be issued in favor of the Superintendent of the said Nautical School for such sums as the said Board of Education by resolution may designate. The vouchers for all expenditures under said advances and said letters of credit to be submitted by the Board of Education to the Comptroller for final audit and liquidation.

HERBERT PARSONS, WILLIAM T. JAMES, JAMES H. McINNES, JOHN T. McCALL, JOHN L. FLORENCE, JOSEPH A. BILL, TIMOTHY P. SULLIVAN, Committee on Finance.

Which was laid over.

No. 1849—(G. O. No. 355).

The Committee on Finance, to whom was referred on March 31, 1903 (Minutes, page 1202), the annexed resolution and ordinance in favor of $10,000 of Corporate Stock, for plans for buildings for the Department of Police, respectfully

REPORT:

That, having examined the subject, they believe the proposed issue should be made.

The City hopes soon to provide a new Police Headquarters, and will doubtless be able to do it on some land now owned by the City in the Borough of Manhattan.

New station houses are also needed in the Thirty-ninth and Forty-first Precincts, in the Borough of The Bronx. It is towards the expense of plans and specifications for these buildings that this bond issue is asked.

Your Committee believe that it is desirable, and accordingly recommend the adoption of the ordinance.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of ten thousand dollars ($10,000) to provide means to pay the expenses of the preparation of the necessary plans and specifications for the construction of new buildings in The City of New York, under the jurisdiction of the **Department of Parks.**

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment March 13,

1903, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding ten thousand dollars ($10,000) to provide means to pay the expenses of the preparation of the necessary plans and specifications for the construction of new buildings in The City of New York, under the jurisdiction of the Department of Police, and that when authority shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding ten thousand dollars ($10,000), the proceeds whereof to be applied to the purposes aforesaid."

HERBERT PARSONS, WILLIAM T. JAMES, JAMES H. McINNES, JOHN T. McCALL, TIMOTHY P. SULLIVAN, JOSEPH A. BILL, Committee on Finance.

Which was laid over.

MOTIONS, ORDINANCES AND RESOLUTIONS RESUMED.

No. 1910.

By the President—

Resolved, That the following-named persons be and they hereby are appointed Commissioners of Deeds:

By the President—

Francis Martin, No. 207 West One Hundred and Thirtieth street, Manhattan.

By the Vice-Chairman—

K. G. McCormick, No. 341 Clifton place, Brooklyn.

James Henry Eckersley, No. 774 Flatbush avenue, Brooklyn.

Allan James Gray, No. 1317 Forty-sixth street, Brooklyn.

George C. Russell, No. 637 St. John's place, Brooklyn.

By Alderman Alt—

Christian J. Bode, No. 421 Miller avenue, Brooklyn.

Theodore R. Brown, No. 343 Vermont street, Brooklyn.

Frank A. Lane, No. 397 Bradford street, Brooklyn.

By Alderman Baldwin—

Francis J. Donnelly, No. 600 Third avenue, Manhattan.

By Alderman Behrmann—

James McCauley, No. 703 East One Hundred and Fifty-eighth street, Bronx.

By Alderman Bennett—

John Wagner, No. 541 Hart street, Brooklyn.

By Alderman Bill—

Lewis K. Davis, No. 268 Maujer street, Brooklyn.

Albert Nussle, No. 256 Maujer street, Brooklyn.

Fred P. Davison, No. 513 Central avenue, Brooklyn.

By Alderman Chambers—

Charles D. Donohue, No. 153 East Sixty-seventh street, Manhattan.

By Alderman Coggey—

Washington Hadley, No. 158 East Fifty-fifth street, Manhattan.

By Alderman Culkin—

John Schmidling, No. 119 Seventh street, Manhattan.

By Alderman Diemer—

Francis Fossett Briggs, No. 128 Noble street, Brooklyn.

Louis Burstein, No. 23 Vernon avenue, Brooklyn.

Henry S. Carr, No. 486 Marcy avenue, Brooklyn.

Robert Holmes, Jr., No. 367 Fulton street, Brooklyn.

By Alderman Dickinson—

William J. Devins, No. 689 Manhattan avenue, Brooklyn.

By Alderman Donohue—

Emerich Kohn, No. 274 Stanton street, Manhattan.

Robert J. Rubin, No. 711 East Sixth street, Manhattan.

By Alderman Downing—

Luther G. Billings, Jr., No. 150 Hicks street, Brooklyn.

J. Percival Huntting, No. 44 Court street, Brooklyn.

William C. Rodgers, No. 215 Montague street, Brooklyn.

By Alderman Florence—

Millard S. Kuh, No. 320 Broadway, Manhattan.

By Alderman Foley—

Alexander Michaelson, No. 52 Broadway, Manhattan.

By Alderman Gass—

George F. Budenbender, No. 51 Grace avenue, Bronx.

By Alderman Goodman—

Abm. Brekstone, No. 12 East One Hundred and Eleventh street, Manhattan.

H. Schieffelin Sayers, No. 218 West One Hundred and Twenty-first street, Manhattan.

By Alderman Harburger—

Sol Peyser, No. 30 First street, Manhattan.

By Alderman Holmes—

Mae Auwerda Sloane, No. 202 West Seventy-ninth street, Manhattan.

By Alderman Marks—

Mark Block, No. 53 Jefferson street, Manhattan.

Jacob H. Denenholz, No. 103 West One Hundred and Fourteenth street, Manhattan.

Isaac Marks, No. 235 Madison street, Manhattan.

Charles Weichselbaum, No. 69 Columbia street, Manhattan.

By Alderman Malone—

Wm. J. Dalton, No. 396 Hicks street, Brooklyn.

By Alderman Mathews—

Frank J. Steinbacher, No. 414 Bainbridge street, Brooklyn.

By Alderman Oatman—

Louis S. Grenner, No. 856 Sixth avenue, Manhattan.

By Alderman Parsons—

Allen I. Goldsmith, Simpson-Crawford Company, Sixth avenue, corner Nineteenth street, Manhattan.

By Alderman Stewart—

Alfred A. Melvin, No. 201 Lexington avenue, Brooklyn.

By Alderman Sullivan—

Angelo Acritelli, No. 243 Elizabeth street, Manhattan.

Andrew H. Mangold, No. 93 Second avenue, Manhattan.

By Alderman Wentz—

Edward D. Kelly, No. 53 Patchen avenue, Brooklyn.

By Alderman Whitaker—

Nora Brown, Bellevue Hospital, Manhattan.

James F. Brown, No. 756 East One Hundred and Seventieth street, Bronx.

The President put the question whether the Board would agree with said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Bennett, Brenner, Bridges, Chambers, Devlin, Diemer, Dietz, Donohue, Doull, Gass, Gillen, Gillies, Goodman, Harburger, Harnischfeger, Holmes, Howland, Jones, Keely, Leitner, Lundy, John T. McCall, Thomas F. McCaul, Malone, Marks, Mathews, Metzger, Meyers, Nehrbauer, Oatman, Owens, Peck, Richter, Schappert, Stewart, Sullivan, Tebbetts, Twomey, Ware, Wentz, Whitaker, Willett, Wirth; President Cromwell, Borough of Richmond; President Haffen, Borough of The Bronx; President Swanstrom, Borough of Brooklyn, and the President of the Board of Aldermen—48.

Alderman Bennett moved that Paper No. 896, being an ordinance relating to horse troughs, be taken from on file.

Which motion was adopted.

The President referred the paper to the Committee on Water Supply, Gas and Electricity.

No. 1911.

By Alderman Alt—

Resolved, That the name of Eastern Parkway Extension, between Bushwick avenue and Highland Park, in the boroughs of Brooklyn and Queens, be and the

same is hereby changed to and shall hereafter be known and designated as Highland Boulevard, and the Presidents of the boroughs of Brooklyn and Queens are hereby authorized and requested to renumber the houses and lots along the line of said thoroughfare as may be necessary, and to note the same on the maps and records of The City of New York in accordance therewith.

The President put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Bennett, Bill, Brenner, Bridges, Chambers, Devlin, Dickinson, Diemer, Dietz, Donohue, Doull, Downing, Foley, Gillen, Gillies, Goldwater, Goodman, Haggerty, Harnischfeger, Higgins, Holmes, Howland, Jones, Keely, Kenney, Leitner, Lundy, John T. McCall, Thomas F. McCaul, Malone, Marks, Metzger, Meyers, Nehrbauer, Oatman, Owens, Peck, Richter, Schappert, Seebeck, Stewart, Tebbetts, Twomey, Walkley, Ware, Wentz, Whitaker, Willett, Wirth, President Cromwell, Borough of Richmond; President Haffen, Borough of The Bronx, and the President of the Board of Aldermen—54.

No. 1912.

By Alderman Downing—

Resolved, That the Committee on Salaries and Offices be and they are hereby discharged from further consideration of the following enumerated subjects, which are hereby ordered on file:

Nos. 1134 and 1135.—Resolutions of the Board of Supervisors requesting the Board of Aldermen to fix salary of Accountant in Supervisor's office at $1,500, and of a Clerk in Supervisor's office at $900. Page 12, Minutes of October 7, 1902.

Which was adopted.

No. 1913.

By Alderman Diemer—

Resolved, That the consent of the corporation of The City of New York be and the same hereby is given to the New York Central and Hudson River Railroad Company, a corporation, and the successor of the Hudson River Railroad Company, to lay, maintain, use and operate two (2) railroad tracks along Twelfth avenue, beginning at a point between West Twenty-seventh street and West Twenty-eighth street, and continuing northerly to a point at or near West Thirty-sixth street, with the turn-outs, switches and connections as shown and indicated by red shading upon the map marked "N. Y. C. & H. R. R. R. Proposed Improvements West of Eleventh Avenue, Between Twenty-seventh and Thirty-seventh Streets, New York City. Office of Chief Engineer. Scale 1"-100'. New York, February 6, 1903. H. Fernstarom. April 2, 1903. Chief Engineer"—a copy of which is annexed hereto, and which is made a part hereof, and such other turn-outs, switches and connections as may be necessary, and for which authority may be obtained from time to time from the President of the Borough of Manhattan; the rails used in laying said railroad tracks to be of a pattern approved by the President of the Borough of Manhattan and to be laid and maintained flush with the surface of the street, so as not to interfere with the proper use thereof, all the work of laying the said tracks, paving between the tracks and two feet outside of the rails of the same, and maintaining the raid tracks and pavement in good order and to the satisfaction of the President of the Borough of Manhattan, to be done at the expense of the said the New York Central and Hudson River Railroad Company under the direction of the President of the Borough of Manhattan. All snow and ice shall be promptly removed from said tracks by the said railroad company. This consent and the permission granted by this ordinance shall continue only during the pleasure of the Board of Aldermen of The City of New York, and the said the New York Central and Hudson River Railroad Company shall pay to The City of New York such compensation therefor as shall be ascertained, fixed and determined by

the Board of Estimate and Apportionment. And the Board of Aldermen of The City of New York may from time to time make such further reasonable rules and regulations in regard to the exercise of the above-mentioned privilege as it may be advised.

Which was adopted.

No. 1914.

By Alderman Foley—

Resolved, That permission be and the same is hereby given to the Mutual Life Insurance Company of New York, its successors and assigns, to construct and maintain a tunnel under and across Liberty street, in the Borough of Manhattan, between Nassau and William streets, to connect the properties Nos. 33 and 35 Liberty street and Nos. 41 to 49 Liberty street, on the north side of said street, with No. 46 Liberty street, on the south side of said street, which properties are owned by the said the Mutual Life Insurance Company of New York (the location, size and other details respecting the construction of said tunnel to be as shown in the diagrams accompanying this resolution marked "A" and "B"); provided that the said the Mutual Life Insurance Company of New York shall pay to The City of New York as compensation for the privilege such amount as may be determined as an equivalent therefor by the Commissioners of the Sinking Fund, and provided further that the said the Mutual Life Insurance Company of New York shall stipulate with the President of the Borough of Manhattan to save the City harmless from any loss or damage that may be occasioned during the progress or subsequent to the completion of the work of constructing the said tunnel, the work to be done and materials to be supplied at their own expense, under the direction of the President of the Borough of Manhattan, such permission to continue only during the pleasure of the Board of Aldermen.

Which was adopted.

On motion of President Cantor, Special Order No. 91, being an ordinance in relation to appointing a City Commission for beautifying the City, was again laid over and made a Special Order for 2 o'clock p. m. at the next meeting.

No. 1915.

By Alderman Foley—

Resolved, That permission be and the same is hereby given to Peter Feeney to keep and maintain a portable stand for the sale of light refreshments in the rear of the starting stand of the Belt Line, at the foot of Whitehall street, opposite the ferry house, in the Borough of Manhattan, the work to be done at his own expense under the direction of the President of the Borough, such permission to continue during the pleasure of the Board of Aldermen.

Which was adopted.

No. 1916.

By Alderman Gillies—

Resolved, That the ordinance relative to the discharge of fireworks be and the same is hereby suspended so as to permit the B. P. Order of Elks to discharge fireworks on the occasion of the institution of Staten Island Lodge, No. 841, on April 14, 1903, along the line of their parade, from Masonic Hall, Stapleton, to the Bachmann Brewery Hotel, Borough of Richmond, the work to be done at their own expense under the direction of the Commissioner of Police, such permission to continue only for the date mentioned above.

Which was adopted.

No. 1917.

By Alderman Howland—

Bytheway, Rye, N. Y.,
Thursday, April 2, 1903.

My Dear Mr. Howland—I have been requested by the Board of Managers of the Colonial Dames of the State of New York to extend through you to the Board of Aldermen an invitation to appoint a Committee to attend the reception to be given by the Society at the Van Cortlandt Mansion on May 27 next, on the occasion of the unveiling of the window from the old Sugar House Prison, and also in honor of the Municipal Celebration. Hoping that the Society will have the pleasure of welcoming such a Committee, I remain

Sincerely yours,

ANNE WIGGIN SHERMAN.

Resolved, That in acceptance of the invitation of the Society of the Colonial Dames of the State of New York, the Chair be and hereby is empowered and directed to appoint a committee of three to represent this Board, as well as The City of New York, at the reception of the Society, to be held on May 27 next at the Van Cortlandt Mansion, and that the Clerk of this Board send a copy of this resolution to the Board of Managers of the Society.

Which was adopted, and the President announced that he would appoint the committee later.

No. 1918.

By Alderman Lundy—

Whereas, James E. Hanley, employed in the Department of Water Supply of The City of New York, as Engineer in Charge of the Pumping Station, situated Avenue U and East Fourteenth street, Borough of Brooklyn, is now receiving a salary of $1,200

dollars per annum, but formerly received a salary of $1,200 per annum and house rent free, making a salary amounting to $1,500 per annum, which is received at present by the Engineers performing the same services; so, whereas, be it

Resolved, That the Commissioner of Water Supply be requested to place the name of James E. Hanley on the payroll of said Department at a salary of $1,500 per annum, beginning immediately on the acceptance of this resolution by the Board of Estimate and Apportionment.

Which was referred to the Committee on Salaries and Offices.

No. 1919.

By Alderman John T. McCall—

AN ORDINANCE amending section 179 of the Revised Ordinances of The City of New York of 1897 by adding a section providing for the issuing of permits for ornamental projections on certain buildings beyond the building line.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 179A.

Section 1. The Borough Presidents and the Park Commissioners having jurisdiction shall, subject to the restrictions of this ordinance, issue permits for the construction of ornamental projections which project beyond the building line, provided, in the opinion of the officer having jurisdiction, no injury will come to the public thereby. Permits for the construction of such projections, lying within any park, square or public place, or within a distance of three hundred and fifty feet from the outer boundaries thereof, shall be issued by the Park Commissioner having jurisdiction, as provided in section 612 of the Charter, as amended by section 1, chapter 723, of the Laws of 1901. Permits for the erection of all other ornamental projections shall be issued by the Borough President having jurisdiction.

For the purposes of this ordinance, "an ornamental projection" shall be taken to mean and include all decorative projections on the face of a building beyond the building line, in the nature of porches, arches, porticos, columns and pillars, which are erected purely for the enhancement of the beauty of the building from an artistic standpoint.

Sec. 2. Before the erection of any such ornamental projections shall be commenced the owner of the building or his duly authorized agent shall make application in writing to the said Borough President or Park Commissioner having jurisdiction, on suitable blanks furnished by him, for the permit herein provided for, and shall file a plan and drawings showing the nature of the proposed ornament with the dimensions thereof, the number of stories through which it is intended to be carried,

and the number of square feet of area covered by that portion of the ornamentation projecting beyond the building line.

Each application shall be accompanied by the amount of compensation due the City for the privilege of erecting said ornamentation, as hereinafter provided.

Sec. 3. Each application for the erection of an ornamental projection, which projects more than one foot beyond the building line, shall be accompanied by a certified copy of the last assessed valuation of the property on which said ornamental projection is to be erected, which appears upon the books of the Department of Taxes and Assessments. Except as hereinafter provided, the amount that shall be paid as a compensation to the City for the privilege of erecting each ornamental projection shall be, for each and every square foot or fraction thereof of area extending more than one foot beyond the building line, at the rate of ten per cent. per square foot of the assessed value of the property on which the said ornamental projection is to be erected.

Sec. 4. Ornamental projections which shall extend not more than two feet beyond the building line may hereafter be erected on buildings in the Borough of Manhattan, situated on Broadway to the south of Fifty-ninth street; on Fourteenth street, between Broadway and Sixth avenue; on Twenty-third street, between Third and Sixth avenues; on Thirty-fourth street, between Third and Ninth avenues; on Fifty-ninth street, between Third and Ninth avenues, and on Fifth avenue, between Fourteenth street and Fifty-ninth street, and on all other streets in The City of New York ornamental projections may be erected, provided they shall extend not more than one-fifteenth part of the width of the street they are upon, nor in any case more than five feet beyond the building line.

Sec. 5. The permits mentioned herein shall be issued in duplicate, one of which will be retained by the applicant and kept at the building during the erection of the projection, and the other shall be filed by him with the plans for the building in the Bureau of Buildings. If it shall appear upon completion that the ornamental projection occupies a greater number of square feet than shall have been paid for, the applicant shall pay twice the sum previously paid for each square foot of area occupied by said projection, over and above the number of square feet paid for originally, but in no case shall said ornamental projection exceed the limit allowed by law.

Sec. 6. Permits granted pursuant to the provisions of this ordinance are revocable permits, and shall have the following clause printed thereon, viz.: "This permit is issued subject to revocation thereof, at any time hereafter by the Board of Aldermen of The City of New York, upon the recommendation of the officer having jurisdiction, when the space occupied by said ornamental projection or any portion thereof, may be required for any public improvement, or upon any violation of any of the terms

or conditions upon which this permit is issued." A permit for the ercetion of an ornamental projection shall be deemed to have expired when such projection is taken down, and the space formerly occupied thereby shall no longer be used for the purpose for which the permit was issued, unless a permit for its reconstruction shall have been granted, as provided in section 8 of this ordinance. In case it is thereafter desired to erect an ornamental projection on the said property, the applicant shall comply with all of the provisions of this ordinance.

Sec. 7. Permits as hereinbefore described, and subject to the conditions therein attached, may be issued to the owners of all buildings having ornamental projections, which buildings have been erected or are being erected, and have ornamental projections thereon byond the building line, without any authorization therefor.

Sec. 8. No fees shall be charged for granting a permit to reconstruct an ornamental projection within the limitations imposed by an original permit therefor.

Sec. 9. Nothing herein contained shall be deemed to conflict with the provisions of the Building Code. No plans for the construction of a building having ornamental projections thereon, beyond the building line, as defined in this ordinance, shall be approved by the Superintendent of Buildings until the permit therefor is filed, as provided by section 5 of this ordinance.

Sec. 10. All fees received by the Borough Presidents or Park Commissioners for the issuing of permits provided by this ordinance shall be accounted for in proper books kept for that purpose and shall be turned over by them to the City Chamberlain and credited to the General Fund.

Sec. 11. Any person, firm or corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor and shall in addition thereto be liable to a penalty of ten dollars for each offense and ten dollars for each and every day that such offense shall continue.

Sec. 12. All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

Sec. 13. This ordinance shall take effect immediately.

Which was referred to the Committee on Buildings.

No. 1920.

By Alderman Meyers—

AN ORDINANCE forbidding the presence of dogs in the streets, highways, parks and public places of the Borough of Manhattan, except under certain restrictions.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Hereafter it shall be unlawful to permit any dog to go abroad loose or at large in any of the streets, highways, parks or public places in the Borough

of Manhattan unless such dog shall be securely muzzled so that it shall be impossible for it to bite, tear or otherwise wound with the teeth any human being or any other animal.

Sec. 2. The Police Commissioner is hereby directed to secure the enforcement of this ordinance by providing for the taking and detention in the public pound of any dog found going abroad loose or at large and not muzzled as aforesaid. Every dog so taken shall be detained in the public pound for a period not to exceed three days. The owner of such dog may recover the same upon his filing with the Clerk employed by the Police Commissioner and designated Property Clerk, pursuant to section 331 of the Greater New York Charter, an affidavit stating the fact of ownership, his place of residence, and a description of the dog sought to be recovered, and upon payment to said Clerk of the sum of three dollars ($3). The said Clerk shall thereupon furnish to the said owner a certificate authorizing the Keeper of the Pound to deliver the said dog to the said owner, and upon delivery to him of the said certificate the said Keeper shall forthwith release the dog detained as aforesaid. At the expiration of three days' detention of any dog, such dog shall be destroyed. All moneys collected pursuant to this ordinance shall be paid into the Police Pension Fund.

Sec. 3. Nothing in this ordinance shall prevent the presence of any dog in any street, highway or public place, provided such dog shall be in charge of a competent person, and shall be securely held by a chain or leather strap not more than four feet long.

Sec. 4. Section 672 of the Revised Ordinances of 1897 is hereby repealed.

Sec. 5. This ordinance shall take effect immediately.

Which was referred to the Committee on Laws and Legislation.

No. 1921.

By Alderman Oatman—

AN ORDINANCE in relation to the "Rules of the Road."

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Article I.—Rules of the Rosd.

Section 1. Vehicles Keeping to the Right—Vehicles shall keep to the right, and as near the right hand curb as possible.

Section 2. Vehicles Meeting—Vehicles meeting shall pass each other to the right.

Sec. 3. Vehicles Overtaking Others—Vehicles overtaking others shall, in passing, keep to the left. When practicable, any vehicle in passing another, when both

are in motion, shall not go in front of the vehicle passed until both are fifteen feet apart.

Sec. 4. Vehicles Driven Abreast—Subject to the provisions of sections 2 and 3, no person shall ride or drive vehicles abreast in any street, provided, however, that two bicycles or two horses may be so ridden. Not more than two horses or two bicycles shall be so ridden, except under a permit from the Police Department.

Sec. 5. Turning and Starting—The driver or person having charge of any vehicle, before turning the corner of any street, or turning out or starting from or stopping at the curb line of any street, shall first see that there is sufficient space free from other vehicles, so that such turn, stop or start may be safely made, and shall then give a plainly visible or audible signal.

Sec. 6. Turning to the Right Into Another Street—A vehicle turning to the right into another street shall turn the corner as near to the curb as practicable.

Sec. 7. Turning to the Left into Another Street—A vehicle turning to the left into another street shall pass to the right of and beyond the centre of the street intersection before turning.

Sec. 8. Crossing Streets—A vehicle crossing from one side of the street to the other shall do so by turning to the left so as to head in the same direction as the traffic on that side of the street.

THUS:

Sec. 9. Stopping at Curb—No vehicle shall stop with its left side to the curb.

Sec. 10. Vehicles Backed up to Curb on Certain Streets—No vehicle shall stand backed up to the curb for any purpose between 8 a. m. and 7 p. m. on any street

through which cars are run, unless the street, at the point of stopping, is wide enough to leave a clear space of at least ten feet between the standing vehicle and the nearest rail of a car track.

Sec. 11. Vehicles Backed up to the Curb—No vehicle shall stand in any street backed up to the curb unless it shall leave ample space for the passage of two lines of vehicles through the street. In no case shall a vehicle remain backed up to the curb except when actually loading or unloading.

Sec. 12. Stopping Close to Curb Line—Unless in an emergency or to allow another vehicle (as provided in Secs. 16, 17 and 18) or pedestrian to cross its path, no vehicle shall stop in any public street or highway of this city, except close to the curb line.

Sec. 13. Obstructing Crossings—No vehicle shall stop, for the purpose of taking or setting down a passenger or loading or unloading freight, or for any other purpose except in case of accident or other emergency, or when directed to stop by the Police, in such a way as to obstruct any street or crossing.

Sec. 14. Stopping near Corners—No vehicle shall stop or stand within the intersection of any street, nor within twenty feet of a street corner.

Sec. 15. Surface Cars Taking on or Discharging Passengers—Surface cars shall stop only on the near side of the street to discharge or take on passengers.

Sec. 16. Right of Way—On all the public streets and highways of the City, all vehicles going in a northerly or southerly direction shall have the right of way over any vehicle going in an easterly or westerly direction.

Sec. 17. Right of Way of Certain Vehicles—The officers and men of the Fire Department and Fire Patrol, with their fire apparatus of all kinds, when going to, or on duty, at or returning from a fire, and all ambulances, and the officers and men and vehicles of the Police Department, and all physicians who have a Police permit (as hereinafter provided) shall have the right of way in any street, and through any procession, except over vehicles carrying the United States mail. The Police Department is hereby empowered to issue, upon application therefor, a permit for such right of way to any duly registered physician, which permit shall not be transferrable.

Sec. 18. Right of Way of Cars—Subject to the preceding section of this Article, surface cars, running on tracks laid in the streets especially for their use, shall have the right of way along such tracks, between cross streets, over all vehicles moving in the same direction at a less rate of speed than ten miles an hour; and the driver of any vehicle, proceeding upon the track in front of a surface car, shall turn out immediately upon signal by the motorman or driver of the car.

Sec. 19. Signal in Slowing Up or Stopping—In slowing up or stopping, a signal shall always be given to those behind by raising the whip or hand vertically.

Sec. 20. Signal for Automobile—Every person driving an automobile or motor vehicle shall, at the request or signal by putting up the hand, from a person driving or riding a restive horse or horses, or driving domestic animals, cause the automobile to immediately stop, and to remain stationary as long as may be necessary to allow said horses or domestic animals to pass.

Sec. 21. Slowly Moving Vehicles—Vehicles moving slowly shall keep as close as possible to the curb line on the right, so as to allow faster moving vehicles free passage on the left.

Article II.—Speed.

Section 1. Speed of Vehicles—The following rates of speed through the streets of the City shall not be exceeded, that is: Eight miles an hour by bicycles, tricycles, velocipedes and motor vehicles, however propelled, or by passenger and other vehicles drawn by horses or other animals, except that in portions of The City not built up, where the buildings are at least one hundred feet apart, a speed of fifteen miles an hour may be maintained.

Sec. 2. Exceptions—Nothing in this article shall apply to the apparatus and wagons of the Fire and Police Departments, the Fire Patrol, ambulances, emergency repair wagons of street railroads, and vehicles carrying the United States mail.

Sec. 3. Excessive Speed Prohibited—No person riding, driving or in charge of any vehicle on any street, avenue, pathway or driveway in the City, shall drive the same at a speed greater than reasonable and proper, having regard to the traffic and use of the highways, or so as to endanger the life or limb of any person.

Sec. 4. Speed in Crossing Streets and Turning—No vehicle shall cross any street or avenue running north and south, or make any turn at a speed rate exceeding one-half its legal speed limit.

Article III.—Lights.

Section 1. Lights—Each and every vehicle using the public streets or highways of this City, shall show, between one hour after sunset and one hour before sunrise, a light or lights, so placed as to be seen from the front and each side; if dash lantern is carried, it shall be placed on the left-hand side; such light or lights to be of sufficient illuminating power to be visible at a distance of two hundred feet; said light or lights shall show white in front, but may be colored on the sides. Every automobile shall exhibit during the same period two lamps showing white lights visible at a distance of three hundred feet in the direction toward which the automobile is proceeding, and shall also exhibit a red light, visible in the reverse direction. The lamps shall be so placed as to be free from obstruction to light from other parts of said automobile. In the Borough of The Bronx, excepting south of Tremont avenue and

One Hundred and Seventy-seventh street, east of Jerome avenue and west of the Bronx river, and in the Boroughs of Richmond and Queens, and in the Twenty-sixth, Thirtieth, Thirty-first and Thirty-second Wards of the Borough of Brooklyn, every car or other vehicle between said hours, while moving on, along or standing upon the portion of streets in said boroughs or parts of boroughs, shall also carry a light or lights of such illuminating power as to be plainly visible two hundred feet both animal led or driven, not attached to any vehicle, nor to the rider of a bicycle, tricycle ahead and behind said car or vehicle.

Sec. 2. Exceptions—But this section shall not apply to any equestrian, or to any or similar vehicle, whose light has become extinguished, or who is necessarily absent from his home without a light, when going at a pace not exceeding six miles an hour, when a clearly audible signal is given as often as thirty feet are passed over.

Article IV.—Improper Use of Streets.

Section 1. Coasting Forbidden to Bicyclists—No bicycle shall be allowed to proceed in any street of the City by inertia or momentum, with the feet of the rider removed from the pedals.

Sec. 2. Trick Riding Forbidden—No rider of a bicycle shall remove both hands from the handle-bars, or practice any trick or fancy riding in any street.

Sec. 3. Carrying Children on Bicycles—No bicyclist in The City of New York shall carry upon his bicycle any child under the age of five years.

Sec. 4. Unbitting Horses in Streets—No horse shall be unbitted in any street unless he is first secured by a halter, nor shall any vehicle be left standing in the street without an attendant, unless the horse or horses attached thereto are secured to a post or by a weight atached to their bits, of not less than fifteen pounds to each horse.

Sec. 5. Ages of Drivers—Drivers or persons in charge of vehicles other than licensed vehicles, shall not be less than sixteen years of age, unless provided with a permit from the Police Department.

Sec. 6. Riding on Backs of Vehicles—No person shall ride upon the back of any vehicle, unless upon a seat regularly provided for that purpose.

Sec. 7. "Cruising" by Hacks, Etc., Forbidden—No public or private hack, while awaiting employment by passengers, shall stand in or upon any public street or place other than at or upon public or private hackstands, respectively, designated by the Police Department; nor shall any hackman seek employment by repeatedly and persistently driving his hack to and fro in a short space before, or by otherwise interfering with proper and orderly access to, or egress from, any theatre, hall, hotel, public resort, railway or ferry station, or other place of public gathering, but any hackman may solicit employment by driving through any public street or place

without stops other than those due to obstructions of traffic, and at such speed as not to interrupt or impede traffic, and may pass and repass before any theatre, hall, hotel, public resort, railway or ferry station or other place of public gathering, provided that after passing such public place he shall not turn and repass until he shall have gone a distance of two blocks beyond such place.

Article V.—Use of Sidewalks.

Section 1. Driving on Sidewalks—Except as provided in this article, no horse or vehicle shall be driven, backed, led or allowed to stand on any sidewalk which has been curbed.

Sec. 2. Leading Bicycles—Riders of bicycles, when dismounted, may lead their bicycles along the sidewalk in single file, and bicycles may be allowed to stand on the sidewalk, provided they are within the stoop line and cause no obstruction.

Sec. 3. Riding on Sidewalks—Bicycles may be ridden on the sidewalks of any street in the suburbs of the City the roadway of which is not reasonably rideable for such vehicles.

Sec. 4. Driving Across Sidewalks—Nothing contained in this article shall prevent the riding or driving of horses or vehicles from private property directly across the sidewalks of any street to the roadway, or from the roadway back to such private property.

Article VI.—General Rule Covering the Use of Streets.

Section 1. Reasonable Care to be Used—Nothing contained herein or omitted herefrom shall be construed or held to relieve any person using, or traveling, or being upon any street, for any purpose whatever, from exercising all reasonable care to avoid or prevent injury through collision with all other persons and vehicles.

Sec. 2. Traffic Not to Be Obstructed—No vehicle shall be allowed to remain upon or be driven through any street of The City of New York so as wilfully to blockade or obstruct the traffic of that street.

No vehicle shall be so overloaded that the horse or horses are unable to draw it.

Article VII.—Powers of Police Department.

Section 1. Police Department to Regulate Traffic—The Police Department shall have all powers and duties in relation to the management of vehicular traffic, including the establishment and maintenance of cab, hack, omnibus and truck stands, and shall cause suitable signs to be placed at licensed cab, hack, omnibus and truck stands to indicate the number and character of vehicles allowed to stand at that point.

Sec. 2. Police Department to See That Ordinances Are Posted—The Police Department shall see that these ordinances are posted in all public stables and at the hacks, cab and truck stands, and shall keep copies of them at all of its stations and issue them on application.

Article VIII.—Definitions.

Section 1. Definitions of Terms Used Herein—The following terms whenever used herein, except as otherwise specifically indicated, shall be defined to have, and shall be held to include, each of the meanings herein below respectively set forth; and any such term used in the singular number shall be held to include the plural.

Street—Every avenue, boulevard, highway, roadway, cartway, lane, alley, strip, path, square and place used by or laid out for the use of vehicles.

Roadway—That portion of any street which is included between the curbs or curb-lines thereof, and is designed for the use of vehicles.

Curb—The lateral boundaries of that portion of a street designed for the use of vehicles, whether marked by curbstones or not so marked.

Vehicle—Every wagon, carriage, omnibus, sleigh, pushcart, bicycle, tricycle and other conveyance (except baby carriages), in whatever manner or by whatever force or power the same may be driven, ridden or propelled, which is or may be used for or adapted to pleasure riding or the transportation of passengers, baggage or merchandise, upon the street; and every draught and riding animal, whether driven, ridden or led, excepting that an animal or animals attached to any vehicle shall, with such vehicle, constitute one vehicle.

Article IX.—Penalties for Violations.

Section 1. Penalties for Violations—Any person violating any provision or regulation hereof shall be deemed guilty of a misdemeanor, and upon conviction thereof by any Magistrate, either upon confession of the party or by competent testimony, may be fined for such offense any sum not less than one dollar and not exceeding ten dollars, and in default of payment of such fine may be committed to prison by such Magistrate until the same be paid; but such imprisonment shall not exceed ten days.

Article X.—Repeal of Inconsistent Ordinances, Etc.

Section 1. Conflicting Ordinances Repealed—All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

Sec. 2. To Take Effect Immediately—These ordinances shall take effect immediately.

Which was referred to the Committee on Laws and Legislation.

On motion of Alderman Parsons, General Order No. 302, being a report and resolution in favor of applying $5,500 of the appropriation for the new City Prison for furniture, and also permitting the Commissioner of Correction to purchase such furniture without public letting, was ordered on file.

Alderman Ware at this point announced that the Committee on Buildings would hold a public hearing on the ordinance relating to projections in front of buildings, at 2 o'clock p. m. on Monday, April 13, 1903.

Alderman Owens moved that the Board do now adjourn.

The President put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

And the President declared that the Board stood adjourned until Tuesday, April 14, 1903, at 1 o'clock p. m.

P. J. SCULLY, City Clerk, and Clerk of the Board of Aldermen.

THE BOARD OF ALDERMEN

OF THE CITY OF NEW YORK

STATED MEETING.

Tuesday, April 14, 1903, 1 o'clock, p. m.

The Board met in the Aldermanic Chamber, City Hall.

Present:

Hon. Charles V. Fornes, President of the Board of Aldermen.

Aldermen:

James H. McInnes, Vice-Chairman;
Charles Alt,
Thomas F. Baldwin,
John H. Behrmann,
Frank Bennett,
Joseph A. Bill,
Frederick Brenner,
James J. Bridges,
Patrick Chambers,
John V. Coggey,
Charles W. Culkin,

John Wirth.

George Cromwell, President, Borough of Richmond.

Joseph Cassidy, President, Borough of Queens.

Jacob A. Cantor, President, Borough of Manhattan.

The Clerk proceeded to read the Minutes of the stated meeting of April 7, 1903.

On motion of Alderman Dowling, further reading was dispensed with, and the Minutes were approved as printed.

MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

No. 1922.

City of New York—Office of the Mayor,
April 14, 1903.

To the Honorable the Board of Aldermen of The City of New York:

I hand you, herewith, a letter transmitted to me, as Chairman of the Board of Estimate and Apportionment, by the Fire Commissioner, pointing out how, through the lapse of time occasioned by the necessity of readvertising for proposals for the construction of a new fire boat, the sum of sixty-five thousand dollars, appropriated for that purpose in the budget of 1902, has become unavailable.

I therefore request that your Honorable Board will pass a resolution under subdivision 8, section 188, of the Greater New York Charter, requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds in the sum of sixty-five thousand dollars, to make good the lapsing of the appropriation in last year's budget.

The Fire Commissioner points out that, by readvertising, he has secured a bid five thousand dollars below the best bid received at the first competition, and that it is necessary that these funds be made available at once, if this bid is to be held, as it was based specifically upon the condition of prompt acceptance by the Department. I hope very much, therefore, that this resolution will be passed to-day.

SETH LOW, Mayor.

Headquarters, Fire Department, City of New York,
Nos. 157 and 159 East Sixty-seventh street,
Borough of Manhattan, April 9, 1903.

Hon. SETH LOW, Mayor and Chairman of the Board of Estimate and Apportionment:

Sir—The Board of Estimate and Apportionment in the revised budget for 1902 appropriated the sum of $150,000 for constructing two new fireboats for the use of this

Department to enable it to afford additional protection to the City's extensive water front, as well as to the shipping in the harbor.

The contract for the hull, engines and boilers of the first of these boats was awarded at public letting on December 31, 1902, for the sum of $70,000, and for the pumps, on the same day, for the sum of $11,000, which, together with the amount of the contract for the Architect's services ($4,000), would make the total cost $85,000, leaving but $65,000 available for the second boat.

It was apparent to me that this balance would be inadequate for the purpose, and therefore application was made to the Board of Aldermen to adopt a resolution, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to the amount of $30,600 to meet the additional estimated expense. The resolution was adopted by the Board of Aldermen March 3, 1903, approved by your Honor six days later, and concurred in by the Board of Estimate and Apportionment March 13 following.

Proposals for building the hull, engines and boilers of the second fireboat were duly advertised for as required by law, and the bids received publicly opened at these Headquarters on February 20, 1903; they ranged in amount between $78,000 and $86,000, which, after careful consideration I deemed too high, and therefore believing such course to be for the best interests of the City, rejected them all and directed that the specifications be altered and amended with a view to lessening the cost of construction. When this had been done, bids were again duly advertised for and publicly opened at this office on the 25th ultimo, the lowest being for the sum of $73,000.

The time limit of sixty days following upon the close of the year 1902, within which, in the opinion of the Corporation Counsel, contracts were legally chargeable to and payable from appropriations made for that year, had expired before the last mentioned date, and the Comptroller had informed the Department that no further contracts would be permitted by him to be charged to appropriations made for 1902. It thus follows that the $65,000 balance of appropriation for new fireboats is no longer available unless reappropriated, the same having reverted to the General Fund.

I desire to accept the bid of $73,000, which is low under the circumstances, and this should be done at once as it was based upon a prompt acceptance by the Department and will be withdrawn if delay occurs.

I therefore beg to request that such steps as you deem best may be taken to again place at our disposal the $65,000, and await your instructions as to how we shall proceed to obtain the same.

Yours respectfully,

THOMAS STURGIS, Commissioner.

In connection therewith the Vice-Chairman offered the following:

No. 1923 (S. O. No. 94).

Resolved, That upon the recommendation of the Fire Commissioner, transmitted this day to the Board of Aldermen by his Honor the Mayor, the Board of Estimate be and hereby is requested, in pursuance of subdivision 8, of section 188, of the amended Greater New York Charter, to authorize the Comptroller to issue special revenue bonds to the amount of sixty-five thousand dollars ($65,000), the proceeds thereof to be applied to the construction of a new fireboat.

On motion of the Vice-Chairman the whole matter was laid over and made a special order for 2.15 o'clock.

Subsequently, the hour of 2.15 having arrived, the Vice-Chairman called up the matter and moved the adoption of the resolution.

The President put the question whether the Board would agree with said resolution.

Which was decided in the negative by the following vote, three-fourths of all the members elected failing to vote in favor thereof:

Affirmative—Aldermen Alt, Baldwin, Behrmann, Bennett, Brenner, Bridges, Chambers, Culkin, Devlin, Dickinson, Diemer, Dietz, Doull, Dowling, Downing, Foley, Gillen, Goldwater, Goodman, Harburger, Harnischfeger, Holler, Holmes, Howland, James, Jones, Keely, Kenney, Leitner, Lundy, McCarthy, Thomas F. McCaul, Malone, Marks, Mathews, Meyers, Nehrbauer, Oatman, Owens, Peck, Schappert, Seebeck, Shea, Stewart, Tebbetts, Twomey, Walkley, Ware, Wentz, Whitaker, Willett, Wirth; President Cromwell, Borough of Richmond; President Cassidy, Borough of Queens; President Cantor, Borough of Manhattan; the Vice-Chairman of the Board of Aldermen and the President of the Board of Aldermen—57.

On motion of Alderman Harburger the above vote was reconsidered.

The Vice-Chairman moved that the matter be again laid over and made a special order for 2 o'clock at the next meeting.

Which was adopted.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communications from the Board of Estimate and Apportionment transmitting ordinances:

No. 1924.

Board of Estimate and Apportionment, The City of New York,
Office of Assistant Secretary, Room 7, City Hall,
New York, April 11, 1903.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—In pursuance of the provisions of section 442 of the Greater New York Charter, and by direction of the Board of Estimate and Apportionment of The City of New York, I transmit herewith certified copy of a resolution adopted by the said Board at a meeting held on the 3d day of April, 1903, approving of a change in the map or plan of The City of New York by changing the grades in Bath avenue, between Bay Twenty-fifth street and Bay Thirty-first street, in the Borough of Brooklyn, City of New York.

Said resolution was adopted after a public hearing upon the recommendation of the Local Board of the Bay Ridge District and the report of the Chief Engineer of this Board.

I also enclose form of ordinance for your approval.

Respectfully,

JOHN H. MOONEY, Assistant Secretary.

AN ORDINANCE to provide for changing the grades in Bath avenue, between Bay Twenty-fifth street and Bay Thirty-first street, in the Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

That, in pursuance of section 442 of the Greater New York Charter, the following resolution of the Board of Estimate and Apportionment, adopted by that Board on the third day of April, 1903, be and the same hereby is approved, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest to alter the map or plan of The City of New York by changing the grades in Bath avenue, between Bay Twenty-fifth street and Bay Thirty-first street, in the Borough of Brooklyn, City of New York, does hereby

favor and approve of the same, so as to change the grades of the aforesaid avenue as follows:

Change of Grade on Bath Avenue, Between Bay Twenty-fifth Street and Bay Thirty-first street.

1. Beginning at the intersection of Bath avenue and Bay Twenty-fifth street, the elevation to be 23.28 feet, as heretofore.

2. Thence southerly to the intersection of Bay Twenty-sixth street, the elevation to be 21.50 feet.

3. Thence southerly to a summit midway between Bay Twenty-sixth street and Twenty-first avenue, the elevation to be 22.00 feet.

4. Thence southerly to the intersection of Twenty-first avenue, the elevation to be 21.50 feet.

5. Thence southerly to the intersection of Bay Twenty-eighth street, the elevation to be 20.00 feet.

6. Thence southerly to the intersection of Bay Twenty-ninth street, the elevation to be 19.00 feet.

7. Thence southerly to the intersection of Twenty-second avenue, the elevation to be 18.70 feet.

8. Thence southerly to the intersection of Bay Thirty-first street, the elevation to be 16.93 feet, as heretofore.

Bay Twenty-sixth Street, Benson Avenue to Cropsey Avenue.

1. Beginning at a summit distant 166 feet westerly from Benson avenue, the elevation to be 24.70 feet, as heretofore.

2. Thence westerly to the intersection of Bath avenue, the elevation to be 21.50 feet.

3. Thence westerly to a summit distant 220 feet from Bath avenue, the elevation to be 22.70 feet.

4. Thence westerly to the intersection of Cropsey avenue, the elevation to be 21.25 feet, as heretofore.

Twenty-first Avenue, Benson Avenue to Cropsey Avenue.

4. Thence westerly to the intersection of Cropsey avenue, the elevation to be 18.00 feet, as heretofore.

All elevations referred to mean high water datum established by the Bureau of Highways, Borough of Brooklyn, City of New York.

No. 1925.

Board of Estimate and Apportionment—The City of New York,
Office of Assistant Secretary, Room 7, City Hall,
New York, April 11, 1903.

To the Honorable, the Board of Aldermen of The City of New York:

Gentlemen—In pursuance of the provisions of section 442 of the Greater New York Charter, and by direction of the Board of Estimate and Apportionment of The

City of New York, I transmit herewith certified copy of a resolution adopted by the said Board at a meeting held on the 3d day of April, 1903, approving of a change in the map or plan of The City of New York, by locating and laying out East Twenty-fifth street (Bedford avenue), from Foster avenue to Flatbush avenue, in the Twenty-ninth Ward, Borough of Brooklyn, City of New York.

Said resolution was adopted after a public hearing upon the recommendation of the Local Board of the Flatbush District and the report of the Chief Engineer of this Board.

I also inclose form of ordinance for your approval.

Respectfully,

JOHN H. MOONEY, Assistant Secretary.

AN ORDINANCE to provide for locating and laying out East Twenty-fifth street (Bedford avenue), from Foster avenue to Flatbush avenue, in the Twenty-ninth Ward, in the Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

That, in pursuance of section 442 of the Greater New York Charter, the following resolution of the Board of Estimate and Apportionment, adopted by that Board on the 3d day of April, 1903, be and the same hereby is approved, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest to alter the map or plan of The City of New York, by locating and laying out East Twenty-fifth street (Bedford avenue), from Foster avenue to Flatbush avenue, in the Twenty-ninth Ward, Borough of Brooklyn, City of New York, does hereby favor and approve of the same so as to locate and lay out the aforesaid street, as follows:

Beginning at the intersection of the northern line of Foster avenue and the southwestern line of Flatbush avenue.

First—Thence westerly along the northern line of Foster avenue 42.35 feet to the intersection of the northerly prolongation of the western line of East Twenty-fifth street (Bedford avenue).

Second—Thence northerly deflecting 114 degrees .03 minutes .00 seconds to the right 89.38 feet along the said prolongation of the western line of East Twenty-fifth street aforesaid to the southwestern line of Flatbush avenue.

Third—Thence southerly along the southwestern line of Flatbush avenue 81.83 feet to the point of beginning.

Note.—All these dimensions are approximate.

No. 1926.

Board of Estimate and Apportionment, The City of New York,
Office of Assistant Secretary, Room 7, City Hall,
New York, April 11, 1903.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—In pursuance of the provisions of section 442 of the Greater New York Charter, and by direction of the Board of Estimate and Apportionment of The City of New York, I transmit herewith certified copy of a resolution adopted by the said Board at a meeting held on the 3d day of April, 1903, approving of a change in the map or plan of The City of New York by laying out a new street, 50 feet in width, along the northerly side of St. James' place or park, between Jerome avenue and Creston avenue, and extending said new street at a width of 50 feet between Creston avenue and the Grand boulevard and concourse, in the Borough of The Bronx, City of New York.

Said resolution was adopted after a public hearing upon the recommendation of the Chief Engineer of this Board. I also enclose form of ordinance for your approval.

Respectfully,

JOHN H. MOONEY, Assistant Secretary.

AN ORDINANCE to provide for laying out a new street, 50 feet in width, along the northerly side of St. James place or park, between Jerome avenue and Creston avenue, and extending said new street at a width of 50 feet between Creston avenue and the Grand Boulevard and Concourse, in the Borough of The Bronx.

Be it Ordained by the Board of Alderman of The City of New York, as follows:

That, in pursuance of section 442 of the Greater New York Charter, the following resolution of the Board of Estimate and Apportionment adopted by that Board on the 3d day of April, 1903, be and the same hereby is approved, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest to alter the map or plan of The City of New York by laying out a new street, 50 feet in width, along the northerly side of St. James place or park, between Jerome avenue and Creston avenue, and extending said new street at a width of 50 feet between Creston avenue and the Grand Boulevard and Concourse, in the Borough of The Bronx, City of New York, does hereby favor and approve of the same so as to lay out and extend the aforesaid street, as follows:

Portion Between Jerome Avenue and Morris Avenue.

Beginning at the intersection of the north line of St. James Park with the western line of Morris avenue.

1. Thence westerly along the northerly line of St. James Park for 260 feet to the eastern line of Jerome avenue;

2. Thence northerly along last mentioned line for 50 feet;

3. Thence easterly parallel to the northern line of St. James Park for 260 feet to the western line of Morris avenue;

4. Thence southerly along last mentioned line for 50 feet to the point of beginning.

Portion Between Morris Avenue and Creston Avenue.

Beginning at the intersection of the northern line of St. James Park with the western line of Creston avenue, which is also the eastern line of St. James Park.

1. Thence westerly along the northern line of St. James Park for 238.47 feet to the eastern line of Morris avenue;

2. Thence northerly along last mentioned line for 50 feet;

3. Thence easterly and parallel to the northern line of St. James Park for 236.87 feet to the western line of Creston avenue;

4. Thence southerly along last mentioned line for 50.03 feet to the point of beginning.

Portion Between Creston Avenue and the Grand Boulevard and Concourse.

Beginning at a point in the eastern line of Creston avenue distant 236.03 feet southerly from the intersection of said line with the southern line of Kingsbridge road.

1. Thence easterly and parallel to the eastern prolongation of the northern line of St. James Park for 225.71 feet to the western line of the Grand Boulevard and Concourse;

2. Thence southerly along last mentioned line for 50 feet;

3. Thence westerly and along the eastern prolongation of the northern line of St. James Park for 224.58 feet to the eastern line of Creston avenue;

4. Thence northerly along the last mentioned line for 50.03 feet to the point of beginning.

Grades.

The grade at the intersection of East One Hundred and Ninety-third street and Jerome avenue to be as before.

The grade at the intersection of Morris avenue and East One Hundred and Ninety-third street to be 119.5 feet above mean high-water datum.

The grade at the intersection of Creston avenue and East One Hundred and Ninety-third street to be 128.0 feet above mean high-water datum.

The grade at the intersection of East One Hundred and Ninety-third street and the Grand Boulevard and Concourse to be as heretofore.

No. 1927.

Board of Estimate and Apportionment, The City of New York,
Office of Assistant Secretary, Room 7, City Hall,
New York, April 11, 1903.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—In pursuance of the provisions of section 442 of the Greater New York Charter, and by direction of the Board of Estimate and Apportionment of The City of New York, I transmit herewith certified copy of a resolution adopted by the said Board at a meeting held on the 3d day of April, 1903, approving of a change in the map or plan of The City of New York by reducing the width of Parsons avenue, Queens avenue and Sixteenth street, in the Third Ward, Borough of Queens, City of New York.

Said resolution was adopted after a public hearing upon the recommendation of the Local Board of the Jamaica District, and on the report of the Chief Engineer of this Board.

I also inclose form of ordinance for your approval.

Respectfully,

JOHN H. MOONEY, Assistant Secretary.

AN ORDINANCE to provide for reducing the width of Parsons avenue, Queens avenue and Sixteenth street, in the Third Ward, in the Borough of Queens.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

That, In pursuance of section 442 of the Greater New York Charter, the following resolution of the Board of Estimate and Apportionment adopted by that Board on the 3d day of April, 1903, be and the same hereby is approved, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest to alter the map or plan of The City of New York by reducing the width of Parsons avenue, Queens avenue and Sixteenth street, in the Third Ward, Borough of Queens, City of New York, does hereby favor and approve of the same, so as to reduce the width of the aforesaid avenues, as follows:

(a) Parsons avenue, between Beech street and Queens avenue, to be reduced from 100 feet to 70 feet in width, by taking off 15 feet from each side of the street.

(b) Queens avenue, from Parsons avenue to Twenty-first street, to be reduced from 100 feet to 70 feet in width, by taking off 15 feet from each side of the street.

(c) Sixteenth street, from Queens avenue to Cypress avenue, to be reduced from 100 feet to 60 feet in width, by taking off 20 feet from each side of the street.

Which were severally referred to the Committee on Streets, Highways and Sewers.

No. 1928.

Board of Estimate and Apportionment, The City of New York.
Office of Assistant Secretary, Room 7, City Hall.
New York, April 11, 1903.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—In pursuance of the provisions of section 442 of the Greater New York Charter, and by direction of the Board of Estimate and Apportionment of The City of New York, I transmit herewith certified copy of a resolution adopted by the said Board at a meeting held on the 3d day of April, 1903, approving of a change in the map or plan of The City of New York by laying out an addition to Echo Park, and a new street to replace Ryer avenue, from East One Hundred and Seventy-eighth street to Buckhout street, in the Borough of The Bronx, City of New York.

Said resolution was adopted after a public hearing upon the recommendation of the Local Board of the Morrisania District, and the report of the Chief Engineer of this Board.

I enclose form of Ordinance for your approval.

Respectfully,

JOHN H. MOONEY, Assistant Secretary.

AN ORDINANCE to provide for laying out an addition to Echo Park and a new street to replace Ryer avenue, from East One Hundred and Seventy-eighth street to Buckhout street, in the Borough of The Bronx.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

That, in pursuance of section 442 of the Greater New York Charter, the following resolution of the Board of Estimate and Apportionment adopted by that Board on the 3d day of April, 1903, be and the same hereby is approved, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest to alter the map or plan of The City of New York by laying out an addition to Echo Park, and a new street to replace Ryer avenue, from East One Hundred and Seventy-eighth street to Buckhcut street, in the Borough

of The Bronx, City of New York, does hereby favor and approve of the same, so as to lay out the aforesaid addition and street as follows:

1. It is intended to reduce the width of Ryer avenue from 60 feet to 50 feet between Tremont avenue and East One Hundred and Seventy-eighth street.

2. Ryer avenue from East One Hundred and Seventy-eighth street to Tremont avenue is to be included in Echo Park.

3. Additional land is to be acquired of the eight lots fronting on Ryer avenue between Buckhout street and East One Hundred and Seventy-eighth street for an addition to Echo Park. Through these eight lots it is proposed to replace Ryer avenue from East One Hundred and Seventy-eighth street to Buckhout street.

4. A triangular strip of land is to be acquired for park purposes from the block lying between Buckhout street and Tremont avenue, taking 36.78 feet along the southerly line of Buckhout street and 90 feet along the westerly line of Ryer avenue.

Which was referred to the Committee on Parks.

No. 1929.

Department of Finance, City of New York,
April 9, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment April 7, 1903, authorizing the issue of Corporate Stock to the amount of $800 to provide means for the preparation of the plans and specifications for the installation of a new steam plant at the Workhouse, Blackwell's Island.

I also send you form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

JAS. W. STEVENSON, Deputy Comptroller.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of eight hundred dollars ($800) to provide means for the preparation of the plans and specifications for the installation of a new steam plant at the Workhouse, Blackwell's Island.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment April 7,

1903, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding eight hundred dollars ($800) to provide means for the preparation of the necessary plans and specifications for the installation of a new steam plant at the Workhouse, Blackwell's Island, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding eight hundred dollars ($800), the proceeds whereof to be applied to the purposes aforesaid."

Which was referred to the Committee on Finance.

The President laid before the Board the following communications from the Board of Estimate and Apportionment transmitting resolutions:

No. 1930.

Department of Finance, City of New York.
April 9, 1903.

Hon. CHARLES V. FORNES, President Board of Aldermen:

Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment at meeting held April 7, 1903, fixing the salary of the position of Inspector of Sewers, Borough of The Bronx, at the rate of $1,350 per annum, together with a copy of a communication from the President of the Borough of The Bronx relative thereto.

I also send you form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very respectfully,

JAS. W. STEVENSON, Deputy Comptroller.

Office of the President of the Borough of The Bronx,
March 19, 1903.

Hon. SETH LOW, Mayor, and Chairman of the Board of Estimate and Apportionment:

Dear Sir—I respectfully request that the salaries of John Corbley, James Slattery, James Murphy and Henry Farley, Inspectors of Sewers in charge of house connections, in the Borough of The Bronx, be increased from $1,248 to $1,350 per

annum. This increased pay is only just, as these Inspectors are employed all the year and must be ready for duty at any hour, Sundays and holidays included.

Yours truly,

(Signed) LOUIS F. HAFFEN, President of the Borough of The Bronx.

Whereas, The Board of Estimate and Apportionment, at a meeting held April 7, 1903, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the position of Inspector of Sewers, Borough of The Bronx, be fixed at the rate of thirteen hundred and fifty dollars ($1,350) per annum,"

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the position of Inspector of Sewers, Borough of The Bronx, at the rate of thirteen hundred and fifty dollars ($1,350) per annum.

No. 1931.

Department of Finance, City of New York,
April 9, 1903.

HON. CHARLES V. FORNES, President, Board of Aldermen:

Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment at meeting held April 7, 1903, fixing the salary of the position of Transitman in the Department of Water Supply, Gas and Electricity at $1,350 per annum, together with a copy of a communication from the Commissioner of the Department of Water Supply, Gas and Electricity relative thereto.

I also send you form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Respectfully,

JAS. W. STEVENSON, Deputy Comptroller.

Department of Water Supply, Gas and Electricity,
City of New York, April 4, 1903.

J. W. STEVENSON, Esq., Secretary, Board of Estimate and Apportionment:

Dear Sir—I respectfully request that your Honorable Board recommend to the Board of Aldermen that a grade of salary for the position of Transitman in this Department be fixed at $1,350 per annum.

The only grades which are now established for this position in this Department are at $1,500 and $1,650 per annum. I have procured from the Civil Service Commission the transfer of Francis L. Hulbert and Peter A. Farley from Levelers to Transit-

men, and, as they were on the eligible list for the latter position, I am unable to appoint them at any salary less than $1,500 unless this request be granted.

I enclose copy of proposed resolution.

Respectfully,

(Signed) R. G. MONROE,

Commissioner of Water Supply, Gas and Electricity.

Whereas, The Board of Estimate and Apportionment, at a meeting held April 7, 1903, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the position of Transitman in the Department of Water Supply, Gas and Electricity be fixed at the rate of thirteen hundred and fifty dollars ($1,350) per annum,"

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the position of Transitman in the Department of Water Supply, Gas and Electricity at the rate of thirteen hundred and fifty dollars ($1,350) per annum.

No. 1932.

Department of Finance, City of New York,
April 9, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen, City Hall:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment April 7, 1903, fixing the salary of the position of Janitor of the Training Department of the Normal College at the rate of $1,900 per annum, together with copy of resolution of the Board of Education relative thereto.

I also send you form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

JAS. W. STEVENSON, Deputy Comptroller.

(Copy.)

The Executive Committee respectfully reports that when the living apartments formerly occupied by the Janitor of the Training Department were required for the use of said department a rent allowance of $400 per annum was made to said Janitor, which amount has been paid to him on the presentation of monthly bills. It will be more convenient for him and simplify the keeping of accounts if this rent allowance

is considered as a part of his salary. It being a quasi increase in salary it will be necessary for action to be taken by the Board of Estimate and Apportionment and the Board of Aldermen, in accordance with section 56 of the Greater New York Charter.

The following resolution is submitted for adoption:

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to recommend to the Board of Aldermen that the salary of the position of Janitor in the Training Department of the Normal College, now filled by Francis J. Healy, be increased from $1,500 to $1,900 per annum, for the reasons above set forth.

A true copy of report and resolution adopted at the meeting of the Board of Trustees, held March 25, 1903.

(Signed) A. EMERSON PALMER, Secretary, Board of Trustees.

Whereas, The Board of Estimate and Apportionment, at a meeting held April 7, 1903, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the position of Janitor of the Training Department of the Normal College, be fixed at the rate of nineteen hundred dollars ($1,900) per annum."

Resolved, That the Board of Aldermen hereby concurs in the above resolution and fixes the salary of the position of Janitor of the Training Department of the Normal College at the rate of nineteen hundred dollars per annum.

No. 1933.

Department of Finance, City of New York.
April 9, 1903.

Hon. CHARLES V. FORNES, President Board of Aldermen:

Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment at meeting held April 7, 1903, fixing the salary of the position of Superintendent of Supplies and Repairs in the Department of Parks, boroughs of Brooklyn and Queens, at the rate of nineteen hundred and fifty dollars ($1,950) per annum, together with a copy of a communication from the Commissioner of the Department of Parks relative thereto.

I also send you form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very respectfully,

JAS. W. STEVENSON, Deputy Comptroller.

Department of Parks,
Borough of Brooklyn, April 3, 1903.

Hon. JAMES W. STEVENSON, Secretary, Board of Estimate and Apportionment:

Dear Sir—Charles L. Lincoln, who has been in this Department for many years under the title of "Boss Carpenter" at $5 per day, recently took a non-competitive examination for the position of "Superintendent of Supplies and Repairs," and, with the consent of the Board of Estimate, was promoted by Commissioner Young to that title and placed on the monthly payroll at a slightly increased salary of $1,950 per annum. His appointment under the new title dated from January 1, 1903, and he has been twice paid on that roll.

We now discover that the change of title was made without consulting the Board of Estimate and the Board of Aldermen.

Won't you please have a resolution passed by the Board of Estimate confirming action, as the change of title was made on the approval of Commissioner Young, and was perfectly regular, with the exception of the oversight mentioned.

If you will kindly have this matter passed at once it will save complications in our next month's payroll.

Yours very truly,

(Signed) GEO. A. LOGAN, Secretary.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted at a meeting of the Board of Estimate and Apportionment held April 7, 1903:

"Resolved, That, subject to the concurrence and approval of the Board of Aldermen, the Board of Estimate and Apportionment hereby ratifies and confirms the action of the Commissioner of the Departments of Parks, Boroughs of Brooklyn and Queens, taken and dated January 1, 1903, in fixing the salary of the Superintendent of Supplies and Repairs, in said Department, at the rate of nineteen hundred and fifty dollars ($1,950) per annum, from said date."

Which were severally referred to the Committee on Salaries and Offices.

The President laid before the Board the following communication from the Municipal Civil Service Commission:

No. 1934.

Municipal Civil Service Commission, City of New York,
February 14, 1903.

At a meeting of the Municipal Civil Service Commission of The City of New York, held February 13, 1903, it was

Resolved, That the classification of positions in the non-competitive class, Departments of Public Charities, Health, Correction and Bellevue and Allied Hospitals, as fixed by Rule 68, be amended by including therein the following title:

Apothecary.

WILLIS L. OGDEN, President.

Attest: S. WILLIAM BRISCOE, Secretary.

New York, March 2, 1903.

I hereby approve the foregoing resolution.

SETH LOW, Mayor.

State of New York—Office of State Civil Service Commission, Albany, March 27, 1903.

The foregoing amendment to the classification of positions in the Civil Service of The City of New York, having been duly examined, is hereby approved by the State Civil Service Commission.

Attest: JOHN C. BIRDSEYE, Secretary.

Municipal Civil Service Commission, City of New York, March 14, 1903.

At a meeting of the Municipal Civil Service Commission, held March 13, 1903, it was

Resolved, That Rule 54 be amended by striking therefrom the third, fourth and fifth paragraphs, and substituting therefor the following:

"Forty per cent. to the competitive mental examination.

"Forty per cent. to the permanent records of previous service, including efficiency, character and conduct.

"Twenty per cent. to seniority."

And by striking therefrom the seventeenth paragraph, which reads as follows:

"In rating for seniority 70 per cent. shall be allowed for two years' service in the grade. An additional 2 per cent. shall be allowed for each of the next five years' service (after the first two years) in the grade, and an additional 1 per cent. for each of the next twenty years' service in the grade after the first seven years."

WILLIS L. OGDEN, President.

Attest: S. William Briscoe, Secretary.

New York, March 18, 1903.

I hereby approve the foregoing resolution.

SETH LOW, Mayor.

State of New York—Office of State Civil Service Commission, Albany, March 27, 1903.

The foregoing amendments to Rule 54 of the Civil Service Rules for The City of New York, having been duly examined, are hereby approved by the State Civil Service Commission.

Attest: JOHN C. BIRDSEYE, Secretary.

Which was referred to the Committee on Salaries and Offices.

The President laid before the Board the following communication from the President of the Borough of Richmond:

No. 1935.

Office of the President of the Borough of Richmond,
New Brighton, N. Y., April 11, 1903.

P. J. SCULLY, Esq., City Clerk, City Hall, New York City:

Dear Sir—I enclose to you herewith a proposed ordinance governing sidewalk widths in the Borough of Richmond, which I will thank you to place on the Calendar for the next meeting of the Board.

Very truly yours,

GEORGE CROMWELL, President of the Borough.

Proposed Ordinance Governing Sidewalk Widths, Borough of Richmond, City of New York.

1. In carrying out street improvements in the Borough of Richmond, where the regulation of sidewalks and curbing is affected, in all new streets and in old ones, where possible, unless serious difficulties interfere, to be then determined by the President of the Borough, the sidewalks btween street lines and curbs shall be of widths as follows:

		Adopted Width.
A.	Where street is less than forty (40) feet wide, to be determined by the President of the Borough, as each special case may require.....	Special
B.	Where street is forty (40) feet wide and less than fifty (50), feet.....	10
C.	Where street is fifty (50) feet wide and less than sixty (60), feet.....	12½
D.	Where street is sixty (60) feet wide and less than seventy (70), feet..	15
E.	Where street is seventy (70) feet wide and less than eighty (80), feet....	17½
F.	Where street is eighty (80) feet wide and less than one hundred (100), feet	20
G.	Where street is one hundred (100) feet wide and over, feet.....	25

2. For all new sidewalk pavement the footway shall be not less than five (5) feet in width, with either flagstones or artificial stone, in full accordance with or better than called for in the Standard Specifications for this work, on file in the office of the President of the Borough of Richmond.

3. All sidewalks shall be laid on a grade rising from top of the curb one-half (½) of an inch to each foot where only one five (5) foot width of pavement is laid, and of one-third (1-3) of an inch where the whole sidewalk width is to be paved.

4. All ordinances, or parts thereof, now in effect conflicting with these are hereby repealed.

5. This ordinance shall take effect immediately.

Which was referred to the Committee on Streets, Highways and Sewers.

The President laid before the Board the following communication from the Public Administrator:

No. 1936.

Bureau of the Public Administrator,
New York, March 31, 1903.

To the Honorable the Board of Aldermen:

Pursuant to chapter 230, section 30, of the Laws of 1898, the undersigned hereby reports a transcript of such of his accounts as have been closed or finally settled, and of those on which any money has been received by him as part of the proceeds of any estate on which he has administered since the date of his last report.

Respectfully,

WILLIAM M. HOES,

Public Administrator of the County of New York.

A Transcript of Such of His Accounts as Have Been Closed or Finally Settled Since the Date of His Last Report.

ANNOUNCEMENT.

The President at this point announced that he had appointed as a Special Committee, in response to the invitation of the Colonial Dames, Aldermen Howland, Meyers and Sullivan.

REPORTS OF STANDING COMMITTEES.

Reports of Committee on Streets, Highways and Sewers—

No. 1804—(G. O. No. 356).

The Committee on Streets, Highways and Sewers, to whom was referred the annexed ordinance (page 1084, Minutes of March 24, 1903) in favor of changing grades in territory bounded by Fulton and Dresden streets, Euclid, Liberty and Atkins avenues, Borough of Brooklyn, respectfully

REPORT:

That, having examined the subject, they believe the proposed improvement to be necessary.

They therefore recommend that the said ordinance be adopted.

Board of Estimate and Apportionment,
The City of New York,
New York, March 16, 1903.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—In pursuance of the provisions of section 442 of of the Greater New York Charter, and by direction of the Board of Estimate and Apportionment of

The City of New York, I transmit herewith certified copy of a resolution adopted by the said Board at a meeting held on the 6th day of March, 1903, approving of a change in the map or plan of The City of New York by changing the street grades in the territory bounded by Fulton street, Euclid avenue, Liberty avenue, Atkins avenue and Dresden street, in the Twenty-sixth Ward, Borough of Brooklyn, City of New York.

Said resolution was adopted after a public hearing upon the recommendation of the Local Board of the Bushwick District, and on the report of the Chief Engineer of this Board. I also enclose a form of ordinance for your approval.

Respectfully,

J. W. STEVENSON, Secretary.

AN ORDINANCE changing the street grades in the territory bounded by Fulton street, Euclid avenue, Liberty avenue, Atkins avenue and Dresden street, in the Twenty-sixth Ward, Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

That, in pursuance of section 442 of the Greater New York Charter, the following resolution of the Board of Estimate and Apportionment, adopted by that Board on the 6th day of March, 1903, be and the same hereby is approved, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest to alter the map or plan of The City of New York by changing the street grades in the territory bounded by Fulton street, Euclid avenue, Liberty avenue, Atkins avenue and Dresden street, in the Twenty-sixth Ward, Borough of Brooklyn, City of New York, does hereby favor and approve of the same so as to change the grades of the aforesaid streets as follows:

"A."—Atlantic Avenue (North Side).

Beginning at the intersection of Atlantic avenue and Dresden street, the elevation to be 34.56 feet, as heretofore.

1st. Thence easterly to the intersection of Hale avenue, the elevation to be 38.0 feet.

2d. Thence easterly to a point distant 100 feet westerly from the intersection of the westerly line of Norwood avenue with the northerly line of Atlantic avenue, the elevation to be 38.6 feet.

3d. Thence easterly to the intersection of Norwood avenue, the elevation to be 37.67 feet.

4th. Thence easterly to the intersection of Logan street, the elevation to be 35.0 feet.

5th. Thence easterly to a point distant 300 feet from the intersection of the eastern side line of Logan street with the northern side line of Atlantic avenue, the elevation to be 32.5 feet.

6th. Thence easterly to the intersection of Chestnut street, the elevation to be 34.4 feet.

7th. Thence easterly to the intersection of Euclid avenue, the elevation to be 36.0 feet, as heretofore.

"B."—Atlantic Avenue (South Side).

Beginning at the intersection of Atlantic avenue and Atkins avenue, the elevation to be 36.0 feet.

1st. Thence easterly to the intersection of Montauk avenue, the elevation to be 38.3 feet.

2d. Thence easterly to the intersection of Milford street, the elevation to be 37.1 feet.

3d. Thence easterly to the intersection of Logan street, the elevation to be 35.2 feet.

4th. Thence easterly to the intersection of Fountain avenue, the elevation to be 33.4 feet.

5th. Thence easterly to the intersection of the western side of Conduit avenue, the elevation to be 32.5 feet.

6th. Thence easterly to the intersection of the eastern side of Conduit avenue, the elevation to be 33.1 feet.

7th. Thence easterly to the intersection of Euclid avenue, the elevation to be 36.0 feet, as heretofore.

"C."—Norwood Avenue.

Beginning at the intersection of Norwood avenue and Fulton street, the elevation to be 39.68 feet, as heretofore.

1st. Thence southerly to a point distant 76 feet northerly from the northern line of Dinsmore place, the elevation to be 41.4 feet.

2d. Thence southerly to the intersection of Dinsmore place, the elevation to be 41.0 feet.

3d. Thence southerly to the intersection of Hatton place, the elevation to be 40.6 feet.

4th. Thence southerly to the intersection of Atlantic avenue, the elevation to be 37.67 feet.

"D."—Logan Street.

Beginning at the intersection of Logan street and Fulton street, the elevation to be 41.78 feet, as heretofore.

1st. Thence southerly to the intersection of "Street," the elevation to be 45.0 feet.

2d. Thence southerly to the intersection of Dinsmore place, the elevation to be 39.3 feet.

3d. Thence southerly to the intersection of Atlantic avenue (north side), the elevation to be 35.0 feet.

4th. Beginning at the intersection of Logan street and Atlantic avenue (south side), the elevation to be 35.2 feet.

5th. Thence southerly to a point distant 360 feet from the intersection of the southern line of Atlantic avenue with the eastern line of Logan street, the elevation to be 33.5 feet.

6th. Thence southerly to the intersection of Liberty avenue, the elevation to be 27.0 feet, as heretofore.

"E."—Force Tube Avenue.

Beginning at the intersection of Force Tube avenue and Fulton street, the elevation to be 42.6 feet.

Thence southeasterly to the intersection of "Street," the elevation to be 35.5 feet.

"F."—"Street."

Beginning at the intersection of "Street" and Logan street, the elevation to be 45.0 feet.

1st. Thence easterly to the intersection of Force Tube avenue, the elevation to be 35.5 feet.

2d. Thence easterly to the intersection of Richmond street, the elevation to be 35.0 feet.

3d. Thence easterly to a point distant 130 feet westerly from the western line of Chestnut street, the elevation to be 35.9 feet.

4th. Thence easterly to the intersection of Chestnut street, the elevation to be 35.2 feet.

"G."—Chestnut Street.

Beginning at the intersection of Chestnut street and Fulton street, the elevation to be 38.52 feet, as heretofore.

1st. Thence southerly to the intersection of "Street," the elevation to be 35.2 feet.

2d. Thence southerly to the intersection of Record place, the elevation to be 35.0 feet.

3d. Thence southerly to the intersection of Atlantic avenue, the elevation to be 34.4 feet.

"H."—Euclid Avenue.

Beginning at the intersection of Euclid avenue and Fulton street, the elevation to be 40.90 feet, as heretofore.

1st. Thence southerly to the intersection of Sentinel place, the elevation to be 37.2 feet.

2d. Thence southerly to the intersection of Record place, the elevation to be 36.7 feet.

3d. Thence southerly to the intersection of Atlantic avenue, the elevation to be 36.0 feet, as heretofore.

"J."—Atkins Avenue.

Beginning at the intersection of Atkins avenue and Atlantic avenue, the elevation to be 36.0 feet.

1st. Thence southerly to a point distant 240 feet from the intersection of the eastern line of Atkins avenue with the southern line of Atlantic avenue, the elevation to be 37.6 feet.

2d. Thence southerly to the intersection of Liberty avenue, the elevation to be 33.98 feet, as heretofore.

"K."—Montauk Avenue.

Beginning at the intersection of Montauk avenue and Atlantic avenue, the elevation to be 38.3 feet.

1st. Thence southerly to a point distant 150 feet southerly from the southern line of Atlantic avenue, the elevation to be 40.6 feet.

2d. Thence southerly to the intersection of Liberty avenue, the elevation to be 33.98 feet, as heretofore.

"L."—Milford Street.

Beginning at the intersection of Milford street and Atlantic avenue, the elevation to be 37.1 feet.

1st. Thence southerly to a point distant 170 feet from the intersection of the southern line of Atlantic avenue with the eastern line of Milford street, the elevation to be 39.6 feet.

"M."—Fountain Avenue.

Beginning at the intersection of Fountain avenue and Atlantic avenue, the elevation to be 33.4 feet.

1st. Thence southerly to the intersection of Magenta street, the elevation to be 31.2 feet.

2d. Thence southerly to the intersection of Liberty avenue, the elevation to be 29.0 feet, as heretofore.

All elevations refer to mean high-water datum as established by the Department of Highways, Borough of Brooklyn.

FRANK L. DOWLING, CHARLES ALT, TIMOTHY P. SULLIVAN, JAMES OWENS, DAVID M. HOLMES, WILLIAM J. WHITAKER, Committee on Streets, Highways and Sewers.

Which was laid over.

No. 1665—(G. O. No. 357).

The Committee on Streets, Highways and Sewers, to whom was referred the annexed ordinance (Page 594, Minutes of February 17, 1903), in favor of closing part of Eldert's lane, Borough of Brooklyn, respectfully

REPORT:

That, having examined the subject, they believe the proposed improvement to be necessary.

They therefore recommend that the said ordinance be adopted.

AN ORDINANCE to close part of Eldert's lane, Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

That, in pursuance of section 442 of the Greater New York Charter, the following resolution of the Board of Estimate and Apportionment, adopted by that Board on the 16th day of January, 1903, be and the same hereby is approved, viz.:

"Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest to alter the map or plan of The City of New York by closing and discontinuing that part of Eldert's lane lying between the centre lines of blocks bounded by the southerly side of Glenmore avenue and northerly side of Pitkin avenue, and the easterly side of Enfield street and the westerly side of Sheridan avenue, in the Borough of Brooklyn, City of New York, does hereby favor and

approve of the same, so as to close and discontinue part of the aforesaid lane as follows:

"Parcel 'A.'

"Beginning at a point in the northern line of Pitkin avenue distant 2.38 feet westerly from the intersection of the western line of Grant avenue with the northern line of Pitkin avenue, as the same are laid down on the map of the City.

"1. Thence westerly along the northern line of Pitkin avenue 55.70 feet to the western line of Eldert's lane.

"2. Thence northeasterly along the western line of Eldert's lane for 99.40 feet to the western line of Grant avenue.

"3. Thence southerly along the western line of Grant avenue 77.34 feet to the eastern line of Eldert's lane.

"4. Thence southwesterly along the eastern line of Eldert's lane 4.10 feet to the point of beginning.

"Parcel 'B.'

"Beginning at a point in the eastern line of Grant avenue distant 87.60 feet northerly from the intersection of the eastern line of Grant avenue with the northern line of Pitkin avenue, as the same are laid down on the map of the City.

"1. Thence northerly along the eastern line of Grant avenue 77.82 feet to the western line of Eldert's lane.

"2. Thence northeasterly along the western line of Eldert's lane 181.64 feet to the centre line of the block No. 4,223.

"3. Thence southerly along said centre line of the block 96.91 feet.

"4. Thence southwesterly along the eastern line of Eldert's lane 166.73 feet to the point of beginning."

FRANK L. DOWLING, CHARLES ALT, TIMOTHY P. SULLIVAN, JAMES OWENS, DAVID M. HOLMES, WILLIAM J. WHITAKER, Committee on Streets, Highways and Sewers.

Which was laid over.

GENERAL ORDERS.

Alderman Foley called up General Order No. 354, being a report and substitute resolution, as follows:

No. 1841.

The Committee on Finance, to whom was referred on March 31, 1903 (Minutes, page 1191), the annexed communication from the Comptroller in regard to the advance of certain moneys for St. Mary's schoolship, respectfully

REPORT:

That, having examined the subject, they believe the request should be complied with. The Board granted such a request last year. The resolution which the Committee now recommends will permit the action requested by the Comptroller in each year without further troubling this Board. The propriety of granting such authority seems evident. The schoolship "St. Mary's" first takes a cruise in Long Island Sound. The first of this resolution is to provide for an advance of money necessary for incidental expenses on that cruise. It is self-evident that such an advance is necessary. The schoolship then takes a foreign cruise, and is absent until the fall. The second part of the resolution provides for a letter of credit for expenses during such foreign cruise. The letter of credit on such a cruise is of course necessary to provide for the necessary incidental expenses, there being no other way of sensibly providing for them.

Your Committee accordingly recommend the adoption of the following resolution:

(Original.)

Resolved, That for the purpose of meeting the minor and incidental expenses of the Nautical School Ship "St. Mary's" that cannot be conveniently accounted for by vouchers or provided for by contract in advance, such as minor supplies, repairs, port dues, pilotage, provisions and other necessary expenses while cruising in Long Island Sound, preliminary to the foreign cruise, the Comptroller may and he is hereby authorized to advance from time to time such sum or sums as the Board of Education by resolution may require; and for meeting similar necessary and incidental expenses incurred at such foreign ports as may be visited during the foreign summer cruise of the said School Ship, together with the salaries that may become due during such cruise, the Comptroller is further authorized to procure letters of credit to be issued in favor of the Superintendent of the said Nautical School for such sums as the said Board of Education by resolution may designate. The vouchers for all expenditures under said advances and said letters of credit to be submitted by the Board of Education to the Comptroller for final audit and liquidation.

(Substitute.)

Resolved, That, in each year, for the purpose of meeting the minor and incidental expenses of the Nautical School Ship "St. Mary's" that cannot be conveniently accounted for by vouchers or provided for by contract in advance, such as minor supplies, repairs, port dues, pilotage, provisions and other necessary expenses while cruising in Long Island Sound, preliminary to the foreign cruise, the Comptroller may and he is hereby authorized to advance from time to time such sum or sums as the Board of Education by resolution may require, and for meeting similar

necessary and incidental expenses incurred at such foreign ports as may be visited during the foreign summer cruise of the said School Ship, together with the salaries that may become due during such cruise, the Comptroller is further in each year authorized to procure letters of credit to be issued in favor of the Superintendent of the said Nautical School for such sums as the said Board of Education by resolution may designate. The vouchers for all expenditures under said advances and said letters of credit to be submitted by the Board of Education to the Comptroller for final audit and liquidation.

HERBERT PARSONS, WILLIAM T. JAMES, JAMES H. McINNES, JOHN T. McCALL, JOHN L. FLORENCE, JOSEPH A. BILL, TIMOTHY P. SULLIVAN, Committee on Finance.

The President put the question whether the Board would agree to accept said report and adopt said substitute resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Behrmann, Bennett, Bill, Brenner, Chambers, Coggey, Devlin, Dickinson, Diemer, Dietz, Doull, Downing, Foley, Gaffney, Gillies, Goodman, Harburger, Higgins, Holler, James, Leitner, McCarthy, Thomas F. McCaul, Malone, Marks, Mathews, Meyers, Nehrbauer, Oatman, Owens, Peck, Porges, Richter, Schappert, Shea, Stewart, Sullivan, Twomey, Wafer, Ware, Wentz, Wirth; President Cromwell, Borough of Richmond; the Vice-Chairman of the Board of Aldermen and the President of the Board of Aldermen—46.

Alderman Foley called up General Order No. 355, being a report and resolution, as follows:

No. 1849.

The Committee on Finance, to whom was referred on March 31, 1903 (Minutes, page 1202), the annexed resolution and ordinance in favor of $10,000 of Corporate Stock for plans for buildings for the Department of Police, respectfully

REPORT:

That, having examined the subject, they believe the proposed issue should be made.

The City hopes soon to provide a new Police Headquarters, and will doubtless be able to do it on some land now owned by the City in the Borough of Manhattan.

New station houses are also needed in the Thirty-ninth and Forty-first Precincts, in the Borough of The Bronx. It is towards the expense of plans and specifications for these buildings that this bond issue is asked.

Your Committee believe that it is desirable, and accordingly recommend the adoption of the ordinance.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of ten thousand dollars ($10,000) to provide means to pay the expenses of the preparation of the necessary plans and specifications for the construction of new buildings in The City of New York, under the jurisdiction of the Department of Police.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment March 13, 1903, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding ten thousand dollars ($10,000) to provide means to pay the expenses of the preparation of the necessary plans and specifications for the construction of new buildings in The City of New York, under the jurisdiction of the Department of Police, and that when authority shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding ten thousand dollars ($10,000), the proceeds whereof to be applied to the purposes aforesaid."

HERBERT PARSONS, WILLIAM T. JAMES, JAMES H. McINNES, JOHN T. McCALL, TIMOTHY P. SULLIVAN, JOSEPH A. BILL, Committee on Finance.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Behrmann, Bennett, Bill, Brenner, Bridges, Chambers, Coggey, Devlin, Dickinson, Dietz, Doull, Dowling, Downing, Foley, Gaffney, Gillies, Goodman, Higgins, Holmes, James, Jones, Klett, Leitner, McCarthy, Malone, Marks, Meyers, Nehrbauer, Oatman, Owens, Peck, Porges, Richter, Schappert, Seebeck, Shea, Stewart, Sullivan, Tebbetts, Twomey, Wafer, Walkley, Ware, Wentz, Willett, Wirth; President Cromwell, Borough of Richmond; the Vice-Chairman of the Board of Aldermen; and the President of the Board of Aldermen—51.

MOTIONS, ORDINANCES AND RESOLUTIONS.

Alderman Marks asked and obtained unanimous consent to introduce the following:

No. 1937.

Resolved, That the Corporation Counsel be and he is hereby requested to furnish this Board of Aldermen his opinion as to whether or not the Ordinance No. 1693, which failed of passage on April 7, 1903, became operative by law, owing to the fact that a majority of this Board did not vote in the negative.

Which was adopted.

GENERAL ORDERS RESUMED.

Alderman Gaffney called up General Order No. 353, being a report and resolution, as follows:

No. 1848—(G. O. 353).

The Committee on Salaries and Offices, to whom was referred on March 31, 1903 (Minutes, page 1200), the annexed resolution in favor of fixing salaries of Examiner, office of City Record, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment, at a meeting held March 27, 1903, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of the position of Examiner in the office of the City Record be fixed as follows:

"Examiner, $1,500 per annum.

"Examiner, $1,200 per annum.

"Examiner, $900 per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the position of Examiner in the office of the City Record as set forth therein.

ROBERT F. DOWNING, JOHN H. BEHRMANN, WILLIAM D. PECK, PATRICK H. MALONE, JOHN D. GILLIES, JOHN H. DONOHUE, JOHN J. HAGGERTY, SAMUEL H. JONES, Committee on Salaries and Offices.

On motion of Alderman Oatman, the paper was again laid over for one week to enable the Supervisor of the City Record to appear before the Board and explain the duties of said Examiners in his office.

Alderman Gillies called up General Order No. 338, being a report and resolution, as follows:

No. 1700.

The Committee on Finance, to whom was referred on February 24, 1903 (Minutes, page 669) the annexed resolution and ordinance in favor of $90,000 of Corporate Stock for stock and plant for the Street Cleaning Bureau of the Borough of Richmond, respectfully

REPORT:

That, having examined the subject, they believe the proposed stock should be authorized, and they find the following to be the facts:

The stock or plant owned by the City in Richmond Borough at present consists, your committee are informed, of two driving horses, two light wagons and one crematory. The crematory was built to consume thirty tons of garbage in twenty-four hours, but is said to consume only ten tons in that time. The cost per ton of garbage consumed is said to be $3.00, although it only ought to be a little over 50 cents per ton if the crematory was a proper one. The Department considers that if it owns its own equipment of horses and carts and operates its own stables, economy will follow in the collection of garbage and ashes. The carts will be dumped into pocket dumps located at convenient points along the lines of the railroads. These pocket dumps are to be periodically emptied once or twice a day into closed tank cars operated by electricity, and so transported to the new crematory, which would be erected at a point where no nuisance would be created. It is believed that the expenditure of this amount will be sufficient for the present needs of the Bureau. Here follows the detailed estimate:

1 crematory and building	$24,000 00	
1 site for crematory	1,000 00	
		$25,000 00
3 garbage pocket dumps, at $800	2,400 00	
3 building sites for pocket dumps, at $1,200	3,600 00	
2 sets of double trucks for cars, at $550	1,100 00	
2 10-ton car bodies for refuse, at $800	1,600 00	
2 sets of 80 horse-power motor equipment, at $1,800	3,600 00	
1400 feet of straight track at $2.00 per foot	2,800 00	
3 crossovers, at $734.35	2,203 05	
4 90-degree right or left-hand branch curves, at $550.90	2,203 60	
		19,506 65
2 stables, at $10,000 and $15,000,	$25,000 00	
2 sites for stables, at $3,000	6,000 00	
40 horses, at $225	9,000 00	

42 steel ash carts, at $115	4,830 00	
42 sets of harness, at $22	924 00	
42 canvas horse covers, at $2.65	111 30	
42 canvas cart covers, at $2.50	106 00	
42 stable blankets, at $3.00	126 00	
		46,096 30
Total		$90,602 95

Your Committee accordingly recommend that the ordinance be adopted.

Resolved, That the Board of Aldermen hereby concurs in the following resolution adopted by the Board of Estimate and Apportionment February 20, 1903, as follows:

"Whereas, The President of the Borough of Richmond, in a communication to the Board of Estimate and Apportionment dated January 29, 1903, has made requisition for the issue of bonds to the amount of ninety thousand dollars ($90,000), to provide means for the purchase, acquisition or construction of stock or plant for the Bureau of Street Cleaning, Borough of Richmond, as provided by section 546 of the Greater New York Charter, to wit:

New crematory	$25,000 00
Two corporation stables, horses, carts, etc.	45,000 00
Dumps, track and car equipments	20,000 00
Total	$90,000 00

"Resolved, That, subject to concurrence herewith by the Board of Aldermen, the Comptroller be authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to the amount of ninety thousand dollars ($90,000), the proceeds whereof to be expended for the purchase, acquisition or construction of new stock or plant for the Bureau of Street Cleaning in the Borough of Richmond."

HERBERT PARSONS, FREDERICK W. LONGFELLOW, JAMES H. McINNES, TIMOTHY P. SULLIVAN, JAMES E. GAFFNEY, JOHN L. FLORENCE, Committee on Finance.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Behrmann, Bennett, Bill, Brenner, Bridges, Chambers, Coggey, Devlin, Dietz, Dowling, Gaffney, Gillies, Goodman, Harburger,

Holler, Holmes, James, Jones, Klett, Leitner, Lundy, Malone, Maloy, Marks, Mathews, Meyers, Oatman, Peck, Porges, Richter, Schappert, Seebeck, Shea, Stewart, Tebbetts, Twomey, Wafer, Walkley, Ware, Wentz, Whitaker, Willett, Wirth; President Cromwell, Borough of Richmond, the Vice-Chairman of the Board of Aldermen and the President of the Board of Aldermen—48.

No. 1234—(S. O. No. 95).

Alderman Ware called up General Order No. 351, being a report and ordinance to amend sections 48 and 97 of the Building Code in regard to the construction of light, vent and dumbwaiter shafts, and moved that the paper be again laid over and made a special order for the next meeting at 2.30 o'clock p. m.

Which was adopted.

Alderman Gillies called up General Order No. 350, being a report and resolution, as follows:

Nos. 1809 and 1840.

The Committee on Finance, to whom was referred on March 24, 1903 (Minutes, page 1092), the annexed petition of the members of the bar and officials in Richmond County, relative to preserving certain important index books in the Richmond County Clerk's office, and on March 31, 1903 (Minutes, page 1190), a communication from the President of the Borough of Richmond in reference to preserving certain records in the County Clerk's office in the Borough of Richmond (Int. Nos. 1809 and 1840), respectfully

REPORT:

That, having examined the subject, they believe provision should be made as requested, and they accordingly recommend the adoption of the annexed resolution, which has been drafted by the Committee.

The petition of the bar, hereto annexed, shows the complaint. The letter of the Borough President, hereto annexed, suggests that $700 be allowed to provide for the recopying of the worst of the indices. It is, of course, desirable that such records be in proper shape, convenient of access to the members of the bar.

Your Committee accordingly recommend the adoption of the annexed resolution:

Resolved, That, pursuant to subdivision 8 of section 188 of the Charter, the Board of Estimate and Apportionment is hereby requested to issue Special Revenue Bonds to an amount not exceeding seven hundred dollars ($700), the proceeds of which shall be applied to the recopying of indices for deeds, mortgages, lis pendens and so

forth, in the office of the Clerk of the County of Richmond, under the supervision of said Clerk.

HERBERT PARSONS, WILLIAM T. JAMES, JAMES H. McINNES, JOHN T. McCALL, TIMOTHY P. SULLIVAN, Committee on Finance.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Bennett, Bill, Brenner, Bridges, Chambers, Devlin, Dickinson, Diemer, Dietz, Donohue, Doull, Dowling, Downing, Gillen. Gillies, Goodman, Haggerty, Harburger, Higgins, Holler, Holmes, James, Jones, Kenney, Klett, Leitner, Lundy, McCarthy, Thomas F. McCaul, Malone, Maloy, Marks, Mathews, Meyers, Nehrbauer, Oatman, Owens, Peck, Porges, Richter, Schappert. Seebeck, Shea, Stewart, Sullivan, Tebbetts, Twomey, Wafer, Walkley, Ware, Wentz, Whitaker, Willett, Wirth; President Cromwell, Borough of Richmond; President Cassidy, Borough of Queens; the Vice-Chairman of the Board of Aldermen and the President of the Board of Aldermen—60.

Alderman Harburger moved to return to the order of business of reports of standing committees.

Which was adopted.

REPORTS OF STANDING COMMITTEES RESUMED.

Report of Committee on Buildings—

No. 1919.

The Committee on Buildings, to which was referred on April 7, 1903 (Minutes, page 70), the annexed ordinance in favor of amending the Revised Ordinances of The City of New York of 1897, by adding thereto a new section, to be known as section 179A, respectfully

REPORT:

That your Committee held a public hearing, and they recommend that the ordinance be amended as follows: By inserting after the word "porticos" and before the word "columns" in the second paragraph of section 1 the words "pedestals, free-standing statuary."

They therefore recommend that the said ordinance as so amended be adopted.

AN ORDINANCE amending section 179 of the Revised Ordinances of The City of New York of 1897 by adding a section providing for the issuing of permits for ornamental projections on certain buildings beyond the building line.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 179A.

Section 1. The Borough Presidents and the Park Commissioners having jurisdiction shall, subject to the restrictions of this ordinance, issue permits for the construction of ornamental projections which project beyond the building line, provided, in the opinion of the officer having jurisdiction, no injury will come to the public thereby. Permits for the construction of such projections, lying within any park, square or public place, or within a distance of three hundred and fifty feet from the outer boundaries thereof, shall be issued by the Park Commissioner having jurisdiction, as provided in section 612 of the Charter, as amended by section 1, chapter 723, of the Laws of 1901. Permits for the erection of all other ornamental projections shall be issued by the Borough President having jurisdiction.

For the purposes of this ordinance, "an ornamental projection" shall be taken to mean and include all decorative projections on the face of a building beyond the building line, in the nature of porches, arches, porticos, columns and pillars, which are erected purely for the enhancement of the beauty of the building from an artistic standpoint.

Sec. 2. Before the erection of any such ornamental projections shall be commenced the owner of the building or his duly authorized agent shall make application in writing to the said Borough President or Park Commissioner having jurisdiction, on suitable blanks furnished by him, for the permit herein provided for, and shall file a plan and drawings showing the nature of the proposed ornament with the dimensions thereof, the number of stories through which it is intended to be carried, and the number of square feet of area covered by that portion of the ornamentation projecting beyond the building line.

Each application shall be accompanied by the amount of compensation due the City for the privilege of erecting said ornamentation, as hereinafter provided.

Sec. 3. Each application for the erection of an ornamental projection, which projects more than one foot beyond the building line, shall be accompanied by a certified copy of the last assessed valuation of the property on which said ornamental projection is to be erected which appears upon the books of the Department of Taxes and Assessments. Except as hereinafter provided, the amount that shall be paid as a compensation to the City for the privilege of erecting each ornamental projection shall be, for each and every square foot or fraction thereof of area extending more than one foot beyond the building line, at the rate of ten per cent. per square foot of the assessed value of the property on which the said ornamental projection is to be erected.

Sec. 4. Ornamental projections which shall extend not more than two feet beyond the building line may hereafter be erected on buildings in the Borough of

Manhattan, situated on Broadway to the south of Fifty-ninth street; on Fourteenth street, between Broadway and Sixth avenue; on Twenty-third street, between Third and Sixth avenues; on Thirty-fourth street, between Third and Ninth avenues; on Fifty-ninth street, between Third and Ninth avenues, and on Fifth avenue, between Fourteenth street and Fifty-ninth street, and on all other streets in The City of New York ornamental projections may be erected, provided they shall extend not more than one-fifteenth part of the width of the street they are upon, nor in any case more than five feet beyond the building line.

Sec. 5. The permits mentioned herein shall be issued in duplicate, one of which will be retained by the applicant and kept at the building during the erection of the projection, and the other shall be filed by him with the plans for the building in the Bureau of Buildings. If it shall appear upon completion that the ornamental projection occupies a greater number of square feet than shall have been paid for, the applicant shall pay twice the sum previously paid for each square foot of area occupied by said projection over and above the number of square feet paid for originally, but in no case shall said ornamental projection exceed the limit allow·d by law.

Sec. 6. Permits granted pursuant to the provisions of this ordinance are revocable permits, and shall have the following clause printed thereon, viz.: "This permit is issued subject to revocation thereof, at any time hereafter by the Board of Aldermen of The City of New York, upon the recommendation of the officer having jurisdiction, when the space occupied by said ornamental projection or any portion thereof may be required for any public improvement, or upon any violation of any of the terms or conditions upon which this permit is issued." A permit for the ercetion of an ornamental projection shall be deemed to have expired when such projection is taken down, and the space formerly occupied thereby shall no longer be used for the purpose for which the permit was issued, unless a permit for its reconstruction shall have been granted, as provided in section 8 of this ordinance. In case it is thereafter desired to erect an ornamental projection on the said property, the applicant shall comply with all of the provisions of this ordinance.

Sec. 7. Permits as hereinbefore described, and subject to the conditions therein attached, may be issued to the owners of all buildings having ornamental projections, which buildings have been erected or are being erected, and have ornamental projections thereon beyond the building line, without any authorization therefor.

Sec. 8. No fees shall be charged for granting a permit to reconstruct an ornamental projection within the limitations imposed by an original permit therefor.

Sec. 9. Nothing herein contained shall be deemed to conflict with the provisions of the Building Code. No plans for the construction of a building having ornamental projections thereon, beyond the building line, as defined in this ordinance, shall be

approved by the Superintendent of Buildings until the permit therefor is filed, as provided by section 5 of this ordinance.

Sec. 10. All fees received by the Borough Presidents or Park Commissioners for the issuing of permits provided by this ordinance shall be accounted for in proper books kept for that purpose and shall be turned over by them to the City Chamberlain and credited to the General Fund.

Sec. 11. Any person, firm or corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor and shall in addition thereto be liable to a penalty of ten dollars for each offense and ten dollars for each and every day that such offense shall continue.

Sec. 12. All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

Sec. 13. This ordinance shall take effect immediately.

FRANKLIN B. WARE, LEOPOLD HARBURGER, JOHN C. KLETT, DAVID M. HOLMES, PETER HOLLER, FREDERICK BRENNER, JOHN A. SCHAPPERT, Committee on Buildings.

Alderman Harburger asked and obtained immediate consideration for this report.

The President put the question whether the Board would agree to accept said report and adopt said ordinance as amended.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Bill, Brenner, Bridges, Chambers, Coggey, Culkin, Devlin Dickinson, Diemer, Dietz, Doull, Dowling, Foley, Gaffney, Gillen, Gillies, Goldwater, Goodman, Haggerty, Harburger, Higgins, Holler, Holmes, Jones, Kenney, Klett, Leitner, Lundy, Thomas F. McCaul, Malone, Marks, Mathews, Meyers, Oatman, Owens, Peck, Porges, Richter, Schappert, Seebeck, Shea, Sullivan, Tebbetts, Twomey, Wafer, Ware, Wentz, Whitaker, Willett; President Cassidy, Borough of Queens; President Cantor, Borough of Manhattan, and the President of the Board of Aldermen—53.

Negative—Alderman Walkley—1.

Excused—Alderman Howland.

MOTIONS, ORDINANCES AND RESOLUTIONS AGAIN RESUMED.

Alderman Whitaker asked and obtained unanimous consent to introduce the following:

No. 1938.

(28)

Whereas, It has been determined that tuberculosis of the lungs, or consumption, is a contagious disease, and also that it can be cured, or, at least, arrested, especially in its early stages; and

Whereas, It is one of the great scourges of humanity in this City, as elsewhere; and

Whereas, The present means at the disposal of this City for coping with this dreaded scourge are totally inadequate; and

Whereas, The best and most effective modern scientific methods for treating consumption are, by reason of their expensiveness, out of reach of the poor, who are, nevertheless, the greatest sufferers from the disease; be it

Resolved, That this Board is in favor of the establishment by The City of New York, within the shortest possible time, of an hospital in the near neighborhood of the City for the treatment of consumptives; and

Resolved, That the Commissioner of Charities be and he hereby is requested to prepare a report on the establishment of such an hospital, showing the amount of ground necessary, the proper location, the general type of building required and the probable expense for the land, building and maintenance, and such other details as may be necessary to admit of intelligent action; and

Resolved, That the Commissioner of Charities be and he hereby is requested to submit said report to the Board of Estimate and Apportionment, with a request for an appropriation of the amount of money sufficient to establish and maintain such an hospital; also

Resolved, That the President of the Board of Health be requested to supply an estimate to this Board showing, as near as may be, the total number of persons in this City now suffering from consumption, and giving as careful an estimate as may be of the number of new cases which may be expected to develop each year for the next five years, in order that this Board may have an approximate basis for judging of what hospital accommodation it might probably be necessary to provide in order to take care in a proper manner of all persons stricken with this disease; and

Resolved, That the President of the Board of Health be requested to state to this Board whether, in case sufficient hospital accommodation were provided to take care of all cases of consumption that should develop, there would be any scientific basis for the belief that consumption as a scourge—that is to say, as one of the lead-

ing causes of death—could be abolished in this City, and, if so, within what period of time; also

Resolved, That, if there are certain simple physical exercises, requiring little or no apparatus, and which are calculated to ward off consumption from those persons predisposed to it, the President of the Board of Health be and he hereby is requested to print and distribute plain and practical and readily intelligible instructions describing and illustrating such approved methods of lung and chest development, and explaining their object and probable results.

Which was adopted.

On motion of Alderman Sullivan the courtesies of the floor were given to Hon. Maurice O'Connell, of the Borough of Queens.

SPECIAL ORDERS.

President Cantor called up Special Order No. 91, being a report and substitute ordinance.

No. 1540—(S. O. No. 91).

The Committee on Finance, to whom was referred on January 20, 1903 (Minutes, page 215), the annexed resolution for $10,000 of Special Revenue Bonds, for the defraying the expenses of a special commission to be appointed by the Mayor to prepare a plan for the beautifying of the City, respectfully

REPORT:

That, having examined the subject, they believe the proposed improvement to be necessary.

That, having examined the subject, they believe the Board should authorize the appointment of such a commission and the expenditure of such a sum of money. Having conferred with the introducer of the resolution, they have received from him an ordinance as a substitute, and in place of the resolution originally introduced, they accordingly recommend the adoption of the annexed ordinance.

The adoption of this ordinance will be carrying out the recommendation on this subject made in this year's message of the Mayor. The object is to secure the best expert knowledge and advice both for the development of the transportation and other facilities of the City, and also for the beautifying of the City. We all recognize two peculiar features of New York. One is the necessarily congested nature of its centre—the Borough of Manhattan. The physical formation of the City's surroundings, which cause this congestion, make up the other feature, and that other feature is the natural beauty of the City. Despite her problems New York offers opportunities for artistic development such as does no other city in the world. But one thing is needed. That, in part, this ordinance is intended to pro-

vide, namely, the use of her best brains to deal with her problems and to utilize her great advantages. Washington is beautiful because many years ago her best brains were made use of. The same is the reason for the beauty of Paris. Neither Washington nor Paris can be compared with New York in the advantages which nature has given for the rendering of beautiful effects. If we can secure a comprehensive plan for the future, and focus upon it the attention, understanding and enthusiasm of our people, the time will not be long before our City will be known not only as the centre of the world in business and finance, but also as the first city of the world in beauty.

Annexed hereto, marked "A," is a communication from the Secretary of the Municipal Art Society addressed to the Mayor upon this subject, and a resolution, marked "B," containing resolutions passed by a number of public-spirited bodies, therein mentioned, making recommendations in line with which is this ordinance.

They therefore recommend that the substitute ordinance be adopted.

(Substitute Ordinance.)

AN ORDINANCE, in relation to the appointment of a City Commission for preparing a comprehensive plan for the beautifying and development of the City, and making an appropriation therefor.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. His Honor the Mayor is hereby authorized and empowered to appoint a commission to prepare a comprehensive plan for the beautifying and development of this municipality, the members of which shall serve without pay, and shall make a report on or before the 1st day of May, 1904, to the Mayor and the Board of Aldermen.

Sec. 2. That for carrying out the purposes of said commission the Board of Estimate and Apportionment is hereby requested, in pursuance of subdivision 8 of section 188 of the Greater New York Charter, to issue special revenue bonds to an amount not exceeding ten thousand dollars, the proceeds of which are to be applied to the defraying of the expenses of said commission.

Sec. 3. This ordinance shall take effect immediately.

(Original.)

Resolved, That his Honor the Mayor be and he is hereby authorized and empowered to appoint a commission to prepare a comprehensive plan for the beautifying and development of this municipality, the members of which shall serve without pay, and be it further

Resolved, That for carrying out the purposes of said commission, the Board of Estimate and Apportionment is hereby requested, in pursuance of subdivision 8

of section 188 of the Greater New York Charter, to issue Special Revenue Bonds to an amount not exceeding ten thousand dollars ($10,000), the proceeds of which are to be applied to the defraying of the expenses of said commission.

HERBERT PARSONS, JOSEPH A. BILL, JAMES H. McINNES, WILLIAM T. JAMES, TIMOTHY P. SULLIVAN, Committee on Finance.

On motion of President Cantor, the above report was again laid over and made a special order for the next meeting, at 2 o'clock p. m.

CALL OF THE HOUSE.

Alderman Marks at this time moved for a call of the house.

Which motion was adopted.

The call resulted as follows:

Present—Aldermen Alt, Baldwin, Behrmann, Bennett, Bill, Brenner, Bridges, Chambers, Culkin, Devlin, Dickinson, Diemer, Dietz, Donohue, Doull, Dowling, Downing, Foley, Gillen, Goodman, Haggerty, Harburger, Harnischfeger, Holler, Holmes, Howland, James, Jones, Keely, Kenney, Leitner, Lundy, Thomas F. McCaul, Malone, Marks, Mathews, Meyers, Nehrbauer, Oatman, Owens, Peck, Porges, Richter, Seebeck, Shea, Stewart, Tebbetts, Twomey, Walkley, Ware, Whitaker, Willett, Wirth; President Cromwell, Borough of Richmond; President Cassidy, Borough of Queens; President Cantor, Borough of Manhattan; the Vice-Chairman of the Board of Aldermen, and the President of the Board of Aldermen—58.

SPECIAL ORDERS RESUMED.

The hour of 2.30 having arrived, Alderman Downing called up Special Order No. 93, being a report and ordinance, as follows:

No. 1460.

The Committee on Parks, to whom was referred on December 23, 1902 (Minutes, page 1934), the annexed ordinance in favor of laying out a public park at Seventy-third street, Fort Hamilton avenue and Seventh avenue, Borough of Brooklyn, respectfully

REPORT:

That, having examined the subject, they believe the proposed improvement to be necessary.

Public hearing was held on the 6th day of March, 1903, at which many residents in the vicinity of the proposed park and the Commissioners of Parks for the boroughs of Brooklyn and Queens were present, and it appeared from the statements there made that the probable cost of acquiring lands embraced in the proposed park would not exceed $100,000; that the cost of improvement would be very

small, as the present condition of the area is such that it can readily be made available for public purposes, and that there were no structures within the proposed area. It further appeared that the nearest public park was nearly a mile distant. That this proposed park is covered with large old shade trees of great beauty.

They therefore recommend that the said ordinance be adopted.

AN ORDINANCE laying out as a Public Park the property bounded by Seventy-third street, Fort Hamilton avenue and Seventh avenue, in the Borough of Brooklyn.

Be it Ordained, By the Board of Aldermen of The City of New York, as follows.

That, in pursuance of Section 442 of the Greater New York Charter, the following resolution of the Board of Estimate and Apportionment adopted by that Board on the 12th day of December, 1902, be and the same hereby is approved, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of Section 442 of the Greater New York Charter, deeming it for the public interest to alter the map or plan of The City of New York, by laying out as a public park the property bounded by Seventy-third street, Fort Hamilton avenue and Seventh avenue, in the Borough of Brooklyn, City of New York, does hereby favor and approve of the same, so as to lay out the aforesaid public park as follows:

Beginning at the intersection of the eastern line of Seventh avenue with the western line of Fort Hamilton avenue as the same are laid down on the map of the City:

1. Thence northerly along the eastern line of Seventh avenue 1,285.69 feet to the southern line of Seventy-third street.

2. Thence easterly along the southern line of Seventy-third street 680.71 feet to the western line of Fort Hamilton avenue.

3. Thence southerly along the western line of Fort Hamilton avenue 1,219.30 feet to the point of beginning.

FREDERICK W. LONGFELLOW, FRANKLIN B. WARE, HENRY WILLETT, PATRICK H. MALONE, PHILIP HARNISCHFEGER, JAMES J. DEVLIN, WILLIAM J. WHITAKER, JOHN J. TWOMEY, Committee on Parks.

The President put the question whether the Board would agree to accept said report and adopt said ordinance,

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Behrmann, Bennett, Bill, Chambers, Culkin, Devlin, Dickinson, Dietz, Donohue, Doull, Dowling, Downing, Foley, Gillen, Gold-

water, Goodman, Haggerty, Harburger, Harnischfeger, Holler, Holmes, Howland, James, Jones, Keely, Kenney, Klett, Lundy, McCarthy, Thomas F. McCaul, Malone, Marks, Mathews, Nehrbauer, Oatman, Peck, Porges, Richter, Schappert, Seebeck, Shea, Stewart, Tebbetts, Twomey, Walkley, Ware, Whitaker, Willett, Wirth; President Cromwell, Borough of Richmond; President Cassidy, Borough of Queens; President Cantor, Borough of Manhattan; the Vice-Chairman of the Board of Aldermen, and the President of the Board of Aldermen—55.

Negative—Alderman Brenner—1.

REPORTS OF STANDING COMMITTEES AGAIN RESUMED.

No. 1875.

Reports of Committee on Salaries and Offices—

The Committee on Salaries and Offices, to whom was referred on March 31, 1903 (Minutes, page 1260), the annexed resolution in favor of confirming appointment of Stenographer to Grand Jury, Richmond County, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Resolved, That the apointment of Thomas Baker as Stenographer to the Grand Jury, County of Richmond, he having been duly appointed by the County Judge. pursuant to the recommendation of the District Attorney, as provided by law, be and it hereby is concurred in and approved.

ROBERT F. DOWNING, JOHN H. DONOHUE, PATRICK H. MALONE, WILLIAM D. PECK, JOHN D. GILLIES, Committee on Salaries and Offices.

President Cromwell asked and obtained immediate consideration for this report.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Behrmann, Bennett, Bill, Brenner, Chambers, Culkin, Devlin, Dietz, Donohue, Doull, Foley, Gillen, Goodman, Haggerty, Harburger, Harnischfeger, Holmes, Howland, James, Keely, Kenney, Klett, Lundy, McCarthy, Thomas F. McCaul, Marks, Mathews, Nehrbauer, Oatman, Owens, Porges, Richter, Schappert, Seebeck, Shea, Stewart, Twomey, Walkley, Ware, Wentz, Wirth: President Cantor, Borough of Manhattan; the Vice-Chairman of the Board of Aldermen and the President of the Board of Aldermen—45.

No. 1846—(G. O. No. 358).

The Committee on Salaries and Offices, to whom was referred on March 31, 1903 (Minutes, page 1197), the annexed resolution in favor of fixing salaries of employees in Department of Water Supply, Gas and Electricity, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment March 27, 1903:

Electrical Engineer, appointed January 22, 1903, at $2,400 from said date.

Mechanical Engineer, appointed January 24, 1903, at $2,100 from said date.

Rodman and Chainman, appointed February 5, 1903, at $1,050 from said date.

Bookkeeper, appointed March 16, 1903, at $1,200 from said date.

Draughtsman, appointed March 18, 1903, at $900 from said date.

Office Boy, appointed January 8, 1903, at $300 from said date.

ROBERT F. DOWNING, JOHN D. GILLIES, WEBSTER R. WALKLEY, WILLIAM D. PECK, PATRICK H. MALONE, Committee on Salaries and Offices.

Which was laid over.

No. 1887.

The Committe on Salaries and Offices to whom was referred on March 31, 1903 (Minutes, page 1268), the annexed resolution in favor of fixing salary of Mechanical Draughtsman in office of President, Borough of Richmond, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment at meeting held March 27, 1903, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the position of Mechanical Draughtsman in the office of the President of the Borough of Richmond, be fixed at the rate of fifteen hundred dollars ($1,500) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the position of Mechanical Draughtsman in the office of the

President of the Borough of Richmond at the rate of fifteen hundred dollars ($1,500) per annum.

ROBERT F. DOWNING, WEBSTER R. WALKLEY, WILLIAM D. PECK, PATRICK H. MALONE, JOHN D. GILLIES, Committee on Salaries and Offices.

President Cromwell asked and obtained immediate consideration for this report.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Behrmann, Bennett, Bill, Brenner, Bridges, Chambers, Culkin, Devlin, Dickinson, Dietz, Doull, Dowling, Downing, Foley, Gillen, Goldwater, Goodman, Haggerty, Harburger, Harnischfeger, Holler, Holmes, Howland, James, Keely, Kenney, Klett, Leitner, Thomas F. McCaul, Malone, Marks, Mathews, Meyers, Oatman, Owens, Peck, Porges, Richter, Schappert, Shea, Tebbetts, Twomey, Walkley, Ware, Wentz, Whitaker, Wirth; President Cromwell, Borough of Richmond; President Cantor, Borough of Manhattan; the Vice-Chairman of the Board of Aldermen, and the President of the Board of Aldermen—53.

No. 1885.

The Committee on Salaries and Offices, to whom was referred on March 31, 1903 (Minutes, page 1267), the annexed resolution in favor of fixing salary of Topographical Draughtsman in office of President of the Borough of Richmond, respectfully

REPORT:

That, having examined the subject, they believe the proposed improvement to be necessary.

They therefore recommend that the said resolution and ordinance be adopted.

Whereas, The Board of Estimate and Apportionment, at a meeting held March 27, 1903, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the position of Topographical Draughtsman in the office of the President of the Borough of Richmond, be fixed at the rate of fifteen hundred dollars ($1,500) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution, and fixes the salary of the position of Topographical Draughtsman in the office of the

President of the Borough of Richmond at the rate of fifteen hundred dollars ($1,500) per annum.

ROBERT F. DOWNING, WEBSTER R. WALKLEY, WILLIAM D. PECK, PATRICK H. MALONE, JOHN D. GILLIES, Committee on Salaries and Offices.

President Cromwell asked and obtained immediate consideration for this report.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Behrmann, Bennett, Bill, Brenner, Bridges, Chambers, Culkin, Devlin, Dickinson, Dietz, Doull, Dowling, Downing, Foley, Gillen, Goodman, Harburger, Harnischfeger, Holmes, Howland, James, Keely, Kenney, Klett, Leitner, Thomas F. McCaul, Malone, Marks, Mathews, Meyers, Oatman, Owens, Porges, Richter, Schappert, Shea, Tebbetts, Twomey, Walkley, Ware, Wentz, Whitaker, Wirth; President Cromwell, Borough of Richmond; President Cantor, Borough of Manhattan; the Vice-Chairman of the Board of Aldermen, and the President of the Board of Aldermen—49.

No. 1847—(G. O. 359.)

The Committee on Salaries and Offices, to whom was referred on March 31, 1903 (Minutes, page 1199), the annexed resolution in favor of fixing salary of Junior Clerk in the Department of Finance, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

(Copy.)

Department of Finance.
March 18, 1903.

To the Honorable The Board of Estimate and Apportionment:

Gentlemen—In order to make effective the promotion of Office Boys of this Department to the position of Junior Clerk, I respectfully ask your Honorable Body to fix the salary of Junior Clerk, Department of Finance, at $480 and $540.

The only salary of Junior Clerk now fixed is $600 (the highest grade), and the fixing of the salary for the two lower grades will enable me to make promotions which carry with them a reasonable increase of salary.

Very truly yours,

(Signed) EDWARD M. GROUT, Comptroller.

Whereas, The Board of Estimate and Apportionment, at a meeting held March 27, 1903, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of the position of Junior Clerk, Department of Finance, be fixed at the rates of four hundred and eighty dollars ($480) and five hundred and forty dollars ($540) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the position of Junior Clerk, Department of Finance, at the rates of four hundred and eighty dollars ($480) and five hundred and forty dollars ($540) per annum."

ROBERT F. DOWNING, WILLIAM D. PECK, PATRICK H. MALONE, SAMUEL H. JONES, WEBSTER R. WALKLEY, Committee on Salaries and Offices.

Which was laid over.

No. 1918—(G O. No. 360).

The Committee on Salaries and Offices, to whom was referred on April 7, 1903 (Minutes, page 69), the annexed resolution in favor of requesting the Commissioner of Water Supply, Gas and Electricity to increase the salary of James E. Hanley, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

By Alderman Lundy—

Whereas, James E. Hanley, employed in the Department of Water Supply of The City of New York as Engineer in charge of the Pumping Station, situated at Avenue U and East Fourteenth street, Borough of Brooklyn, is now receiving a salary of $1,200 per annum, but formerly received a salary of $1,200 per annum and house rent free, making a salary amounting to $1,500 per annum, which is received at present by the Engineers performing the same services; so, whereas, be it

Resolved, That the Commissioner of Water Supply be requested to place the name of James E. Hanley on the payroll of said Department at a salary of $1,500 per annum, beginning immediately on the acceptance of this resolution by the Board of Estimate and Apportionment.

ROBERT F. DOWNING, PATRICK H. MALONE, SAMUEL H. JONES, WILLIAM D. PECK, WEBSTER R. WALKLEY, Committee on Salaries and Offices.

Which was laid over.

No. 1888—(G. O. No. 361).

The Committee on Salaries and Offices, to whom was referred on March 31, 1903 (Minutes, page 1268), the annexed resolution in favor of fixing salary of Elevator Man, New City Prison, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment at a meeting held March 27, 1903:

"Resolved, That, subject to the concurrence and approval of the Board of Aldermen, the Board of Estimate and Apportionment hereby ratifies and confirms the action of the Commissioner of the Department of Correction taken and dated March 1, 1903, in fixing the salary of the Elevator Man at the New City Prison, at six hundred dollars ($600) per annum from said date."

ROBERT F. DOWNING, WILLIAM D. PECK, PATRICK H. MALONE, SAMUEL H. JONES, WEBSTER R. WALKLEY, Committee on Salaries and Offices.

Which was laid over.

No. 1886—(G. O. No. 362).

The Committee on Salaries and Offices, to whom was referred on March 31, 1903 (Minutes, page 1267), the annexed resolution in favor of fixing salary of Office Boy, Court of Special Sessions, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Department of Finance, City of New York,
March 31, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Sir—I enclose herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment March 27, 1903, ratifying and confirming the action of the Court of Special Sessions, First Division, taken and dated January 14, 1903, in fixing the salary of an Office Boy in said Court at three hundred dollars ($300) per annum from said date.

I also enclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

J. W. STEVENSON, Deputy Comptroller.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment at a meeting held March 27, 1903:

"Resolved, That, subject to the concurrence and approval of the Board of Aldermen, the Board of Estimate and Apportionment hereby ratifies and confirms the action of the Court of Special Sessions, First Division, taken and dated January 14, 1903, in fixing the salary of an Office Boy in said court at three hundred dollars ($300) per annum from said date."

ROBERT F. DOWNING, PATRICK H. MALONE, JOHN D. GILLIES, WILLIAM D. PECK, JOHN J. HAGGERTY, Committee on Salaries and Offices.

Which was laid over.

No. 1907—(G. O. No. 363).

The Committee on Salaries and Offices, to whom was referred on April 7, 1903 (Minutes, page 29), the annexed resolution in favor of fixing the salaries of a number of employees, Bellevue and Allied Hospitals, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Department of Finance, City of New York,
April 6, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of resolution adopted at a meeting of the Board of Estimate and Apportionment held April 3, 1903, fixing the salaries of certain employees of the Bellevue and Allied Hospitals, together with copies of communications from the Superintendent under date of April 2, 1903, and the President of the Board of Trustees under date of March 10, 1903, all relative thereto.

I also send you form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very respectfully,

J. W. STEVENSON, Deputy Comptroller.

Whereas, The Board of Estimate and Apportionment, at its meeting held Friday, April 3, 1903, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of the following positions in the Bellevue and Allied Hospitals be fixed as follows:

	Per Annum.
Assistant Superintendent	$2,000 00
Bookkeeper	1,540 00
Superintendent of Training Schools	1,334 00
Assistant Night Superintendent	1,000 00
Engineman	1,204 50
Engineman	1,095 00
Supervising Nurse, Gouverneur Hospital	1,050 00
Supervising Nurse, Harlem Hospital	1,050 00
Supervising Nurse, Fordham Hospital	1,050 00

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the above positions in the Bellevue and Allied Hospitals as set forth therein.

ROBERT F. DOWNING, WILLIAM D. PECK, JOHN H. BEHRMANN, PATRICK H. MALONE, SAMUEL H. JONES, Committee on Salaries and Offices.

Which was laid over.

Reports of Committee on Finance—

No. 1842.

The Committee on Finance, to whom was referred on March 31, 1903 (Minutes, page 1193), the annexed resolution and ordinance in favor of $5,000 of Corporate Stock for surveys and soundings preliminary to the construction of a bridge across the Harlem river at Two Hundred and Seventh street, respectfully

REPORT:

That, having examined the subject, they believe the ordinance should be adopted. The bridge will connect Ninth avenue at Two Hundred and Seventh street, Manhattan, with Harlem river terrace at One Hundred and Eighty-fourth street in The Bronx. At present there is no bridge connecting the opposite sides of the river from Washington Bridge to Kingsbridge, a distance of about two miles, and for the business of the low ground along the river there is no means of crossing the river

from Macomb's Dam Bridge, at One Hundred and Fifty-fifth street, to Kingsbridge, a distance of five miles. This bridge will also enable the people of Fordham Heights to use the rapid transit system on Tenth avenue. As distinct from Washington Bridge and High Bridge, this bridge will be only 24 feet clear above mean high water level. The width of the bridge will probably be 60 feet, and it will have a draw span, probably of the lift type, with 140 feet clear opening. The estimated cost of the construction is $500,000. If the New York Central Railroad builds an overhead station by the side of the bridge, as is proposed, the two plans can be worked out in conjunction. In so far as the details of the bridge itself are concerned, they are not absolutely certain and cannot be certain until the surveys and soundings, for which the stock to be issued will provide, have been made, and the demands, if any, of the War Department have been met.

They therefore recommend that the said resolution and ordinance be adopted.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of five thousand dollars ($5,000) to provide means for the necessary surveys and soundings preliminary to the construction of a bridge across the Harlem river from Two Hundred and Seventh street, in the Borough of Manhattan, to One Hundred and Eighty-fourth street, in the Borough of The Bronx.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment March 27, 1903, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding five thousand dollars ($5,000) to provide means for the necessary surveys and soundings preliminary to the construction of a bridge across the Harlem river, from Two Hundred and Seventh street, in the Borough of Manhattan, to One Hundred and Eighty-fourth street, in the Borough of The Bronx, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding five thousand dollars ($5,000), the proceeds whereof to be applied to the purposes aforesaid."

This is obviously a much needed improvement in that part of the City, and your Committee accordingly recommend the adoption of the ordinance.

HERBERT PARSONS, JAMES H. McINNES, TIMOTHY P. SULLIVAN, WILLIAM T. JAMES, JOSEPH A. BILL, JAMES E. GAFFNEY, Committee on Finance.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Behrmann, Bennett, Bill, Brenner, Bridges, Culkin, Dickinson, Diemer, Dietz, Doull, Dowling, Downing, Foley, Gillen, Goldwater, Goodman, Haggerty, Harnischfeger, Holmes, Howland, James, Keely, Kenney, Klett, Leitner, McCarthy, Thomas F. McCaul, Malone, Marks, Mathews, Meyers, Oatman, Owens, Peck, Richter, Schappert, Shea, Stewart, Twomey, Walkley, Ware, President Cromwell, Borough of Richmond; President Cantor, Borough of Manhattan; the Vice-Chairman of the Board of Aldermen, and the President of the Board of Aldermen—46.

No. 1863—(G. O. No. 364).

The Committee on Finance, to whom was referred on March 31, 1903 (Minutes, page 1257), the annexed resolution and ordinance in favor of $100,000 of Special Revenue Bonds for repairing sewers in the Borough of Manhattan, respectfully

REPORT:

That, having examined the subject, they believe the resolution should be adopted and the expenditure made. The Bureau of Sewers estimates that there are 26,364 linear feet of sewer of various kinds and sizes in the Borough of Manhattan which need repairing. The cost of making all such repairs would amount, as is estimated, to $300,000. This resolution asks only for $100,000, obviously so that that which is most important can first be done. This is contract work in varying amounts. If it is not done the City runs the risk of breaks in the sewers, the flooding of private property and large damages to pay later from its judgment fund. It is a case where an ounce of prevention is worth a pound of cure, so far as economy to the City is concerned.

This work is of such a character that it cannot be assessed upon the property benefited. It is not construction or altering, but simply repairing. Your committee accordingly recommend the adoption of the resolution.

They therefore recommend that the said resolution and ordinance be adopted.

Resolved, That the Board of Estimate and Apportionment be and hereby is requested, in pursuance of subdivision 8 of section 188 of the amended Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of one hundred thousand dollars ($100,000), the proceeds thereof to be applied to repairing and reconstructing sewers in the Borough of Manhattan.

HERBERT PARSONS, JAMES H. McINNES, FREDERICK W. LONGFELLOW, WILLIAM T. JAMES, JOSEPH A. BILL, Committee on Finance.

Which was laid over.

No. 1845—(G. O. No. 365).

The Committee on Finance, to whom was referred on March 31, 1903 (Minutes, page 1196), the annexed resolution and ordinance in favor of $225,000 of Corporate Stock for the construction of public comfort stations in the Borough of Manhattan, respectfully

REPORT:

That, having examined the subject, they believe the proposed ordinance should be adopted. It is hoped that this money will be sufficient to provide for the construction of not less than seven public comfort stations in the Borough of Manhattan of the character and capacity of those which this Board has authorized for the Borough of Brooklyn. These stations will be located at such points as public squares in the city where there is the greatest pedestrian traffic and the most need.

Your Committee accordingly recommend the adoption of the proposed ordinance.

They therefore recommend that the said resolution and ordinance be adopted.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of two hundred and twenty-five thousand dollars ($225,000) for the purpose of providing means for the construction and equipment of public comfort stations in the Borough of Manhattan.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment March 27, 1903, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding two hundred and twenty-five thousand dollars ($225,000) to provide means for the construction and equipment of public comfort stations in the Borough of Manhattan, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding two hundred and twenty-five thousand dollars ($225,000), the proceeds whereof to be applied to the purposes aforesaid."

HERBERT PARSONS, JAMES H. McINNES, FREDERICK W. LONGFELLOW, WILLIAM T. JAMES, JOSEPH A. BILL, Committee on Finance.

Which was laid over.

Nos. 1757, 1866, 1867, 1880, 1861—(G. O. No. 366).

The Committee on Finance, to whom was referred on March 10, 1903 (Minutes, page 966), the annexed resolution to authorize the Comptroller to pay the bill of the Mittnacht Eagle Safe Company for $60;

And on March 31, 1903 (Minutes, page 1258), resolution to authorize the Comptroller to pay the bill of Alexander Malcolm for $50, for engraving resolutions on the death of Hon. Abram S. Hewitt;

And on March 31, 1903 (Minutes, page 1258), resolution to authorize the Comptroller to pay the bill of Adolph W. Grass for $60 for engrossing three resolutions;

And on March 31, 1903 (Minutes, page 1264), resolution to authorize the Comptroller to pay the bill of Adolph W. Grass for $20, for engrossing resolutions on the death of Winfield D. Walkley;

And on March 31, 1903 (Minutes, page 1256), resolution to authorize the Comptroller to pay the bill of the Greenwood Ice Company for $4.90, respectfully

REPORT:

That, having examined the subjects, they believe the proposed resolutions should be adopted. In order to simplify the matter, however, they recommend that the annexed resolution which has been drafted by the Committee be adopted as a substitute, inasmuch as it covers all the matters and will save the calling of the roll the number of times that otherwise would be necessary.

That the bill of the Mittnacht Eagle Safe Company was a bill for removing the folding door safe from the second floor of the Hackett Building, in Long Island City, to the County Court House in Long Island City, and likewise for removing the office furniture, books and dockets of the offices on February 16, 17 and 18, there having been a change in the offices.

The bill of Alexander Malcolm for engrossing resolutions on the death of Hon. Abram S. Hewitt is, as your Committee are informed, reasonable in amount, the extra sum in this instance having been due to the unusual character of the work required and performed.

The resolutions for the bills of Adolph W. Grass for $20 each are for engrossing resolutions on the death of Hon. Michael Ledwith, Hon. John Quinn, Hon. John Reilly and Mr. Winfield D. Walkley, the son of our much respected brother Alderman.

While these amounts vary somewhat from the amounts in previous bills, they are, as your Committee are informed, reasonable for the work required and performed.

The bill of the Greenwood Ice Company for $4.90 is for ice furnished to the office of the President of the Board of Aldermen in the summer of 1902, which is necessarily

charged to the item of City Contingencies, and can only be disposed of by resolution of this Board.

Your Committee accordingly recommend the adoption of the annexed resolutions:

"Resolved, That the Comptroller be and he is hereby authorized and requested to draw a warrant in favor of the Mittnacht Eagle Safe Company in the sum of sixty dollars ($60), the said amount to be payment in full for services rendered in removing safe, furniture, books and documents from the second floor of the Hackett building to the County Court House, in the Borough of Queens, the said services having been rendered as per estimate; the said amount to be charged to and paid out of the appropriation for "City Contingencies, 1903."

Resolved, That the Comptroller be and he is hereby authorized and requested to draw a warrant in favor of Alexander Malcolm for the sum of fifty dollars ($50), the same to be payment in full for services rendered in engrossing resolutions on the death of Hon. Abram S. Hewitt, which were adopted by the Board of Aldermen January 20, 1903, and approved by his Honor the Mayor January 26, 1903; the said amount to be charged to and paid out of the appropriation entitled "City Contingencies, 1903."

Resolved, That the Comptroller be and he is hereby authorized and requested to draw a warrant in favor of Adolph W. Grass for the sum of sixty dollars ($60), the same to be payment in full for services rendered in engrossing resolutions as follows: On the death of Hon. Michael Ledwith, adopted January 30, 1903, and received from his Honor the Mayor February 10, 1903; on the death of Hon. John Quinn, adopted February 24, 1903, and received from his Honor the Mayor March 10, 1903; on the death of Hon. John Reilly, adopted March 3, 1903, and received from his Honor the Mayor March 16, 1903; the said amount to be charged to and paid out of the appropriation entitled "City Contingencies, 1903."

Resolved, That the Comptroller be and he hereby is authorized and requested to draw a warrant in favor of Adolph W. Grass for the sum of twenty dollars ($20), the same to be payment in full for engrossing resolutions on the death of Winfield D. Walkley, son of Alderman Webster R. Walkley, which were adopted by the Board of Aldermen on March 16, 1903, and approved by His Honor the Mayor March 18, 1903; the said amount to be charged to and paid out of the appropriation entitled "City Contingencies, 1903."

Resolved, That the Comptroller be and he is hereby authorized and requested to draw a warrant in favor of the Greenwood Lake Ice Company, Sherman Wagner, proprietor, for the sum of four dollars and ninety cents ($4.90), the same to be payment in full of bill for ice furnished to the office of the President of the Board of Aldermen, from July 9 to September 17, 1902; the said amount to be charged to and paid out of the appropriation entitled "City Contingencies, 1902."

They therefore recommend that the said resolution and ordinance be adopted.

Resolved, That the Comptroller be and he hereby is authorized and requested to draw warrants as follows:

A warrant in favor of the Mittnacht Eagle Safe Company for $60, the same to be payment in full for services rendered in removing the folding door safe from the second floor of the Hackett building to the County Court House in Long Island City, together with all the office furniture, books and dockets in said office in February, 1903.

A warrant in favor of Adolph W. Grass for the sum of $80, the same to be payment in full for services rendered in engrossing resolutions as follows:

On the death of Hon. Michael Ledwith, adopted January 30, 1903, and received from his Honor the Mayor February 10, 1903;

On the death of Hon. John Quinn, adopted February 24, 1903, and received from his Honor the Mayor March 19, 1903;

On the death of Hon. John Reilly, adopted March 3, 1903, and received from his Honor the Mayor March 16, 1903;

On the death of Winfield D. Walkley, son of Alderman Webster R. Walkley, adopted March 16, 1903, and received from his Honor the Mayor March 18, 1903.

A warrant in favor of Alexander Malcolm for $50, the same to be payment in full for services rendered in engrossing resolutions on the death of the Hon. Abram S. Hewitt, adopted January 20, 1903, and approved by his Honor the Mayor January 26, 1903.

A warrant in favor of the Greenwood Lake Ice Company, Sherman Wager, proprietor, for the sum of $4.90, the same to be payment in full of bill for ice furnished to the office of the President of the Board of Aldermen from July 9 to September 17, 1902.

And that all said payments hereby authorized be charged to and paid out of the appropriation for "City Contingencies, 1903."

HERBERT PARSONS, JAMES H. McINNES, FREDERICK W. LONGFELLOW, WILLIAM T. JAMES, JOSEPH A. BILL, Committee on Finance.

Which was laid over.

No. 1843—(G. O. 367).

The Committee on Finance, to whom was referred, on March 31, 1903 (Minutes, page 1194), the annexed resolution and ordinance in favor of $3,500 of Corporate Stock for the preparation of the necessary plans and specifications for completing the construction of Gouverneur Hospital, in the Borough of Manhattan, respectfully

REPORT:

That, having examined the subject, they believe the proposed authorization to be proper. The original plans for Gouverneur Hospital provided, as your Committee are informed, for an administration building and two wings for the accommodation of patients. Only one of these wings has been built, thus limiting the capacity of the hospital to four wards. There is but one elevator, and that must serve for patients, visitors, employees and freight. There are no rooms for the male employees, and there is no stable for the horses and ambulances. For these purposes the City rents for $1,200 a year a frame stable in the neighborhood, said to be in very bad repair, in the second story of which are quartered the male employees in surroundings said to be unsanitary. There being no room for the female employees in the hospital itself, the old hospital building was until recently used as a dormitory for them; but, at the request of the Board of Health, this old hospital building is now used as a dispensary for the treatment of trachoma in school children. Instead of being needed for this purpose as a temporary emergency, it is now considered that this trachoma epidemic may last for two or three years. There are on an average 30 operations a day and 4,000 cases treated in a week. In the meantime, the employees of the hospital proper are being quartered in buildings in the neighborhood.

The Board will recollect that Gouverneur Hospital is the new hospital that was opened in 1901, situated at Gouverneur Slip on the East river. It is the only modern fireproof hospital owned by the City. The hospital wards are now crowded, and the dispensary is obliged to treat with inadequate facilities 300 or 400 cases a day of a general medical or surgical nature. The crowded condition makes it necessary to transfer to Bellevue Hospital patients who are really not fit to be moved.

They therefore recommend that the said resolution and ordinance be adopted.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of thirty-five hundred dollars ($3,500) to provide means for the preparation of the necessary plans and specifications for completing the construction of the Gouverneur Hospital, in the Borough of Manhattan.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment March 27, 1903, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding thirty-five hundred dollars ($3,500) to provide means for the preparation of the necessary plans and specifications for completing the construction of the Gouverneur Hospital,

in the Borough of Manhattan, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding thirty-five hundred dollars ($3,500), the proceeds whereof to be applied to the purposes aforesaid."

HERBERT PARSONS, JAMES H. McINNES, FREDERICK W. LONGFELLOW, WILLIAM T. JAMES, JOSEPH A. BILL, Committee on Finance.

Which was laid over.

No. 1832—S. O. 96.

The Committee on Finance, to whom was referred on March 31, 1903 (Minutes, page 1181), the annexed resolution for $250,000 of Special Revenue Bonds for salaries for additional members of the Fire Department, respectfully

REPORT:

That, having examined the subject, they believe that the proposed resolution should be adopted. It is estimated by the Fire Commissioner that the proceeds of this stock, available for the balance of this year, would enable him to increase the Department by 41 Assistant Foremen, at the rate of $1,800 each a year; 32 Engineers, at the rate of $1,600 each a year, and 448 Fourth Grade Firemen, at the rate of $800 a year each. The present force of 2,684 men would thus be increased by 521, and it would add 2 to 3 men to each of the 193 companies. In the estimation of the Fire Commissioner this would take a slightly larger number of men to a fire, and would make it possible to grant regularly to each fireman a full 24-hour leave once in each five days, whereas, by the rules now, he can theoretically only have a 24-hour and a 12-hour leave once in 10 days. This would make a practical leave of six days a month per man, in place of the present theoretical leave of only four and a half days a month.

It does not appear that such a change would at all impair the efficiency of the force. It seems as if it would, on the contrary, increase its efficiency.

They therefore recommend that the said resolution and ordinance be adopted.

Resolved, That upon the recommendation of the Fire Commissioner, transmitted this day to the Board of Aldermen by his Honor the Mayor, the Board of Estimate and Apportionment be and hereby is requested, in pursuance of subdivision 8 of section 188 of the amended Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of two hundred and fifty thousand dollars ($250,000), the proceeds thereof to be applied to the payment of salaries

of additional members of the uniformed force of the Fire Department, pursuant to the said recommendation of said Commissioner.

HERBERT PARSONS, JAMES H. McINNES, FREDERICK W. LONGFELLOW, WILLIAM T. JAMES, JOSEPH A. BILL, Committee on Finance.

On motion of the Vice-Chairman this report was made a special order for the next meeting, at 2 o'clock p. m.

MOTIONS, ORDINANCES AND RESOLUTIONS AGAIN RESUMED.

No. 1939.

Resolved, That the following named persons be and they are hereby appointed Commissioners of Deeds:

By the President—

Charles S. Taber, No. 411 Hillside avenue, Jamaica, Queens.

John A. Brophy, No. 635 Baltic street, Brooklyn.

Edward A. Reilly, No. 942 Kent avenue, Brooklyn.

Gottschalk Cohn, No. 29 East One Hundred and Twenty-fourth street, Manhattan.

Jonas Ehrentreu, No. 260 Seventh street, Manhattan.

By the Vice-Chairman—

W. Maxwell Fincke, No. 868 St. John's place, Brooklyn.

By Alderman Alt—

Oscar M. Hoxie, No. 237 Seventy-seventh street, Brooklyn.

Albert A. Hovell, No. 305 East Seventh street, Brooklyn.

By Alderman Bennett—

William J. Martin, No. 1155 Myrtle avenue, Brooklyn.

Arnold Rosengarden, No. 1173 Broadway, Brooklyn.

By Alderman Brenner—

Joseph F. Russ, No. 242 Vernon avenue, Brooklyn.

William H. De Esterre, No. 236 Meserole street, Brooklyn.

By Alderman Diemer—

Jacob J. Lazarowitz, No. 621 East Eleventh street, Manhattan.

Henry S. Carr, No. 486 Marcy avenue, Brooklyn.

By Alderman Dowling—

James F. Reilly, No. 521 West One Hundred and Twenty-third street, Manhattan.

By Alderman Downing—

William C. Rodger, No. 190 State street, Brooklyn.

Reuben L. Haskell, No. 44 Court street, Brooklyn.

By Alderman Dietz—

Joseph Sobel, No. 1704 Third avenue, Manhattan.

William Carney, No. 1856 Third avenue, Manhattan.

By Alderman Florence—

Millard F. Kuh, No. 320 Broadway, Manhattan.

By Alderman Gass—

Fred Judge, Unionport (Twelfth street), Bronx.

By Alderman Gillies—

William Hurst, No. 11 Boyd street, Stapleton, S. I.

By Alderman Gillen—

Harry Brooks, No. 177 Montague street, Brooklyn.

By Alderman Goodman—

William Haupt, No. 68 William street, Manhattan.

By Alderman Goldwater—

George W. Stripling, No. 563 East One Hundred and Forty-fourth street, Bronx.

W. H. Hayden, No. 1234 Franklin avenue, Bronx.

Frank L. Landsiedel, No. 841 East One Hundred and Thirty-sixth street, Bronx.

By Alderman Haggerty—

John Stich, No. 118 Third avenue, Manhattan.

By Alderman Harnischfeger—

M. A. Curtin, One Hundred and Fifty-ninth street, corner Third avenue, Bronx.

C. F. Schieck, No. 1166 Forest avenue, Bronx.

By Alderman Harburger—

Florence C. Brown, No. 269 Woodycrest avenue, Bronx.

By Alderman Higgins—

William H. Lindsey, No. 63 Bleecker street, Manhattan.

By Alderman Holler—

Charles F. Franklin, No. 755 Driggs avenue, Brooklyn.

Otto G. Foelker, No. 161 Hewes street, Brooklyn.

James Liotta, No. 751 Flushing avenue, Brooklyn.

By Alderman James—

Frank Ryan, No. 34 Locust street, Flushing, Queens; Michael E. Farrell, No. 16 South Prince street, Flushing, Queens.

By Alderman Longfellow—

William F. Huneken, No. 316 East One Hundred and Nineteenth street, Manhattan.

By Alderman Marx—

Jacob H. Denenholz, No. 229 Broadway, Manhattan; Harry M. Marks, World Building, Manhattan.

By Alderman Mathews—

Herbert Goldmark, No. 251 West One Hundred and Fourth street, Manhattan; Wesley S. Van Derkar, No. 533 West One Hundred and Thirty-third street, Manhattan.

By Alderman Meyers—

John C. Wait, No. 42 East One Hundred and Twenty-ninth street, Manhattan.

By Alderman Maloy—

William T. Croak, No. 220 Richmond Terrace, Port Richmond, Richmond.

By Alderman McCarthy—

William H. Wagner, Fresh Pond road and St. James Park, Queens.

By Alderman Richter—

Tusi I. M. Bradley, No. 34 Nassau street, Manhattan; Henry H. Cypher, No. 13 Barclay street, Manhattan; Lilian V. Green, No. 62 Wall street, Manhattan; M. Maxwell Finck, No. 76 William street; Henry F. Miller, No. 44 Pine street, Manhattan.

By Alderman Stewart—

H. C. F. Dohm, No. 88 Winthrop street, Brooklyn.

By Alderman Schappert—

Philip Ries, No. 530 East Eighty-eighth street, Manhattan.

By Alderman Wafer—

Matthew S. Whelan, No. 125 Schermerhorn street, Brooklyn.

By Alderman Ware—

George F. Boehm, No. 130 East Seventy-eighth street, Manhattan.

By Alderman Wentz—

Benedict J. Beck, No. 619 Jefferson avenue, Brooklyn.

Edward S. Wright, No. 433 Bainbridge street, Brooklyn.

Katharine J. Cusack, No. 992 Halsey street, Brooklyn.

By Alderman Willett—

W. O. Rendell, Jamaica avenue, opposite Wyckoff avenue, Queens.

By Alderman Wirth—

Joseph J. Speth, No. 663 East One Hundred and Forty-fifth street, Bronx.

The President put the question whether the Board would agree with said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Behrmann, Bennett, Bill, Brenner, Bridges, Chambers, Culkin, Devlin, Dickinson, Doull, Goodman, Harburger, Holmes, Howland, James, Keely, Kenney, Klett, Leitner, McCarthy, Thomas F. McCaul, Malone, Marks, Mathews, Meyers, Oatman, Owens, Peck, Richter, Schappert, Shea, Stewart, Tebbetts, Twomey, Ware, Wentz, Whitaker, Wirth; President Cromwell, Borough of Richmond; President Cantor, Borough of Manhattan; the Vice-Chairman of the Board of Aldermen, and the President of the Board of Aldermen—43.

ANNOUNCEMENT.

The President at this point announced that the Committee on Laws and Legislation would hold a public hearing on the proposed ordinance providing for the muzzling of dogs, on Friday, April 17, 1903, at 3 o'clock p. m.

No. 1940.

By Alderman Ware—

Resolved, That permission be and the same is hereby given to the Board of Managers of the Presbyterian Hospital of The City of New York to construct and maintain a tunnel or vault, as shown on the accompanying diagram, underneath

that part of East Seventy-first street, between Madison and Park avenues, in the Borough of Manhattan, which is between the Surgical Ward on the south side and the Nurses' Home on the north side, properties owned by the said Board of Managers of the Presbyterian Hospital of The City of New York, the centre line of said tunnel being located on the south side of Seventy-first street, one hundred and seventy feet west of Park avenue, and on the north side of Seventy-first street one hundred and seventy-one feet and two inches west of Park avenue; provided that the said Board of Managers of the Presbyterian Hospital of The City of New York shall pay to The City of New York, as compensation for the privilege, such amount as may be determined as an equivalent by the Commissioners of the Sinking Fund; and provided further that the said Board of Managers of the Presbyterian Hospital of The City of New York shall stipulate with the President of the Borough of Manhattan to save The City of New York harmless from any loss or damage that may be occasioned during the progress or subsequent to the completion of the work of constructing said tunnel; the work to be done and the materials supplied at their own expense, under the direction of the President of the Borough of Manhattan; such permission to continue only during the pleasure of the Board of Aldermen.

Which was adopted.

No. 1941.

By Alderman Peck—

Resolved, That permission be and the same herby is given to Alexander Wilson, the owner of the property, 50 feet in width, on the south side of One Hundred and Seventy-sixth street, 45 feet east of Morris avenue, in the Borough of The Bronx, to construct and maintain a slope or terrace, with a retaining wall not more than 5 feet in height, in front of his said property on One Hundred and Seventy-sixth street, between his said property and the stoop line in front thereof, the work to be done at his own expense under the direction of the President of the Borough of The Bronx, such permission to continue only during the pleasure of the Board of Aldermen.

Which was adopted.

No. 1942.

By the same—

Resolved, That permission be and the same hereby is given to William Russell, the owner of the property on the southeast corner of Morris avenue and One Hundred and Seventy-sixth street, in the Borough of The Bronx, being 125 feet on Morris avenue and 45 feet on One Hundred and Seventy-sixth street, to construct and maintain a slope or terrace, with a retaining wall not more than five feet in

height, in front of his said property on Morris avenue and One Hundred and Seventy-sixth street, between his said property and the stoop line, in front thereof, the work to be done at his own expense, under the direction of the President of the Borough of The Bronx, such permission to continue only during the pleasure of the Board of Aldermen.

Which was adopted.

No. 1943.

By the same—

Resolved, That the Commissioner of Water Supply, Gas and Electricity be and he hereby is authorized, in his discretion, to erect and maintain an iron drinking fountain and watering trough, and to supply water therein, on the east side of Webster avenue, about twenty feet south of the south side of East One Hundred and Seventy-ninth street, in the Borough of The Bronx.

Which was referred to the Committee on Water Supply, Gas and Electricity.

No. 1944.

By Alderman Holmes—

Resolved, That it is hereby recommended to the Commissioner of Water Supply, Gas and Electricity that two lamp-posts be erected and street lamps placed thereon and lighted, in front of the rectory of the Congregation Shearith Israel, No. 99 Central Park West, in the Borough of Manhattan.

Which was adopted.

No. 1945.

By Alderman Howland—

Resolved, That his Honor the Mayor be and he is hereby respectfully requested to return to this Board for further consideration, resolution now in his hands (Int. No. 1872), permitting the United States Post Office Department to affix letter-boxes, by patent attachments, to lamp-posts in the Boroughs of Manhattan and The Bronx.

The President put the question whether the Board would agree with said resolution.

Which was decided in the affirmative.

Subsequently the paper was received from his Honor the Mayor, and is as follows:

No. 1872.

Resolved, That permission be and the same is hereby granted to the United States Post Office Department to attach to lamp posts, in the Boroughs of Manhattan

and The Bronx, patent attachments by which United States letter boxes may be secured to such posts.

Alderman Howland moved a reconsideration of the vote by which the above resolution was adopted.

The President put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

On motion of Alderman Howland, the paper was then ordered on file.

No. 1946—(S. O. No. 97).

By Alderman Gillen—

Resolved, That the name of William street, between Columbia street and Imlay street, in the Borough of Brooklyn, be and the same is hereby changed to and shall hereafter be known and designated as Pioneer street, and the President of the Borough of Brooklyn is hereby authorized and requested to note the same on the maps and records of The City of New York.

Which was made a special order for the next meeting at 2.30 o'clock p. m.

No. 1947.

By Alderman Harnischfeger—

Resolved, That the Commissioner of Water Supply, Gas and Electricity be and he hereby is authorized, in his discretion, to erect and maintain an iron drinking fountain and watering trough, and to supply water therein, on the sidewalk near the curb on the southeast corner of One Hundred and Sixty-seventh street and Washington avenue, in the Borough of The Bronx.

Which was referred to the Committee on Water Supply, Gas and Electricity.

No. 1948.

By Alderman Dietz—

Resolved, That the Commissioner of Water Supply, Gas and Electricity be and he hereby is authorized, in his discretion, to erect and maintain an iron drinking fountain and watering trough, and to supply water therein, on the sidewalk near the curb on the northeast corner of Ninety-eighth street and Fifth avenue, Borough of Manhattan.

The President put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Behrmann, Bennett, Bill, Brenner, Bridges, Chambers, Culkin, Devlin, Dickinson, Diemer, Dietz, Donohue, Doull, Dowling,

Downing, Foley, Gillen, Goldwater, Harburger, Harnischfeger, Holmes, Jones, Keely, Kenney, Klett, Leitner, McCarthy, Thomas F. McCaul, Malone, Marks, Mathews, Owens, Porges, Richter, Schappert, Shea, Tebbetts, Twomey, Wentz, Whitaker; President Cromwell, Borough of Richmond; the Vice-Chairman of the Board of Aldermen, and the President of the Board of Aldermen—45.

No. 1949.

By Alderman Dowling—

Resolved, That the Committee on Streets, Highways and Sewers be and they hereby are discharged from further consideration of the below enumerated ordinances, and that the same be ordered on file, duplicate being now pending before the Board of Aldermen:

No. 1552—Ordinance to lay out and extend Eighty-seventh street, Borough of Brooklyn; page 232, minutes of January 20, 1903.

No. 1554—Ordinance to change grades of Eagle and Oakland streets, Borough of Brooklyn; page 235, minutes of January 20, 1903.

No. 1556—Ordinance to change grades of Delancey, Attorney and Ridge streets, Borough of Manhattan; page 237, minutes of January 20, 1903.

No. 1559—Ordinance to close Van Brunt's lane, Borough of Brooklyn; page 244, minutes of January 20, 1903.

No. 1561—Ordinance to change lines of Silliman place, Borough of Brooklyn; page 247, minutes of January 20, 1903.

Which was adopted.

No. 1950.

By Alderman Bridges—

Resolved, That the ordinance in relation to the discharge of fireworks be and the same is hereby suspended so as to permit of a display, St. Michael's Society, in the Forty-sixth Aldermanic District, on May 8, 1903, the work to be done at its own expense under the direction of the Chief of Police; such suspension to continue only for the date above named.

Which was received and ordered on file.

No. 1951.

By Alderman Alt—

Resolved, That the roadway of Gates avenue, between Bushwick and Myrtle avenues, in the Borough of Brooklyn, be widened by taking one foot from the sidewalk

on each side of said avenue, said widening to be effected when the said avenue is repaved.

Which was referred to the Committee on Streets, Highways and Sewers.

Alderman Doull moved that the following papers, which were laid upon the table, be taken from the table and ordered on file:

No. 66.

Being a report of the Committee on Public Printing in the matter of requiring a union label on all printed and lithographed City matters.

No. 547.

Being a request to the Commissioner of Street Cleaning to abandon the parade of the uniformed employees.

No. 626.

Being a request to the Superintendent of Buildings to appear before the Board of Aldermen and explain alleged violation of the Building Code in the construction of the Hotel St. Regis.

Which motion was adopted.

Alderman Harburger moved that the Board do now adjourn.

The President put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

And the President declared that the Board stood adjourned until Tuesday, April 21, 1903, at 1 o'clock p. m.

P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen.

THE BOARD OF ALDERMEN

OF THE CITY OF NEW YORK

STATED MEETING.

Tuesday, April 21, 1903, 1 o'clock p. m.

The Board met in the Aldermanic Chamber, City Hall.

Present:

Hon. Charles V. Fornes, President of the Board of Aldermen.

Aldermen:

James H. McInnes, Vice-Chairman;
Charles Alt,
Thomas F. Baldwin,
John H. Behrmann,
Frank Bennett,
Joseph A. Bill,
Frederick Brenner,
John J. Bridges,
Patrick Chambers,
John V. Coggey,
Charles W. Culkin,
James J. Devlin,
William Dickinson,
John Diemer,
John J. Dietz,
Reginald S. Doull,
Frank L. Dowling,

Franklin B. Ware,
William Wentz,
William J. Whitaker,
John Wirth.

George Cromwell, President, Borough of Richmond.

Joseph Cassidy, President, Borough of Queens.

Jacob A. Cantor, President, Borough of Manhattan.

The Clerk proceeded to read the minutes of the stated meeting of April 14, 1903.

On motion of Alderman Marks, further reading was dispensed with, and the minutes were approved as printed.

ANNOUNCEMENT.

At this point the President announced that he had received a communication from President Haffen of the Borough of The Bronx, regretting his inability to attend the meeting, and reciting that if he were present he would vote in favor of the application of the Union Railway Company to lay tracks across Macomb's Dam Bridge; also in favor of an appropriation of $5,000 for a bridge over the Harlem river at One Hundred and Eighty-ninth street.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the Supervisor of the City Record:

No. 1952.

Office of the City Record,
No. 2 City Hall, New York,
April 20, 1903.

The Honorable the Board of Aldermen, New York City:

Gentlemen—At a meeting of the Board of City Record held on March 10 the following resolution was unanimously adopted:

Resolved, That this Board recommend to the Board of Estimate and Apportionment, for recommendation to the Board of Aldermen, that the salaries of Examiners in the office of the City Record shall hereafter be one Examiner at $1,500 per annum, one at $1,200 per annum, and one $900 per annum, instead of the salaries now prevailing, which are one at $1,200 and two at $900 per annum.

In submitting to you this resolution of the Board and recommending its approval, I wish to make the following statement:

Prior to last year it was not customary to keep in the office of the City Record any record whatever of the orders that were in process of work. The departments, when in a hurry for special blanks or books, would call up the limited number of printers doing work for the City and so ascertain for themselves when the work would be delivered. The increased needs of the different departments, however, as

well as the larger number of contractors now working for the City through this office, makes it necessary for us to keep track in this office of every order that we give out, and it is only proper business management that this should be done. In order to do this, I have instituted a system which I can best explain to you by submitting for your attention a sample of the cards in use. The person who has charge of these cards and who follows up the work from its receipt in the office until its delivery to the Department, and does it properly, must devote himself to the task regardless of the usual hours set for City employees, and will be kept constantly engaged in attending to this, as well as taking charge of all matters incidental to the same. The person who is competent to do the work that is required in connection with this well earns $1,500 a year, and I cannot hope to have it done properly for less than that. Properly done, this will tend to lessen delays in the delivery of work, and will materially increase the efficiency of the service of the office.

I had planned this system last fall, and in making my budget for the year referred to the increased expense the system would involve, and the budget was approved as I had submitted it. Hence there are the funds to our credit for meeting this increased expense. May I trust, therefore, that in your wisdom you will approve of the resolution?

Respectfully yours,

PHILIP COWEN, Supervisor City Record.

Which was referred to the Committee on Salaries and Offices.

The President laid before the Board the following communication from the Board of Estimate and Apportionment:

No. 1953.

Department of Finance—City of New York,
April 1, 1903.

Hon. P. J. SCULLY, City Clerk:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment March 27, 1903, approving of and concurring in the resolution of the Board of Aldermen adopted March 16, 1903, and approved by the Mayor March 23, 1903, in relation to the expenditure of $20,000 for the proper celebration of the 250th anniversary of the establishment of the Municipal Government in The City of New York, and authorizing the Comptroller to issue Special Revenue Bonds of The City of New York to the amount of $20,000, redeemable from the tax levy of the year succeeding the year of their issue.

Very truly yours,

J. W. STEVENSON, Comptroller.

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen adopted March 16, 1903, and approved by the Mayor March 23, 1903, in relation to the expenditure of twenty thousand dollars for the proper celebration of the two hundred and fiftieth anniversary of the establishment of the Municipal Government in The City of New York, and that pursuant to the provisions of subdivision 6, section 188 of the Greater New York Charter, the Board of Estimate and Apportionment hereby authorizes the Comptroller to issue Special Revenue Bonds of The City of New York to the amount of twenty thousand dollars ($20,000), redeemable from the tax levy of the year succeeding the year of their issue.

A true copy of resolution adopted by the Board of Estimate and Apportionment, March 27, 1903.

J. W. STEVENSON, Secretary.

Which was ordered on file.

The President laid before the Board the following communication from the Department of Parks, Boroughs of Brooklyn and Queens:

No. 1954.

The City of New York, Department of Parks,
Boroughs of Brooklyn and Queens,
Litchfield Mansion, Prospect Park,
Borough of Brooklyn, April 20, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen, New York:

My Dear Sir—You have doubtless seen the published reports of the great injury done to the bulkhead, wall and park at Coney Island.

It is a great pleasure to inform you that owing to the action of your Board in authorizing the construction of the bulkhead without public letting, the work was so far advanced as to make the bulkhead a most effectual breakwater, which stood the most terrific storm in thirty years in an admirable manner, and you will be gratified to know that neither the bulkhead, the granite wall, the concourse or the park are seriously injured. Fifty dollars would repair all the damage that has been done.

I am impelled by gratitude to write you the result of the action of your Board, and your kindness to me as the head of this Department.

Yours very truly,

RICHARD YOUNG, Commissioner.

Which was ordered on file.

The President laid before the Board the following communication from the Municipal Art Commission:

No. 1955.

Art Commission of The City of New York,
City Hall, New York City, April 20, 1903.

To the Board of Aldermen, Hon. CHARLES V. FORNES, President:

Gentlemen—Answering the communication of the Board of Aldermen of March 31, the Art Commission instructs me to advise you that it has transmitted to the Board of Estimate and Apportionment, with its approval, your suggestion that the granting of the Dongan Charter by Governor Thomas Dongan would be an appropriate subject for commemoration, by mural painting, in the new Hall of Records. I am,

Very respectfully,

MILO R. MALTBIE, Assistant Secretary.

Which was ordered on file.

The President laid before the Board the following communication from the New York State Medical Association:

No. 1956.

The New York State Medical Association, New York County,
No. 234 West One Hundred and Thirty-fifth Street,
New York, April 21, 1903.

To the Honorable Board of Aldermen, New York City:

Gentlemen—At a well-attended regular meeting, on April 20, 1903, the New York County Medical Association, a body representing upward of eight hundred members of the medical profession in this City, unanimously passed the following resolution:

Whereas, Rabies among dogs has been prevalent in this City during the past year; and

Whereas, Statistics show conclusively that the muzzling of dogs will eradicate the disease, as has been proven in Prussia, Sweden, Great Britain, Holland and Vienna; be it

Resolved, That the New York County Medical Association petition the Honorable Board of Aldermen of this City to pass a law requiring all dogs to be muzzled while abroad in public in this City.

Respectfully,

OGDEN C. LUDLOW, Secretary.

Which was referred to the Committee on Laws and Legislation.

The President laid before the Board the following communication from the Board of Rapid Transit Railroad Commissioners:

No. 1957.

Board of Rapid Transit Railroad Commissioners,
No. 320 Broadway, New York,
April 16, 1903.

To the Honorable the Board of Aldermen of The City of New York:

The Board of Rapid Transit Railroad Commissioners of The City of New York heretofore and on or about the 4th day of February, 1897, submitted to the Common Council of The City of New York, as then constituted, a report with respect to the proposed rapid transit railroad in the said City.

Since the said report was made the Routes and General Plan for a rapid transit railroad, therein mentioned, have been duly approved by the local authorities of The City of New York and by the Appellate Division of the Supreme Court for the First Judicial Department; and on the 21st day of February, 1900, a contract for the construction and operation of said rapid transit railroad was duly made with John B. McDonald, contractor. by The City of New York, acting by the said Board. The said contractor is now engaged in the construction of the said railroad pursuant to the terms of said contract. Along that portion of the route under Park avenue the tunnel has been constructed, and, as was believed, in conformity with the said Routes and General Plan, in two sections, a westerly tunnel section and an easterly tunnel section, each tunnel section containing two tracks.

The said Board, having made the inquiries and investigation necessary or proper in the premises, has determined, in order that the validity of the present construction of the tunnel under Park avenue may be established beyond any question, that a modification and amendment of the said Routes and General Plan is necessary for the interests of the public and of The City of New York, and has determined and established, subject to the consents and approvals necessary to be first obtained, the said Routes and General Plan as so modified and amended by resolution of April 16, 1903. A copy of the said resolution is hereto annexed.

The easterly tunnel section under Park avenue, described in the modification and amendment to such Routes and General Plan, is now substantially complete. Its construction was begun along the present site late in the year 1900, and with but slight interruption it was continued until its substantial completion in February, 1903. The excavation and the mason work, walls and roof are finished, and the only remaining work necessary to fit such easterly tunnel section for its final uses consists of the preparation of the roadbed and the laying of the rails. The City has already expended upwards of six hundred thousand dollars ($600,000) in the construction of this easterly tunnel section. It has been the belief of this Board and of its Chief Engineer, and also of the Rapid Transit Contractor and his Chief Engineer, and it is their

present claim and position that the present site of such easterly tunnel section is within the scope of the text as well as of the general intention of the Routes and General Plan of the Manhattan-Bronx Railroad as they were submitted to and approved by your Honorable Body or its predecessor in March, 1897. It was and is the view of this Board that the requirement of connections with the tracks and facilities of the Grand Central Station and the practical impossibility of permitting grade crossings in carrying out such requirement made necessary, and therefore justified, within the scope of the Routes and General Plan, the placing of the easterly tunnel section far enough to the east to permit the ultimate construction in Park avenue of three additional tracks between the present easterly tunnel section and the present westerly tunnel section, such three additional tracks to be carried underneath the two tracks contained in the present easterly tunnel section as they curve westerly from Park avenue into Forty-second street. But this view of the Rapid Transit Board was attacked in several law suits brought by property owners on the east side of Park avenue, who sought injunctions to restrain the construction or use of the easterly tunnel section. The Rapid Transit Board and the City have thus far been successful in such litigations, but Mr. Justice Giegerich and Mr. Justice Leventritt of the Supreme Court of this State and Judge Lacombe of the United States Circuit Court have expressed the opinion that such easterly tunnel section is not within the authority of the original Routes and General Plan. In the view of the Board and its counsel, these judicial expressions are not technically binding, but they represent the view of distinguished judges, and the Rapid Transit Board feels bound, and trusts that your Honorable Body will feel bound, to defer to such expression. This Board has promised the Supreme Court that it would take this proceeding for the validation beyond doubt of the site of such easterly tunnel section; and it therefore submits the matter to your Honorable Board. It is proper to point out that, if the site of the easterly tunnel section should not be thus validated, and if any court should hereafter hold that it cannot be used for rapid transit purposes, several most unfortunate results would follow: In the first place the City might lose its very large investment in construction of such easterly tunnel section. In the second place the City might incur a large expense in the construction of another easterly tunnel section. In the third place the operation of the rapid transit road would be delayed to a certainty for a period as great as one year, and, perhaps, for a much longer period.

The said resolution of April 16, 1903, and the modification and amendment of the Routes and General Plan therein contained, are now submitted to your Honorable Body for approval.

In witness whereof, this Board has caused its seal to be hereto affixed and these presents to be witnessed by its President and Secretary, this 17th day of April, 1903.

A. E. ORR, President.

BION L. BURROWS, Secretary.

Resolution of April 16, 1903.

Whereas, This Board did, on the 14th day of January, 1897, and the 4th day of February, 1897, adopt certain Routes and General Plan for a rapid transit railroad in The City of New York; and

Whereas, The said Routes and General Plan were afterwards duly approved by the municipal authorities of The City of New York, and were duly consented to by Commissioners appointed by the Appellate Division of the Supreme Court, which consent was duly confirmed by the said Appellate Division, in lieu of the consent of the owners of a majority in value of the property along the said routes; and

Whereas, Thereafter and on or about the 21st day of February, 1900, The City of New York did by this Board enter into a certain contract with John B. McDonald for the construction and operation of the said rapid transit railroad; and

Whereas, The said rapid transit railroad has been actually constructed with the tunnel under Park avenue, between the northerly line of Thirty-third street and the southerly line of Forty-second street, divided into an easterly tunnel section and a westerly tunnel section situated and built in the manner hereinafter set forth; and

Whereas, This Board has believed that such actual construction conformed with the said Routes and General Plan and has intended that it should so conform; and

Whereas, The excavation and the masonry work of the said easterly tunnel section have been completed and the preparation of the roadbed and the laying of the rails are the only work remaining to fit such easterly tunnel section for its final uses; and

Whereas, Certain property owners along Park avenue have questioned the validity of the location and construction of the said easterly tunnel section; now therefore it is

Resolved, That, subject to the consents and approvals to be first obtained, as in this resolution hereinafter mentioned, the said Routes and General Plan heretofore adopted by this Board be and they hereby are modified and amended by adding thereto the words following:

The foregoing Routes and General Plans, anything therein contained to the contrary notwithstanding, shall be deemed to provide for construction and operation of the said railroad along the portion of the route thereof under Park avenue, between Thirty-third street and Forty-second street, in manner following, to wit:

On the portion of the said route under Park avenue, between Thirty-third street and Forty-second street, the tunnel shall be constructed in two tunnel sections, a westerly tunnel section to contain the two westerly tracks, and an easterly tunnel section to contain the two easterly tracks; and such easterly tunnel section shall be constructed, maintained and operated in the same location as the easterly tunnel section, which was, prior to the first day of April, 1903, actually constructed under Park avenue, and was on that date located thereunder, that is to say, in

manner substantially as follows: The said easterly tunnel section shall begin at the tunnel of the said railroad under Park avenue, containing four tracks, and as it exists without subdivision at a line drawn parallel with the centre line of Thirty-third street and one hundred (100) feet northerly therefrom, and shall be twenty-five (25) feet in width between the interior or finished surfaces of the walls of the said easterly tunnel section; and the centre line of the said easterly tunnel section shall run northerly from the said line parallel with and one hundred (100) feet northerly from the centre line of Thirty-third street, the said centre line of the said tunnel section coinciding at its beginning with the line midway between the easterly two of the said four tracks, and diverging therefrom at an acute angle therewith, so as to be distant easterly from the centre line of the said avenue twenty-one and eight one-hundredths (21.08) feet or thereabouts at the centre line of Thirty-fourth street, and thence further diverging from the said centre line so as to be distant forty-seven and five-tenths (47.5) feet or thereabouts easterly from the centre line of the said avenue, at the centre line of Thirty-seventh street; thence running substantially parallel with the centre line of the said avenue to the centre line of Fortieth street; thence curving to the west so as to bring it thirty-nine and ninety-six one-hundredths (39.96) feet or thereabouts easterly from the centre line of the said avenue at the centre line of Forty-first street, and still curving to the west and intersecting the centre line of the said avenue at a point one hundred and twenty-nine (129) feet or thereabouts north of the centre line of Forty-first street, and thence running to and merging in the line midway between the two easterly tracks in the tunnel of the said railroad under Park avenue and Forty-second street, containing four tracks, but no part of the said easterly tunnel section to approach nearer to the easterly line of said avenue than six (6) feet.

The said location of the said easterly tunnel section is shown substantially upon the map or diagram hereto annexed. The right to construct, maintain and operate such easterly tunnel section as set forth in this amendment to the Routes and General Plan, shall be deemed to be in addition to and in no way to prejudice the rights originally accorded or provided by the said Routes and General Plan hereby modified and amended.

Resolved, That, whereas this Board has duly made the inquiries and investigations necessary or proper in the premises, and has determined that the modification and amendment aforesaid of the said Routes and General Plan is necessary for the interests of the public and of The City of New York and should be established as herein provided, this Board does hereby determine and establish the said modification and amendment subject to the consents and approvals to be first obtained as hereinafter mentioned; and it is further

Resolved, That the said modification and amendment of the Routes and General

Plan shall take effect only upon and after the following consents thereto and approvals thereof shall be duly had, to wit:

I. The consent of the Board of Aldermen of The City of New York.

II. The consent of the Mayor of the City of New York.

III. The consent of the owners of a majority in value of the property along Park avenue, between a line drawn parallel to the centre line of Thirty-third street and distant one hundred (100) feet northerly therefrom and a line drawn parallel to the centre line of Forty-first street and distant one hundred and twenty-five (125) feet northerly therefrom, or if such consents cannot be obtained, then in lieu thereof the determination of three Commissioners to be appointed by the Appellate Division of the Supreme Court, duly confirmed by the said Appellate Division.

A true copy.

BION L. BURROWS, Secretary.

Which was referred to the Committee on Railroads.

In connection therewith Alderman Diemer offered the following:

No. 1958.

Whereas, The Board of Rapid Transit Railroad Commissioners for The City of New York, constituted pursuant to the provisions of chapter 4 of the Laws of 1891 and the acts amendatory thereof, has duly determined that a modification and amendment of the routes and general plan of the rapid transit railroad now under construction is necessary for the public interests and The City of New York, and has determined and established a modification and amendment of the routes and general plan of construction of the system of rapid transit railway now in course of construction for the conveyance and transportation of persons and property under and along Park avenue, in the Borough of Manhattan, and has thereupon transmitted to the Board of Aldermen of The City of New York a copy of such modification and amendment of such plans and conclusions as adopted, which plans and conclusions, with the said modification and amendment thus adopted, were received by the said the Board of Aldermen on the 21st day of April, 1903, at 1 o'clock p. m.; now, therefore,

Resolved, That the said Board of Aldermen, pursuant to law, does hereby appoint the 29th day of April, 1903, at 2 o'clock in the afternoon, being a day not less than one week and not more than ten days after the receipt of said plans and conclusions, for the consideration thereof, and this Board of Aldermen shall, on the said 29th day of April, 1903, proceed with the consideration thereof.

Which was adopted.

The President laid before the Board the following communication from the Board of Estimate and Apportionment transmitting ordinance

No. 1959.

Board of Estimate and Apportionment, The City of New York,
Office of Assistant Secretary, Room 7, City Hall,
New York, April 21, 1903.

The Honorable Board of Aldermen of The City of New York:

Sirs—I enclose herewith for the action of your Honorable Body a form of ordinance approving a resolution adopted by this Board on the 17th day of April, 1903, providing for a street layout in the vicinity of the new ferry terminal at St. George, in the Borough of Richmond.

This proposed layout was suggested by the Local Board of the borough and has received the approval of the Chief Engineer of this Board.

Respectfully,

JOHN H. MOONEY, Assistant Secretary.

AN ORDINANCE.

Be It Ordained, By the Board of Aldermen of The City of New York, as follows:

That, in pursuance of section 442 of the Greater New York Charter, the following resolution of the Board of Estimate and Apportionment adopted by that Board on the 17th day of April, 1903, be and the same hereby is approved, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest to alter the map or plan of The City of New York by changing the lines and grades of existing streets and laying out new streets in the vicinity of the proposed approach to the Ferry Terminal at St. George in the Borough of Richmond, City of New York, does hereby favor and approve of the same, so as to change the lines and grades and lay out the aforesaid streets as follows:

PARCEL A.

Beginning at the intersection of the northerly line of Hannah street with the easterly line of Griffin street; running thence northerly along the last mentioned line 576.48 feet to the southerly line of Arrietta street; thence easterly along the southerly line of Arrietta street and deflecting 105 degrees 36 minutes 42 seconds to the right 183.35 feet; thence southerly and deflecting 107 degrees 36 minutes 39 seconds to the right 263,90 feet to a line parallel to and distant 130 feet easterly from the westerly line of Griffin street; thence still southerly along the last mentioned parallel line

and deflecting 33 degrees 13 minutes 21 seconds to the left 306.52 feet to the northerly line of Hannah street; thence westerly along the northerly line of Hannah street and deflecting 90 degrees 14 minutes 49 seconds to the right 32.00 feet to the point or place of beginning.

PARCEL B.

Beginning at the intersection of the westerly line of Sarah Ann street with the southerly line of Richmond turnpike as they now exist; running thence southerly along Sarah Ann street 4.18 feet to an arc of 310 feet radius tangent to the southerly line of Richmond turnpike at a point distant 19.05 feet westerly from the intersection of the southerly line of Richmond turnpike with the easterly line of Sarah Ann street; thence westerly along said arc 50 degrees 50 minutes 40 seconds 275.10 feet to the southerly line of Richmond turnpike; thence easterly along the last mentioned line as it now exists 290 feet, more or less, to the point or place of beginning.

PARCEL C.

Beginning at the intersection of the westerly line of Montgomery avenue with the northerly line of Richmond turnpike; thence westerly along the northerly line of Richmond turnpike 96.20 feet to an angle; thence still westerly along the last mentioned line and deflecting 7 degrees 42 minutes 40 seconds to the left 41.66 feet to the northerly line of First avenue; thence easterly along the easterly prolongation of the southerly line of First avenue and deflecting 150 degrees 40 minutes 34 seconds to the right 113.12 feet to the westerly line of Montgomery avenue; thence southerly along the westerly line of Montgomery avenue 78.34 feet to the point or place of beginning.

PARCEL D.

Beginning at a point on the easterly line of Montgomery avenue 32.31 feet northerly from its intersection with the northerly line of Richmond turnpike; running thence northerly along the easterly line of Montgomery avenue 60 feet; thence easterly along and deflecting 90 degrees to the right 170 feet to the westerly line of Tompkins avenue; thence southerly along the last mentioned line and deflecting 90 degrees to the right 60 feet; thence westerly and deflecting 90 degrees to the right 170 feet to the point or place of beginning.

PARCEL E.

Beginning at a point on the easterly line of Tompkins avenue distant 175.02 feet northerly from its intersection with the northerly line of Arrietta street; running thence northerly along the easterly line of Tompkins avenue 60 feet; thence easterly and deflecting 90 degrees to the right 200 feet to the westerly line of Central avenue;

thence southerly along the last mentioned line and deflecting 90 degrees to the right 60 feet; thence westerly and deflecting 90 degrees to the right 200 feet to the point or place of beginning.

PARCEL F.

Beginning at the intersection of the northerly line of Arrietta street with the easterly line of Central avenue; running thence northerly along the last mentioned line 282.35 feet; thence easterly deflecting 90 degrees to the right 49.82 feet; thence northerly deflecting 67 degrees 59 minutes 12 seconds to the left 325.14 feet to the southerly line of Weiner place; thence easterly along the last mentioned line and deflecting 68 degrees 12 minutes 43 seconds to the right 77.70 feet to the easterly line of Stuyvesant place; thence northerly along the last mentioned line and deflecting 90 degrees 11 minutes .00 seconds to the left 421.43 feet; thence westerly and deflecting 93 degrees 26 minutes .06 seconds to the left 25.05 feet to the centre line of Stuyvesant place; thence northerly and along the last mentioned line and deflecting 93 degrees 26 minutes and .06 seconds to the right 452.57 feet to the centre line of South street; thence easterly along the last mentioned line and deflecting 90 degrees 43 minutes .03 seconds to the right 588.62 feet; thence southwesterly along an arc tangent to the southerly line of South street of 150 feet radius through an arc of 38 degrees 44 minutes 22 seconds 101.42 feet to the southerly line of south street; thence westerly along the last mentioned line 109.84 feet; thence to the left along a tangent arc of 305.65 feet radius through an arc of 90 degrees 43 minutes .03 seconds 483.93 feet to a tangent line parallel to and distant 100 feet easterly from the westerly line of Stuyvesant place; thence southerly along the last mentioned line 479.55 feet; thence still southerly and deflecting 21 degrees 58 minutes 17 seconds to the right 690.55 feet to the northerly line of Arrietta street; thence westerly and along the last mentioned line and deflecting 78 degrees .07 minutes 23 seconds to the right 41.24 feet to the point or place of beginning.

PARCEL G.

Beginning at the intersection of the westerly prolongation of the southerly line of South street with the westerlv line of Stuyvesant place; running thence northerly along the westerly line of Stuyvesant place 11.63 feet to an angle; thence still northerly along the westerly line of Stuyvesant place and deflecting 19 degrees 37 minutes .06 seconds to the left 113.13 feet to the southerly line of Hyatt street; thence westerly along the southerly line of Hyatt street and deflecting 90 degrees to the left 172.01 feet to the easterly line of Central avenue; thence easterly perpendicular to Central avenue and deflecting 160 degrees 22 minutes 54 seconds to the left 100 feet; thence southeasterly and deflecting 31 degrees .08 minutes 58 seconds to the right 116.85 feet to the point or place of beginning.

PARCEL H.

Beginning at the point of intersection of the northerly line of South street and the easterly line of Jay street; running thence northerly along the easterly line of Jay street 1,723.94 feet to the northerly line of Richmond terrace; thence easterly along the easterly prolongation of the northerly line of Richmond terrace and deflecting 147 degrees 32 minutes 46 seconds to the right 93.18 feet; thence southerly parallel to and distant 100 feet easterly from the westerly line of Jay street and deflecting 32 degrees 27 minutes 14 seconds to the right 1,558.01 feet; thence along a tangent arc 100 feet radius 69 degrees 39 minutes 51 seconds 121.59 feet to a point on a line parallel to and distant 100 feet northerly from the southerly line of South street; thence easterly along last mentioned line 98.16 feet; thence along a tangent arc of 50 feet radius 47 degrees 59 minutes 58 seconds 41.89 feet; thence northerly on a tangent 261.36 feet to the westerly line of proposed marginal street, wharf or place to be acquired as per resolution of Commissioners of the Sinking Fund of The City of New York, adopted November 5, 1902; thence southerly deflecting 130 degrees .09 minutes 51 seconds to the right 110.24 feet; thence still southerly along last mentioned lands and deflecting 45 degrees 49 minutes 24 seconds to the right 172.00 feet to the northerly line of South street; thence westerly along the westerly line of South street deflecting 52 degrees .00 minutes 43 seconds to the right 329.67 feet to the point or place of beginning.

PARCEL I.

Beginning at the intersection of a line parallel to and distant 100 feet southerly from the northerly line of Richmond terrace and the westerly line of Jay street; running thence northerly along the last mentioned line 102.74 feet to the southerly line of Richmond terrace; thence westerly along the last mentioned line and deflecting 32 degrees 57 minutes 18 seconds to the left 64.68 feet to an angle; thence still westerly along the last mentioned line and deflecting 23 degrees .04 minutes 57 seconds to the left 19.27 feet to an angle; thence still westerly along the last mentioned line and deflecting 24 degrees 13 minutes 34 seconds to the left 16.23 feet to the easterly line of Stuyvesant place; thence southerly along the last mentioned line and deflecting 90 degrees 45 minutes .05 seconds to the left 52.64 feet to the line parallel to and distant 100 feet southerly from the northerly line of Richmond terrace; thence southeasterly along said parallel line and deflecting 41 degrees 26 minutes 20 seconds to the left 140.48 feet to the point or place of beginning.

Which was referred to the Committee on Streets, Highways and Sewers.

ANNOUNCEMENT.

At this point the President announced that the Committee on Bridges and Tunnels would hold a public hearing in the Aldermanic Chamber, City Hall, Manhattan, on Friday, April 24, 1903, at 2 o'clock p. m., on the following matters:

Approach to Manhattan Bridge, Brooklyn side, and widening of Flatbush avenue.

Approach to the Ninth Street Bridge, Brooklyn; and

Approach to the Union Street Bridge, Brooklyn.

REPORTS OF STANDING COMMITTEES.

Reports of Committee on Salaries and Offices—

No. 1930—(G. O. No. 368).

The Committee on Salaries and Offices to whom was referred the annexed resolution in favor of fixing salary of Inspector of Sewers, Borough of The Bronx (page 94, Minutes of April 14, 1903), respectfully

REPORT:

That, having examined the subject, they therefore recommend that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment, at a meeting held April 7, 1903, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the position of Inspector of Sewers, Borough of The Bronx, be fixed at the rate of thirteen hundred and fifty dollars ($1,350) per annum,"

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the position of Inspector of Sewers, Borough of The Bronx, at the rate of thirteen hundred and fifty dollars ($1,350) per annum.

ROBERT F. DOWNING, JOHN D. GILLIES, WILLIAM D. PECK, JOHN H. DONOHUE, SAMUEL H. JONES, Committee on Salaries and Offices.

Which was laid over.

No. 1932 (G. O. No. 369).

The Committee on Salaries and Offices, to whom was referred the annexed resolution in favor of fixing salary of Janitor of the Training Department of Normal College (page 96, minutes of April 14, 1903), respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment, at a meeting held April 7, 1903, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the position of Janitor of the Training Department of the Normal College be fixed at the rate of nineteen hundred dollars ($1,900) per annum."

Resolved, That the Board of Aldermen hereby concurs in the above resolution and fixes the salary of the position of Janitor of the Training Department of the Normal College at the rate of nineteen hundred dollars per annum.

ROBERT F. DOWNING, JOHN D. GILLIES, WILLIAM D. PECK, JOHN H. DONOHUE, SAMUEL H. JONES, Committee on Salaries and Offices.

Which was laid over.

No. 1884—(G. O. No. 370).

The Committee on Salaries and Offices, to whom was referred on March 31, 1903 (Minutes, page 1265), the annexed resolution in favor of fixing salary of Topographical Draughtsman in office of Board of Estimate and Apportionment, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment at a meeting held March 27, 1903, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of a Topographical Draughtsman in the office of the Board of Estimate and Apportionment be fixed at the rate of thirteen hundred and fifty dollars ($1,350) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of a Topographical Draughtsman in the office of the Board of Estimate and Apportionment at the rate of thirteen hundred and fifty dollars ($1,350) per annum.

ROBERT F. DOWNING, JOHN D. GILLIES, WILLIAM D. PECK, SAMUEL H. JONES, JOHN H. DONOHUE, Committee on Salaries and Offices.

Which was laid over.

No. 1883.

The Committee on Salaries and Offices to whom was referred on March 31, 1903 (Minutes, page 1265), the annexed resolution in favor of fixing salary of Stenographer to the President of the Borough of Queens, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment at meeting held March 27, 1903:

"Resolved, That, subject to the concurrence and approval of the Board of Aldermen, the Board of Estimate and Apportionment hereby ratifies and confirms the action of the President of the Borough of Queens, taken and dated October 23, 1902, in fixing the salary of the Stenographer to the President of said Borough at fifteen hundred dollars ($1,500) per annum from said date."

ROBERT F. DOWNING, JOHN D. GILLIES, WILLIAM D. PECK, SAMUEL H. JONES, JOHN H. DONOHUE, Committee on Salaries and Offices.

President Cassidy asked and obtained immediate consideration for this report.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Bennett, Bill, Bridges, Coggey, Culkin, Devlin, Doull, Dowling, Downing, Florence, Gass, Gillies, Goldwater, Haggerty, Harburger, Higgins, Holmes, Howland, James, Jones, Kenney, Lundy, Thomas F. McCaul, Malone, Marks, Mathews, Meyers, Nehrbauer, Oatman, Owens, Parsons, Peck, Porges, Richter, Schappert, Shea, Sullivan, Twomey, Walkley, Ware, Whitaker; President Cromwell, Borough of Richmond; President Cassidy, Borough of Queens; the Vice-Chairman of the Board of Aldermen, and the President of the Board of Aldermen—46.

No. 1905—(G. O. No. 371).

The Committee on Salaries and Offices, to whom was referred on April 7, 1903 (Minutes, page 27), the annexed resolution in favor of fixing salaries of the several grades in the Schedules "B" and "D" of the Civil Service, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be placed on file.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment April 3, 1903:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with section 56 of the Charter, that in all cases where salaries have not heretofore been specifically fixed for the several grades of Schedules B and D, as established by Rule 37 of the Municipal Civil Service rules and classification, said salaries be now so fixed for all such positions in all the offices and departments of The City of New York and of the Counties within said City."

ROBERT F. DOWNING, JOHN D. GILLIES, JOHN H. DONOHUE, SAMUEL H. JONES, JOHN J. HAGGERTY, Committee on Salaries and Offices.

Which was laid over.

No. 1740—(G. O. No. 372).

The Committee on Salaries and Offices, to whom was referred the annexed resolution in favor of increasing salary of James Cooney, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

The Committee on Finance, to whom was referred on March 3, 1903 (Minutes, page 770), the annexed resolution to provide for an increase in the salary of James Cooney, and requesting the Committee on Salaries and Offices to appear before the Board of Estimate and Apportionment and urge the same, respectfully

REPORT:

That, inasmuch as this seems to have been improperly referred to this Committee, they ask to be discharged from further consideration of the same and that the same be referred to the Committee on Salaries and Offices.

HERBERT PARSONS, FREDERICK W. LONGFELLOW, JOSEPH A. BILL, JAMES H. McINNES, WILLIAM T. JAMES, TIMOTHY P. SULLIVAN, Committee on Finance.

Resolved, That in order to equalize the salaries of clerks of the same grade attached to the Board of Aldermen and the City Clerk's Office, the Board of Estimate and Apportionment be and it hereby is requested to fix the salary of James Cooney at the rate of $1,350, and that the Committee on Salaries and Offices of this Board be and it hereby is requested to appear before the Board of Estimate and Apportionment and urge its accession to this measure of justice.

ROBERT F. DOWNING, SAMUEL H. JONES, JOHN H. DONOHUE, JOHN D. GILLIES, PATRICK H. MALONE, Committee on Salaries.

Which was laid over.

No. 1931—(G. O. No. 373).

The Committee on Salaries and Offices to whom was referred the annexed resolution in favor of fixing salary of Transitman in the Department of Water Supply, Gas and Electricity (page 95, Minutes of April 14, 1903), respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Department of Finance, City of New York,
April 9, 1903.

HON. CHARLES V. FORNES, President, Board of Aldermen:

Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment at meeting held April 7, 1903, fixing the salary of the position of Transitman in the Department of Water Supply, Gas and Electricity at $1,350 per annum, together with a copy of a communication from the Commissioner of the Department of Water Supply, Gas and Electricity relative thereto.

I also send you form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Respectfully,

JAS. W. STEVENSON, Deputy Comptroller.

Whereas, The Board of Estimate and Apportionment, at a meeting held April 7, 1903, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the position of Transitman in the Department of Water Supply, Gas and Electricity be fixed at the rate of thirteen hundred and fifty dollars ($1,350) per annum,"

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the position of Transitman in the Department of Water Supply, Gas and Electricity at the rate of thirteen hundred and fifty dollars ($1,350) per annum.

Which was laid over.

Report of Committee on Streets, Highways and Sewers—

No. 1927.

The Committee on Streets, Highways and Sewers to whom was referred the

annexed (page 91, Minutes of April 14, 1903) ordinance in favor of reducing the width of Parsons avenue, Borough of Queens, respectfully

REPORT:

That, having examined the subject, they believe the proposed improvement to be necessary.

They therefore recommend that the said ordinance be adopted.

Board of Estimate and Apportionment, The City of New York,
Office of Assistant Secretary, Room 7, City Hall,
New York, April 11, 1903.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—In pursuance of the provisions of section 442 of the Greater New York Charter, and by direction of the Board of Estimate and Apportionment of The City of New York, I transmit herewith certified copy of a resolution adopted by the said Board at a meeting held on the 3d day of April, 1903, approving of a change in the map or plan of The City of New York by reducing the width of Parsons avenue, Queens avenue and Sixteenth street, in the Third Ward, Borough of Queens, City of New York.

Said resolution was adopted after a public hearing upon the recommendation of the Local Board of the Jamaica District, and on the report of the Chief Engineer of this Board.

I also inclose form of ordinance for your approval.

Respectfully,

JOHN H. MOONEY, Assistant Secretary.

AN ORDINANCE to provide for reducing the width of Parsons avenue, Queens avenue and Sixteenth street, in the Third Ward, in the Borough of Queens.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

That, In pursuance of section 442 of the Greater New York Charter, the following resolution of the Board of Estimate and Apportionment adopted by that Board on the 3d day of April, 1903, be and the same hereby is approved, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest to alter the map or plan of The City of New York by reducing the width of Parsons avenue, Queens avenue and Sixteenth street, in the Third Ward, Borough of Queens, City of New York, does hereby favor and approve of the same, so as to reduce the width of the aforesaid avenues, as follows:

(a) Parsons avenue, between Beech street and Queens avenue, to be reduced from 100 feet to 70 feet in width, by taking off 15 feet from each side of the street.

(b) Queens avenue, from Parsons avenue to Twenty-first street, to be reduced from 100 feet to 70 feet in width, by taking off 15 feet from each side of the street.

(c) Sixteenth street, from Queens avenue to Cypress avenue, to be reduced from 100 feet to 60 feet in width, by taking off 20 feet from each side of the street.

FRANK L. DOWLING, CHARLES W. CULKIN, DAVID M. HOLMES, TIMOTHY P. SULLIVAN, JAMES OWENS, PATRICK H. MALONE, Committee on Streets, Highways and Sewers.

Alderman James asked and obtained immediate consideration for this report.

The President put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Behrmann, Bennett, Bill, Brenner, Bridges, Chambers, Coggey, Diemer, Dietz, Doull, Dowling, Downing, Florence, Gass, Gillen, Gillies, Goldwater, Goodman, Haggerty, Harburger, Harnischfeger, Higgins, Holmes, Howland, James, Jones, Keely, Kenney, Leitner, Longfellow, Lundy, Thomas F. McCaul, Malone, Marks, Mathews, Meyers, Nehrbauer, Oatman, Owens, Parsons, Peck, Porges, Richter, Schappert, Shea, Stewart, Sullivan, Tebbetts, Twomey, Walkley, Ware, Wentz, Whitaker, Wirth; President Cassidy, Borough of Queens; the Vice-Chairman of the Board of Aldermen and the President of the Board of Aldermen—58.

GENERAL ORDERS.

Alderman Gass called up General Order No. 148, being a report and ordinance, as follows:

No. 545.

The Committee on Laws and Legislation, to whom was referred on May 13, 1902 (Minutes, page 340), the annexed ordinance in favor of amending section 197 of the Revised Ordinances of 1897, respectfully

REPORT:

That, having examined the subject, they believe the proposed amendment to be necessary.

They therefore recommend that the said ordinance be adopted.

AN ORDINANCE to amend section 197 of the Revised Ordinances of 1897 of The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. Section 197 of the Revised Ordinances of 1897 of The City of New York is hereby amended so as to read as follows:

Sec. 197. No person shall hang or place any goods, wares or merchandise or suffer, maintain or permit the same to be placed or hung at any greater distance than three feet in front of his or her house, store or other building, and not to a greater height than five feet above the level of the sidewalk; but at all times there shall be maintained a free passageway for pedestrians in the centre of the sidewalk, except that wares or merchandise in process of loading and unloading, shipment, or being received from shipment, may be transferred from trucks or other vehicles over the sidewalk by the use of skids, or by backing up trucks on the sidewalks in so doing, provided a passageway be kept open within the stoop-line of buildings for the free passage of pedestrians.

The penalty for a violation of this ordinance shall be five dollars for each day's offense.

Sec. 2. All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

Sec. 3. This ordinance shall take effect immediately.

ARMITAGE MATHEWS, NOAH TEBBETTS, JOHN H. BEHRMANN, ERNEST A. SEEBECK, Jr., ISAAC MARKS, Committee on Laws and Legislation.

Alderman Oatman moved that the report and ordinance be recommitted to the Committee on Laws and Legislation, with instructions to hold a public hearing thereon.

Alderman Meyers raised the point of order that the ordinance was defective because, under Rule 30, the new matter should have been underscored, and therefore the matter was not properly before the Board.

The President ruled that the point of order was well taken.

Alderman Marks moved that the rule be suspended and that the report and ordinance be received as printed.

The President put the question whether the Board would agree with said motion.

Which was decided in the negative by the following vote, three-fifths of all the members failing to vote in favor thereof.

Affirmative—Aldermen Alt, Baldwin, Bennett, Bill, Bridges, Chambers, Coggey, Culkin, Diemer, Dowling, Downing, Florence, Gass, Gillen, Gillies, Goodman, Haggerty, Harburger, Harnischfeger, Holmes, Jones, Keely, Kenney, Thomas F. McCaul, Malone, Marks, Mathews, Owens, Porges, Richter, Shea, Stewart, Sullivan, Tebbetts, Twomey, Wafer, Wentz, Wirth; President Cromwell, Borough of Richmond; President Cassidy, Borough of Queens, and the President of the Board of Aldermen—41.

Negative—Aldermen James, Leitner, Longfellow, Meyers, Oatman, Parsons, Peck, Walkley—8.

On motion of the Vice-Chairman the above report and ordinance was referred back to the Committee on Laws and Legislation with instructions to properly underscore the new matter, in accordance with the provisions of section 30 of the Rules.

Alderman Oatman moved that the Committee on Laws and Legislation be instructed to hold a public hearing on the proposed ordinance.

Which was lost.

MOTIONS, ORDINANCES AND RESOLUTIONS.

Alderman Peck asked and obtained unanimous consent to introduce the following:

No. 1960.

Resolved, That the ordinance granting to the Union Railway Company a franchise for an extension of its railway system, made a Special Order for April 21, 1903, be made a Special Order for April 28, 1903, at 2 p. m.

Which was adopted.

President Cantor submitted the following report of the Local Boards of the Bowery and Bowling Green Districts:

No. 1961.

City of New York—Office of President of the Borough of Manhattan,
City Hall,
April 21, 1903.

Hon. P. J. SCULLY, Clerk, Board of Aldermen:

Dear Sir—At a meeting of the Board of Local Improvements of the Bowery District and a joint meeting of the Boards of Local Improvements of the Bowery and Bowling Green Districts, held this morning, the following ordinances entitled

An Ordinance to provide for the widening of Delancey street, from Suffolk street to the Bowery, in the Borough of Manhattan.

An Ordinance to provide for the widening of Delancey street, from Clinton street to Suffolk street, in the Borough of Manhattan.

An Ordinance to provide for the widening of Suffolk street, from Houston street to East Broadway, in the Borough of Manhattan.

—which has been referred by the Board of Aldermen to these Local Boards, were in turn referred back to the Board of Aldermen.

Yours truly,

GEORGE W. BLAKE, Secretary.

On motion, the matters referred to in the above communication were severally referred to the Committee on Streets, Highways and Sewers.

At this point the Vice-Chairman took the chair.

SPECIAL ORDERS.

President Cantor called up Special Order No. 91, being a report and substitute resolution, as follows:

No. 1540.

The Committee on Finance, to whom was referred on January 20, 1903 (Minutes, page 215), the annexed resolution for $10,000 of Special Revenue Bonds, for the defraying the expenses of a special commission to be appointed by the Mayor to prepare a plan for the beautifying of the City, respectfully

REPORT:

That, having examined the subject, they believe the Board should authorize the appointment of such a commission and the expenditure of such a sum of money. Having conferred with the introducer of the resolution, they have received from him an ordinance as a substitute, and in place of the resolution originally introduced, they accordingly recommend the adoption of the annexed ordinance.

The adoption of this ordinance will be carrying out the recommendation on this subject made in this year's message of the Mayor. The object is to secure the best expert knowledge and advice both for the development of the transportation and other facilities of the City, and also for the beautifying of the City. We all recognize two peculiar features of New York. One is the necessarily congested nature of its centre—the Borough of Manhattan. The physical formation of the City's surroundings, which cause this congestion, make up the other feature, and that other feature is the natural beauty of the City. Despite her problems New York offers opportunities for artistic development such as does no other city in the world. But one thing is needed. That, in part, this ordinance is intended to provide, namely, the use of her best brains to deal with her problems and to utilize her great advantages. Washington is beautiful because many years ago her best brains were made use of. The same is the reason for the beauty of Paris. Neither Washington nor Paris can be compared with New York in the advantages which nature has given for the rendering of beautiful effects. If we can secure a comprehensive plan for the future, and focus upon it the attention, understanding and enthusiasm of our people, the time will not be long before our City will be known not only as the centre of the world in business and finance, but also as the first city of the world in beauty.

Annexed hereto, marked "A," is a communication from the Secretary of the Municipal Art Society addressed to the Mayor upon this subject, and a resolution, marked "B," containing resolutions passed by a number of public-spirited bodies, therein mentioned, making recommendations in line with which is this ordinance.

They therefore recommend that the substitute ordinance be adopted.

(Original.)

Resolved, That his Honor the Mayor be and he is hereby authorized and empowered to appoint a commission to prepare a comprehensive plan for the beautifying and development of this municipality, the members of which shall serve without pay, and be it further

Resolved, That for carrying out the purposes of said commission, the Board of Estimate and Apportionment is hereby requested, in pursuance of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds to an amount not exceeding ten thousand dollars ($10,000), the proceeds of which are to be applied to the defraying of the expenses of said commission.

(Substitute Ordinance.)

AN ORDINANCE, in relation to the appointment of a City Commission for preparing a comprehensive plan for the beautifying and development of the City, and making an appropriation therefor.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. His Honor the Mayor is hereby authorized and empowered to appoint a commission to prepare a comprehensive plan for the beautifying and development of this municipality, the members of which shall serve without pay, and shall make a report on or before the 1st day of May, 1904, to the Mayor and the Board of Aldermen.

Sec. 2. That for carrying out the purposes of said commission the Board of Estimate and Apportionment is hereby requested, in pursuance of subdivision 8 of section 188 of the Greater New York Charter, to issue special revenue bonds to an amount not exceeding ten thousand dollars, the proceeds of which are to be applied to the defraying of the expenses of said commission.

Sec. 3. This ordinance shall take effect immediately.

HERBERT PARSONS, JOSEPH A. BILL, JAMES H. McINNES, WILLIAM T. JAMES, TIMOTHY P. SULLIVAN, Committee on Finance.

Alderman Parsons moved that the ordinance be amended by adding the words "to confer with the heads of departments and Borough Presidents" after the word "Commission" in the second line of section 1.

Alderman Sullivan moved that the ordinance with above amendment be recommitted to the Committee on Finance, with instructions to hold a public hearing thereon.

The Clerk proceeded to call the roll on said motion. Pending roll call President Cantor moved that further call be dispensed with.

Which was adopted.

The motion of Alderman Sullivan was then adopted.

Alderman Parsons called up Special Order No. 96, being a report and resolution, as follows:

No. 1832.

The Committee on Finance, to whom was referred on March 31, 1903 (Minutes, page 1181), the annexed resolution for $250,000 of Special Revenue Bonds for salaries for additional members of the Fire Department, respectfully

REPORT:

That, having examined the subject, they believe that the proposed resolution should be adopted. It is estimated by the Fire Commissioner that the proceeds of this stock, available for the balance of this year, would enable him to increase the Department by 41 Assistant Foremen, at the rate of $1,800 each a year; 32 Engineers, at the rate of $1,600 each a year, and 448 Fourth Grade Firemen, at the rate of $800 a year each. The present force of 2,684 men would thus be increased by 521, and it would add 2 to 3 men to each of the 193 companies. In the estimation of the Fire Commissioner this would take a slightly larger number of men to a fire, and would make it possible to grant regularly to each fireman a full 24-hour leave once in each five days, whereas, by the rules now, he can theoretically only have a 24-hour and a 12-hour leave once in 10 days. This would make a practical leave of six days a month per man, in place of the present theoretical leave of only four and a half days a month.

It does not appear that such a change would at all impair the efficiency of the force. It seems as if it would, on the contrary, increase its efficiency.

They therefore recommend that the said resolution and ordinance be adopted.

Resolved, That upon the recommendation of the Fire Commissioner, transmitted this day to the Board of Aldermen by his Honor the Mayor, the Board of Estimate and Apportionment be and hereby is requested, in pursuance of subdivision 8 of section 188 of the amended Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of two hundred and fifty thousand dollars ($250,000), the proceeds thereof to be applied to the payment of salaries of additional members of the uniformed force of the Fire Department, pursuant to the said recommendation of said Commissioner.

HERBERT PARSONS, JAMES H. McINNES, FREDERICK W. LONGFELLOW, WILLIAM T. JAMES, JOSEPH A. BILL, Committee on Finance.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Behrmann, Bennett, Bill, Brenner, Bridges, Chambers, Coggey, Culkin, Devlin, Diemer, Dietz, Doull, Dowling, Downing, Florence,

Gass, Gillen, Gillies, Goldwater, Goodman, Haggerty, Harburger, Harnischfeger, Holmes, James, Jones, Keely, Kenney, Leitner, Lundy, Thomas F. McCaul, Malone, Marks, Mathews, Meyers, Nehrbauer, Oatman, Owens, Parsons, Peck, Porges, Richter, Schappert, Shea, Stewart, Sullivan, Tebbetts, Twomey, Wafer, Walkley, Ware, Wentz, Whitaker, Wirth; President Cromwell, Borough of Richmond; President Cassidy, Borough of Queens; President Cantor, Borough of Manhattan; the Vice-Chairman of the Board of Aldermen—60.

Alderman Parsons called up Special Order No. 97, being a resolution as follows:

No. 1923.

City of New York, Office of the Mayor.
April 14, 1903.

To the Honorable, the Board of Aldermen of The City of New York:

I hand you herewith a letter transmitted to me, as Chairman of the Board of Estimate and Apportionment, by the Fire Commissioner, pointing out how, through the lapse of time occasioned by the necessity of readvertising for proposals for the construction of a new fireboat, the sum of sixty-five thousand dollars, appropriated for that purpose in the Budget of 1902, has become unavailable.

I therefore request that your Honorable Board will pass a resolution, under subdivision 8, section 188, of the Greater New York Charter, requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue special Revenue Bonds in the sum of Sixty-five thousand dollars, to make good the lapsing of the appropriation in last year's Budget.

The Fire Commissioner points out that, by readvertising, he has secured a bid five thousand dollars below the best bid received at the first competition, and that it is necessary that these funds be made available at once, if this bid is to be held, as it was based specifically upon the condition of prompt acceptance by the Department. I hope very much, therefore, that this resolution will be passed to-day.

SETH LOW, Mayor.

Headquarters, Fire Department, City of New York,
Nos. 157 and 159 East Sixty-seventh street,
Borough of Manhattan, April 9, 1903.

Hon. SETH LOW, Mayor, and Chairman of the Board of Estimate and Apportionment:

Sir—The Board of Estimate and Apportionment, in the revised Budget for 1902, appropriated the sum of $150,000 for constructing two new fireboats for the use of this Department to enable it to afford additional protection to the City's extensive water front as well as to the shipping in the harbor.

The contract for the hull, engines and boilers of the first of these boats was awarded at public letting on December 31, 1902, for the sum of $70,000; and for the pumps on the same day, for the sum of $11,000, which, together with the amount of the contract for the architect's services ($4,000), would make the total cost $85,000, leaving but $65,000 available for the second boat.

It was apparent to me that this balance would be inadequate for the purpose, and therefore application was made to the Board of Aldermen to adopt a resolution, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to the amount of $30,000 to meet the additional estimated expense. The resolution was adopted by the Board of Aldermen March 3, 1903, approved by your Honor six days later, and concurred in by the Board of Estimate and Apportionment March 13, following.

Proposals for building the hull, engines and boilers of the second fireboat were duly advertised for as required by law, and the bids received publicly opened at these Headquarters on February 20, 1903; they ranged in amount between $78,000 and $86,000, which, after careful consideration, I deemed too high, and therefore believing such course to be for the best interests of the City, rejected them all, and directed that the specifications be altered and amended with a view to lessening the cost of construction. When this had been done, bids were again duly advertised for and publicly opened at this office on the 25th ultimo, the lowest being for the sum of $73,000.

The time limit of sixty days following upon the close of the year 1902, within which, in the opinion of the Corporation Counsel, contracts were legally chargeable to and payable from appropriations made for that year, had expired before the last mentioned date, and the Comptroller had informed the Department that no further contracts would be permitted by him to be charged to appropriations made for 1902. It thus follows that the $65,000 balance of appropriation for new fireboats is no longer available unless reappropriated, the same having reverted to the General Fund.

I desire to accept the bid of $73,000, which is low under the circumstances, and this should be done at once, as it was based upon a prompt acceptance by the Department, and will be withdrawn if delay occurs.

I therefore beg to request that such steps as you deem best may be taken to again place at our disposal the $65,000, and await your instructions as to how we shall proceed to obtain the same.

Yours respectfully,

THOS. STURGIS, Commissioner.

Resolved, That upon the recommendation of the Fire Commissioner, transmitted this day to the Board of Aldermen by his Honor the Mayor, the Board of Estimate be and hereby is requested, in pursuance of subdivision 8, of section 188, of the amended Greater New York Charter, to authorize the Comptroller to issue special revenue bonds to the amount of sixty-five thousand dollars ($65,000), the proceeds thereof to be applied to the construction of a new fireboat.

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Behrmann, Bennett, Bill, Brenner, Bridges, Chambers, Coggey, Culkin, Devlin, Diemer, Dietz, Doull, Dowling, Downing, Florence, Gass, Gillen, Gillies, Goldwater, Goodman, Haggerty, Harburger, Harnischfeger, Holmes, James, Jones, Kenney, Klett, Leitner, Lundy, Thomas F. McCaul, Malone, Marks, Mathews, Meyers, Nehrbauer, Oatman, Owens, Parsons, Peck, Porges, Richter, Schappert, Shea, Stewart, Sullivan, Tebbetts, Twomey, Wafer, Walkley, Ware, Wentz, Whitaker, Wirth; President Cromwell, Borough of Richmond; President Cassidy, Borough of Queens; President Cantor, Borough of Manhattan, and the Vice-Chairman of the Board of Aldermen—60.

Alderman Kenney (by request) called up Special Order No. 97, being a resolution, as follows:

No. 1946.

Resolved, That the name of William street, between Columbia street and Imlay street, in the Borough of Brooklyn, be and the same is hereby changed to and shall hereafter be known and designated as Pioneer street, and the President of the Borough of Brooklyn is hereby authorized and requested to note the same on the maps and records of The City of New York.

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Behrmann, Bennett, Bill, Brenner, Bridges, Chambers, Culkin, Devlin, Diemer, Doull, Downing, Gass, Gillen, Gillies, Goldwater, Goodman, Haggerty, Harnischfeger, Holmes, James, Jones, Kenney, Klett, Leitner, Lundy, Thomas F. McCaul, Malone, Marks, Meyers, Nehrbauer, Owens, Parsons, Peck, Porges, Richter, Schappert, Shea, Stewart, Tebbetts, Twomey, Walkley, Ware, Wirth; President Cromwell, Borough of Richmond; President Cantor, Borough of Manhattan, and the Vice-Chairman of the Board of Aldermen—48.

No. 1804—(S. O. No. 98).

Alderman Alt moved that General Order No. 356, being an ordinance to change the grade of territory bounded by Fulton and Dresden streets, Brooklyn, be made a Special Order for the next meeting, at 2.30 o'clock p. m.

Which was adopted.

No. 1863—(S. O. No. 99).

Alderman Owens moved that General Order No. 364, being a report and resolution to authorize $100,000 of Special Revenue Bonds for repairing sewers in the Borough of Manhattan, be made a Special Order for the next meeting, at 2.45 o'clock p. m.

Which was adopted.

Nos. 1757, 1866, 1867, 1880, 1861—(S. O. No. 100).

Alderman Thomas F. McCaul moved that General Order No. 366, being a report and resolution authorizing the Comptroller to draw warrants for sums due for engrossing resolutions, moving a safe, and for ice, be made a Special Order for the next meeting, at 3 o'clock p. m.

Which was adopted.

GENERAL ORDERS RESUMED.

Alderman Goodman called up General Order No. 365, being a report and ordinance, as follows:

No. 1845.

The Committee on Finance, to whom was referred on March 31, 1903 (Minutes, page 1196), the annexed resolution and ordinance in favor of $225,000 of Corporate Stock for the construction of public comfort stations in the Borough of Manhattan, respectfully

REPORT:

That, having examined the subject, they believe the proposed ordinance should be adopted. It is hoped that this money will be sufficient to provide for the construction of not less than seven public comfort stations in the Borough of Manhattan of the character and capacity of those which this Board has authorized for the Borough of Brooklyn. These stations will be located at such points as public squares in the city where there is the greatest pedestrian traffic and the most need.

Your Committee accordingly recommend the adoption of the proposed ordinance.

They therefore recommend that the said resolution and ordinance be adopted.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of two hundred and twenty-five thousand dollars ($225,000) for the purpose of providing means for the construction and equipment of public comfort stations in the Borough of Manhattan.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment March 27, 1903, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding two hundred and twenty-five thousand dollars ($225,000) to provide means for the construction and equipment of public comfort stations in the Borough of Manhattan, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding two hundred and twenty-five thousand dollars ($225,000), the proceeds whereof to be applied to the purposes aforesaid."

HERBERT PARSONS, JAMES H. McINNES, FREDERICK W. LONGFELLOW, WILLIAM T. JAMES, JOSEPH A. BILL, Committee on Finance.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Behrmann, Bennett, Bill, Brenner, Bridges, Chambers, Culkin, Devlin, Diemer, Dietz, Doull, Dowling, Downing, Florence, Gass, Gillen, Goldwater, Goodman, Harnischfeger, Holmes, James, Jones, Kenney, Klett, Leitner, Lundy, Thomas F. McCaul, Malone, Mathews, Meyers, Nehrbauer, Owens, Parsons, Porges, Richter, Shea, Tebbetts, Twomey, Ware, Wirth; President Cromwell, Borough of Richmond; President Cantor, Borough of Manhattan, and the President of the Board of Aldermen—45.

Negative—Alderman Stewart—1.

REPORTS OF STANDING COMMITTEES RESUMED.

Report of Committee on Streets, Highways and Sewers—

No. 1899—(G. O. No. 374.)

The Committee on Streets, Highways and Sewers, to whom was referred the annexed ordinance (Page 15, Minutes, April 7, 1903), in favor of laying out and ex-

tending East One Hundred and Eighty-fifth street, from Washington avenue to Third avenue, Borough of The Bronx, respectfully

REPORT:

That, having examined the subject, they believe the proposed improvement to be necessary.

They therefore recommend that the said ordinance be adopted.

AN ORDINANCE to provide for laying out and extending East One Hundred and Eighty-fifth street, from Washington avenue to Third avenue, in the Borough of The Bronx.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

That, in pursuance of section 442 of the Greater New York Charter, the following resolution of the Board of Estimate and Apportionment adopted by that Board on the 20th day of March, 1903, be and the same hereby is approved, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest to alter the map or plan of The City of New York by laying out and extending East One Hundred and Eighty-fifth street, from Washington avenue to Third avenue, in the Borough of The Bronx, City of New York, does hereby favor and approve of the same so as to lay out and extend the aforesaid street as follows:

"Parcel B."—Between Bassford Avenue and Third Avenue.

Beginning at a point in western line of Bassford avenue, distant 210.03± feet southerly from the intersection of said line with the southwestern line of Third avenue as they are laid down on section 13 of the final maps of the Twenty-third and Twenty-fourth Wards, Borough of The Bronx, City of New York, filed in the Register's Office, New York City.

1. Thence westerly, parallel and 25 feet northerly of the southern property line of Lot No. 78, Block 3053, to its intersection with the eastern line of Washington avenue.

2. The northern line of East One Hundred and Eighty-fifth street is 50 feet northerly and parallel to the previous course.

"Parcel B."—Between Bassford Avenue and Third Avenue.

Beginning at a point in the eastern line of Bassford avenue, distant 160.92± feet southerly from the intersection of said line with the southwestern line of Third avenue as they are laid down on section 13 of the final maps of the Twenty-third and

Twenty-fourth Wards, Borough of The Bronx, City of New York, filed in the Register's Office, New York City.

1. Thence easterly along the southern property line of Lots Nos. 33 and 46, Block 3053, to its intersection with the westerly line of Bathgate avenue.

2. The northern line of East One Hundred and Eighty-fifth street is 50 feet northerly and parallel to the previous course.

FRANK L. DOWLING, TIMOTHY P. SULLIVAN, JAMES OWENS, DAVID M. HOLMES, CHARLES W. CULKIN, Committee on Streets, Highways and Sewers.

Which was laid over.

Reports of Committee on Finance—

No. 1906—(G. O. No. 375).

The Committee on Finance, to whom was referred on April 7, 1903 (Minutes, page 28), the annexed resolution in favor of amending a resolution for $44,500 of Corporate Stock for the Department of Parks, respectfully

REPORT:

This is simply a resolution to amend. It does not authorize the issue of any new stock. It simply provides for the use of such stock as has already been authorized for other purposes. By resolution approved by the Mayor October 29, 1901, this $44,500 was authorized for constructing improved public toilet facilities in the public parks in the Borough of Manhattan. In view of the work to be undertaken by the President of the Borough of Manhattan, the plans of the Department of Parks in this respect will be somewhat changed, and it is therefore desired that the resolution be amended so that the proceeds of this stock can be availed of not only for the erection of public comfort stations but also for the improvement of parks, parkways and drives in the Borough of Manhattan, including the Bank Rock Bridge in Central Park.

Your committee accordingly recommend the adoption of the resolution.

Department of Finance, City of New York,
April 6, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution, adopted at a meeting of the Board of Estimate and Apportionment held March 13, 1903, approving of the expenditure of forty-four thousand five hundred dollars ($44,500) for the improvement of parks, parkways and drives in the Borough of Manhattan.

I also send form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

J. W. STEVENSON, Deputy Comptroller.

Resolved, That the Board of Aldermen hereby concurs in and approves of the following resolution adopted at a meeting of the Board of Estimate and Apportionment, held March 13, 1903:

"Resolved, That, subject to the concurrence herewith by the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment April 10, 1901, and concurred in by the Municipal Assembly by resolution approved by the Mayor October 29, 1901, providing for the expenditure by the Department of Parks of the sum of forty-four thousand five hundred dollars ($44,500) for constructing improved public toilet facilities in the city parks in the Borough of Manhattan be and the same is hereby amended to read as follows:

"Resolved, That, pursuant to the provisions of section 48 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the expenditure by the Department of Parks of the sum of forty-four thousand five hundred dollars ($44,500) for the improvement of parks, parkways and drives in the Borough of Manhattan, by the rebuilding of the Bank Rock Bridge in Central Park and the erection of new comfort stations and additions thereto in the parks of said borough, and that for the purpose of providing means therefor the Comptroller be authorized, subject to concurrence herewith by the Municipal Assembly, to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to the amount of forty-four thousand five hundred dollars ($44,500)."

HERBERT PARSONS, JOSEPH A. BILL, JAMES H. McINNES, TIMOTHY P. SULLIVAN, WILLIAM T. JAMES, JOHN L. FLORENCE, Committee on Finance.

Which was laid over.

No. 1929—(G. O. No. 376).

The Committee on Finance, to whom was referred on April 14, 1903 (Minutes, page 93), the annexed ordinance in favor of providing Corporate Stock in the sum of $800 for the preparation of plans, etc., for a new steam plant at the Workhouse on Blackwell's Island, respectfully

REPORT:

That having examined the subject, they believe the ordinance should be adopted. The Department of Correction needs a new steam plant for the Workhouse on

Blackwell's Island. The plant will cost in the neighborhood of $40,000. At present only so much thereof is asked for as will be needed for plans and specifications.

Your Committee are advised that the present steam plant is out of date, inadequate and in dangerous condition. One of the boilers has been condemned and temporarily patched up, but unless an accident is to occur a new steam plant should be installed.

Your Committee therefore recommend the adoption of the ordinance.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of eight hundred dollars ($800) to provide means for the preparation of the plans and specifications for the installation of a new steam plant at the Workhouse, Blackwell's Island.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment April 7, 1903, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding eight hundred dollars ($800) to provide means for the preparation of the necessary plans and specifications for the installation of a new steam plant at the Workhouse, Blackwell's Island, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding eight hundred dollars ($800), the proceeds whereof to be applied to the purposes aforesaid."

HERBERT PARSONS, JOSEPH A. BILL, JAMES H. McINNES, TIMOTHY P. SULLIVAN, WILLIAM T. JAMES, JOHN L. FLORENCE, Committee on Finance.

Which was laid over.

Nos. 1850, 1773, 1837, 1631—(G. O. No. 377).

The Committee on Finance, to whom was referred the following matters, respectfully

REPORT:

That, having examined the same, they respectfully recommend that the same be placed on file.

Minutes of February 10, 1903, page 512, communication from the New York Board of Trade in favor of a Commission to provide for the beautification of the City.

Your Committee have already reported in full on this matter.

Minutes of March 16, 1903, page 983, ordinance for the issue of $65,000 of Corporate Stock for site of the Borough Hall in the Borough of Queens.

Minutes of March 31, 1903, page 1203, resolution of the Board of Estimate and Apportionment rescinding the foregoing resolution.

Inasmuch as the resolution for the Corporate Stock has been rescinded, the matter cannot be acted upon by this Board, and so should be placed on file.

Minutes of March 31, 1903, page 1187, communication from the Department of Parks, withdrawing request for the purchase of sand sprinkling machines. The original request for authorization to purchase sand sprinkling machines without public letting was placed on file at the oral request of the Department of Parks, and therefore this request should be placed there also.

Minutes of March 4, 1903, page 1143, "City Debt," Mayor's message.

Minutes of January 5, 1903, page 2, that portion of the Mayor's message relating to Financial Matters.

With the passage by the Legislature of the Sinking Fund bill probably the most important matter mentioned in the Mayor's message having to do with the finances of the City has been disposed of, to the relief of the taxpayers and the glory of those who conceived the ingenious plan which the bill contains. In so far as the Mayor's message referred to other financial matters, they were not such as could be acted upon by this Board, except as single matters from time to time come to this Board.

Your Committee accordingly recommend that the foregoing matters be placed on file.

Department of Finance—City of New York.
March 31, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Sir—I send you herewith certified copy of resolution adopted at a meeting of the Board of Estimate and Apportionment, held March 27, 1903, rescinding resolution adopted at a meeting held March 13, 1903, approving of the selection of property on Jackson street between Anabel avenue and Pearson street, as a site for a Borough Hall, in the Borough of Queens.

Very respectfully,

J. W. STEVENSON, Deputy Comptroller.

Resolved, That the resolutions adopted by this Board on March 13, 1903, approving of the selection of the property, 200 by 250 feet on Jackson street, between Anabel avenue and Pearson street, as a site for a Borough Hall, in the Borough of Queens, and authorizing the issue of sixty-five thousand dollars ($65,000) Corporate Stock to provide means for the purchase of same, be and the same are hereby rescinded.

A true copy of resolution adopted by the Board of Estimate and Apportionment, March 27, 1903.

J. W. STEVENSON, Secretary.

Department of Finance, City of New York.
March 16, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment March 13, 1903, relative to the issue of Corporate Stock to an amount not exceeding $65,000, to provide means for the acquisition of a site for a Borough Hall in the Borough of Queens.

I also send you form of Ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

J. W. STEVENSON, Deputy Comptroller.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of sixty-five thousand dollars ($65,000) to provide means for the acquisition of a site for a Borough Hall in the Borough of Queens.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment, March 13, 1903, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified.

"Resolved, That pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding sixty-five thousand dollars ($65,000), to provide means for the acquisition of a site for a Borough Hall in the Borough of Queens, and that when authority shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to the amount of sixty-five thousand dollars ($65,000), the proceeds whereof shall be applied to the purposes aforesaid."

The City of New York—Department of Parks,
Arsenal, Central Park.
March 25, 1903.

To the Honorable The Board of Aldermen, The City of New York :

Gentlemen—On January 26, 1903, this Department requested your Honorable Board to authorize the purchase of three sand sprinkling machines at a cost of four hundred dollars each, without public letting.

The Department now finds itself able to get along without the machines referred to, and the Park Board therefore withdraws its request of January 26, above referred to.

Respectfully,

W. R. WILLCOX, President, Park Board.

New York Board of Trade and Transportation,
No. 203 Broadway,
New York, February 6, 1903.

Hon. CHARLES V. FORNES, President of the Board of Aldermen, New York City, N. Y.:

Dear Sir—The New York Board of Trade and Transportation will thank you to present the inclosed resolutions to the Board of Aldermen, relating to the recommendation of his Honor the Mayor for the creation of a commission to study the practical development and embellishment of the city. I am,

Very truly yours,

FRANK S. GARDNER, Secretary.

Rooms of the New York Board of Trade and Transportation,
No. 203 Broadway,
New York, February 4, 1903.

At the monthly meeting of the New York Board of Trade and Transportation held this day the Executive Committee reported the following preamble and resolutions and they were unanimously adopted, viz.:

Whereas, his Honor the Mayor, in his annual message to the Board of Aldermen, recommended the creation of a "Commission which should study existing conditions in Manhattan and in other parts of the City and propose plans not only for the beautifying of the City, but also for the increase of traveling and business facilities, wherever circumstances will permit," and also expressed the opinion "that a commission composed of men familiar with transportation and business problems, as well as of men competent to guide and suggest from the point of view of art, may render a verv great service to the City;" "that such commission, at the outset, at least, should serve without pay," and recommended that the Board of Aldermen authorize an appropriation of $10,000 for clerical and other expenses, therefore be it

Resolved, That the New York Board of Trade and Transportation heartily indorse the recommendation of his Honor the Mayor for the creation of such a commission, and respectfully urge upon the Board of Aldermen that the necessary appropriation of $10,000 be authorized.

Resolved, That we approve the appointment by the President of Mr. William H. Parsons to represent this Board in connection with the movement for the practical development and embellishment of New York City and that Mr. Parsons be requested to represent this Board at all meetings and conferences that may be held in this connection hereafter.

A true copy.

(Seal) OSCAR S. STRAUS, President.

Attest:

FRANK S. GARDNER, Secretary.

HERBERT PARSONS, JOSEPH A. BILL, JAMES H. McINNES, TIMOTHY P. SULLIVAN, WILLIAM T. JAMES, Committee on Finance.

Which was laid over.

Report of Alderman Gillen, of the Fifty-fourth district—

No. 1826—(G. O. No. 378).

Alderman Gillen, to whom was referred on March 31, 1903 (Minutes, page 1167), the annexed communication from the Norwegian Seamen's Mission in relation to renaming William street, Borough of Brooklyn, respectfully

REPORTS:

That, having examined the subject, he recommends that the said communication be placed on file.

The Norwegian Seamen's Mission,
New York Station, No. 111 William Street,
Brooklyn, March 26, 1903.

Honorable Board of Aldermen, City of New York:

It has become known to me that your Honorable Board has decided to change the name of "William street," of this Borough, to "Wagner street." Also that there is a petition under way by the Pioneer Iron Works to have this set aside and make its name "Pioneer street," which, I think, is only a matter of business on their part. It is my opinion that, if there is to be a hearing on this case, we should have a word, as we have for the past thirty years conducted our Mission on that street, and we receive yearly about 20,000 letters addressed to the seamen who visit us. It is probably more than the combined mail of all other residents of the entire street; and as the proposed change is to facilitate the mail service, and not for the benefit of any

one business concern, I will, in my own and the many hundred seamen's names, most humbly petition you to decide to keep the originally intended name of "Wagner street," as it is easier to pronounce correctly, and much shorter to write, and a much prettier sounding name.

Yours respectfully,

TYCHO CASTBERG, Pastor.

ANDREW M. GILLEN, Alderman, Fifty-fourth District.

Which was laid over.

GENERAL ORDERS, RESUMED.

Alderman Gillen called up General Order No. 353, being a report and resolution, as follows:

No. 1848.

The Committee on Salaries and Offices, to whom was referred on March 31, 1903 (Minutes, page 1200), the annexed resolution in favor of fixing salaries of Examiner, office of City Record, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment, at a meeting held March 27, 1903, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of the position of Examiner in the office of the City Record be fixed as follows:

"Examiner, $1,500 per annum.

"Examiner, $1,200 per annum.

"Examiner, $900 per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the position of Examiner in the office of the City Record as set forth therein.

ROBERT F. DOWNING, JOHN H. BEHRMANN, WILLIAM D. PECK, PATRICK H. MALONE, JOHN D. GILLIES, JOHN H. DONOHUE, JOHN J. HAGGERTY, SAMUEL H. JONES, Committee on Salaries and Offices.

Which was, on motion of Alderman Doull, recommitted to the Committee on Salaries and Offices.

Alderman Gass called up General Order No. 367, being a report and ordinance, as follows:

No. 1843.

The Committee on Finance, to whom was referred, on March 31, 1903 (Minutes, page 1194), the annexed resolution and ordinance in favor of $3,500 of Corporate Stock for the preparation of the necessary plans and specifications for completing the construction of Gouverneur Hospital, in the Borough of Manhattan, respectfully

REPORT:

That, having examined the subject, they believe the proposed authorization to be proper. The original plans for Gouverneur Hospital provided, as your Committee are informed, for an administration building and two wings for the accommodation of patients. Only one of these wings has been built, thus limiting the capacity of the hospital to four wards. There is but one elevator, and that must serve for patients, visitors, employees and freight. There are no rooms for the male employees, and there is no stable for the horses and ambulances. For these purposes the City rents for $1,200 a year a frame stable in the neighborhood, said to be in very bad repair, in the second story of which are quartered the male employees in surroundings said to be unsanitary. There being no room for the female employees in the hospital itself, the old hospital building was until recently used as a dormitory for them; but, at the request of the Board of Health, this old hospital building is now used as a dispensary for the treatment of trachoma in school children. Instead of being needed for this purpose as a temporary emergency, it is now considered that this trachoma epidemic may last for two or three years. There are on an average 30 operations a day and 4,000 cases treated in a week. In the meantime, the employees of the hospital proper are being quartered in buildings in the neighborhood.

The Board will recollect that Gouverneur Hospital is the new hospital that was opened in 1901, situated at Gouverneur Slip on the East river. It is the only modern fireproof hospital owned by the City. The hospital wards are now crowded, and the dispensary is obliged to treat with inadequate facilities 300 or 400 cases a day of a general medical or surgical nature. The crowded condition makes it necessary to transfer to Bellevue Hospital patients who are really not fit to be moved.

Your Committee accordingly recommend the adoption of the ordinance.

They therefore recommend that the said resolution and ordinance be adopted.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of thirty-five hundred dollars ($3,500) to provide means for the preparation of the necessary plans and specifications for completing the construction of the Gouverneur Hospital, in the Borough of Manhattan.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment March 27, 1903, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding thirty-five hundred dollars ($3,500) to provide means for the preparation of the necessary plans and specifications for completing the construction of the Gouverneur Hospital, in the Borough of Manhattan, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding thirty-five hundred dollars ($3,500), the proceeds whereof to be applied to the purposes aforesaid."

HERBERT PARSONS, JAMES H. McINNES, FREDERICK W. LONGFELLOW, WILLIAM T. JAMES, JOSEPH A. BILL, Committee on Finance.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Behrmann, Bennett, Bill, Brenner, Chambers, Culkin, Devlin, Dietz, Doull, Dowling, Gass, Gillen, Gillies, Haggerty, Harnischfeger, Holmes, James, Jones, Leitner, Lundy, Malone, Marks, Mathews, Meyers, Nehrbauer, Owens, Parsons, Peck, Porges, Richter, Shea, Stewart, Tebbetts, Twomey, Walkley, Ware, Wirth; President Cromwell, Borough of Richmond; President Cantor, Borough of Manhattan, and the Vice-Chairman of the Board of Aldermen—41.

MOTIONS, ORDINANCES AND RESOLUTIONS RESUMED.

No. 1962.

By the President—

Resolved, That the following-named persons be and they hereby are appointed Commissioners of Deeds:

By the Vice-Chairman—

Theo. J. H. Schmidt, No. 907 Greene avenue, Brooklyn.

Henry A. Petersen, No 766 East Thirty-second street, Brooklyn

Herbert G. Andrews, Avenue J and East Eighteenth street, Brooklyn.

Albert Tameling, No. 168 Midwood street, Brooklyn.

William H. Freedman, No. 142 Second street, Manhattan.

By Alderman Twomey—

John Crow, No. 306 West Fifty-fourth street, Manhattan.

By Alderman Wafer—

Frank De Maio, No. 40 Union street, Brooklyn.

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Behrmann, Bennett, Bill, Brenner, Chambers, Culkin, Devlin, Doull, Dowling, Florence, Gass, Gillen, Gillies, Goldwater, Haggerty, Harnischfeger, Holmes, James, Jones, Klett, Leitner, Thomas F. McCaul, Malone, Marks, Mathews, Meyers, Nehrbauer, Owens, Parsons, Peck, Richter, Shea, Stewart, Sullivan, Tebbetts, Twomey, Walkley, Ware, Whitaker, Wirth; President Cromwell, Borough of Richmond; President Cantor, Borough of Manhattan; the Vice-Chairman of the Board of Aldermen—44.

No. 1963.

By the Vice-Chairman—

Brooklyn, January 27, 1903.

Hon. JAS. H. McINNES, No. 1387 Pacific Street, Brooklyn, N. Y.:

Dear Alderman—The undersigned Grant street property owners respectfully request you to introduce in the Board of Aldermen a resolution changing the name of Grant street to Snyder avenue and not Galena street, as recommended by the Commissioners who recently handed in their report on the renaming of certain streets in this borough.

The name (Snyder) which we suggest belongs to a citizen highly respected in the community, and who has had a place of business on the thoroughfare now under consideration for over thirty years. He was the moving spirit in having the street opened from Flatbush avenue to Clove road, and, with the co-operation of a few other property owners, was instrumental in having said street graded and paved with asphalt, in the face of great difficulties.

His establishment (hardware) has become a landmark, and is really better known to the public than the name of the street on which it fronts.

To substitute "Galena" (which sounds sufficiently like "Geneva" to be confusing) would be an injury to every business place on the entire length of the street, and it would be years before the public could be educated to the fact that the change was not in the location but the name of the street.

With the title of "Snyder," which, in connection with the street, is familiar throughout the suburbs, the change would be readily understood and cause little or no inconveniences.

Yours truly,

HENRY HESTERBERG, No. 43 Grant street; JAMES T. McKINNEY, No. 11 Grant street, and others.

Resolved, That the name of Grant street, in the Twenty-ninth Ward, in the Borough of Brooklyn, be and the same is hereby changed to and shall hereafter be known and designated as Snyder avenue, and the President of the Borough of Brooklyn is authorized to note the same upon the maps and records of The City of New York.

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Bennett, Bill, Brenner, Chambers, Culkin, Devlin, Doull, Dowling, Florence, Gillen, Gillies, Goldwater, Haggerty, Harnischfeger, Holmes, James, Jones, Klett, Leitner, Malone, Marks, Mathews, Meyers, Nehrbauer, Owens, Parsons, Peck, Richter, Shea, Stewart, Tebbetts, Twomey, Walkley, Ware, Whitaker, Wirth; President Cromwell, Borough of Richmond; President Cantor, Borough of Manhattan and the Vice-Chairman of the Board of Aldermen—40.

No. 1964.

By the same—

To Hon. J. EDWARD SWANSTROM, President of the Borough of Brooklyn:

Sir—The undersigned citizens of Brooklyn and owners of frontage along Coney Island avenue respectfully petition that the name of Coney Island avenue be changed to Brighton avenue for many reasons, among which are the following:

First—Coney Island avenue is an important and desirable thoroughfare which runs from the junction of Windsor place and Terrace place at Prospect Park, southerly about five miles to Atlantic ocean, but the present name is misleading in that

it is suggestive that the avenue is located immediately and entirely at the Coney Island resort.

Second—The name is suggestive of so much that is objectionable at the resort that home-seekers are disinclined to purchase a site on this avenue or in its immediate neighborhood.

Third—Because of the objectionable association of its name that section of Brooklyn is not developing as rapidly as it ought and values are in consequence kept low.

MR. FRANK LAMBERT.

Frank M. Blau, real estate, No. 744 Coney Island avenue.

Julius L. Krisch, Coney Island avenue and Avenue C.

Which was referred to the Committee on Streets, Highways and Sewers.

No. 1965

By President Cromwell, of the Borough of Richmond—

AN ORDINANCE to amend an ordinance entitled "An ordinance to create and organize the Fire Department of the Village of Edgewater and provide for the government thereof" and adopted by the Board of Trustees of the Village of Edgewater December 12, 1888.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Section four of an ordinance entitled "An ordinance to create and organize the Fire Department of the Village of Edgewater and to provide for the government thereof," adopted by the Board of Trustees of the Village of Edgewater December 12, 1888, is hereby amended so as to read as follows:

Section 4. A Chief Engineer and three Assistant Engineers of said Department shall be elected by the members of said Department on the second Monday of May, 1901, and every two years thereafter, who shall hold their offices for two years from the first day of June next following, and until their successors are duly elected and qualified. No person shall be eligible to the office of Engineer or Assistant Engineer unless he shall have been an active Fireman at least three years or more immediately preceding said election, a member in good standing of some one of the companies belonging to said Department and a resident of the Village of Edgewater. *The Assistant Engineer must be a resident and member of a company located in the district in which he is a candidate, and shall be chosen by the companies located in that district.*

Section 2. This ordinance shall take effect immediately upon its passage and adoption.

Section 3. A copy of this ordinance shall be transmitted to each company in the Fire Department of the Village of Edgewater.

Which was referred to the Committee on Fire.

No. 1966.

By Alderman Bill—

Resolved, That the ordinance relating to the discharge of fireworks in The City of New York be and the same is hereby suspended so as to permit of a display in vacant lots on Kingsland avenue, near Maspeth avenue, Borough of Brooklyn, on Monday, May 4, 1903, under the direction of the Chief of Police.

Which was received and placed on file.

No. 1967.

By the same—

Resolved, That it is hereby respectfully recommended to the Commissioner of Water Supply, Gas and Electricity that Welsbach burners be placed on the gas lamps on Withers street, between Humboldt and Kingsland streets, in the Borough of Brooklyn.

Which was adopted.

No. 1968.

By Alderman Chambers—

Resolved, That permission be and the same is hereby given to Samuel Sonn to parade with two wagons along Second avenue, from Seventy-second street to Eightieth street, in the Borough of Manhattan, on April 24 and 25, 1903, under the direction of

the Commissioner of Police, such permission to continue only for the dates above mentioned.

Which was received and placed on file.

No. 1969.

By Alderman Culkin—

Resolved, That his Honor the Mayor be and he is hereby respectfully requested to return to this Board for further consideration resolution now in his hands (Int. No. 1915), permitting Peter Feeney to keep a stand in the Borough of Manhattan.

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was decided in the affirmative.

Subsequently the paper was received from his Honor the Mayor, and is as follows:

No. 1915.

Resolved, That permission be and the same is hereby given to Peter Feeney to keep and maintain a portable stand for the sale of light refreshments in the rear of the starting stand of the Belt Line, at the foot of Whitehall street, opposite the ferry-house, in the Borough of Manhattan, the work to be done at his own expense, under the direction of the President of the Borough, such permission to continue during the pleasure of the Board of Aldermen.

Alderman Culkin moved a reconsideration of the vote by which the above resolution was adopted.

The Vice-Chairman put the question whether the Board would agree with said motion

Which was decided in the affirmative.

On motion of Alderman Culkin the paper was then ordered on file.

No. 1970.

By Alderman Malone—

Resolved, That the ordinance relating to the discharge of fireworks in The City of New York be and the same is hereby suspended so as to permit of a display by The Society Cilentana of St. Michael in Twenty-first street, between Third and Fifth avenues, Borough of Brooklyn, on the 7th and 8th of May, 1903, under the direction of the Chief of Police.

Which was received and placed on file.

No. 1971.

By Alderman Mathews (by request)—

AN ORDINANCE regulating contracts for public works or supplies, and agreements in relation thereto, by which The City of New York shall be liable to pay money.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. All supplies to be furnished, or work to be done for The City of New York, whether they are to be paid for out of The City Treasury or out of trust moneys under the control of, or to be assessed or collected by the corporation, shall be furnished or performed under written contract, except as is otherwise provided by law.

Sec. 2. The several departments, boards and officers empowered by law to make contracts on the part of The City of New York shall issue invitations for bids or proposals therefor by public notices and shall advertise the same as provided by law when and after the said public notice and the terms of the said contract shall have been approved as to form by the Corporation Counsel. There shall be kept by each of said departments, boards or officers, an appropriate box, to be designated "bid box," with a proper opening in the top thereof, to receive bids or proposals for which invitations have been issued. Such "bid box" shall be locked, except at such times as it may be necessary to open the same to examine and decide upon bids or proposals, and the key thereof shall be retained by the head of the department, President of the Borough or Board or appropriate officer. It shall be the duty of the appropriate officer to have deposited in said box the bids or proposals duly presented to him for work to be done or supplies to be furnished, immediately on the receipt thereof by him.

Sec. 3. The invitations for bids or proposals shall be in such form as may be prescribed by the board or officer making the same, and as shall be approved as to form by the Corporation Counsel, and they shall contain the following particulars:

1. They shall require that the person making the bid or proposal shall furnish the same in a sealed envelope on or before a day and hour therein named, not less than ten (10) days from the first publication thereof.

2. They shall state the quantity and quality of supplies, or the nature or extent, as near as possible, of the work required, or a reference to specifications or schedules where the quantity and quality of supplies or the nature and extent, as near as possible, of the work, is stated.

3. They shall state that the bids or proposals received will be publicly opened by the head of the department or board or other appropriate officer issuing the public notice, at his office, at a day and hour therein mentioned.

4. They shall state the amount of security which is required for the performance of the contract, which amount may either be stated as a definite sum or as not less than a certain percentage of the bid or proposal.

5. They shall state the time or period within which the work must be done or the supplies furnished.

Sec. 4. Each bid or proposal shall contain:

1. The name and place of residence of the person or party making the same.

2. The names of all persons or parties interested with the bidder therein, and if no other person or party be so interested, the bid or proposal shall distinctly state that fact.

3. A statement that the bid or proposal is made without any connection with any other person or party making the bid or proposal for the same purpose, and that the bid or proposal is in all respects fair and without collusion or fraud.

4. A statement that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise, in, or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof.

Sec. 5. No bid or proposal will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check, or money as required by law. The certified check or money shall be either enclosed in a separate envelope from the envelope containing the bid or proposal, or shall be submitted personally upon the presentation of the bid or proposal.

Sec. 6. Each bid or proposal shall be accompanied by the consent in writing of two (2) householders or freeholders of The City of New York, or of a responsible guaranty or surety company duly authorized by law to act as surety, to the effect that if the contract be awarded to the person or party making the bid or proposal, they, or it, will, upon its being so awarded, become bound as his or its sureties for its faithful performance, and that if he shall remit or refuse to execute the same, they or it will pay to The City of New York any difference between the sum to which he would be entitled upon its completion and that which the City may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting, the amount of security in each case to be calculated upon the estimated cost of the work to be done or of the supplies to be furnished and by which the bids are to be tested.

Sec. 7. The sealed envelope containing the bid or proposal shall be endorsed with the name or names of the person or party presenting the same, the date of its presentation and a statement of the work to which it relates; and no bid or proposal shall be

taken from the "bid box" or the sealed envelope thereof opened by any one except at the time and in the manner herein designated for deciding on such bids or proposals. At the time and place appointed for that purpose in the public notice, as prescribed in this ordinance, the head of the department or other officer or officers empowered to make the contract, in the presence of the Comptroller or his duly authorized representative, and such of the parties making the said bid or proposals as may desire to be present, shall then and there open the said bid box, and the bids or proposals to be examined at that time, as may appear from the endorsements thereon, shall be taken from said box. The said head of department or other officer or his deputy shall then and there publicly open and read all bids or proposals which may have been received for the contract mentioned in such public notice and shall reject all bids or proposals not furnished in conformity with the law and the ordinances relating thereto and the requirements thereof. The award of the contract shall be made according to law.

Sec. 8. When public notices are issued for a contract to furnish any article of which a sample can conveniently be furnished, or for which specifications and plans can be prepared and furnished within the time allowed, the head of the department or other officer issuing the same may require that such sample or specifications and plans be delivered at his office or at the office of the head of the appropriate bureau of the department or office, within such time before the opening of the bids or proposals as he may prescribe; and if it or they be not so furnished or do not conform to the requirements of the public notices and of the specifications and requirements issued by the department or office for the said article, the bid or proposal delivered by the person or party furnishing or omitting to furnish the same, as the case may be, shall be rejected. Whenever samples or plans and specifications are required to be prepared and furnished to the head of the department or officer at least ten (10) days shall be given for the furnishing of such sample and for the preparation of such specifications and plans.

Sec. 9. Except as herein otherwise provided in all contracts for work for The City of New York where provision is made for the payment of the contract price by instalments a provision shall be inserted that the corporation may retain, and the contractor shall allow to be retained, at least ten (10) per cent. of the contract price of the work actually done as security until the whole work shall be completed and the contract shall be fully and completely performed.

Sec. 10. In all contracts for the performance of work or the furnishing of supplies the time or period for the completion of such work and the furnishing and delivery of such supplies shall be specified and inserted therein.

Sec. 11. In all contracts for work for the City upon any public building or in any public street or place, in the performance of which accidents or injuries may happen to the person or property of another, a provision shall be inserted that the contractor shall place proper guards for the prevention of accidents, and shall

put up and keep at night suitable and sufficient lights during the performance of the work; and that he will indemnify The City of New York for damages or costs to which it may be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance or care of the work.

Sec. 12. Every contract for supplies or work for the City shall be executed by the contractor or contractors to whom the same may be awarded, and shall be accompanied by a bond in the amount mentioned in the public notice therefor, executed by the persons or company consenting to become bound as sureties, or by such other persons or company as shall be substituted therefor, with the consent of the Comptroller, conditioned for the faithful performance of the contract and of every provision therein contained, and which bond shall be accompanied by the oath in writing of the persons signing the same as surety, that each is a householder or freeholder in The City of New York, and the oath of such persons or of an officer of such company that he or it is worth the amount of the security required for the completion of the contract, and stated in the public notice as hereinbefore prescribed. And it shall be the duty of the Comptroller to require such sureties to be further examined before himself or an officer authorized to administer oaths deputed by him, in respect to the items and details of the property before approving the adequacy and sufficiency of such sureties. The several departments of the City government and officers aforesaid, by which every and each contract for work to be done or supplies to be furnished for the City shall be made in pursuance of this ordinance, shall have power, and it shall be their duty, to require and enforce the faithful execution of each and very contract so made by them; and in case a contractor or contractors shall fail in any respects to perform the work or to furnish the supplies which he or they have contracted to render or furnish within the time limited for the performance of the same, then it shall be the duty of such department or officers aforesaid to do and complete the same work or to furnish and deliver the said supplies in the manner provided for the performance of the same in the contract, and the cost of the same shall be charged against the delinquent contractor or contractors, provided, however, that the head of any department or officer aforesaid by whom any such contract shall be made, may, on good and sufficient cause, extend for a reasonable time the period fixed for the completion thereof.

Sec. 13. Whenever any contract shall be made hereafter by any of the departments or officers aforesaid of the City, the amount whereof is to be afterward collected by assessment from the property benefited by the work to be done under said contract, it shall be the duty of the head of department or officers aforesaid making such contracts to cause to be inserted therein a clause, that as the work progresses,

payments will be made to the contractors by monthly instalments of seventy per cent. (70 per cent.) on the work performed, provided the amount of work done on each instalment shall amount to one thousand five hundred dollars ($1,500); and the head of department or officer making such contracts shall forthwith file a copy thereof with the Comptroller.

Sec. 14. Whenever any payment shall become due on any contract, according to the provisions thereof or in accordance with any of the provisions of this ordinance, it shall be the duty of the head of Department or officer aforesaid having such work in charge to furnish to the person or party entitled to such payments a certificate, in writing, specifying the contract upon which such payment is due and the amount due under such contract.

Sec. 15. It shall be the duty of the Comptroller on the presentation of such certificate to him to pay the amount thereof and indorse such payments upon, or file with the contract on account of which such payment is made; but no payment shall be made under such contract beyond the amount of such certificate, and the final payment thereon shall not be made until the head of department or officer aforesaid having such work in charge shall furnish the Comptroller, who shall file the same in his office, a certificate signed by the head of such department or officer aforesaid, that the work mentioned in such contract has been completed according to the terms of said contract, and to the satisfaction of the head of department or officer giving such certificate.

Sec. 16. Each and every contractor for a public improvement shall be required to have an affidavit from a city surveyor setting forth the amount of work done of every description that may be charged for under said contract, and said affidavit shall be attached to any assessment list that may be based in whole or in part on said contract. The Inspector shall also furnish an affidavit attached to each contract that the work is done acording to the plans and specifications, said affidavit to be attached to each assessment list before presentation for confirmation.

Sec. 17. No payment shall be made by the Comptroller for work done or supplies furnished except upon proper vouchers rendered by the head of the appropriate Department or other proper officer, Board or Commission for whom such work was done or supplies furnished. Such vouchers shall be made out in triplicate, and shall contain the certificate of such subordinate officers as the head of the department and the Comptroller may require, and shall be of such form and purport as the Comptroller shall prescribe, and also a certificate of the head of the department or said officers. One of the triplicate vouchers shall be retained in the department or office by which the vouchers are rendered, and another shall be transmitted to the Department of Finance for payment, and the third shall be delivered to the contractor or

his proper representative. A receipt for the amount paid shall be taken upon the vouchers sent to the Department of Finance.

Sec. 18. All meetings of the boards or commissions constituting departments of the City Government of The City of New York for the transaction of public business shall be held openly, and shall in all cases be accessible to the public. Such meetings shall be held at such times and places as may be determined upon by each of such departments, and due notice thereof shall be published daily in the "City Record."

Sec. 19. All ordinances of the former municipal and public corporations consolidated into The City of New York, in relation to regulating contracts for work and supplies and receiving proposals for furnishing the same, and all other ordinances inconsistent herewith, are hereby repealed, but such repeal shall not affect existing contracts or advertisements already published for the whole or a part of the period required nor any vested rights created by ordinances of any municipal or public corporation now forming a part of The City of New York.

Sec. 20. This ordinance shall take effect immediately.

Which was referred to the Committee on Laws and Legislation.

No. 1972.

By the same—

Resolved, That the President of the Borough of Manhattan be and he is hereby authorized and requested to renumber the house Nos. 11 and 13 West Ninety-fourth street, in the Borough of Manhattan, so that the said house shall be known and designated as Nos. 9 and 11.

Which was adopted.

No. 1973.

By the same—

Resolved, That the President of the Borough of Manhattan be and he is hereby authorized and requested to renumber the house No. 13 West Eighty-ninth street, in the Borough of Manhattan, so that the said house shall be known and designated as No. 7 West Eighty-ninth street.

Which was adopted.

No. 1974.

By Alderman Oatman—

Resolved, That it is respectfully recommended to the Commissioner of Water Supply, Gas and Electricity, that three lamp posts be erected, incandescent lamps placed thereon and lighted, in front of St. Malachy's church, Nos. 239 to 245 West Forty-ninth street, Borough of Manhattan.

Which was adopted.

No. 1975.

By Alderman Peck—

Resolved, That permission be and same hereby is given to Frederick W. Martens, the owner of the property on the southwest corner of Morris avenue and One Hundred and Seventy-sixth street, in the Borough of The Bronx, being 125 feet on Morris avenue and 125 feet on One Hundred and Seventy-sixth street, to construct and maintain a slope, or terrace, with a retaining wall not more than five feet in height, in front of his said property on Morris avenue and One Hundred and Seventy-sixth street, between his said property and the stoop line, in front thereof, the work to be done at his own expense, under the direction of the President of the Borough of The Bronx, such permission to continue only during the pleasure of the Board of Aldermen.

Which was adopted.

No. 1976.

By Alderman Wafer—

Resolved, That the ordinance relative to the discharge of fireworks be and the same is hereby suspended so as to permit the Jesus and Mary Society of the Forty-seventh Aldermanic District, Brooklyn, to discharge fireworks on the evenings of May 8 and 9, 1903, under the direction of the Commissioner of Police, such permission to continue only for the dates metioned above.

Which was received and placed on file.

No. 1977.

By Alderman Walkley—

Resolved, That the heads of the several departments of The City of New York in which a holiday was granted to per diem employees on Good Friday, April 10, 1903, be and hereby are respectfully requested to allow pay for the holiday so granted.

Which was adopted.

No. 1978.

By the same—

Resolved, That the Board of Estimate and Apportionment be and they are hereby respectfully requested to set aside the sum of one hundred dollars for the purpose of defraying the expenses to be incurred by W. W. Stephenson Post, No. 669, G. A. R., on the occasion of firing the annual national salute in Washington Park, Borough of Brooklyn, on Independence Day, July 4, 1903.

Which was adopted.

No. 1979.

By the same—

Resolved, That the Health Commissioner be respectfully requested to report to this Board at its next regular meeting, the reason why the Long Island Railroad continues to use soft coal for the firing of its engines while passing through the City of Brooklyn. Complaints of this course come from very many citizens, and we urge that the ordinances in relation to using soft coal be strictly enforced.

Which was referred to the Committee on Public Health.

No. 1980.

By Alderman Wentz—

Whereas, Veterans of the Civil War are subject to apparently great hardship in being compelled to undergo severe physical examinations for positions where great strength of body or limb is entirely unnecessary; therefore be it

Resolved, That the Corporation Counsel be and he is hereby respectfully requested to inform this Board at his earliest convenience by what law or authority the Municipal Civil Service Commission exacts from veterans a submission to said severe physical tests.

Which was adopted

Alderman Stewart moved that the Board do now adjourn.

The Vice-Chairman put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

And the Vice-Chairman declared that the Board stood adjourned until Tuesday, April 28, 1903, at 1 o'clock, p. m.

P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen.

THE BOARD OF ALDERMEN

OF THE CITY OF NEW YORK

STATED MEETING.

Tuesday, April 28, 1903, 1 o'clock p. m.

The Board met in the Aldermanic Chamber, City Hall.

Present:

George Cromwell, President, Borough of Richmond.

Joseph Cassidy, President, Borough of Queens.

Jacob A. Cantor, President, Borough of Manhattan.

The Clerk proceeded to read the minutes of the stated meeting of April 21, 1903.

On motion of Alderman Richter, further reading was dispensed with, and the minutes were approved as printed.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the Corporation Counsel:

No. 1981.

Law Department, Office of the Corporation Counsel,
New York, April 21, 1903.

Hon P. J. SCULLY, City Clerk:

Sir—I have received your letter of April 16, 1903, in which was enclosed a copy of a resolution of the Board of Aldermen adopted April 14, 1903, requesting my opinion as to whether Ordinance No. 1693 has become operative under the provisions of the Charter.

The minutes of the meeting of the Board of Aldermen, held on April 7 last, to which you have referred me, so far as they relate to Ordinance No. 1693, show these facts:

Prior to February 24, 1903, the Board of Aldermen received from the Board of Estimate and Apportionment a resolution approving a proposition for creating a debt of $3,150,000 for the repaving of streets. Upon that day the Board of Aldermen referred the resolution, and a proposed ordinance which related to it, to its Committee on Finance. On April 7, 1903, the Committee on Finance reported favorably upon the matter and recommended the adoption of the ordinance in question, No. 1693, by the terms of which the Board of Aldermen approved the creation of the debt for repaving the streets as provided in the resolution of the Board of Estimate and Apportionment. The question was regularly put whether the Board of Aldermen would agree to accept the report of the Finance Committee and adopt the ordinance. The vote was recorded, thirty-six voting in the affirmative and thirty voting in the negative.

I am of opinion that upon the facts stated Ordinance No. 1693 must be deemed to have been passed by the requisite vote of the Board of Aldermen under the provisions of section 48 of the Charter of The City of New York.

The ordinance provided for the issue of Corporate Stock of The Ctiy of New York to the amount of $3,150,000, for the purpose of repaving the streets of

The City of New York. The proposition for creating this debt had been previously duly approved by a majority vote of the whole Board of Estimate and Apportionment. A copy of the resolution or vote of the Board of Estimate and Apportionment had been received by the Board of Aldermen and a proper date had been appointed within the meaning of the Charter for the consideration of the matter; on that day and within six weeks after the receipt of the copy of the resolution of the Board of Estimate and Apportionment, a final vote was taken thereon, and a majority of all the members of the Board of Aldermen did not vote against the proposition to create the debt. More than six weeks have now elapsed since the resolution or vote of the Board of Estimate and Apportionment was first received by the Board of Aldermen, and a majority of the members of the Board of Aldermen has not voted against the proposition. The proposition, therefore, must be deemed to have been passed by the requisite vote of the Board of Aldermen, and the ordinance in question is now to be laid before the Mayor for his action, and such subsequent proceedings as may be necessary may hereafter be had as provided in the Charter.

Respectfully yours,

G. L. RIVES, Corporation Counsel.

Which was ordered on file.

The President laid before the Board the following communication from the Department of Finance:

No. 1982.

Department of Finance, City of New York, April 17, 1903.

Hon. P. J. SCULLY, City Clerk:

Dear Sir—In compliance with chapter 3, article 1, section 23 of the Revised Ordinances of 1897, I have the honor to transmit herewith, for presentation to the Board of Aldermen, statements of all contracts made by the Mayor, Aldermen and Commonalty of the City of New York, and the municipalites, corporations, etc., consolidated therewith prior to January 1, 1898, and The City of New York (Greater New York) since January 1, 1898, or directed or authorized by the Common Councils of said corporations, and not performed or completed or upon which any moneys remain unpaid on each, on December 31, 1902.

These statements show the payments made on account of the various contracts to December 31, 1901, inclusive; the payments on account thereof during the year 1902; the total amounts paid thereon to December 31, 1902; the balances remaining unpaid thereon December 31, 1902, and the funds or accounts against which said contracts are chargeable.

Statement "A" shows the contracts executed prior to January 1, 1898, by the Mayor, Aldermen and Commonalty of the City of New York.

Statement "B" shows the contracts executed prior to January 1, 1898, by the municipalities, corporations, etc., consolidated with the Mayor, Aldermen and Commonalty of the City of New York.

Statement "C" shows the contracts executed since January 1, 1898, by The City of New York (Greater New York).

Yours truly,

EDWARD M. GROUT, Comptroller.

[For said Statements of Contracts see Appendix to Minutes of Board of Aldermen of this date.]

Which was ordered on file.

The President laid before the Board the following communications from the Board of Estimate and Apportionment transmitting resolutions:

No. 1983.

Department of Finance, City of New York,
April 25, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—At a meeting of the Board of Estimate and Apportionment, held April 24, 1903, the enclosed communication from the President of the Borough of Brooklyn, under date of April 9, 1903, requesting an appropriation of $65,000, for the purposes of defraying the expenses of the new plumbing and ventilating apparatus in the Kings County Court House, and copies of other papers relative thereto, were presented and referred to the Board of Aldermen with the request that they ask for an issue of Special Revenue Bonds for the purposes stated in said communication.

Very truly yours,

J. W. STEVENSON, Deputy Comptroller.

REQUEST FOR APPROPRIATION FOR REPAIRS, KINGS COUNTY COURT HOUSE.

The City of New York,
Office of the President of the Borough of Brooklyn,
Brooklyn, April 9, 1903.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment,
City Hall, Manhattan, New York City:

Dear Sir—Application is herewith made for an appropriation of $65,000 for the purpose of defraying the expense of installing entirely new plumbing and ventilating apparatus in the Kings County Court House.

Some time ago Mr. F. J. Helmle, Superintendent of Public Buildings and Offices, examined the various County and Municipal buildings in this borough in order

to determine their sanitary condition. Among these was the Kings County Court House.

In his report Mr. Helmle informed me that this building was in such an unsanitary condition as to be unfit for use, that the plumbing and drain pipes were of such poor material that many had fallen to pieces and that ventilating pipes, instead of running to the open air, were mere dummies in the walls.

This report revealed such a startling condition that it seemed to me wise to have it verified by the best experts attainable.

I employed, therefore, the Building Sanitary Inspection Company, of No. 76 William street, Manhattan, to make a thorough investigation and inspection of the said court house. I have received a written report from that company, a copy of which is herewith enclosed. It reveals even a worse condition than had been reported to me by Mr. Helmle.

I thereupon requested the same company to prepare for me an estimate in detail stating the total cost of putting the said Court House in first-class sanitary condititION, and I enclose herewith a copy of the detailed estimate, which shows that the necessary work would involve an expenditure of $92,000.

This estimate is, I think, rather high. The Superintendent of Public Buildings and Offices, who is himself an architect of high standing, has informed me that in his judgment $65,000 will be sufficient.

It is almost incredible that contractors should have been so unprincipled as to construct, or officials so indifferent to the welfare of the public as to accept work of such a character. But the necessity of remedying this dangerous condition of the Court House is imperative. A simple statement of the facts is an emphatic appeal for immediate relief.

I write therefore through you to request the Board of Estimate and Apportionment to authorize the Comptroller to issue Corporate Stock of The City of New York for this purpose.

Very truly yours,

J. EDW. SWANSTROM, President of the Borough of Brooklyn.

Building and Sanitary Inspection Company,
No. 76 William Street, New York,
March 18, 1903.

To Hon. WILLIAM C. REDFIELD, Commissioner of Public Works, Borough of Brooklyn, New York:

We report as follows the results of a sanitary inspection and survey of the premises, Kings County Courthouse, at Brooklyn, New York, made to your order on the 21st, 22d and 23d days of February, 1903:

Plumbing.

A test, with smoke and chemical, was applied to the lines of soil pipe that extend through the roof, with their accompanying vent pipes, branches, connections and fixtures.

No test was applied to the drain beneath the cellar bottom nor is one necessary, as it is hopelessly defective.

No test could be applied to several lines that do not extend above the roof. These require to be replaced or altered for other reasons, and the general conclusions are not affected by the fact that they were not tested.

Many serious leaks were disclosed by the test. (See list of leaks on page No. 3A.)

The house drain beneath the cellar bottom is of earthenware pipe, with joints that are defective and leaky. Such pipe cannot be easily made tight originally, and can never be maintained so. Its use or maintenance within buildings is prohibited by the Sanitary Code. There is an open brick manhole on this house drain in the south wing of the building with a loose flagstone cover. We are informed that there are other similar manholes that are flagged over. The branches of the main house drain to the various soil pipes in the old wing of the building are of earthenware pipe with open joints, where they were uncovered. From this drain sewage leaks and saturates the ground and drain air escapes into the cellar, from which it rises to other parts of the building. The conditions in the cellar, arising from this leaky drain, are of special importance, as at present a large part of the warm air supply for the building, and, in fact, all of the warm air supply for some of the court rooms is drawn from the cellar.

The vertical lines of soil pipe that extend through the roof are of extra heavy cast-iron pipe, and, with the exception of two or three remediable leaks, are in fair condition.

There are other lines that do not extend through the roof. There is positive danger that the trap seals on these will be lost at times through the discharge of the fixtures to which they are attached or adjoining fixtures. Some of these are of "light" cast-iron pipe. The use of "light" pipe is no longer permitted under the plumbing regulations governing new work in New York City. Its use has been prohibited since 1888. Owing to the thinness of the metal, it is difficult to properly calk the joints on such pipes without danger of splitting the hubs, and in case leaks occur, it is almost impossible to correct them, as the jarring disturbs the pipe and is apt to cause new leaks at other points.

The design of the piping, aside from the extra heavy cast-iron soil pipes that extend through the roof, is bad. Many of the traps have no vent pipes. Some

pipes that appear to serve as vent pipes are "dummies" stuck into the walls and ending there.

The fixtures throughout, with the exception of not more than ten, are open to positive objections, are types that cannot be made safe and most of them are leaky at their connections.

All of the water closets but seven are washouts with earthenware vent horns, the joints of which depend on a perishable washer for tightness. These washers dry out and shrink, and cannot be depended on to remain tight even when originally made so. The earthenware vent horns are liable to crack and the couplings to become loose, and for these reasons this type of closet has been for many years prohibited in new work in New York City. Eight of these leaked under the test, and the couplings on fifteen were found loose to the hand.

The basins have inaccessible overflows, a type that cannot be easily kept clean. Nearly all of the basin traps have couplings that depend on perishable washers for tightness, and are not to be relied upon. Three of these leaked under the test, and seven of the couplings were found loose to the hand.

Nearly all of the urinals are "Stevens'" make, a type unfitted for use within a building unless the local vent pipes from them are connected to ventilating ducts in which a strong air current is maintained, either by power or by artificial heat.

The plumbing system should be remodeled throughout, provided a new house trap and fresh-air inlet, a new house drain with branches and connections to all rising lines, and the leaders and other drains of extra heavy cast-iron pipe. Such of the rising lines as are of "light" cast-iron pipe should be replaced by "extra heavy" cast-iron or galvanized wrought-iron pipe screwed joints. The lines of soil pipe that are of "extra heavy" cast-iron pipe that do not extend through the roof should be so extended. A properly designed system of vent pipes of galvanized wrought-iron pipe with screwed joints should be installed. The "extra heavy" cast-iron soil pipes retained should be tested under a water test, and any defects of joints or materials made good. The fixtures should be renewed, excepting those enumerated on page No. 4, using vitreous siphon jet or washdown water closets, basins with open overflows and brass traps with screwed-in connections of iron pipe standard without couplings or unions, and urinals with traps in the earthenware of the fixtures and without floor drains. The miscellaneous fixtures should also be replaced by those of modern type and non-absorbent material.

To carry out the improvements required in the plumbing, no material structural changes will be required. The present plan needs no radical changes. Some of the water closets and urinals are located in apartments that have no direct ventilation or windows. Such of these as can be dispensed with should be cut off. The ventilating ducts for the toilet apartments should be made operative; they can be brought to-

gether in groups in the attic and there provided with electric fans so as to maintain an upward and outward current in them. Similar ducts should be provided for such of the toilet rooms now unventilated that are to be retained. These ducts should have no connection with those of the heating and ventilating system for the offices and court rooms.

Ventilation.

There is no operative ventilating system, nor has there been any in many years. The apparatus no longer in use is in a dilapidated state.

There are four drums in the attic that were arranged to be heated by gas stoves, to which the exhaust ducts from some of the court rooms were formerly connected. Most of these ducts are broken off, and the gas stoves have not been operated in years.

Many of the other ducts in the attic are broken off or disconnected.

The principal air intakes for the court rooms in the old section of the building were formerly through windows into cold air rooms in the cellar near the centre of the building, on the east and west sides. From these cold air was driven by fans into two main ducts on either side of the passage in the cellar, with branches to the various stack boxes.

At present the window to the cold-air room on the east side is blocked by the brick foundation from an entrance to the first floor, and the fan for this section is without a belt, and, consequently, not in use. The heating system for this section is not supplied with any air from outdoors. Its air supply is drawn solely from the cellar, and in the next compartment to the cold-air room, through which this cellar air is drawn, there is a shower bath, used by the engineers, without any visible waste pipe, and the floor in this apartment is saturated with urine. (See also page 1 in report on "Plumbing.") Some of the stack boxes in this section of the building have been torn apart for repairs to the steam pipes, and not afterwards replaced. The cellar air is further affected, and particularly so in this section by the escape of steam and water from the air valves of the radiators in rooms above. This hot water discharges into the ground, from which, in turn, steam and vapor arises.

In the other sections of the building the conditions that affect the warmed air are similar to those described, except that some air is drawn in from outdoors.

Court Room No. 35 is in the section of the building that is subject to the worst influences. In addition to receiving its warmed air solely from the cellar, only such vitiated air is removed from it as finds its way out through doors and windows which may happen to be open, and any vitiated air passing out through the doors only escapes into the corridors and affects other parts of the building. The ducts originally intended for foul air outlets are disconnected from the drums in the attic, and

their inlets in the court room have been closed with paper to prevent down draughts. The conditions that affect the removal of foul air from the other court rooms differ only in degree from those in this room, which is the worst.

Owing to the lack of adequate outlets, the warmed air from the registers does not readily circulate through the rooms, but must be heated to such a degree as to overcome by sheer force the resistence offered by the confined air in the rooms. This means a wasteful use of fuel, and in our judgment the boiler capacity of the present system is far in excess of what should be needed for this building.

If considerable repairs and some additions are made to the present system, material improvement can be accomplished. The best results can only be obtained by an entirely new system. In either case it must be operated by a competent person.

Leaks Disclosed by the Test.

1. The odor of smoke and chemical escaped from behind the casing on first floor (lined M), indicating defects on the concealed piping.

2. There was a diffused odor of the smoke and chemical used in the test noticeable in Room No. 28. This may have come from leak No. 1, or there may be another smaller leak near here.

3. At the base of line H.

4 and 5. At the vent horn connections on the water closets in public toilet room on second floor, next to the door.

6 and 7. At the "dummy" vent connections on basins in Rooms Nos. 17 and 39.

8. At the vent connection of the water closet in the Jury Room on third floor, on line E.

9. At the coupling on the waste connection of the middle basin in toilet room on the first floor, east side of south extension.

10 and 11. At the vent horn connections of both water closets in the same toilet room.

12 and 13. At the vent connections of the two water closets at the right-hand end in toilet room on second floor, on line B.

14. At the vent connection of water closet in Jury Room No. 1 on third floor, south extension.

15. The odor of the smoke and chemical escaped from the wall about the vent connection of the right-hand water closet, line D, second floor.

16. At the branch vent pipe of the middle water closet, line D, second floor.

17. The odor of smoke and chemical was noted in Room No. 48 and in the room above it. This may have come from defects below, from which there were profuse leaks, or there may be small leaks in the concealed pipes in these rooms.

18. At a joint in the attic on line D.

19. At a defect in the easterly unused cell in the cellar of the south extension. Note.—No access could be obtained to this cell.

20. At a saddle hub on line C, in the cellar.

To improve the sanitary condition of this building the following changes need to be made:

Plumbing.

1. The present house drain and the saturated earth along its course should be removed and replaced by a new house drain of extra heavy cast-iron pipe, with lead-caulked joints. This should have branches and connections to all the soil and waste pipes, leader and other drains.

2. A house trap of heavy cast iron, with two clean-outs, closed by heavy brass or iron bodied ferrules with tapered threads of iron pipe standard, should be provided on the house drain near the front wall and made accessible.

3. A fresh-air inlet of extra heavy cast iron, extending to the curb and terminating in a brick box 18 inches square and 18 inches deep below the pipe opening, protected by a heavy galvanized cast-iron grating with a locking device, should be provided.

4. The extra heavy cast-iron pipes that extend through the roof should have fixtures attached to them removed, and each line should be water tested. Any defects of joints or materials thereby developed should be repaired by remaking the joints and replacing defective material, including any lengths that have bends or patches. These are lines A, B, C, D, E, F, G, H, I, K and M.

5. The line of "light" cast-iron soil pipe should be replaced by extra heavy cast-iron pipe with lead-caulked joints or galvanized wrought-iron pipe with screwed joints. This is line E.

6. The lines of soil pipe that do not extend through the roof should be extended in full calibre through the roof of extra heavy cast or galvanized wrought-iron pipe, as specified in item No. 5. These are lines D, E, F and I, also J, R and S.

7. A properly designed system of vent pipes should be installed, of galvanized wrought-iron pipe with screwed joints, with branches to each water closet bend and fixture trap. Such of the main vent pipes parallel to the main soil pipes as may be made to meet the test requirements of item No. 4 may be retained, provided that the branch outlets on them are higher than the waste outlets of any fixture in the groups they serve.

8. Replace all of the washout closets by those of the siphon jet or washdown type, with cisterns complete, set open on heavy brass floor plates, connected to the

soil pipe branches by heavy lead bands and vented from these bends beneath the floors. Where there are wood floors the new water closets should be set on marble floor slabs.

9. Replace the basins throughout by those with open overflows, and replace the basin traps, except that on line H. second floor, by brass traps with screwed-in connections of iron pipe standard and without couplings or unions, arranging where possible for a continuous waste and vent connection.

10. Replace the urinals, except two in first floor toilet room, line B, new extension, by those with the trap formed in the earthenware, removing the traps below the floor in connection with the present urinals. Provide new urinal threads without floor drain outlets.

11. There are unused fixtures, such as water closets in cell, that are no longer in use. The trap seals of such fixtures are lost by evaporation, leaving passage through which drain air may enter the building. All unused fixtures should be cut off from the drainage system, and the openings closed by iron plugs caulked or screwed in.

12. In the section of the cellar south of the fan chamber, on the easterly side of the building, there is a shower bath that discharges on the floor with no visible waste pipe. This should be cut off.

13. There are unused pipes at various points. They are exposed to injury, and the defects caused may remain undetected for long periods. All unused pipes should be cut off at the main lines and the openings closed as specified in item No. 12.

14. There are no visible traps for most of the leaders and other drains, probably there are none. In reviewing the house drain and its branches, traps should be provided for such of the leaders and other drains as have none. There should be running traps with one handhole on the inlet side, closed as specified in item No. 2.

15. There are "light" brass cleanouts on the soil pipes and their branches in the cellar. Such "light" cleanouts depend on perishable washers for tightness, and are not to be relied on. These and any other similar cleanouts discovered during the alterations should be replaced by heavy brass or iron-bodied ferrules, closed by heavy brass screw plugs, with tapered threads of iron pipe standard.

16. The small leaders from front balconies should be disconnected from the soil pipes and extended separately to the house drain trapped, as specified under item No. 14.

17. The water closets in the jury rooms throughout the building are inclosed by dwarf partitions only, and ventilate into the jury rooms. These partitions should be extended to the ceiling.

18. The following apartments, containing water closets and urinals, have no windows to the outer air and no ventilation ducts:

Cellar Water Closet Apartment on Line D.

Second Floor Line I—Toilet room southeast side of dome.

Second Floor Line I—Toilet room southwest side of dome.

Second Floor Line M—Inside toilet room off Room No. 28.

Third Floor Line A—Toilet room in Jury Room No. 2, in new extension.

Third Floor Line A—Toilet room in Jury Room No. 1, in new extension.

Third Floor Line H—Bathroom in Janitor's apartments.

Third Floor Line . .—Water closet apartments in Jury Rooms, main building.

These should be abolished if they can be dispensed with. If any of them are considered indispensable, those retained should be provided with ventilating ducts extending to the attic, collected in groups to drums provided with electrical exhaust fans, to maintain a current upward and outward through them.

19. Many of the toilet rooms have ducts leading to the attic. These should be extended and arranged as specified in item No. 18.

20. The Engineer's water closet in the cellar is in an unventilated apartment, not lighted. The closet is of poor type and all its surroundings are of wood. It cannot be easily kept in cleanly condition. This closet should be abolished and one of the washdown type, as specified in item No. 8, provided where the apartment can have a window direct to outdoors.

21. The sediment pipe from the kitchen boiler in Janitor's apartment is directly connected to the drainage system on the outlet side of the sink trap. The sediment, or blow-off pipes of domestic hot water boilers should never, under any circumstances, be connected to a drain pipe. When the boiler is emptied during periods of disuse, the sediment pipe is left open, and drain air can circulate through the boiler and water supply pipes and contaminate them. There may be a constant undetected loss of hot water if the sediment cock becomes leaky. The boiler sediment pipe should be disconnected from the drainage system and provided with a hose bibb, so that the boiler may be emptied by means of a hose or pail.

22. The tubs in Janitor's apartment are of wood, covered and water soaked. Woodwork affords a lurking place for the accumulation of dust and vermin, as well as absorbent drips. These should be replaced by those of non-absorbent material without covers. The covers prevent the tubs from drying quickly and become musty.

Ventilation.

23. The cold air intake for the central portions of the building on the east side that is bricked up, should be opened, or another intake provided instead of this one.

24. The cold air rooms should be provided with tight-fitting, self-closing doors. The doors at present are left open.

25. The fan engines should be in operative condition. At present they are not running, and one of them has no belt.

26. The cold air rooms should have their floors repaved, damp-proofed and concreted. The floor concrete is broken and the earth is damp beneath it. One of the objects of concreting a cellar bottom, in addition to excluding dampness, is to keep out ground air.

27. The ceilings of these rooms should be repaired and made tight. At present there are openings about pipes into toilet rooms above.

28. The walls of these rooms should be cleaned and whitewashed.

29. The stack boxes should be reconstructed where broken, and repaired where leaky.

30. There are no cleanout doors from many of the stack boxes, and they are in need of cleaning. Air-tight cleanout doors should be provided from each stack above and below the coils.

31. Drip pipes from the air valves of radiators are run into the ground below the cellar bottom. Many of the valves are leaky, and hot water and steam escaping from them seriously affect the cellar conditions. These pipes should all run to a drip tank, and new air valves for the radiators should be provided in place of those that leak.

32. There is a register in the floor, just inside of and to the west of the entrance at Fulton street, that has become a receptacle for rubbish and filth. It should be abolished, and a register in some other unobjectionable location and not in the floor should be provided in its stead.

33. The various outlet ducts from the court rooms and offices should be cleaned out, and their registers repaired where required. The ducts should be reconstructed in the attic and collected in groups connected to drums provided with electric fans to maintain an upward and outward current in them.

34. The cold-air intakes are located in areas below grade. The cold-air supply should be pure air from outdoors, drawn from a point at least four feet above grade, where it will receive the minimum of street dust and away from ground and other emanations. The ducts are dusty and have no doors for cleaning. Air-tight cleanout doors, so located that the duct may be conveniently cleaned at intervals, should be

provided, and the intakes should be raised at least four feet above grade and arranged to shed snow and rain.

35. The cellar bottom of the main building is flagged in part, but much of the bottom is natural earth, and it is all damp from leakages of many sorts. The cellar bottom should be concreted throughout. (See Item No. 26.)

36. The cellar generally. and particularly in the front vaults and in inclosures on either side of the main passage, contains rubbish. This should be cleared out.

37. The cellar walls and partition walls are generally in need of whitewashing.

38. Surface water finds its way into the cellar about window openings at a number of points. The outside pavement should be graded to discharge surface water away from the windows at all points.

39. The outside leaders were obstructed by ice at the time of inspection. They are, as a whole, in bad repair. It would be an advisable improvement to replace these by inside leaders. In any event they need considerable general repairs, and in some cases renewal.

BUILDING AND SANITARY INSPECTION COMPANY,

(Signed) THOS. ROBINSON, Secretary.

April 6, 1903.

Mr. WILLIAM C. REDFIELD, Commissioner of Public Works, Borough Hall:

Dear Sir—I am to-day in receipt of a communication from the Buildings and Sanitary Inspection Company, enclosing an approximate estimate of cost for carrying out recommendations contained in the report of that company with reference to the projected improvements in the Kings County Courthouse. The communication is signed by Secretary and Treasurer Thomas H. Robinson, who explains that in case the work is undertaken, the firm will prepare plans and specifications for it and supervise it as it progresses, acting as engineers in charge of it. The charge for these services will be 5 per cent. on the cost; that in the event of the order being placed with that company there will be no charge (a matter of $250) for its recent inspection.

The estimate is subjoined:

New York, April 4, 1903.

FRANK J. HELMLE, Esq., Superintendent Bureau of Public Buildings and Offices, Borough of Brooklyn, N. Y.:

Dear Sir—In reply to your request for an approximate estimate of the cost of carrying out the recommendations contained in our report of an inspection of the Kings County Courthouse, we beg to submit the following figures which we believe will cover the work. Competitive bidding will probably result in changes from these

figures, but we do not think that such changes will be very great one way or the other.

Plumbing.

100 fixtures, average complete set up, including labor, about $125	$12,500 00
Repairing and water testing old soil lines retained, about	1,000 00
Replacing "light" cast-iron pipe, about	500 00
Extending lines through the roof, about	1,000 00
Repairing vent pipes and providing them where absent, about	1,250 00
New water pipes, about	4,000 00
New house sewer, house trap and fresh-air inlet, house drain, branches to all rising lines, cellar fixtures and leaders, and other drains with necessary traps, cleanouts and access pits; about 350 feet 4-inch pipe, 400 feet 5-inch pipe, 400 feet 6-inch pipe and 12-inch pipe	3,500 00
New inside leaders, about	3,500 00
Removing saturated earth beneath cellar bottom and replacing it by fresh earth, about	500 00
Total	$27,750 00
If inside leaders are not provided the present leader system will have to be renewed. Inside leaders are greatly to be preferred, but if it is decided not to place them in the building but simply to renew the present system, deduct	2,000 00
	$25,750 00

Ventilation in Connection With Plumbing.

(a) Repairing and improving existing ducts (b) providing ducts where there are none; (c) electric exhaust fans to make the ducts operative, about	$1,000 00

Heating System.

For renewal of present system, except the boilers, which will prove in the end the most economical course, about	$15,000 00
The argument for renewal is, that repairs will have to be extensive and when completed the maintenance will not be economical and the life of the repaired plant will not be long, and the per annum cost of this short life will be greater than the per annum cost of a new plant independent of the higher running expenses. If the system is not renewed, repairs will cost, about	10,000 00

These will provide for repairs to the stacks, additions where there are, to small renewals where worn out, new valves, repairs to radiators, new ones where required, particulary in the Court rooms, new air valves, disposal of drips, from air valves to a drip tank, regulating devices, etc.

Ventilating System.

This should be practically new, and will cover suitable air intakes, fitting up cold air rooms, providing pressure fans, air filters, tempering coils, distributing ducts, collecting ducts in attic, drums, exhaust fans, etc., within the limitations of the building without extensive alterations of the permanent built-in inlet and outlet ducts in the walls; and, while it would not be a complete system such as would be installed in a new building used for the purposes of this one, will be such a system as the building warrants and would, we believe, be satisfactory and wholesome. About	$35,000 00

A complete modern heating and ventilating system, including an air cooling plant, etc., would not cost less than $100,000, as extensive changes in the permanent ducts would be required, accompanied by redecorating, etc.

Miscellaneous.

Concreting and cementing cellar bottom, about	$5,000 00
Cleaning cellar and cleaning and whitewashing brickwork, about	1,000 00
Excluding surface water from cellar, repairing pavement, areas, etc., about.	500 00
	$6,500 00

Summary.

Plumbing	$27,750 00
Ventilating in connection with plumbing	1,000 00
Heating system	15,000 00
Ventilating svstem	35,000 00
Miscellaneous	6,500 00
	$85,250 00
Add about 10 per cent. for contingencies and omissions	8,750 00
	$94,000 00
Or, if outside instead of inside leaders are provided, deduct	2,000 00
	$92,000 00

We are.

Yours very sincerely,

T. H. ROBINSON, Secretary.

Will you please let me hear from you with reference to this matter?

Respectfully,

FRANK J. HELMLE, Superintendent.

Which was referred to the Committee on Finance.

No. 1984.

Department of Finance—City of New York,
April 24, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment April 24, 1903, fixing the salaries of the positions of Head Keeper at the Branch Workhouse, Hart's Island, and the Head Keeper at the Penitentiary, Blackwell's Island, Department of Correction, at the rate of $1,800 per annum, together with a copy of a communication from the Commissioner, Department of Correction, relative thereto.

I also send you form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

J. W. STEVENSON, Deputy Comptroller.

Department of Correction of The City of New York.
New York, April 17, 1903.

Hon. SETH LOW, Mayor, and Chairman of the Board of Estimate and Apportionment:

Dear Sir—I would respectfully request that your honorable Board will grant me permission to increase the salaries of Thomas F. Kane, Head Keeper at the Branch Workhouse, Hart's Island, and Thomas McManus, Head Keeper at the Penitentiary, Blackwell's Island, from $1,000 to $1,800.

Mr. Kane has been in charge of the Branch Workhouse on Hart's Island since February 1, 1902. Since that time the institutions have developed to such an extent that the Branch Workhouse is now of much more importance than it has ever before been. A Reformatory School has been established there, a Woman's Pavilion opened, a Laundry Plant put into service, and a Male Pavilion, which was the only institution on the Island, at the time of his appointment, has been greatly improved. The census has increased from an average of 230 in January, 1902, to an average of 600 inmates in March, 1903, thus showing that the responsibilities of the Head Keeper have greatly increased. I may add that the cause of the increased census was the transfer of

prisoners from the Workhouse, Blackwell's Island, which had become very much overcrowded.

Mr. McManus has been Head Keeper at the Penitentiary, Blackwell's Island, since June 1, 1902, and has proved of valuable service to the Department. Many improvements have been made at the prison during the past six months under his direction, and the excellent condition of the Penitentiary at the present time is due, in a great measure, to his labors.

It is my opinion, without taking into consideration the personalities of the present occupants of the positions, that the Head Keepers of these institutions should receive, at least, the amounts here requested.

Very respectfully yours,

THOMAS W. HYNES, Commissioner.

Whereas, The Board of Estimate and Apportionment, at a meeting held April 24, 1903, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with section 56 of the Greater New York Charter, that the salaries of the following positions in the Department of Correction be fixed as follows:

Head Keeper at the Branch Workhouse, Hart's Island.....	$1,800 00
Head Keeper at the Penitentiary, Blackwell's Island.....	1,800 00

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the positions of Head Keeper at the Branch Workhouse, Hart's Island, and the Head Keeper at the Penitentiary, Blackwell's Island, Department of Correction, at the rate of eighteen hundred dollars $1,800 per annum each.

No. 1985.

Department of Finance, City of New York,
April 24, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment April 24, 1903, fixing the salary of the position of Architectural Draughtsman in the Bureau of Buildings, Department of Education, at the rate of $45 per week, together with copy of a communication from the Board of Education relative thereto.

I also send you herewith form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

J. W. STEVENSON, Deputy Comptroller.

Board of Education,
New York, April 16, 1903.

Hon. J. W. STEVENSON, Secretary, Board of Etimate and Aportionment:

Dear Sir—Below you will find certified copies of two resolutions adopted by the Executive Committee of the Board of Education on the 15th instant in regard to increasing the salary of Franklin A. Green, Architectural Draughtsman in the Bureau of Buildings of this Department, from $40 to $45 per week. In connection therewith I wish to call your attention to the fact that the Superintendent of School Buildings recommended this increase in salary, together with increase in the salaries of other Draughtsmen, and stated that repeated and insistent requests have been received from these Draughtsmen that the value of their services be recognized. He further calls attention to the well-known difficulty experienced by the various City departments in obtaining Draughtsmen and to the fact that when such men are obtained very high salaries must be paid them, and stated that the men proposed to be increased were, in nearly every instance, those who have been longest in the service and upon whom fell the greater amount of the work done in the Bureau of Buildings during the last six months of the past year.

Respectfully,

(Signed) A. EMERSON PALMER, Secretary, Board of Education.

The resolutions referred to are as follows:

Resolved, That the salary of Franklin A. Green, appointed February 9, 1899, be and it is hereby increased, subject to the approval of the Board of Estimate and Apportionment and the Board of Aldermen, from $40 to $45 per week.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to recommend to the Board of Aldermen that the salary of Franklin A. Green, Architectural Draughtsman, be increased from $40 to $45 per week.

A true copy of resolutions adopted by the Executive Committee of the Board of Education, April 15, 1903.

(Signed) A. EMERSON PALMER, Secretary, Board of Education.

Whereas, The Board of Estimate and Apportionment at its meeting held April 24, 1903, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the position of Architectural Draughtsman in the Bureau of Buildings, Department of Education, be fixed at the rate of forty-five dollars ($45.00) per week."

Resolved, That the Board of Aldermen hereby concurs in the above resolution and fixes the salary of the position of Architectural Draughtsman in the Bureau of Buildings, Department of Education, at the rate of forty-five dollars ($45.00) per week.

No. 1986.

Department of Finance, City of New York,
April 24, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment April 24, 1903, fixing the salaries of the following positions in the Department of Education, as follows:

Janitor, Public School 15, Borough of Queens, per annum.....	$750 00
Janitor, Public School 18, Borough of Queens, per annum.....	600 00
Janitor, Public School 29, Borough of Richmond, per annum.....	600 00

—together with copies of resolutions of the Board of Education relative thereto.

I also send you herewith form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

J. W. STEVENSON, Deputy Comptroller.

(Copy.)

To the Executive Committee:

The Committee on Care of Buildings respectfully reports that it has had under consideration a communication from the Local School Board of District No. 45 relative to the salary of the Janitor of Public School 29, Borough of Richmond, and finds that the present salary paid the Janitor is inadequate to enable him to properly care for the said school building; and recommends that the salary of the Janitor be increased $100 per annum from May 1, 1903.

The following resolution is offered for adoption:

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to recommend to the Board of Aldermen that the salary of Edward M. Vroom, Janitor of Public School 29, Borough of Richmond, be increased from $550 to $600 per annum, to take effect from and after May 1, 1903.

A true copy of report and resolution adopted by the Executive Committee of the Board of Education on April 15, 1903.

(Signed) A. EMERSON PALMER, Secretary, Board of Education.

(Signed) A. EMERSON PALMER, Secretary, Board of Education.

Whereas, The Board of Estimate and Apportionment, at its meeting held April 24, 1903, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the

Greater New York Charter, that the salaries of the following positions in the Department of Education be fixed as follows:

Janitor, Public School 15, Borough of Queens.....	$750 00	per annum
Janitor, Public School 18, Borough of Queens.....	600 00	per annum
Janitor, Public School 29, Borough of Richmond.....	600 00	per annum

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the above positions as set forth therein.

No. 1987.

Department of Finance—City of New York,
April 24, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment at meeting held April 24, 1903, fixing the salary of the positions of Stenographer at $1,050, Clerk at $900 per annum, and Engineman at $3.50 per day, in the Bellevue and Allied Hospitals, together with a copy of a communication from the Secretary of the Board of Trustees thereof relative thereto.

I also send you form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Respectfully,

J. W. STEVENSON, Deputy Comptroller.

(Copy.)

Bellevue and Allied Hospitals,
New York, April 17, 1903.

J. W. STEVENSON, Esq., Secretary of the Board of Estimate and Apportionment, Finance Department, Chambers Street and Broadway, New York City:

Dear Sir—I beg to inclose copy of a resolution adopted by the Board of Trustees of Bellevue and Allied Hospitals, at the meeting held on Thursday, April 9, 1903.

The reasons for these increases are as follows:

The Chief Stenographer has had additional duties imposed upon her. She takes charge of the correspondence of the Board of Trustees and of the Superintendent, and in addition has to arrange and supervise the work of the other Stenographers.

The Auditor and Contract Clerk is a bonded officer, and his salary for the last year was reduced by the sum of forty dollars, which he had to pay for his bond, and for this year it will be reduced a similar amount. In addition, extra work is imposed upon him by reason of the new buildings planned for the Department.

(One Clerk.) This Clerk is an assistant to the Auditor, and his compensation is not commensurate with the responsibilities and duties imposed upon him.

(Enginemen.) We desire to compensate our Enginemen at the prevailing rate of wages for positions of this kind. A thorough investigation of this question shows that in the majority of other departments, Enginemen receive $3.50 per day, without maintenance, for eight hours' work. In 1902 they received $900 a year and maintenance.

Yours very truly,

(Signed) J. K. PAULDING, Secretary, Board of Trustees.

Whereas, The Board of Estimate and Apportionment at its meeting held April 24, 1903, adopted the following resolutions:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of the following positions in the Bellevue and Allied Hospitals be fixed as follows:

Stenographer, per annum	$1,050 00
Clerk, per annum	900 00
Engineman, per day	3 50

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the above positions as set forth therein.

No. 1988.

Department of Finance, City of New York,
April 24, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment at meeting held April 24, 1903, fixing the salary of the position of Inspector of Masonry and Carpentry in the Bureau of Buildings, Board of Education, at twenty dollars ($20) per week, together with a copy of a communication from the Secretary of the Board of Education relative thereto.

I also send you form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Respectfully,

J. W. STEVENSON, Deputy Comptroller.

(Copy.)

Board of Education.
April 20, 1903.

Hon. JAMES W. STEVENSON, Deputy Comptroller:

Dear Sir—Replying to your favor of April 9 relative to the salary of Cornelius Lynch, Inspector of Masonry and Carpentry in the Bureau of Buildings, I beg leave to advise you that Mr. C. B. J. Snyder, Superintendent of School Buildings, to whom your communication was referred, writes me under date of April 17, as follows:

"Yours of the 13th instant, forwarding copy of communication received from Deputy Comptroller Stevenson in regard to the appointment of Cornelius Lynch, Inspector of Masonry and Carpentry, at $20 per week, is received.

"In reply I would say that we needed the services of an Inspector on new Public School 34, Fingerboard road, Borough of Richmond, and all those certified lived in the boroughs of Manhattan, The Bronx and Brooklyn, and were unwilling to accept a position in the Borough of Richmond as long as they could be employed in the other boroughs.

"We were then informed that Mr. Lynch appeared on the eligible list of Inspectors of Masonry and Carpentry, but owing to the rules of the Municipal Civil Service Commission could not receive more than $1,050 per annum, and he living in the Borough of Richmond, was willing to accept the position at that rate.

"Mr. Lynch came very highly recommended as to efficiency, etc., and upon being certified by the Municipal Civil Service Commission was appointed at $20 per week, although all other Inspectors recently appointed receive $27 per week."

I return herewith my communication of March 25 with certified copy of resolution adopted by the Board of Education on March 20 in regard to the above matter.

Respectfully,

(Signed) A. EMERSON PALMER, Secretary, Board of Education.

Whereas, The Board of Estimate and Apportionment at its meeting of April 24, 1903, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter; that the salary of Inspector of Masonry and Carpentry in the Bureau of Buildings, Board of Education, be fixed at $20 per week.

Resolved, That the Board of Aldermen hereby concurs in said Resolution and fixes the salary of Inspector of Masonry and Carpentry in the Bureau of Buildings, Board of Education, at the rate of twenty dollars ($20) per week.

No. 1989.

Department of Finance—City of New York.
April 24, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment April 24, 1903, fixing the salaries of the position of Architectural Draughtsman in the Fire Department at the rates of $1,200, $900 and $750 per annum, together with copy of communication from the Commissioner of the Fire Department relative thereto.

I also send you form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

J. W. STEVENSON, Deputy Comptroller.

Fire Department, City of New York,
Borough of Manhattan, April 21, 1903.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

Gentlemen—There are at present in the employment of this Department Architectural Draughtsmen graded at $1,500, $1,350, and $1,000 per annum, but there are no immediate grades assigned to this Department under the Civil Service regulations. I have appointed from the eligible list submitted by the Municipal Civil Service Commission, two Draughtsmen at $1,200 per annum, believing the compensation sufficient for the services to be performed. The Department of Finance refuses to audit the payrolls for these employees, holding that the salaries should be fixed at either of the grades specified under the Civil Service regulations as belonging to this Department.

I have, therefore, the honor to request that, pursuant to the provisions of the Greater New York Charter in such case made and provided, you recommend to the Board of Aldermen the creation of three additional grades of the position of Architectural Draughtsmen in this Department, and the fixing of an annual compensation thereof respectively at the rate of $1,200, $900, and $750 per annum. It is not my intention to fill either of the lower grades at the present time, but I deem it advisable to request that they may be authorized, so that when it is necessary the most available applicant on the eligible list may be appointed and that the salaries shall conform both to the Civil Service regulations and the Charter requirements, and to a proper economy in administration.

Yours respectfully,

(Signed) THOMAS STURGIS, Commissioner.

Whereas, The Board of Estimate and Apportionment, at meeting held April 24, 1903, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of the following positions in the Fire Department be fixed as follows:

Architectural Draughtsman	$1,200 00
Architectural Draughtsman	900 00
Architectural Draughtsman	750 00

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the position of Architectural Draughtsman in the Fire Department as set forth therein.

Which were severally referred to the Committee on Salaries and Offices.

The President laid before the Board the following communication from the Fire Department, transmitting resolution

No. 1990.
Headquarters Fire Department, City of New York,
Nos. 157 and 159 East Sixty-seventh Street,
Borough of Manhattan, April 27, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen, Borough of Manhattan:

Sir—In order to permit of the transfer to other Departments of the City Government, of hose no longer suitable for use for fire extinguishing purposes, but which can be advantageously utilized by them in the public interest, I am directed by the Commissioner to transmit herewith, with the request that it may receive the early and favorable action of your Honorable Board, draft of preamble and resolution to accomplish the object in view, together with copy of opinion of the Corporation Counsel, dated April 22, 1903, and which is self-explanatory.

Yours respectfully,

WILLIAM LEARY, Secretary.

Law Department, Office of the Corporation Counsel,
New York, April 22, 1903.

Hon. THOMAS STURGIS, Fire Commissioner:

Sir—I have your letter of April 1, 1903, which reads as follows:

"Commissioner Woodbury, of the Street Cleaning Department, has requested me, as head of the Fire Department, to lend to the Street Cleaning Department, for the purpose of flushing streets during the warm weather, old hose which is no longer

fit for use in connection with the fire engines, and which would adequately perform the service for which he requires it. Sub-division 5 of section 789 of the Charter provides that the proceeds from the sale of condemned horses, old material and apparatus shall go into the Relief Fund for the payment of pensions to retired firemen. Commissioner Woodbury informs me that he is not permitted under the Charter to purchase the old hose he requires from this Department at the auction sales of worn-out and condemned material and apparatus. I therefore beg to be advised whether the provisions of the Charter providing for the sale of old material for the benefit of the Relief Fund is obligatory and mandatory, or whether I can comply with Commissioner Woodbury's request, and lend to him whatever amount of hose he requires, which is no longer in such condition that it can be used at fires, and which is suitable for use in the Street Cleaning Department for the purpose of flushing streets."

Section 1553 of the Charter provides that old materials, when sold, shall be sold at auction, but it is my opinion that neither this section nor sections 76, 205, 220 or any other provision of the Charter renders it incumbent that such property be sold. The Charter provides only the method whereby the property shall be sold, if sold at all.

The title of all City property is vested in The City of New York, and not in the Commissioner or the head of any department. It is only within the control of the heads of the respective departments, and when the department which controls it has no further use for it and it is needed by some other department, it is my opinion that such property may be transferred.

Section 789 of the Charter provides that the proceeds from the sale of old material shall go into the Relief Fund for the payment of pensions to retired firemen. But in my opinion this provision is not mandatory to the extent of compelling a sale. The intent of the statute is that in the event of a sale, then the proceeds shall go into the Relief Fund.

Whether the property now within your control may be transferred to the Street Cleaning Department without the concurrence of any other agents of The City is a question which involves some doubt. In order that your right to lend or transfer the property to the Commissioner of Street Cleaning, and his right to accept the same may be perfectly clear, I recommend that application be made to the Board of Aldermen for a resolution empowering such transfer. Section 4 of the Charter provides that the Board of Aldermen shall exercise all the powers vested in the corporation of The City of New York, except as otherwise specially provided by the Charter itself.

Respectfully yours,

(Signed) G. L. RIVES, Corporation Counsel.

Whereas, The Fire Department has from time to time certain amounts of old hose which is no longer fit for use in active service, and

Whereas, Such hose is wanted by other City departments, such as the Street Cleaning Department, the Department of Public Charities and Park Department for such service this hose can perform; and

Whereas, Said Departments have applied to have certain amounts of same transferred to them; and

Whereas, The Corporation Counsel in an opinion, copy attached, advises that authority to so transfer be obtained from your Honorable Body; therefore be it

Resolved, That the Fire Commissioner be and he is hereby authorized to transfer from the Fire Department from time to time to other City departments such portions of old hose no longer fit for use in the Fire Department as he may deem best.

Which was referred to the Committee on Fire.

MESSAGE FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

No. 1991.

City of New York—Office of the Mayor.

To the Honorable the Board of Aldermen of The City of New York:

I have the honor to submit for your consideration a letter addressed to me by the Police Commissioner, proposing the suspension for thirty or sixty days, of certain ordinances affecting the use of sidewalks, viz.: Sections 197, 208, 210 and 402 of the Revised Ordinances; the appropriateness of which, with reference to present day conditions, has been called into question.

This suspension is asked for in the hope that, in the interval, your Honorable Board will give public hearings upon the subject, and thus develop an ordinance that, in view of the conditions of to-day, may properly and reasonably be enforced. In this matter your Honorable Board has full authority; except that you cannot "authorize the placing or continuing of an encroachment or obstruction on any street or sidewalk. You can, however, for the facilitation of business, adopt an ordinance that shall apply only to certain specified sections of the City, and, if you please, at certain hours of the day; and I assume that you can regulate traffic upon the sidewalks, as you do upon the streets in the case of pushcarts.

But, whatever conclusions you reach in detail, I hope that you will so deal with this question as to justify a more and more capable reference by the Legislature of all questions affecting our local life to adjustment by ourselves.

SETH LOW, Mayor.

New York, April 28, 1903.

Police Department of the City of New York,
No. 300 Mulberry Street,
April 27, 1903.

Hon. SETH LOW, Mayor of New York, New York City:

Sir—I have the honor to invite your attention, with a view to your laying it before the Board of Aldermen, to the matter of the occupation of public streets for private purposes.

The Board of Aldermen, under authority, conferred upon it by law, passed in March, 1897, what are known as the Revised Ordinances of the City of New York—786 in number. These ordinances have the effect of law and it is the duty of the police to enforce them. Among these ordinances are those which specify the manner in which the streets may be used for certain private purposes, and which distinctly and positively prohibit the use of them for other purposes. Many of these ordinances have not been enforced for many years and the rights of the public have been sacrificed for the benefit of private individuals, who have been allowed, for one cause or another, to obstruct the streets. I have been frequently requested of late to issue instructions to the police not to concern themselves with these ordinances and not to make any arrests for violation of them; but I have uniformly declined to issue such instructions, because the exercise of discretion by members of the Police Department in the enforcement of any law or ordinance is, in my judgment, not only without warrant of law, but is injurious to the discipline of the Department, has been one of the chief causes of its demoralization in the past, and is a temptation to dishonesty on the part of members of the uniformed force in the various grades. Section 292 of the Charter specifies, as first among the duties of the Police Commissioner, the following: "He shall be chargeable with and responsible for the execution of all laws." So far as I know no authority is conferred upon the Police Commissioner, or upon any other executive officer, to suspend the operation of any ordinance. On the other hand, the Board of Aldermen has distinct and expressed authority to amend, alter or repeal any particular ordinance. I infer that this includes the authority to suspend the operation of an ordinance pending the consideration of its amendment, and I think this authority should be exercised in the cases hereafter mentioned.

Sections 208, 210 and 402 prohibit, in specific terms, the driving or backing of vehicles across the sidewalk, and section 197 forbids the placing of goods upon the

sidewalk. These ordinances have been violated in various sections of the City for a great many years. It is the custom in certain streets to back wagons across the sidewalk against the platform in front of the store and to load and unload articles in this manner, thus completely blocking the sidewalk and preventing its use by pedestrians. In other streets it is customary to place skids from the store to the wagon and to load and unload goods by means of them, thus blocking the sidewalk in the same manner. The vehicles and the skids in some instances remain across the sidewalk for long periods of time when no loading or unloading is in progress. In the dry goods district it is customary to leave great quantities of goods in boxes on the sidewalk adjacent to the curb for long periods of time before they are loaded or after they are unloaded. On many streets, and particularly on those which are most crowded in the vicinity of ferries, newsdealers place stands belonging to themselves or to the proprietors of newspapers on the curb, thus obstructing the use of the sidewalk. It is not denied that all of these practices are in violation of the ordinance, but the plea is made that to enforce these ordinances would interfere very seriously with the transaction of business, and would prevent the sales of newspapers and cause inconvenience to those who desire to purchase them at a particular place and a particular time. It is stated that if these ordinances are enforced certain kinds of business cannot be transacted at all, and that the circulation of the newspapers will be reduced by many thousands of copies daily. On the other hand, it is argued that the streets are dedicated to the use of the public, that they should not be given up to the use of private individuals and corporations, and that, while a small number are benefited by non-enforcement of the ordinances, a much greater number are seriously inconvenienced thereby.

I think it must be clear to any one who considers the matter that the Police Commissioner has no legal authority to consider and decide such questions. His plain and only duty in the matter is to enforce the laws and ordinances as made by those who have authority to make them. At the same time, after these ordinances have been violated with impunity for a long term of years, it subjects merchants and newspaper proprietors, as well as newsdealers, to extraordinary inconvenience if they are called upon suddenly and without warning to comply with the ordinances.

The remedy rests solely with the Board of Aldermen, and I respectfully recommend that the Board be requested to suspend for a period of say thirty or sixty days the operation of the ordinances above referred to, sections 197, 208, 210 and 402; that the Board hold public hearings at which arguments on both sides of these important questions may be presented and considered, and that after such public hearings the Board decide either to amend the ordinances or not to amend them. In this manner every one interested will have an opportunity to present his views before that branch of the City government to which the subject is committed by the Charter, and when a con-

clusion is reached and expressed in the form of a resolution or ordinance, approved by the Mayor, it can and will be strictly enforced by the police.

Very respectfully,

F. V. GREENE, Police Commissioner.

Which was referred to the Committee on Laws and Legislation.

In connection herewith Alderman Sullivan offered the following resolution:

No. 1992.

A GENERAL ORDINANCE to provide for the licensing and otherwise regulating the erection and maintaining of portable news stands on the curb line in The City of New York.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. Portable stands for the sale of newspapers and periodicals only at or on the curb line may be permitted and licensed with the consent of the owner of the premises abutting thereon and the consent of the Alderman of the District in which said stand is to be located.

Sec. 2. Not more than one license for a portable curb line stand shall be issued to any one person, nor shall such license be granted to any corporation. Such portable curb line stands are to be properly cleaned daily. The licensee shall pay for such portable curb line stand an annual fee of $5.

Sec. 3. The official license for any such stand must be displayed thereon, so as to be easily visible at all times.

Sec. 4. Two licenses shall not be issued or be permitted in front of the same premises; that is, for a stoop line permit and a curb line permit.

Sec. 5. Every such stand must be strictly within the curb line, and shall not exceed the space of six feet in length by three feet in width. The construction and erection of all such stands permitted by this ordinance shall be at the expense of the applicant and under the direction of the President of the Borough in which said stand is located. The Mayor or Chief of the Bureau of Licenses shall have power to transfer a permit or license to another location for a period of its unexpired term, provided, however, that the applicant for such transfer shall be accompanied by the written revocation of the owner's consent previously given therefor, by the consent of the owner of the premises to which the proposed transfer is to be made, and by the consent of the Alderman of the District in which said premises are located.

Sec. 6. Such portable news stand shall not be permitted to obstruct or interfere with the clear and unobstructed passage of persons on any crosswalk or crosswalks, nor of free and uninterrupted access to any fire hydrant or fireplug.

Sec. 7. All ordinances for the licensing of such stands in The City of New York, inconsistent or conflicting herewith, are hereby repealed.

Sec. 8. This ordinance shall be operative and in effect on its passage by the Board of Aldermen.

Which was referred to the Committee on Laws and Legislation.

REPORTS OF STANDING COMMITTEES.

Report of Committee on Railroads—

No. 1801—(S. O. No. 101).

The Committee on Railroads, to whom was referred on March 24, 1903 (Minutes, page 1072), the annexed ordinance in favor of granting to the Union Railway Company a franchise for an extension of its street railway system, respectfully

REPORT:

That, having examined the subject, they recommend that the said ordinance be concurred in as adopted by the Board of Estimate and Apportionment and submitted April 7, 1903.

Resolved, That the Board of Estimate and Apportionment, having received from the Board of Aldermen, pursuant to a resolution adopted by said Board on July 31, 1902, and approved by the Mayor August 7, 1902, a proposed ordinance granting to the Union Railway Company of New York City the franchise or right to use certain streets and highways, and also the Central or Macomb's Dam Bridge with its approaches and a part of the viaduct in West One Hundred and Fifty-fifth street, for the purposes of a street surface railway, having duly inquired into and considered the matter, does hereby, pursuant to the Greater New York Charter, fix the terms and conditions of the proposed grant of such franchise and the money value of such franchise or right so proposed to be granted as follows:

I.—The said Union Railway Company of New York City, its successors or assigns, shall pay into the Treasury of The City of New York for this franchise the following sums of money: During the first term of five years an annual sum which shall in no case be less than $4,000, and which shall be equal to three per cent. of the gross annual receipts of the railroad constructed under such ordinance, computed in the manner provided by the Railroad Law, if such percentage shall exceed the sum of $4,000; during the next five years of the term an annual sum which shall in no case be less than $4,500, and which shall be equal to five per cent. of the gross annual receipts of the railroad constructed under such ordinance, computed in the manner provided by the Railroad Law, if such percentage shall exceed the sum of four thousand five hundred dollars; during the next five years of the term

an annual sum which shall in no case be less than $5,000, and which shall be equal to five per cent. of the gross annual receipts of the railroad constructed under such ordinance, computed in the manner provided by the Railroad Law, if such percentage shall exceed the sum of $5,000; during the next five years of the term an annual sum which shall in no case be less than $5,500, and which shall be equal to five per cent. of the gross annual receipts of the railroad constructed under such ordinance, computed in the manner provided by the Railroad Law, if such percentage shall exceed the sum of $5,500; during the last five years of the term, an annual sum which shall in no case be less than $6,000 and which shall be equal to five per cent. of the gross receipts of the railroad constructed under such ordinance, computed in the manner provided by the Railroad Law, if such percentage shall exceed the sum of $6,000, and the terms hereafter to be fixed for any renewal term of such franchise shall not be less than $6,000 per annum, and no renewal of the franchise shall provide for a further renewal.

II.—Upon the termination of such franchise or right, whether original or by way of renewal, the plant and property, with its appurtenances, of the Union Railway Company of New York City, its successors or assigns, constructed under such ordinance in the streets and highways and upon Central and Macomb's Dam Bridge, with its approaches, and the viaduct in West One Hundred and Fifty-fifth street, shall be and become the property of The City of New York upon the repayment to the grantee of the fair value of the said plant and property constructed in the streets and on the bridge and its approaches and on the viaduct under such ordinance, which valuation shall be the fair value thereof as property, excluding any value derived from the franchise, and such value shall be determined by the Board of Estimate and Apportionment or its successors in authority.

III.—The ordinance granting such franchise or right should be in substance as to the terms and conditions of such grant, in the words and figures following:

AN ORDINANCE granting to the Union Railway Company of New York City the right or franchise to construct and operate a street surface railway as an extension of its existing railway in, upon and along the surface of certain streets, avenues and highways, and to, upon and across a bridge and viaduct constructed in and owned and maintained by The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen of The City of New York hereby grants to the Union Railway Company of New York City, subject to the conditions and provisions hereinafter set forth, the franchise or right to extend its railway and to use the streets, avenues, highways, bridge and viaduct of the City, and to construct, maintain and operate a double-track street surface railway, as an extension of its existing railway for street railway purposes in the conveyance of persons and

property, in, upon and along the following-named streets, avenues, highways, bridge and viaduct, viz.:

Commencing at the intersection of Jerome and Sedgwick avenues at the terminus of the tracks of this company's Jerome avenue line; thence upon and along the westerly approach, known as the Sedgwick avenue approach, formerly called Ogden avenue approach, to Central or Macomb's Dam Bridge; thence southerly upon and along said bridge and the One Hundred and Fifty-fifth Street Viaduct and Macomb's Dam road to the terminus of the railway of the Eighth Avenue Railroad Company, between West One Hundred and Fifty-fourth and West One Hundred and Fifty-fifth streets; also from the intersection of said Central or Macomb's Dam Bridge and the One Hundred and Fifty-fifth Street Viaduct; thence westerly upon and along said viaduct to the station, depot or terminus of the Manhattan Elevated Railway Company, situated between said bridge and Bradhurst avenue, together with the necessary connections, switches, sidings, turn-outs, turn-tables, cross-overs and suitable stands necessary for the accommodation and operation of said railroad by the overhead system of electricity or any other motive power which may be lawfully employed upon the same; all in the boroughs of Manhattan and The Bronx, City, County and State of New York. The phrases "said railroad" or "said railway" hereinafter used, shall be constructed to mean the railroad constructed under this ordinance.

Section 2. The grant of said franchise or right to use said streets, avenues, highways, bridge and viaduct is made subject to the following conditions:

First—The consent in writing of the owners of half in value of the property bounded on said streets, avenues, highways, parkways and public places to the construction and operation of said railroad shall be obtained by the grantee, or in the event that such consent cannot be obtained, the grantee shall obtain the favorable determination, confirmed by the court, of three Commissioners, appointed by the Appellate Division of the Supreme Court, in the manner provided by the Railroad Law, before said railroad is built or operated.

Second—The said right, privilege and franchise to construct and operate said railway shall be held and enjoyed by said railway company, its lessee or successors, for the term of twenty-five years, with the privilege of renewal of said grant for a further period of twenty-five years upon a fair revaluation of said right, privilege and franchise. Such revaluation shall be of the right, privilege and franchise to maintain and operate said railroad by itself, and not to include any valuation derived from the ownership, operation or control of any other railroad by the grantee, its successor or assigns. It shall be in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment or its successor in authority; one disinterested freeholder shall be chosen

by the railway company; these two shall choose a third disinterested freeholder. The three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the grant, and their report shall be filed with the Comptroller or his successor in authority within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience, and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the railway company. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last five years of the original franchise.

Third—Upon the termination of said franchise or right, whether original or renewed, the plant and property of the grantee, its successor or assigns, in such streets, avenues and highways, and upon such bridge and viaduct, with its appurtenances constructed under this ordinance shall be and become the property of The City of New York upon the repayment to the grantee of the fair value of the said plant and property constructed in the streets and on the bridge and its approaches and on the viaduct under this ordinance, which valuation shall be the fair value thereof as property, excluding any value derived from the franchise, and such value shall be determined by the Board of Estimate and Apportionment or its successors in authority.

Fourth—The said Union Railway Company of New York City, its successors or assigns, shall pay into the Treasury of The City of New York for this franchise the following sums of money: During the first term of five years an annual sum which shall in no case be less than $4,000, and which shall be equal to three per cent. of the gross annual receipts of the railroad constructed under this ordinance, computed in the manner provided by the Railroad Law, if such percentage shall exceed the sum of $4,000; during the next five years of the term an annual sum which shall in no case be less than $4,500, and which shall be equal to five per cent. of the gross annual receipts of the railroad constructed under this ordinance, computed in the manner provided by the Railroad Law, if such percentage shall exceed the sum of four thousand five hundred dollars; during the next five years of the term an annual sum which shall in no case be less than $5,000, and which shall be equal to five per cent. of the gross annual receipts of the railroad constructed under this ordinance, computed in the manner provided by the Railroad Law, if such percentage shall exceed the sum of $5,000; during the next five years of the term an annual sum which shall in no case be less than $5,500, and which shall be equal to five per cent. of the gross annual receipts of the railroad constructed under this ordinance, computed in the manner provided by the Railroad Law, if such percentage shall exceed the sum of $5,500; during the last five years of the term, an annual sum which shall in no case be less than $6,000,

and shall be equal to five per cent. of the gross annual receipts of the railroad constructed under this ordinance, computed in the manner provided by the Railroad Law, if such percentage shall exceed the sum of $6,000, and the terms hereafter to be fixed for any renewal term of such franchise shall not be less than $6,000 per annum, and no renewal of the franchise shall provide for a further renewal.

Such sums shall be paid into the Treasury of The City of New York on November 1 in each year after the commencement of the operation of any portion of the said railroad, provided, however, that the first payment shall only be for that proportion of the above sum as the time of commencement of operation of any portion of the said railroad, before September 30 next preceding, shall bear to the whole of one year. The fiscal year shall end on September 30 next preceding said date of payment, and the provisions of the Railroad Law as it now exists, or as it may hereafter be amended, relating to the manner of payments and statements of percentages of gross receipts of street railway companies shall, as to said railroad, be strictly followed. The intention of this paragraph is to fix an annual charge to be paid by the grantee, its successors or assigns, to The City of New York for the rights and franchise hereby granted, and it shall not be construed as providing for the payment by the grantee, its successor or assigns, for said franchise, of a percentage of gross receipts within the meaning of any general or special statute, referring particularly to chapter 340 of the Laws of 1892.

Fifth—The said annual charge or payments shall continue throughout the whole term of the franchise hereby granted, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railway company providing for payments for street railway rights or franchises at a different rate, and no assignment, lease or sub-lease of the rights or franchise hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sub-lease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payments, anything in any statute or the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives, so far as this franchise is concerned, any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof, or otherwise, exemption from liability to perform each and all of the conditions of this grant.

Sixth—The rights and franchises granted hereby shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Union Railway Company of New York City, its suc-

cessors or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations, or otherwise, without the consent of The City of New York acting by the Board of Estimate and Apportionment, or its successor in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—The said railway may be operated by overhead electrical power substantially similar to the system of overhead electrical traction now in use by the Union Railway Company, or by the underground electric system now in use by the Metropolitan Street Railway Company, and by any other motive power except locomotive steam power or horse power which may be approved by the Board of Railroad Commissioners and consented to by the owners of property in accordance with the provisions of the Railroad Law.

Eighth—The said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York who have jurisdiction in such matters under the Charter of the City.

Ninth—Said railway shall be constructed and operated in the latest improved manner of street railway construction and operation, and the railway and property of said company shall be maintained in good condition throughout the term of this grant.

Tenth—The rate of fare for any passenger upon said railway shall be five cents, and said company shall not charge any passenger more than said sum for one continuous ride from any point on said railway or a line or branch operated in connection therewith to any point thereof, or of any connecting line or branch thereof, within the limits of The City of New York. The rates for the carrying of property over said railroad upon the cars of the grantee shall in all cases be reasonable in amount and shall be subject to the control of the Board of Estimate and Apportionment, or its successor in authority, and may be fixed by such Board after notice and hearing to the grantee, and when so fixed such rate shall be binding upon said grantee, its successor or assigns, and no greater sums shall be charged for such services than provided for by it.

Eleventh—The cars on said railroad shall run at intervals of not more than ten minutes from 6 o'clock a. m. to 8 o'clock p. m., and at intervals of not more than twenty minutes from 8 o'clock p. m. to 6 o'clock a. m. of each day, and as much oftener as the reasonable convenience of the public may require or as may be directed by City ordinance.

Twelfth—The said railway company shall apply to each car run over said railway a proper fender and wheel guard in conformity to such laws and ordinances as are now in force or may hereafter be enacted or adopted by the State or City authorities.

Thirteenth—All cars on said railway shall be heated through the cold weather in conformity to such laws and ordinances as are now in force, or may hereafter be enacted or adopted by the State or City authorities, and each car shall be well lighted either by the Pintsch gas system or by electricity, or by some system of lighting equally efficient.

Fourteenth—The said company shall at all times keep the streets, bridge and viaduct upon which said railroad is constructed, between its tracks, and for a distance of two feet beyond the rails upon either side of said streets, free and clear from ice and snow.

Fifteenth—The said railway company, as long as it shall continue to use any of the tracks upon said streets, avenues, highways, parkways, public places, bridge or viaduct, upon which said railroad is constructed, shall have and keep in permanent repair that portion of the surface of said streets, avenues, highways, parkways, bridge and viaduct, between its tracks, the rails of its tracks and two feet in width outside of its tracks, under the supervision of the proper local authorities, and whenever required by them to do so, and in such manner as they may prescribe. And the City of New York shall have the right to change the material or character of the pavement of any street, highway, parkway, public place, bridge and viaduct upon which said railroad is constructed, and in that event the grantee, its successors or assigns, shall be bound to replace such pavement in the manner directed by the proper City officer at its own expense, and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Sixteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this grant may be forfeited by a suit brought by the Corporation Counsel on notice of ten days to the said railway company.

Section 3. This grant is also upon the further and express condition that the provisions of Article 4 of the Railroad Law applicable thereto, and all laws or ordinances now in force or which may be adopted affecting the surface railroads operating in The City of New York, shall be strictly complied with as to said railroad.

Section 4. This grant is upon the express condition that the use of the said railroad, including the tracks, wires and other equipment constructed upon the Central or Macomb's Dam Bridge and its approaches, and upon the One Hundred and Fifty-fifth Street Viaduct, and upon the Macomb's Dam road as above set forth, and within a distance of 1,000 feet from the end of such approaches to said bridge and viaduct shall be granted by the Union Railway Company of New York City, its successors or

assigns, to any other person or corporation to which The City of New York may have granted or may hereafter grant the right or franchise to use such bridge or approaches or viaduct for street railway purposes, upon payment of an annual sum which shall not exceed the legal interest on one-half the cost of the construction of such railway and its approaches as aforesaid, and the actual cost of the power necessary for the operation of the cars of such person or company thereon, and one-half the cost of maintenance of the tracks, wires and other equipment of the Union Railway Company used by the said grantee, including the paving and cleaning of streets from ice and snow, and all the other duties imposed upon the Union Railway Company in connection with the maintenance of the portion of said railroad used by said grantee. The grant of this franchise shall not affect in any way the right of The City of New York to grant a similar franchise upon the same or other terms and conditions over the same streets, avenues, highways, bridge, approaches and viaduct upon which said railroad is constructed to any other person or corporation, and such persons and companies shall have the right to make all track and other connections which may be requisite and necessary to connect with the tracks of the grantee, its successors or assigns, it being intended by this provision to restrict to two the number of tracks upon the bridge above described and the approaches thereto, including the viaduct in West One Hundred and Fifty-fifth street.

Section 5. The said railway company shall commence construction within ten days from the date when it has obtained complete legal authority to begin construction, including necessary permits from the city officials and departments, and shall complete construction within ninety days thereafter; otherwise this grant shall be forfeited. Provided that such time may be extended under and for causes specified in section 99 of the Railroad Law, and that the city officials or departments, who or which shall at the time of such construction have authority over the said bridge and viaduct, may extend said time for a period or periods not exceeding ninety days further, if reasonable, in their judgment, by reason of requirements as to the manner of construction imposed by the city officials.

Section 6. This grant is upon the express condition that the Union Railway Company, within thirty days after this ordinance takes effect and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of The City of New York the sum of two thousand five hundred dollars, either in money or in securities to be approved by him, which fund shall be security for the performance by such company of the terms and conditions of this grant, especially those which relate to the payment of the annual charge for the franchise, the repairs of the street pavement and the removal of snow and ice, and the quality of construction of the railroad, and in case of default in the performance by said company of such terms and conditions, The City of New York shall have the right to cause the work

to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost therof from the said fund without legal proceedings, or after default in the payment of the annual charges shall collect the same with interest from such fund after ten days' notice in writing to the said company. Or in case of failure to keep the said terms and conditions of this grant relating to the headway of cars, fenders and wheel guards and the heating of the cars, the said company shall pay a penalty of $50 a day for each day of violation, and the further sum of $10 a day for each car which shall not properly be heated or supplied with fenders and wheel guards in case of the violation of the provisions relating to those matters. In case of any drafts so made upon this security fund, the said company shall, upon thirty days' notice, in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of two thousand five hundred dollars, and in default thereof the grant hereby made may be canceled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said City. No action or proceeding or rights under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

Section 6. The provisions and obligations of this ordinance shall only attach to the rights and franchise hereby granted and the railroads constructed thereunder and the operation thereof.

Section 7. This grant shall not become operative until said railway company shall duly execute, under its corporate seal, an instrument in writing wherein said company shall promise, covenant and agree on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this ordinance fixed and contained, and file the same in the office of the Comptroller of The City of New York.

Section 8. This ordinance shall take effect immediately.

A true copy of resolution adopted by the Board of Estimate and Apportionment.

J. W. STEVENSON, Secretary.

March 13, 1903.

JOHN DIEMER, JOHN C. KLETT, WILLIAM D. PECK, ELIAS GOODMAN, ROBERT F. DOWNING, JAMES OWENS, FREDERICK LUNDY, Committee on Railroads.

On motion of Alderman Peck this paper was made a special order for the next meeting at 2 o'clock p. m.

Report of Committee on Public Charities—

No. 1348—(G. O. No. 379.)

The Committee on Public Charities, to whom was referred on November 25, 1902 (Minutes, page 1551), the annexed ordinance in favor of acquiring additional lands for a site for new Harlem Hospital, respectfully

REPORT:

That, having examined the subject, they believe the proposed improvement to be necessary.

They therefore recommend that the said ordinance be adopted.

Bellevue and Allied Hospitals,
Office of the Board of Trustees,
Bellevue Hospital, Foot East Twenty-sixth Street,
New York, November 24, 1902.

Mr. P. J. SCULLY, City Clerk, Board of Aldermen, No. 11 City Hall, New York City:

Dear Sir—I enclose copy of a resolution passed by the Board of Trustees of Bellevue and Allied Hospitals at its meeting of Thursday, the 20th instant, respecting the acquisition of additional lands adjoining the site of the new Harlem Hospital. The site already owned by the City is only 200 by 210 feet. At the time of its purchase the amount asked for by the Harlem Board of Commerce was 200 by 400 feet. The acquisition of these lands is made necessary in order to protect the new hospital from high buildings, and, also, that there may be room for the erection of additions, which are sure to be needed in consequence of the rapid increase of population in the district. The hospital has been carefully planned with a view to these extensions being made when they shall become necessary, and it could not be done unless this land is acquired.

Enclosed herewith find also copy of an ordinance. The Board of Estimate and Apportionment has already approved the selection of said additional site, and we trust that your Honorable Board may find it proper to take similar action.

Respectfully yours,

J. K. PAULDING, Secretary, Board of Trustees.

Whereas, The City of New York, under authority of chapter 723 of the Laws of 1897, did heretofore acquire title to certain premises in the Borough of Manhattan, as a site for the new Harlem Hospital, bounded and described as follows:

Beginning at the corner formed by the intersection of the easterly line of Lenox avenue with the northerly line of One Hundred and Thirty-sixth street; running thence northerly along said easterly line of Lenox avenue to the southerly line of

One Hundred and Thirty-seventh street; thence easterly along said southerly line of One Hundred and Thirty-seventh street 210 feet; thence southerly and parallel with Lenox avenue to the northerly line of One Hundred and Thirty-sixth street, and thence westerly along the northerly line of One Hundred and Thirty-sixth street 210 feet to the point of beginning; and

Whereas, This Board, deeming said site to be insufficient for the purposes of said hospital, requested the Board of Estimate and Apportionment to approve of the selection, as an addition to said site, of the following described property:

Beginning at a point in the northerly side of One Hundred and Thirty-sixth street, distant 210 feet east of the northeast corner of Lenox avenue and One Hundred and Thirty-sixth street; and running thence easterly along the northerly side of One Hundred and Thirty-sixth street 200 feet; thence northerly and at right angles to One Hundred and Thirty-sixth street 199 feet 10 inches to the southerly side of One Hundred and Thirty-seventh street; thence westerly along the southerly side of One Hundred and Thirty-seventh street 200 feet; thence southerly and parallel to Lenox avenue 199 feet 10 inches to the point or place of beginning; and

Whereas, The Board of Estimate and Apportionment did on the 18th day of July, 1902, approve the selection of said additional site and authorized the Corporation Counsel to institute condemnation proceedings for the acquisition of the above-described premises;

Resolved, That this Board requests the Board of Aldermen to approve of the selection of said additional site and its acquisition by condemnation proceedings, and that this resolution, together with a statement of the reasons of this Board therefor, be transmitted to the Board of Aldermen for its action thereon.

Attest:

(Seal) J. K. PAULDING, Secretary.

AN ORDINANCE to acquire additional lands as a site for the new Harlem Hospital.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

That, in pursuance of section 47 of the Greater New York Charter, the Board of Aldermen approves of the selection by the Board of Trustees, Bellevue and Allied Hospitals, and by the Board of Estimate and Apportionment, of the lands hereinafter described as an additional site for the new Harlem Hospital, and authorizes the Corporation Counsel to acquire title thereto by condemnation proceedings.

The lands so to be acquired are situated in the Borough of Manhattan, and are described as follows:

Beginning at a point in the northerly side of One Hundred and Thirty-sixth street, distant 210 feet east of the northeast corner of Lenox avenue and One Hun-

dred and Thirty-sixth street, and running thence easterly along the northerly side of One Hundred and Thirty-sixth street 200 feet; thence northerly, and at right angles to One Hundred and Thirty-sixth street 199 feet 10 inches to the southerly side of One Hundred and Thirty-seventh street; thence westerly, along the southerly side of One Hundred and Thirty-seventh street, 200 feet; thence southerly, and parallel to Lenox avenue, 199 feet 10 inches to the point or place of beginning.

ERNEST A. SEEBECK, Jr., CORNELIUS A. SHEA, FRANK GASS, JOHN H. BEHRMANN, Committee on Public Charities.

Which was laid over.

Report of Committee on Salaries and Offices—

No. 1606.

The Committee on Salaries and Offices, to whom was referred on February 3, 1903 (Minutes, page 434), the annxed resolution in favor of fixing salary of Assistant Special Deputy Clerk to the County Clerk of the County of New York, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment, at its meeting held January 30, 1903, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of Walter R. Gorman, Assistant Special Deputy Clerk to the Clerk of the County of New York, in Special Term, Part 2 of the Supreme Court, be fixed at the rate of eighteen hundred dollars ($1,800) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of Walter R. Gorman, Assistant Special Deputy Clerk to the Clerk of the County of New York, in Special Term, Part 2 of the Supreme Court, at the rate of eighteen hundred dollars ($1,800) per annum.

ROBERT F. DOWNING, SAMUEL H. JONES, PATRICK H. MALONE, JOHN H. BERHMANN, WILLIAM D. PECK, Committee on Salaries and Offices

Alderman Downing asked and obtained immediate consideration for this report.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Behrmann, Bill, Brenner, Chambers, Coggey, Culkin, Devlin, Dickinson, Diemer, Dowling, Downing, Gass, Goldwater, Goodman, Harburger, Higgins, Holler, Holmes, Jones, Keely, Lundy, McCarthy, Thomas F. McCaul, Malone, Marks, Meyers, Owens, Parsons, Peck, Porges, Richter, Schappert, Shea, Sullivan, Twomey, Wafer, Willett; the Vice-Chairman of the Board of Aldermen and the President of the Board of Aldermen—41.

Negative—Aldermen Donohue, Florence, Oatman, Tebbetts and Wentz—5.

Reports of Committee on Finance—

Nos. 1411 and 1882—(G. O. No. 380).

The Committee on Finance, to whom was referred on December 9, 1902 (Minutes, page 1790), the annexed resolution authorizing the Comptroller to pay the bill of the New York and New Jersey Telephone Company for $284.70, for services in the Borough Hall, in Brooklyn, and on March 31, 1902 (Minutes, page 1264), the resolution to authorize the Comptroller to pay the bill of the New York and New Jersey Telephone Company for $92 for similar services, respectfully

REPORT:

That, having examined the subject, they believe the payments should be authorized.

These two resolutions cover the telephone services in the room of the Board of Aldermen in the Borough Hall of Brooklyn for 1902. The first of them covers the first three-quarters of the year, and the second covers the last quarter of the year. Your Committee recommend, with reluctance, the payment of these bills, but recommend payment because the Telephone Company could doubtless recover a judgment against the City, and put the City to the expense of paying the costs of the judgment, unless the Comptroller is authorized to pay the bills, there being no doubt of the City's liability.

There are two features of these bills to which your Committee particularly call attention. The regular charge every quarter is $37.50, but in the first quarter of the year, as will appear from the verified statements hereto annexed, the extra charges amounted to $44.55, or more than as much again as the regular charge. In the second quarter they amounted to $78.68, or more than twice as much again as the regular charge. In the third quarter they amounted to $49.05, or considerably more than as much again as the regular charge. In the fourth quarter they amounted to $54.50, or considerably more than as much a gain as the regular charge. Every time there was a telephone to this Borough there was an extra charge. Necessarily there were many such messages. For the first quarter they amounted to 422; for the second to 765; for the third 499, and for the fourth to 519; and in addition there were telephones to places in the Borough of

Queens, within the Greater City, for all of which extra charges were made, although the bills show that this telephone belongs to the Long Island Division.

To the Telephone Company it is apparent that the different Boroughs do not constitute one City. Your Committee are curious as to whether the cost of maintaining telephone service between the City Hall in Manhattan and the Borough Hall in Brooklyn is equal to the cost of maintaining telephone service between the extreme ends of the Borough of Manhattan, although the charges greatly differ. Your Committee understand that it is impossible to get the Telephone Company to give a contract for messages all over the City. This Company operates only in the Boroughs on Long Island, and in New Jersey. The New York Telephone Company is the Telephone Company which controls the system in the Borough of Manhattan. Your Committee recommend, for the reasons above stated, the adoption of the resolutions.

Resolved, That the Comptroller be and he hereby is authorized and requested to draw a warrant in favor of the New York and New Jersey Telephone Company for the sum of ninety-two dollars ($92), the same to be payment in full for bills for telephone service in the rooms of the Board of Aldermen, in the Borough Hall, Brooklyn, from October 1 to December 31, 1902, the said amount to be charged to and paid out of the appropriation entitled "City Contingencies, 1902."

Resolved, That the Comptroller be and he is hereby authorized and requested to draw a warrant in favor of the New York and New Jersey Telephone Company for two hundred and eighty-four dollars and seventy cents ($284.70), the same to be payment in full for telephone services furnished to the offices of the Board of Aldermen, in the Borough Hall, Borough of Brooklyn, from January 1, 1902, to October 1, 1902; the said amount to be charged to and paid out of the appropriation entitled "City Contingencies, 1902."

HERBERT PARSONS, WILLIAM T. JAMES, FREDERICK W. LONGFELLOW, JOSEPH A. BILL, JAMES H. McINNES, TIMOTHY P. SULLIVAN, Committee on Finance.

Which was laid over.

No. 1718—(G. O. No. 381).

The Committee on Finance, to whom was referred on March 3, 1903 (Minutes, page 708), the annexed communication from the Department of Health, requesting the Board of Aldermen to authorize the issue of $150,000 of Special Revenue Bonds for repairs to hospitals, etc., respectfully

REPORT:

That, having examined the subject, they recommend that one hundred and twenty-five thousand dollars ($125,000) of Special Revenue Bonds be provided for that purpose.

Your Committee are informed that the proceeds of these bonds will be used, approximately, as follows:

For Riverside Hospital	$47,000 00
For Willard Parker and Reception Hospital	13,000 00
For main office building	2,000 00
For Kingston Avenue Hospital	50,000 00
For the Borough of Queens	1,000 00
For the Borough of Richmond	2,000 00
	$125,000 00

These amounts will be expended as follows:

For Riverside Hospital two thousand dollars ($2,000) will be used for building porches for the pavillions, to enable the convalescents to get the benefit of the fresh air. Ten thousand dollars ($10,000) will be used for replumbing and general repairs. Your Committee are informed that the plumbing is in a very bad state of repair. and these repairs are urgently needed. Fifteen thousand dollars ($15,000) will be used for alterations to a stable building to make it into a dormitory for the hospital help. At present, this help is being housed in a very old and much dilapidated building, and this money will be used to provide suitable quarters for them. Part of this fifteen thousand dollars ($15,000) will also be used to replace the wooden stairways with iron and to enclose some porches with glass to make a solarium. Twenty thousand dollars ($20,000) of this amount will be used for general repairs to the hospital buildings and for repairing the sea wall. Your Committee are informed that some parts of the sea wall are badly undermined and that no repairs have ever been made to it and these repairs are needed to prevent it from being washed out.

For the Willard Parker and Reception Hospitals seven thousand dollars ($7,000) will be used for constructing covered passageways between the buildings and leading into the boats so that the patients may be safely moved about, and also for constructing new fences on the street side of the hospital grounds. Six thousand dollars ($6,000) will be used for providing a new steam plant in connection with the new building operations.

At the Kingston Avenue Hospital there are several small buildings or pavilions which are built on piles, and twenty thousand dollars ($20,000) will be used for enclosing these buildings with a substantial brick foundation, and also for replumbing the buildings. Ten thousand dollars ($10,000) will be used for an addition and extension of the stable. The stable quarters are entirely inadequate, and there is no room for the ambulances and horses. Twenty-five thousand dollars will be used for

fencing and also for grading some land which has recently been acquired. That land, together with the land which they already have there, must be entirely refenced, and your Committee are informed that it will take the best part of a mile of fencing to properly enclose the grounds. The grading is urgently needed in some low land which, in the spring, becomes flooded with water. Five thousand dollars ($5,000) will be used for changes and repairs to the steam plant.

In the Borough of Queens one thousand dollars ($1,000) is to make repairs to the disinfecting plant, and possibly to put in a new disinfecting plant.

In the Borough of Richmond two thousand dollars ($2,000) will be used for installing the new disinfecting plant, for inclosing it with fences, and grading. The two thousand dollars ($2,000)) which is for the main building, is to provide offices and laboratories and for some minor work.

These amounts are only approximate, and are estimated as nearly as it is possible to have them.

Your Committee accordingly recommend the adoption of the annexed resolution, which has been drafted by the Committee.

They therefore recommend that the said resolution and ordinance be adopted.

Department of Health, City of New York,
Southwest Corner Fifty-fifth Street and Sixth Avenue,
Borough of Manhattan, New York, March 2, 1903.

P. J. SCULLY, Esq., City Clerk:

Sir—At a meeting of the Board of Health of the Department of Health, held February 25, 1903, the following preamble and resolution were adopted:

Whereas, In the Boroughs of Manhattan, Brooklyn, at North Brother Island, in the Borough of The Bronx, and in the Boroughs of Queens and Richmond, the hospital buildings and appurtenances thereto for the accommodation and treatment of cases of contagious diseases are wholly inadequate, out of repair and of such a character as not to meet the requirements; and

Whereas, The arrangement of the offices and laboratories in the Department of Health building at the southwest corner of Fifty-fifth street and Sixth avenue in the Borough of Manhattan is of such a character as not to meet the requirements for the proper transaction of business; and

Whereas, On account of these conditions, it is necessary, in order to properly and humanely care for patients, to repair, alter and add to the present plants existing and to the appurtenances thereto, to such an extent as may be required to put them in a condition to properly isolate and treat the cases of contagious diseases arising in the respective boroughs and to conduct the business of the Department; and

Whereas, For the purposes mentioned the sum of one hundred and fifty thousand dollars ($150,000) is required, as follows:

Riverside Hospital.

Coal storage	$5,000 00
Porches and summer houses	5,000 00
Plumbing and general repairs	10,000 00
Stable building and solarium	15,000 00
Roadways and sea wall	25,000 00
Total	$60,000 00

Willard Parker and Reception Hospitals.

Canopies and fences (Reception Hospital)	$7,000 00
Steam plant changes	6,000 00
Total	$13,000 00
Willard Parker Annex	$2,000 00

Kingston Avenue Hospital.

Repairs to frame pavilions	$20,000 00
Stable extension	10,000 00
Changes in steam plant	5,000 00
Fences, grading and roadways	35,000 00
Total	$70,000 00
Borough of Queens	$1,000 00
Borough of Richmond	$2,000 00
Main office, Fifty-fifth street and Sixth avenue	$2,000 00

Totals.

Riverside Hospital	$60,000 00
Willard Parker Hospital	13,000 00
Willard Parker Hospital Annex	2,000,00
Kingston Avenue Hospital	70,000 00
Borough of Queens	1,000 00

Borough of Richmond	2,000 00
Main office, Fifty-fifth street and Sixth avenue	2,000 00
Total	$150,000 00

—and

Whereas, the amounts named may be found upon advertising for bids or estimates for making said alterations, repairs and additions to require in some instances a larger amount and in some instances a less amount than named in the items aforesaid; therefore be it

Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of chapter 466 of the Laws of 1901, the Board of Aldermen be and is hereby respectfully petitioned to request the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds to the amount of one hundred and fifty thousand dollars ($150,000) for the purpose of defraying the necessary expenses required to be incurred by the Board of Health of the Department of Health of The City of New York for the preservation of the public health in altering, repairing and adding to existing plants and appurtenances thereto, including architects' fees, fixtures, etc., as follows:

For alterations, repairs and additions to hospital buildings, disinfecting plants and appurtenances thereto, etc., at Riverside Hospital, in the Borough of The Bronx; at Willard Parker and Reception Hospitals and the Willard Parker Hospital Annex, in the Borough of Manhattan; at Kingston Avenue Hospital, in the Borough of Brooklyn; in the Boroughs of Queens and Richmond, and the Department of Health building, at the southwest corner of Fifty-fifth street and Sixth avenue, in the Borough of Manhattan, $150,000.

A true copy.

EUGENE W. SCHEFFER, Secretary pro tem.

Resolved, That pursuant to subdivision 8 of section 188 of the Greater New York Charter, the Comptroller be and he hereby is authorized and requested to issue Special Revenue Bonds to an amount not exceeding one hundred and twenty-five thousand dollars ($125,000), the proceeds thereof to be applied to the payment of the expenses of repairs and alterations to hospitals and other property subject to the jurisdiction of the Department of Health.

HERBERT PARSONS, JOSEPH A. BILL, JAMES H. McINNES, TIMOTHY P. SULLIVAN, JOHN L. FLORENCE, Committee on Finance.

Which was laid over.

No. 1681—(G. O. No. 382).

The Committee on Finance, to whom was referred on February 17, 1903 (Minutes, page 654), the annexed resolution to authorize the Comptroller to pay the bill of the New York and New Jersey Telephone Company of $49.10, respectfully

REPORT:

That, having examined the subject, they believe the payments should be authorized.

This is for telephone service rendered in the office of the City Clerk, in the Borough Hall of Brooklyn, and covers the third quarter of 1902. The regular charge is $37.50. Your Committee state that by contrast with the cost of the telephone in the office of the Board of Aldermen there was only an extra charge of $11.60, which included 110 New York tolls.

Your Committee recommend the adoption of the resolution.

Resolved, That the Comptroller be and he is hereby authorized and requested to draw a warrant in favor of the New York and New Jersey Telephone Company for forty-nine dollars and ten cents ($49.10), the same to be payment in full for telephone service furnished to the office of the City Clerk and Clerk of the Board of Aldermen, in the Borough of Brooklyn, from October 1, 1902, to December 31, 1902, said amount to be charged to and paid out of the appropriation entitled "City Contingencies, 1902."

HERBERT PARSONS, WILLIAM T. JAMES, FREDERICK W. LONGFELLOW, JOSEPH A. BILL, JAMES H. McINNES, TIMOTHY P. SULLIVAN, Committee on Finance.

Which was laid over.

No. 1844.

The Committee on Finance, to whom was referred on March 31, 1903 (Minutes, page 1195), the annexed resolution and ordinance in favor of $5,000 of Corporate Stock for a bridge over the New York and Harlem Railroad Company at East One Hundred and Eighty-ninth street, respectfully

REPORT:

That, having examined the subject, they find the following to be the facts:

Heretofore this Board passed an ordinance for $19,000 of Corporate Stock for this purpose. In the report then made your committee stated that the arrangement which the City had made or hoped to make with the New York and Harlem Railroad Company was that the City should pay half the expense and the railway company the other half. The amount authorized for the City's half was, however, insufficient, and this additional amount is needed. There is no disputing the de-

sirability of a bridge over the railway at East One Hundred and Eighty-ninth street, and as the present arrangement is the best the City has been able to make, the committee recommend the adoption of the ordinance for this additional amount.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of five thousand dollars ($5,000) to provide additional means for the construction of a bridge to extend East One Hundred and Eighty-ninth street over the New York and Harlem Railroad.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment March 27, 1903, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of chapter 211 of the Laws of 1897, and section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to the amount of five thousand dollars ($5,000) to provide additional means for the construction of a bridge to extend East One Hundred and Eighty ninth street over the New York and Harlem Railroad, and that the Comptroller be authorized, with the concurrence of the Board of Aldermen, to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding five thousand dollars ($5,000) the proceeds whereof shall be applied to the purpose aforesaid."

HERBERT PARSONS, WILLIAM T. JAMES, FREDERICK W. LONGFELLOW, JOSEPH A. BILL, JAMES H. McINNES, TIMOTHY P. SULLIVAN, Committee on Finance.

Alderman Harnischfeger asked and obtained immediate consideration for this report.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Behrmann, Bennett, Bill, Brenner, Chambers, Coggey, Devlin, Dickinson, Diemer, Doull, Dowling, Downing, Florence, Gass, Goldwater, Goodman, Haggerty, Harburger, Harnischfeger, Higgins, Holler, Holmes, Jones, Keely, Kenney, Leitner, McCarthy, Thomas F. McCaul, Malone, Mathews, Meyers, Oatman, Owens, Parsons, Peck, Porges, Richter, Schappert, Shea, Twomey, Ware, Wentz, Willett, Wirth; President Cromwell, Borough of Richmond; the Vice-Chairman of the Board of Aldermen and the President of the Board of Aldermen—49.

No. 1542.

The Committee on Finance, to whom was referred on January 20, 1903 (Minutes, page 216), the annexed communication from the Committee of the German Municipal Exhibition of 1903 in Dresden, extending an invitation to the Board of Aldermen to send representatives to take part in the opening ceremony, respectfully

REPORT:

as follows:

On May 20, 1903, a German Municipal Exhibition will be inaugurated in the City of Dresden, in the Kingdom of Saxony, in the Empire of Germany.

Your Committee take pleasure in reporting that His Majesty King George of Saxony has been graciously pleased to grant his patronage; that Graf von Buelow at Berlin, Chancellor of the German Empire, and Herr von Metzch at Dresden, Minister of State, have readily consented to accept office as Honorary Presidents of the Board of Council; that Herr Schmiedel, German Krieshauptmann, has joined the same as honorary member; that Herr Geheimer Regierungsrat von Burgsdorff has been appointed by the State Government of Saxony as High Commissioner, and that other gentlemen not included in the regular committees will give their valuable support to the managing board in business questions, and that among these the name of Herr Geheimer Finanzrat a. D. Beutler, Oberburgermeister of Dresden, takes a foremost place.

The Committee of this German Municipal Exhibition has extended to this Board, as the City Council of New York, an invitation both to have representatives of this Board take part in the opening ceremony on May 20, and to have any officials of the City who may be in Dresden during the exhibition, which will be continued until the end of September, pay visits to the same. Ninety towns of the German Empire will take part in the exhibition. In view of the lead which the towns and cities of Germany have taken in municipal ownership and operation of public utilities, this exhibition should be of surpassing interest. Its object is to demonstrate the popular civic life of Germany at the opening of the twentieth century, show the progress recently made and bring together a collection of German trade appliances and manufactures for the requirement of popular civic life. So great is the present interest in our own City in municipal enterprise and trading, that your Committee wish it were only practicable to place before our citizens the information and illustrations of municipal activity which this exhibition will doubtless afford, but your Committee realize that it is out of the question to send representatives to be present. They accordingly recommend that the invitation be with regret declined and that notice of the invitation be sent by the City Clerk to the heads of the various departments of the City so that they may be aware of the existence of the exhibition

and by their own endeavors obtain knowledge of any important points affecting their departments.

Your Committee have drafted the annexed resolution, the adoption of which they recommend.

Dresden, November, 1902.

To the City Council of New York:

THE COMMITTEE OF THE GERMAN MUNICIPAL EXHIBITION OF 1903 IN DRESDEN.

Oberbuergermeister Buetler.

The German Municipal Exhibition of 1903, Dresden, under the distinguished patronage of His Majesty King George of Saxony.

The idea of demonstrating the development of German municipal life during recent years by means of a public exhibition was first conceived as long ago as January, 1897, when a meeting of the leading men of various German towns took place at Carlsruhe, and the question was opened at the instigation of the Mayor of Dresden. The proposal was eagerly supported and a conference of the officials of a large number of German cities was thereupon convened and it was unanimously resolved to carry out the scheme of a German Municipal Exhibition, 1903, in Dresden. Preparations to realize the resolution were immediately commenced, the arrangements for the exhibition were ordered, a Board of Council and an executive committee were appointed, and invitations were issued to all German towns having a population of over 25,000. This invitation was accepted by the authorities of 128 towns having a collective population of about thirteen millions. And not only did the German towns evince the greatest interest in the undertaking, but the Imperial and State governments also gave it their powerful support.

His Majesty King George of Saxony has been graciously pleased to grant his patronage; Graf von Buelow at Berlin, Chancellor of the German Empire, and Herr von Metzsch at Dresden, Minister of State, readily consented to accept office as Honorary Presidents of the Board of Council; Herr Schmiedel, German Krieshauptmann, has joined the same as honorary member, and Herr Geheimer Regierungsrat von Burgsdorff has been appointed by the State Government of Saxony as High Commissioner.

The arrangements for carrying out the whole undertaking are definitely fixed. According to these arrangements the exhibition will be held during the period between May 28 and the end of September, 1903, in the Exhibition Palace and grounds of Dresden. The direction of the exhibition is in the hands of a managing board formed of the representatives of thirty towns participating in the Council and an executive committee, including four representatives for the city of Dresden and one

for each of the following towns: Berlin, Breslau, Chemnitz, Cottbus, Hanover, Cologne, Leipsic, Munich and Wurzburg. Moreover, other gentlemen, not included in the committees, will give their valuable support to the managing board in business questions. Among these the name of Herr Geheimer Finanzrat a. D. Beutler, Oberburgermeister of Dresden, takes a foremost place.

The object of the exhibition is:

a. To demonstrate the condition of civic life in Germany at the beginning of the twentieth century, especially as regards the development of the larger communities in Germany during the recent years, and to show the progress made in that time in the different places in carrying on civic and civil affairs.

b. To bring together a collection of German trade appliances and manufactures for the requirements of popular civic life.

The objects in view being thus clearly defined, it follows that the exhibition will be divided into two great departments, entirely distinct and separated from each other, namely, one department for towns and other civic communities, and another department for trade appliances and manufactures. In the department for towns will be exhibited a homogeneous collection of appliances which will be grouped under different heads; these groups will include:

I. Street traffic, public lighting, roadway construction and drainage, bridges and harbors, with which will be included excavation work, measuring, surveying, street tramways, etc.

II. Town extension, sanitary and other tenement inspection.

III. Public artistic work (architecture, painting, sculpture, etc.).

IV. Public health and well-being, constabulary.

V. School education and instruction.

VI. Indoor and outdoor relief of the poor, care of the sick, charitable schemes and endowments.

VII. Control of cash receipts of finance operations and of public rates and taxes. The trading of City and Town Councils, land property, savings banks and loan institutions.

VIII. Registration and office appliances. Regulation of official staff. Statistics and printed reports, etc.

From promises of co-operation received from many towns, we are assured that the exhibition will include an immense collection of particular objects all coming within the scope of municipal control. Many of these interesting exhibits will be actual specimens, others will be shown as models or in drawings or other pictorial form. The exhibition therefore will fully realize and carry out its defined objects. Especially interesting will be the sections of streets constructed in the natural size,

which have been planned for laying down by the municipal and other authorities of various towns. These sections will show (in the natural size) the building up of the upper part of the streets on one side, and on the other will be exposed the lower part of the pavement containing various passageways such as, for instance, drains, cables, water and gas pipes, house drainage connections, etc. As being within the scope of municipal management, the various appliances relating to gas, water and electrical supply, constabulary, public charitable institutions, the prevention of smoke and kindred nuisances, etc., have been specially arranged to be grouped together and reference thereto will be thus facilitated. An experimental street railway line will be laid to show as far as possible in a practical manner the progress recently made in the construction of tramways. It is intended to exhibit here also a motor train without rails, and a practical automobile street service is also contemplated.

Further, in the department of the exhibition devoted to trade and manufacture, a large number of appliances are in view. Already more than 300 manufacturers, representative of the German industrial trades, have signified their intention to take part in the exhibition as exhibitors of requirements for German municipalities. The arrangements of these exhibits will include three groups, as follows:

I. Machines, machine tools and kindred appliances.

II. Building materials and auxiliaries.

III. Miscellaneous manufactures.

A point deserving of special mention is that as may be gathered from the foregoing statement, the exhibition will offer also to the general public an interesting and comprehensive survey so that the lay mind may obtain from the clearly classified exhibition substantial information.

All the exhibits, except those which will be more appropriately placed in the grounds, will be arranged in the permanent exhibition building erected by the City of Dresden at a cost of about £90,000 and in various large and small annexes. The total exhibition area is represented by a floor space of 20,000 square metres. Although the primary object of the exhibition is to promote serious study of its aims, various arrangements of a recreative character, so as to make it attractive to the general public, will be made. Thus daily concerts will be given in the grounds in fine weather and in the newly constructed concert hall when the weather is unfavorable. Evening amusements in the form of illuminations and fireworks are under consideration. There is a summer theatre where theatrical representations will be given from time to time, as well as scientific lectures and discussions. A part of the chief refreshment hall will be a reproduction of an old German rathskeller.

Besides the German town administrations and the great industrial firms which participate in it, also all those societies and corporate bodies whose aims border

upon the sphere of civic administration will take a special interest in this exhibition. This interest will be amply shown, as a number of such bodies intend during the exhibition period to hold conferences and other meetings in Dresden.

Further, the larger cities of European countries and of the United States of America take—as has been shown in many inquiries and written communications—a lively interest in the exhibition, and it may be assumed that a considerable number of them will depute representatives to visit and report upon the exhibition. The exhibition will thus offer an exceptional opportunity of examining the latest improvements in the different fields of municipal management, as well as of comparing the arrangements of individual towns. The committee of the exhibition has therefore decided to specially invite the authorities of the more important cities of North America, England, France, Holland, Belgium, Denmark, Sweden and Norway, Russia, Austria-Hungary, Italy, Spain and Switzerland to visit the exhibition and to take part in the inauguration ceremony.

Whereas, The Committee of the German Municipal Exhibition of 1903 in Dresden has invited this Board of Aldermen, as the City Council of The City of New York, to send representatives to the opening of the exhibition on May 20, 1903, and to have representatives or officials of the City visit the exhibition while it continues; and

Whereas, It is not practicable for this Board to send representatives to be present at the opening; and

Whereas, In view of the advanced position which the cities of Germany have taken in municipal ownership and operation of public utilities and the opportunity which this exhibition will afford to study their success in such matters, it is to the interests of the City that any officials who shall during the summer of 1903 be in the neighborhood of Dresden visit the said exhibition; be it

Resolved, By this Board of Aldermen of The City of New York, that the City Clerk be and he hereby is directed to reply to the said invitation of the said Committee of the German Municipal Exhibition of 1903 in Dresden, and in reply to say that this Board expresses its high appreciation of the invitation; that it greatly regrets that it is not practicable to send formal representatives to the opening; that, with knowledge of the advanced position taken by German municipalities in the ownership and operation of public utilities, and in view of the interest now awakened in this City in city ownership and operation of public utilities, it realizes that benefits would accrue by having officials of the City visit the exhibition and bring to the use of our own City suggestions which the exhibition will undoubtedly give; that it has accordingly directed the City Clerk to send copies of the invitation to the heads of the various departments of the City, advising them that this Board urges them to make use of the opportunities which the exhibition will afford by having any of the

officials visit the same who can, and in any event, by obtaining through correspondence such information as will be forthcoming from the exhibition, and to that end it requests the aforesaid Committee of the Exhibition to have furnished to this City copies of the various reports that may be made in connection with the exhibition; and it is further

Resolved, That the City Clerk be and he hereby is directed to send copies of the invitation to the heads of the various departments of the City, advising them that this Board urges them to make use of the opportunities which the exhibition will afford by having any of the officials visit the same who can, and in any event, by obtaining through correspondence such information as will be forthcoming from the exhibition.

They therefore recommend that the said resolution be adopted.

HERBERT PARSONS, WILLIAM T. JAMES, JOSEPH A. BILL, JAMES H. McINNES, TIMOTHY P. SULLIVAN, Committee on Finance.

Which report was accepted and resolution adopted.

Reports of Committee on Buildings—

No. 1022.

The Committee on Buildings, to whom was referred the annexed ordinance in favor of amending section 97 of the Building Code, respectfully

REPORT:

That an ordinance similar being now pending before the Board, they therefore recommend that the said ordinance be placed on file.

Resolved, That section 97 to the Building Code is hereby amended.

All dumbwaiter shafts, except those in private dwelling houses, not more than two stories and basement or three stories in height above the cellar, no portion of which is used for business purposes, shall be inclosed in suitable walls of brick, or with burnt clay blocks set in iron frames of proper strength, or fireproof blocks strengthened by metal dowels, or such other fireproof material and form of construction as may be approved by the Superintendent of Buildings having jurisdiction. Said walls or construction shall extend at least three feet above the roof and be covered with a skylight at least three-quarters of the area of the shaft, made with metal frames and glazed.

Every dumbwaiter hereafter placed in any building shall be inclosed in the cellar within brick walls not less than eight inches thick. All openings in inclosure walls or construction shall be provided with self-closing fireproof doors. When the shaft does not extend to the floor level of the lower story or through the top story or stories, the bottom and top of the shaft shall be constructed of fireproof material.

Section 48 is hereby amended so as to read:

In every building hereafter erected or altered all the walls or partitions forming interior light or vent shafts shall be built of brick or such other fireproof materials as may be approved by the Superintendent of Buildings having jurisdiction, except shafts in private dwellings used for lighting or ventilating rooms on not more than two floors may be built of wood, with inside of walls and bottoms covered with metal, metal lath and plaster or plaster boards.

The walls of all light or vent shafts, whether exterior or interior, hereafter erected, shall be carried up not less than three feet above the level of the roof. Where shaft is covered with skylight the walls need not be carried more than two feet above the roof, with ventilating skylight placed thereon.

Light and dumbwaiter shafts in frame buildings need not be fireproof, but built in the manner herein described.

FRANKLIN B. WARE, JOHN A. SCHAPPERT, LEOPOLD HARBURGER, FREDERICK BRENNER, DAVID M. HOLMES, PETER HOLLER, Committee on Buildings.

Which report was accepted.

No. 1792.

The Committee on Buildings, to whom was referred the annexed resolution (page 1018, minutes of March 16, 1903), in favor of permitting the Crescent Biscuit Company to erect a platform scale within the stoop-line, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be placed on file.

Resolved, That permission be and the same is hereby given to the Crescent Biscuit Company to place, erect and keep a platform for the purpose of receiving and delivering goods, the platform to be two feet high and wholly within the stoop-line in front of their premises No. 131 and 133 Avenue D, Borough of Manhattan; the work to be done at their own expense under the direction of the President of the Borough of Manhattan, such permission to continue only during the pleasure of the Board of Aldermen.

FRANKLIN B. WARE, JOHN A. SCHAPPERT, LEOPOLD HARBURGER, FREDERICK BRENNER, DAVID M. HOLMES, PETER HOLLER, Committee on Buildings.

Which report was accepted.

MOTIONS, ORDINANCES AND RESOLUTIONS.

Alderman Meyers asked and obtained unanimous consent to introduce the following:

No. 1993.

Resolved, By the Board of Aldermen of The City of New York that the operation of sections 197, 208, 210 and 402 of the Revised Ordinances of 1897 of The City of New York be and the same is suspended for a period of thirty days from the date of approval of this resolution by the Mayor.

Alderman John T. McCall moved to amend this resolution by striking out the word "thirty" before the word "days," and inserting in lieu thereof the word "sixty."

The President put the question whether the Board would agree with said motion.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Behrmann, Chambers, Coggey, Culkin, Devlin, Dickinson, Diemer, Donohue, Doull, Dowling, Florence, Gass, Goldwater, Haggerty, Harnischfeger, Higgins, Keely, Leitner, McCarthy, Thomas F. McCaul, Malone, Marks, Nehrbauer, Owens, Porges, Richter, Schappert, Stewart, Sullivan, Twomey, Wentz, Wirth; President Cassidy, Borough of Queens—34.

Negative—Aldermen Goodman, Jones, Oatman, Parsons, Shea, Tebbetts, Ware; President Cromwell, Borough of Richmond; President Cantor, Borough of Manhattan, and the President of the Board of Aldermen—11.

The President then put the question whether the Board would agree with said resolution as amended.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Behrmann, Brenner, Bridges, Chambers, Coggey, Culkin, Devlin, Dickinson, Dietz, Donohue, Doull, Dowling, Florence, Foley, Gaffney, Gass, Goldwater, Goodman, Haggerty, Harburger, Harnischfeger, Higgins, Holler, Kennedy, Kenney, Klett, Leitner, John T. McCall, McCarthy, Malone, Marks, Mathews, Metzger, Meyers, Nehrbauer, Oatman, Owens, Peck, Porges, Richter, Schappert, Shea, Stewart, Sullivan, Twomey, Wafer, Ware, Wenz, Willett, Wirth; President Cromwell, Borough of Richmond and President Cassidy, Borough of Queens—53.

Negative—Aldermen Alt, Bill, Holmes, Jones, Tebbetts—5.

REPORTS OF STANDING COMMITTEES RESUMED.

Report of Committee on Streets, Highways and Sewers—

No. 1959.

The Committee on Streets, Highways and Sewers, to whom was referred the annexed ordinance (page 171, Minutes of April 21, 1903) in favor of laying out new

streets at the approach to the terminal of the new ferry at St. George, Borough of Richmond, respectfully

REPORT:

That having examined the subject, they believe the proposed improvement to be necessary.

They therefore recommend that the said ordinance be adopted.

AN ORDINANCE to change the map or plan of The City of New York by changing lines of streets and laying out new streets at St. George, Borough of Richmond.

Be it Ordained, By the Board of Aldermen of The City of New York, as follows:

That, in pursuance of section 442 of the Greater New York Charter, the following resolution of the Board of Estimate and Apportionment adopted by that Board on the 17th day of April, 1903, be and the same hereby is approved, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest to alter the map or plan of The City of New York by changing the lines and grades of existing streets and laying out new streets in the vicinity of the proposed approach to the Ferry Terminal at St. George in the Borough of Richmond, City of New York, does hereby favor and approve of the same, so as to change the lines and grades and lay out the aforesaid streets as follows:

PARCEL A.

Beginning at the intersection of the northerly line of Hannah street with the easterly line of Griffin street; running thence northerly along the last mentioned line 576.48 feet to the southerly line of Arrietta street; thence easterly along the southerly line of Arrietta street and deflecting 105 degrees 36 minutes 42 seconds to the right 183.35 feet; thence southerly and deflecting 107 degrees 36 minutes 39 seconds to the right 263.90 feet to a line parallel to and distant 130 feet easterly from the westerly line of Griffin street; thence still southerly along the last mentioned parallel line and deflecting 33 degrees 13 minutes 21 seconds to the left 306.52 feet to the northerly line of Hannah street; thence westerly along the northerly line of Hannah street and deflecting 90 degrees 14 minutes 49 seconds to the right 32.00 feet to the point or place of beginning.

PARCEL B.

Beginning at the intersection of the westerly line of Sarah Ann street with the southerly line of Richmond turnpike as they now exist; running thence southerly along Sarah Ann street 4.18 feet to an arc of 310 feet radius tangent to the southerly line of Richmond turnpike at a point distant 19.05 feet westerly from the intersection

of the southerly line of Richmond turnpike with the easterly line of Sarah Ann street; thence westerly along said arc 50 degrees 50 minutes 40 seconds 275.10 feet to the southerly line of Richmond turnpike; thence easterly along the last mentioned line as it now exists 290 feet, more or less, to the point or place of beginning.

PARCEL C.

Beginning at the intersection of the westerly line of Montgomery avenue with the northerly line of Richmond turnpike; thence westerly along the northerly line of Richmond turnpike 96.20 feet to an angle; thence still westerly along the last mentioned line and deflecting 7 degrees 42 minutes 40 seconds to the left 41.66 feet to the northerly line of First avenue; thence easterly along the easterly prolongation of the southerly line of First avenue and deflecting 150 degrees 40 minutes 34 seconds to the right 113.12 feet to the westerly line of Montgomery avenue; thence southerly along the westerly line of Montgomery avenue 78.34 feet to the point or place of beginning.

PARCEL D.

Beginning at a point on the easterly line of Montgomery avenue 32.31 feet northerly from its intersection with the northerly line of Richmond turnpike; running thence northerly along the easterly line of Montgomery avenue 60 feet; thence easterly along and deflecting 90 degrees to the right 170 feet to the westerly line of Tompkins avenue; thence southerly along the last mentioned line and deflecting 90 degrees to the right 60 feet; thence westerly and deflecting 90 degrees to the right 170 feet to the point or place of beginning.

PARCEL E.

Beginning at a point on the easterly line of Tompkins avenue distant 175.02 feet northerly from its intersection with the northerly line of Arrietta street; running thence northerly along the easterly line of Tompkins avenue 60 feet; thence easterly and deflecting 90 degrees to the right 200 feet to the westerly line of Central avenue; thence southerly along the last mentioned line and deflecting 90 degrees to the right 60 feet; thence westerly and deflecting 90 degrees to the right 200 feet to the point or place of beginning.

PARCEL F.

Beginning at the intersection of the northerly line of Arrietta street with the easterly line of Central avenue; running thence northerly along the last mentioned line 282.35 feet; thence easterly deflecting 90 degrees to the right 49.82 feet; thence northerly deflecting 67 degrees 59 minutes 12 seconds to the left 325.14 feet to the southerly line of Weiner place; thence easterly along the last mentioned line and deflecting 68 degrees 12 minutes 43 seconds to the right 77.70 feet to the easterly line

of Stuyvesant place; thence northerly along the last mentioned line and deflecting 90 degrees 11 minutes .00 seconds to the left 421.43 feet; thence westerly and deflecting 93 degrees 26 minutes .06 seconds to the left 25.05 feet to the centre line of Stuyvesant place; thence northerly and along the last mentioned line and deflecting 93 degrees 26 minutes and .06 seconds to the right 452.57 feet to the centre line of South street; thence easterly along the last mentioned line and deflecting 90 degrees 43 minutes .03 seconds to the right 588.62 feet; thence southwesterly along an arc tangent to the southerly line of South street of 150 feet radius through an arc of 38 degrees 44 minutes 22 seconds 101.42 feet to the southerly line of South street; thence westerly along the last mentioned line 109.84 feet; thence to the left along a tangent arc of 305.65 feet radius through an arc of 90 degrees 43 minutes .03 seconds 483.93 feet to a tangent line parallel to and distant 100 feet easterly from the westerly line of Stuyvesant place; thence southerly along the last mentioned line 479.55 feet; thence still southerly and deflecting 21 degrees 58 minutes 17 seconds to the right 690.55 feet to the northerly line of Arrietta street; thence westerly and along the last mentioned line and deflecting 78 degrees .07 minutes 23 seconds to the right 41.24 feet to the point or place of beginning.

PARCEL G.

Beginning at the intersection of the westerly prolongation of the southerly line of South street with the westerly line of Stuyvesant place; running thence northerly along the westerly line of Stuyvesant place 11.63 feet to an angle; thence still northerly along the westerly line of Stuyvesant place and deflecting 19 degrees 37 minutes .06 seconds to the left 113.13 feet to the southerly line of Hyatt street; thence westerly along the southerly line of Hyatt street and deflecting 90 degrees to the left 172.01 feet to the easterly line of Central avenue; thence easterly perpendicular to Central avenue and deflecting 160 degrees 22 minutes 54 seconds to the left 100 feet; thence southeasterly and deflecting 31 degrees .08 minutes 58 seconds to the right 116.85 feet to the point or place of beginning.

PARCEL H.

Beginning at the point of intersection of the northerly line of South street and the easterly line of Jay street; running thence northerly along the easterly line of Jay street 1,723.94 feet to the northerly line of Richmond terrace; thence easterly along the easterly prolongation of the northerly line of Richmond terrace and deflecting 147 degrees 32 minutes 46 seconds to the right 93.18 feet; thence southerly parallel to and distant 100 feet easterly from the westerly line of Jay street and deflecting 32 degrees 27 minutes 14 seconds to the right 1,558.01 feet; thence along a tangent arc 100 feet radius 69 degrees 39 minutes 51 seconds 121.59 feet to a point on a line parallel to and distant 100 feet northerly from the southerly line of South

street; thence easterly along last mentioned line 98.16 feet; thence along a tangent arc of 50 feet radius 47 degrees 59 minutes 58 seconds 41.89 feet; thence northerly on a tangent 261.36 feet to the westerly line of proposed marginal street, wharf or place to be acquired as per resolution of Commissioners of the Sinking Fund of The City of New York, adopted November 5, 1902; thence southerly deflecting 130 degrees .09 minutes 51 seconds to the right 110.24 feet; thence still southerly along last mentioned lands and deflecting 45 degrees 49 minutes 24 seconds to the right 172.00 feet to the northerly line of South street; thence westerly along the westerly line of South street deflecting 52 degrees .00 minutes 43 seconds to the right 329.67 feet to the point or place of beginning.

PARCEL I.

Beginning at the intersection of a line parallel to and distant 100 feet southerly from the northerly line of Richmond terrace and the westerly line of Jay street; running thence northerly along the last mentioned line 102.74 feet to the southerly line of Richmond terrace; thence westerly along the last mentioned line and deflecting 32 degrees 57 minutes 18 seconds to the left 64.68 feet to an angle; thence still westerly along the last mentioned line and deflecting 23 degrees .04 minutes 57 seconds to the left 19.27 feet to an angle; thence still westerly along the last mentioned line and deflecting 24 degrees 13 minutes 34 seconds to the left 16.23 feet to the easterly line of Stuyvesant place; thence southerly along the last mentioned line and deflecting 90 degrees 45 minutes .05 seconds to the left 52.64 feet to the line parallel to and distant 100 feet southerly from the northerly line of Richmond terrace; thence southeasterly along said parallel line and deflecting 41 degrees 26 minutes 20 seconds to the left 140.48 feet to the point or place of beginning.

FRANK L. DOWLING, JAMES OWENS, CHARLES ALT, DAVID M. HOLMES, TIMOTHY P. SULLIVAN, CHARLES M. CULKIN, PATRICK H. MALONE, Committee on Streets, Highways and Sewers.

Which was laid over.

Subsequently, on motion of President Cromwell, the paper was again brought before the Board.

The President put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Behrmann, Bennett, Bill, Brenner, Chambers, Coggey, Devlin, Dickinson, Dowling, Downing, Foley, Gaffney, Gass, Gillen, Gillies, Goldwater, Goodman, Haggerty, Harburger, Harnischfeger, Higgins, Holler, Holmes, Jones, Kennedy, Kenney, Klett, McCarthy, Thomas F. McCaul, Malone, Maloy, Marks, Mathews, Meyers, Nehrbauer, Oatman, Owens, Parsons, Peck,

Richter, Schappert, Stewart, Sullivan, Tebbetts, Twomey, Wafer, Walkley, Ware, Wentz, Willett, Wirth: President Cromwell, Borough of Richmond; President Cassidy, Borough of Queens; President Cantor, Borough of Manhattan; the Vice-Chairman of the Board of Aldermen, and the President of the Board of Aldermen—57.

Report of Committee on Fire—

No. 1965.

The Committee on Fire, to whom was referred the annexed ordinance in favor of amending "An Ordinance to Create the Fire Department of the Village of Edgewater," respectfully

REPORT:

That, having examined the subject, they recommend that section 2 be amended by striking from the end thereof the words "upon its passage and adoption" and that the said ordinance as so amended be adopted.

AN ORDINANCE to amend an ordinance entitled "An ordinance to create and organize the Fire Department of the Village of Edgewater and provide for the government thereof," and adopted by the Board of Trustees of the Village of Edgewater December 12, 1888.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Section four of an ordinance entitled "An ordinance to create and organize the Fire Department of the Village of Edgewater and to provide for the government thereof," adopted by the Board of Trustees of the Village of Edgewater December 12, 1888, is hereby amended so as to read as follows:

Section 4. A Chief Engineer and three Assistant Engineers of said Department shall be elected by the members of said Department on the second Monday of May, 1901, and every two years thereafter, who shall hold their offices for two years from the first day of June next following, and until their successors are duly elected and qualified. No person shall be eligible to the office of Engineer or Assistant Engineer unless he shall have been an active Fireman at least three years or more immediately preceding said election, a member in good standing of some one of the companies belonging to said Department and a resident of the Village of Edgewater. *The Assistant Engineer must be a resident and member of a company located in the district in which he is a candidate, and shall be chosen by the companies located in that district.*

Sec. 2. This ordinance shall take effect immediately upon its passage and adoption.

Sec. 3. A copy of this ordinance shall be transmitted to each company in the Fire Department of the Village of Edgewater.

JOHN WIRTH (Chairman), JOHN L. GOLDWATER, JOHN J. DIETZ, PETER HOLLER, JAMES COWDEN MEYERS, JOHN V. COGGEY, Committee on Fire.

Alderman Wirth asked and obtained immediate consideration for this report.

The President put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen, Alt, Baldwin, Bennett, Bill, Bridges, Chambers, Coggey, Culkin, Devlin, Dickinson, Diemer, Dietz, Doull, Dowling, Downing, Foley, Gass, Goldwater, Goodman, Haggerty, Harnischfeger, Higgins, Holler, Holmes, Jones, Keely, Kenney, Klett, Lundy, John T. McCall, McCarthy, Thomas F. McCaul, Malone, Metzger, Meyers, Nehrbauer, Oatman, Owens, Parsons, Porges, Richter, Schappert, Shea, Stewart, Tebbetts, Twomey, Wafer, Ware, Wirth; President Cromwell, Borough of Richmond; President Cassidy, Borough of Queens; President Cantor, Borough of Manhattan; the Vice-Chairman of the Board of Aldermen, and the President of the Board of Aldermen—54.

Report of Local Board, Newtown District, Borough of Queens:

No. 583.

The Local Board of the Newtown District, Borough of Queens, to whom was referred the annexed petition in favor of establishing a cemetery in the Borough of Queens, respectfully

REPORT:

That, having examined the subject, they therefore recommend that the annexed resolution be adopted.

To the Honorable the Board of Aldermen of The City of New York:

The petition of the undersigned respectfully shows to your Honorable Body:

That your petitioners are members of Jewish lodges and congregations in The City of New York, and at present your petitioners are very desirous of procuring some sacred place which might be used by their respective lodges and congregations for the burial of their brethren. That the cemeteries now devoted to the purpose of burial of the Jewish people located in or near New York are either filled or very nearly filled. That the number of your petitioners' co-religionists in The City of New York has largely increased within the past few years, and they are now more largely increasing. That that portion of the territory of The City of New York embraced within the County of Queens in the neighborhood of Cypress Hills has been largely devoted to the

burial of the dead of all peoples, and for many years has been and still is the final resting place of the Jewish people who have died in The City of New York. That there is located there the Mt. Neboh Cemetery, Machpela Cemetery, Salem Fields Cemetery, Mt. Hope Cemetery, Maimonides Cemetery and the so-called Portuguese Cemetery. That these cemeteries are nearly filled, and ground for burial purposes in them has become too expensive for any but the very wealthy Jews to be buried, and there is at last no final resting place for the Jewish dead in the neighborhood of New York. That the Mt. Carmel Cemetery Association is a cemetery association organized for the purpose of procuring a burial place of the Jewish people. That they have obtained options on land surrounded by cemeteries in what is known as Cypress Hills, and desire to obtain the consent necessary by the requirements of the law for the purpose of utilizing the same as a burial ground, and that your petitioners are all earnestly interested in the said matter, and respectfully beg that the consent may be granted to them for such purposes.

Dated May 1, 1902.

Very respectfully submitted,

Sam'l Dorf, Grand Master Order Brith Abraham.

Whereas, Jewish lodges and congregations of The City of New York have petitioned the Newtown Local Board of Improvements of the Borough of Queens and this Honorable Body that consent be granted to the Mount Carmel Cemetery Association for the use of certain lands on which they have secured options for burial purposes in the Second Ward of the Borough of Queens, therefore be it

Resolved, That consent be and the same hereby is given to the Mount Carmel Cemetery Association of the Borough of Queens, County of Queens, City and State

of New York, its successors and assigns, to take by deed, devise or gift and to use for cemetery purposes land in the Second Ward of the Borough of Queens, not to exceed one hundred acres, or so much thereof as they may require for cemetery purposes, contained within the following boundaries, to wit:

Bounded on the north by Cooper avenue and Cypress Hills Cemetery, on the east by Cypress Hills Cemetery, on the south by Cypress Hills Cemetery and on the west by Macphela Cemetery and Union Fields Cemetery, the same to be inaugurated, governed and controlled in accordance with the provisions of chapter 559 of the Laws of 1895, and all acts amendatory of and supplemental thereto.

JOSEPH CASSIDY, JOHN E. McCARTHY, Members of Local Board, Newtown District, Borough of Queens.

On motion of President Cassidy this report received immediate consideration.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Bennett, Brenner, Bridges, Chambers, Coggey, Culkin, Devlin, Dickinson, Diemer, Dietz, Doull, Dowling, Downing, Foley, Gaffney, Goldwater, Goodman, Haggerty, Harnischfeger Higgins, Holler, Holmes, Jones, Keely, Kennedy, Kenney, Klett, John T. McCall, McCarthy, Thomas F. McCaul, Malone, Marks, Mathews, Metzger, Nehrbauer, Oatman, Owens, Parsons, Peck, Richter, Schappert, Shea, Stewart, Sullivan, Tebbetts, Twomey, Wafer, Wentz, Willett, President Cassidy, Borough of Queens, and the President of the Board of Aldermen—53.

Negative—The Vice-Chairman—1.

Report of Committee on Laws and Legislation—

No. 1920—(G. O. No. 102.)

The Committee on Laws and Legislation, to whom was referred the annexed ordinance in favor of forbidding the presence of dogs in the streets, highways, parks and public places of the Borough of Manhattan, except under certain restrictions, respectfully

REPORT:

That a considerable number of cases of rabies in dogs and a few cases of hydrophobia have aroused public sentiment to the necessity of an ordinance imposing greater restrictions upon the presence of dogs in the City's streets. Your Committee held a well-attended public hearing, at which the public sentiment referred to was given expression. The present ordinance now in force in the Boroughs of Manhattan and The Bronx (section 672 of the Revised Ordinances of 1897) requires that all

dogs in the public streets shall be in leash, but as is well known this ordinance is not enforced. The reason for this is that the ordinance prescribes a penalty of three dollars ($3) to be recovered from the owner of the dog by suit brought by the Corporation Attorney upon the complaint of the Police Commissioner, a proceeding which fails to provide a direct and speedy remedy. The ordinance fails also to reach the homeless and ownerless dogs, which are the chief cause of offense and danger. The ordinance which was submitted to the Committee has the approval of the medical profession generally and of the Board of Health. Your Committee has prepared and reports with its approval the annexed substitute ordinance, which differs from the original ordinance in no essential particular, simply embodying a change in language introduced by the Committee to meet a criticism which was offered. The proposed ordinance is a compromise between the present law and the desires of the extreme advocates of muzzling. It offers to dog owners a choice between the leash and the muzzle. The ordinance applies to the Borough of Manhattan only.

Your Committee recommends that the substitute ordinance be adopted.

(Original.)

AN ORDINANCE forbidding the presence of dogs in the streets, highways, parks and public places of the Borough of Manhattan, except under certain restrictions.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Hereafter it shall be unlawful to permit any dog to go abroad loose or at large in any of the streets, highways, parks or public places in the Borough of Manhattan unless such dog shall be securely muzzled so that it shall be impossible for it to bite, tear or otherwise wound with the teeth any human being or any other animal.

Sec. 2. The Police Commissioner is hereby directed to secure the enforcement of this ordinance by providing for the taking and detention in the public pound of any dog found going abroad loose or at large and not muzzled as aforesaid. Every dog so taken shall be detained in the public pound for a period not to exceed three days. The owner of such dog may recover the same upon his filing with the Clerk employed by the Police Commissioner and designated Property Clerk, pursuant to section 331 of the Greater New York Charter, an affidavit stating the fact of ownership, his place of residence and a description of the dog sought to be recovered, and upon payment to said Clerk of the sum of three dollars ($3). The said Clerk shall thereupon furnish to the said owner a certificate authorizing the Keeper of the Pound to deliver the said dog to the said owner, and upon delivery to him of the said certificate the said Keeper shall forthwith release the dog detained as aforesaid. At the expiration of three days' detention of any dog, such dog shall be

destroyed. All moneys collected pursuant to this ordinance shall be paid into the Police Pension Fund.

Sec. 3. Nothing in this ordinance shall prevent the presence of any dog in any street, highway or public place, provided such dog shall be in charge of a competent person, and shall be securely held by a chain or leather strap not more than four feet long.

Sec. 4. Section 672 of the Revised Ordinances of 1897 is hereby repealed.

Sec. 5. This ordinance shall take effect immediately.

(Substitute Ordinance.)

AN ORDINANCE forbidding the presence of dogs in the streets, highways, parks and public places of the Borough of Manhattan, except under certain restrictions.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Hereafter it shall be unlawful to permit any dog to go abroad loose or at large in any of the streets, highways, parks or public places in the Borough of Manhattan unless such dog shall be securely muzzled so that it shall be impossible for it to bite, tear or otherwise wound with the teeth any human being or any other animal.

Sec. 2. The Police Commissioner is hereby directed to secure the enforcement of this ordinance by providing for the taking and detention in the public pound of any dog found going abroad loose or at large and not muzzled as aforesaid. Every dog so taken shall be detained for a period not less than three days, except as hereinafter provided. The owner of such dog may recover the same upon his filing with the Clerk employed by the Police Commissioner, and designated as Property Clerk, pursuant to section 331 of the Greater New York Charter, an affidavit stating the fact of ownership, his place of residence, and a description of the dog sought to be recovered, and upon payment to said Clerk of the sum of three dollars ($3). The said Clerk shall thereupon furnish to the said owner a certificate authorizing the Keeper of the Pound to deliver the said dog to the said owner, and upon delivery to him of the said certificate the said Keeper shall forthwith release the dog detained as aforesaid. The failure of the owner of any dog to recover the same within three days after its taking shall be deemed an abandonment of the same, and such dog shall be destroyed at such time and in such manner as may be determined by order of the Police Commissioner. All moneys collected pursuant to this ordinance shall be paid into the Police Pension Fund.

Sec. 3. Nothing in this ordinance shall prevent the presence of any dog in any street, highway or public place, provided such dog shall be in charge of a competent

person, and shall be securely held by a chain or leather strap not more than four feet long.

Sec. 4. Section 672 of the Revised Ordinances of 1897 is hereby repealed.

Sec. 5. This ordinance shall take effect immediately.

ARMITAGE MATHEWS, NOAH TEBBETTS, JAMES COWDEN MEYERS, FRANK L. DOWLING, THOMAS F. FOLEY, Committee on Laws and Legislation.

On motion of Alderman Meyers, this report was made a special order for 2 o'clock p. m. at the next meeting.

Report of Committee on Salaries and Offices—

No. 1848.

The Committee on Salaries and Offices, to whom was recommitted the annexed resolution in favor of fixing the salary of Examiner in the office of the Supervisor of the City Record, respectfully

REPORT:

That, having examined the subject, they again recommend that the said resolution be adopted.

ROBERT F. DOWNING, SAMUEL H. JONES, PATRICK H. MALONE, JOHN J. HAGGERTY, WILLIAM D. PECK, Committee on Salaries and Offices.

The Committee on Salaries and Offices, to whom was referred on March 31, 1903 (Minutes, page 1200), the annexed resolution in favor of fixing salary of Examiner, office of City Record, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment, at a meeting held March 27, 1903, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of the position of Examiner in the office of the City Record be fixed as follows:

"Examiner, per annum	$1,500 00
"Examiner, per annum	1,200 00
"Examiner, per annum	900 00"

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the position of Examiner in the office of the City Record as set forth therein.

ROBERT F. DOWNING, JOHN H. BEHRMANN, WILLIAM D. PECK, PATRICK H. MALONE, JOHN D. GILLIES, JOHN H. DONOHUE, JOHN J. HAGGERTY, SAMUEL H. JONES, Committee on Salaries and Offices.

On motion of Alderman Downing this report received immediate consideration.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Bennett, Brenner, Bridges, Chambers, Coggey, Culkin, Devlin, Dickinson, Donohue, Doull, Downing, Foley, Gass, Goodman, Haggerty, Harburger, Harnischfeger, Higgins, Holler, Holmes, Jones, Keely, Kenney, Klett, Lundy, John T. McCall, McCarthy, Thomas F. McCaul, Malone, Marks, Metzger, Meyers, Oatman, Owens, Richter, Tebbetts, Twomey, Ware, Willett; President Cassidy, Borough of Queens; President Cantor, Borough of Manhattan; the Vice-Chairman of the Board of Aldermen and the President of the Board of Aldermen—45.

ANNOUNCEMENT.

The President at this point announced that each and every member of the Board was requested to be present at the hearing on the proposed modification of the route of the Rapid Transit Railway Commissioners, along Park avenue, in the Borough of Manhattan, to be held by the Railroad Committee of the Board of Aldermen on Wednesday, April 29, 1903, at 2 o'clock p. m.

SPECIAL ORDERS.

Alderman Owens called up Special Order No. 99, being a report and resolution as follows:

No. 1863.

The Committee on Finance, to whom was referred on March 31, 1903 (Minutes, page 1257), the annexed resolution and ordinance in favor of $100,000 of Special Revenue Bonds for repairing sewers in the Borough of Manhattan, respectfully

REPORT:

That, having examined the subject, they believe the resolution should be adopted and the expenditure made. The Bureau of Sewers estimates that there are 26,364 linear feet of sewer of various kinds and sizes in the Borough of Manhattan which need repairing. The cost of making all such repairs would amount, as is estimated, to

$300,000. This resolution asks only for $100,000, obviously so that that which is most important can first be done. This is contract work in varying amounts. If it is not done, the City runs the risk of breaks in the sewers, the flooding of private property and large damages to pay later from its judgment fund. It is a case where an ounce of prevention is worth a pound of cure, so far as economy to the City is concerned.

This work is of such a character that it cannot be assessed upon the property benefited. It is not construction or altering, but simply repairing. Your Committee accordingly recommend the adoption of the resolution.

Resolved, That the Board of Estimate and Apportionment be and hereby is requested, in pursuance of subdivisions 8 of section 188 of the amended Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of one hundred thousand dollars ($100,000), the proceeds thereof to be applied to repairing and reconstructing sewers in the Borough of Manhattan.

HERBERT PARSONS, JAMES H. McINNES, FREDERICK W. LONGFELLOW, WILLIAM T. JAMES, JOSEPH A. BILL, Committee on Finance.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Behrmann, Bennett, Bill, Bridges, Chambers, Coggey, Culkin, Devlin, Dickinson, Diemer, Dietz, Doull, Downing, Florence, Foley, Gaffney, Gass, Gillen, Gillies, Goldwater, Goodman, Haggerty, Harburger, Harnischfeger, Higgins, Holler, Holmes, Jones, Keely, Kennedy, Kenney, Klett, Lundy, John T. McCall, McCarthy, Thomas F. McCaul, Malone, Marks, Mathews, Metzger, Meyers, Oatman, Owens, Parsons, Peck, Porges, Richter, Schappert, Shea, Stewart, Tebbetts, Twomey, Wafer, Walkley, Ware, Wentz, Willett, Wirth; President Cassidy, Borough of Queens; President Cantor, Borough of Manhattan; the Vice-Chairman of the Board of Aldermen and the President of the Board of Aldermen—64.

Alderman Thomas F. McCaul called up Special Order No. 100, being a report and resolution, as follows:

Nos. 1757, 1866, 1867, 1880, 1861.

The Committee on Finance, to whom was referred, on March 10, 1903 (Minutes, page 966), the annexed resolution, to authorize the Comptroller to pay the bill of the Mittnacht Eagle Safe Company for $60;

And on March 31, 1903 (Minutes, page 1258), resolution to authorize the Comptroller to pay the bill of Alexander Malcolm for $50, for engraving resolutions on the death of Hon. Abram S. Hewitt:

And on March 31, 1903 (Minutes, page 1258), resolution to authorize the Comptroller to pay the bill of Adolph W. Grass for $60, for engrossing three resolutions;

And on March 31, 1903 (Minutes, page 1264), resolution to authorize the Comptroller to pay the bill of Adolph W. Grass for $20, for engrossing resolutions on the death of Winfield D. Walkley;

And on March 31, 1903 (Minutes, page 1256), resolution to authorize the Comptroller to pay the bill of the Greenwood Ice Company for $4.90;

Respectfully

REPORT:

That, having examined the subjects, they believe the proposed resolutions should be adopted. In order to simplify the matter, however, they recommend that the annexed resolution, which has been drafted by the Committee, be adopted as a substitute, inasmuch as it covers all the matters and will save the calling of the roll the number of times that otherwise would be necessary.

That the bill of the Mittnacht Eagle Safe Company was a bill for removing the folding door safe from the second floor of the Hackett Building, in Long Island City, to the County Court House in Long Island City, and likewise for removing the office furniture, books and dockets of the offices on February 16, 17 and 18, there having been a change in the offices.

The bill of Alexander Malcolm for engrossing resolutions on the death of Hon. Abram S. Hewitt is, as your Committee are informed, reasonable in amount, the extra sum in this instance having been due to the unusual character of the work required and performed.

The resolutions for the bills of Adolph W. Grass for $20 each, for engrossing resolutions on the death of Hon. Michael Ledwith, Hon. John Quinn, Hon. John Reilly, and Mr. Winfield D. Walkley, the son of our much respected brother Alderman.

While these amounts vary somewhat from the amounts in previous bills, they are, as your Committee are informed, reasonable for the work required and performed.

The bill of the Greenwood Ice Company for $4.90 is for ice furnished to the office of the President of the Board of Aldermen in the summer of 1902, which is necessarily charged to the item of City Contingencies, and can only be disposed of by resolution of this Board.

Your Committee accordingly recommend the adoption of the annexed resolution.

Resolved, That the Comptroller be and he is hereby authorized and requested to draw a warrant in favor of the Mittnacht Eagle Safe Company in the sum of sixty dollars ($60), the said account to be payment in full for services rendered in remov-

ing safe, furniture, books and documents from the second floor of the Hackett Building to the County Court House, in the Borough of Queens, the said services having been rendered as per estimate; the said amount to be charged to and paid out of the appropriation for "City Contingencies, 1903."

Resolved, That the Comptroller be and he is hereby authorized and requested to draw a warrant in favor of Alexander Malcolm for the sum of fifty dollars ($50), the same to be payment in full for services rendered in engrossing resolutions on the death of Hon. Abram S. Hewitt, which was adopted by the Board of Aldermen January 20, 1903, and approved by his Honor the Mayor, January 26, 1903; the said amount to be charged to and paid out of the appropriation entitled "City Contingencies, 1903."

Resolved, That the Comptroller be and he is hereby authorized and requested to draw a warrant in favor of Adolph W. Grass for the sum of sixty dollars ($60), the same to be payment in full for services rendered in engrossing resolutions as follows: On the death of Hon. Michael Ledwith, adopted January 30, 1903, and received from his Honor the Mayor February 10, 1903; on the death of Hon. John Quinn, adopted February 24, 1903, and received from his Honor the Mayor March 10, 1903; on the death of Hon. John Reilly, adopted March 3, 1903, and received from his Honor the Mayor March 16, 1903; the said amount to be charged to and paid out of the appropriation entitled "City Contingencies, 1903."

Resolved, That the Comptroller be and he hereby is authorized and requested to draw a warrant in favor of Adolph W. Grass for the sum of twenty dollars ($20), the same to be payment in full for engrossing resolutions on the death of Winfield D. Walkley, son of Alderman Webster R. Walkley, which were adopted by the Board of Aldermen on March 16, 1903, and approved by his Honor the Mayor, March 18, 1903; the said amount to be charged to and paid out of the appropriation entitled "City Contingencies, 1903."

Resolved, That the Comptroller be and he is hereby authorized and requested to draw a warrant in favor of the Greenwood Lake Ice Company, Sherman Wager, proprietor, for the sum of four dollars and ninety cents ($4.90), the same to be payment in full of bill for ice furnished to the office of the President of the Board of Aldermen, from July 9 to September 17, 1902; the said amount to be charged to and paid out of the appropriation entitled "City Contingencies, 1902."

Resolved, That the Comptroller be, and he hereby is, authorized and requested to draw warrants as follows:

A warrant in favor of the Mittnacht Eagle Safe Company for $60, the same to be payment in full for services rendered in removing the folding door safe from the second floor of the Hackett Building to the County Court House, in Long Island

City, together with all the office furniture, books and dockets in said office, in February, 1903.

A warrant in favor of Adolph W. Grass for the sum of $80, the same to be payment in full for services rendered in engrossing resolutions, as follows:

On the death of Honorable Michael Ledwith, adopted January 30, 1903, and received from his Honor the Mayor February 10, 1903.

On the death of Hon. John Quinn, adopted February 24, 1903, and received from his Honor the Mayor March 10, 1903.

On the death of Hon. John Reilly, adopted March 3, 1903, and received from his Honor the Mayor March 16, 1903.

On the death of Winfield D. Walkley, son of Alderman Webster R. Walkley, adopted March 16, 1903, and received from his Honor the Mayor March 18, 1903.

A warrant in favor of Alexander Malcolm for $50, the same to be payment in full for services rendered in engrossing resolutions on the death of the Hon. Abram S. Hewitt, adopted January 20, 1903, and approved by his Honor the Mayor January 26, 1903.

A warrant in favor of the Greenwood Lake Ice Company, Sherman Wager, proprietor, for the sum of $4.90, the same to be payment in full of bill for ice furnished to the office of the President of the Board of Aldermen from July 9 to September 17, 1902.

And that all said payments hereby authorized be charged to and paid out of the appropriation for "City Contingencies, 1903."

HERBERT PARSONS, JAMES H. McINNES, FREDERICK W. LONGFELLOW, WILLIAM T. JAMES, JOSEPH A. BILL, Committee on Finance.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Behrmann, Bennett, Bill, Brenner, Bridges, Chambers, Coggey, Culkin, Devlin, Dickinson, Diemer, Dietz, Donohue, Doull, Dowling, Downing, Florence, Foley, Gaffney, Gass, Gillen, Gillies, Goldwater, Goodman, Haggerty, Harburger, Harnischfeger, Higgins, Holler, Holmes, Jones, Keely, Kenney, Klett, Lundy, John T. McCall, McCarthy, Thomas F. McCaul, Malone, Maloy, Marks, Metzger, Meyers, Nehrbauer, Oatman, Owens, Parsons, Peck, Porges, Richter, Schappert, Stewart, Sullivan, Tebbetts, Twomey, Wafer, Walkley, Ware, Wentz, Willett, Wirth; President Cassidy, Borough of Queens; President Cantor, Borough of Manhattan; the Vice-Chairman of the Board of Aldermen, and the President of the Board of Aldermen—67.

Alderman Alt called up Special Order 98, being a report and ordinance, as follows:

No. 1804.

The Committee on Streets, Highways and Sewers, to whom was referred the annexed ordinance (page 1084, Minutes of March 24, 1903) in favor of changing grades in territory bounded by Fulton and Dresden streets, Euclid, Liberty and Atkins avenues, Borough of Brooklyn, respectfully

REPORT:

That, having examined the subject, they believe the proposed improvement to be necessary.

They therefore recommend that the said ordinance be adopted.

AN ORDINANCE changing the street grades in the territory bounded by Fulton street, Euclid avenue, Liberty avenue, Atkins avenue and Dresden street, in the Twenty-sixth Ward, Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

That, in pursuance of section 442 of the Greater New York Charter, the following resolution of the Board of Estimate and Apportionment, adopted by that Board on the 6th day of March, 1903, be and the same hereby is approved, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest to alter the map or plan of The City of New York by changing the street grades in the territory bounded by Fulton street, Euclid avenue, Liberty avenue, Atkins avenue and Dresden street, in the Twenty-sixth Ward, Borough of Brooklyn, City of New York, does hereby favor and approve of the same so as to change the grades of the aforesaid streets as follows:

"A."—Atlantic Avenue (North Side).

Beginning at the intersection of Atlantic avenue and Dresden street, the elevation to be 34.56 feet, as heretofore.

1st. Thence easterly to the intersection of Hale avenue, the elevation to be 38.0 feet.

2d. Thence easterly to a point distant 100 feet westerly from the intersection of the westerly line of Norwood avenue with the northerly line of Atlantic avenue, the elevation to be 38.6 feet.

3d. Thence easterly to the intersection of Norwood avenue, the elevation to be 37.67 feet.

4th. Thence easterly to the intersection of Logan street, the elevation to be 35.0 feet.

5th. Thence easterly to a point distant 300 feet from the intersection of the eastern side line of Logan street with the northern side line of Atlantic avenue, the elevation to be 32.5 feet.

6th. Thence easterly to the intersection of Chestnut street, the elevation to be 34.4 feet.

7th. Thence easterly to the intersection of Euclid avenue, the elevation to be 36.0 feet, as heretofore.

"B."—Atlantic Avenue (South Side).

Beginning at the intersection of Atlantic avenue and Atkins avenue, the elevation to be 36.0 feet.

1st. Thence easterly to the intersection of Montauk avenue, the elevation to be 38.3 feet.

2d. Thence easterly to the intersection of Milford street, the elevation to be 37.1 feet.

3d. Thence easterly to the intersection of Logan street, the elevation to be 35.2 feet.

4th. Thence easterly to the intersection of Fountain avenue, the elevation to be 33.4 feet.

5th. Thence easterly to the intersection of the western side of Conduit avenue, the elevation to be 32.5 feet.

6th. Thence easterly to the intersection of the eastern side of Conduit avenue, the elevation to be 33.1 feet.

7th. Thence easterly to the intersection of Euclid avenue, the elevation to be 36.0 feet, as heretofore.

"C."—Norwood Avenue.

Beginning at the intersection of Norwood avenue and Fulton street, the elevation to be 39.68 feet, as heretofore.

1st. Thence southerly to a point distant 76 feet northerly from the northern line of Dinsmore place, the elevation to be 41.4 feet.

2d. Thence southerly to the intersection of Dinsmore place, the elevation to be 41.0 feet.

3d. Thence southerly to the intersection of Hatton place, the elevation to be 40.6 feet.

4th. Thence southerly to the intersection of Atlantic avenue, the elevation to be 37.67 feet.

"D."—Logan Street.

Beginning at the intersection of Logan street and Fulton street, the elevation to be 41.78 feet, as heretofore.

1st. Thence southerly to the intersection of "Street," the elevation to be 45.0 feet.

2d. Thence southerly to the intersection of Dinsmore place, the elevation to be 39.3 feet.

3d. Thence southerly to the intersection of Atlantic avenue (north side), the elevation to be 35.0 feet.

4th. Beginning at the intersection of Logan street and Atlantic avenue (south side), the elevation to be 35.2 feet.

5th. Thence southerly to a point distant 360 feet from the intersection of the southern line of Atlantic avenue with the eastern line of Logan street, the elevation to be 33.5 feet.

6th. Thence southerly to the intersection of Liberty avenue, the elevation to be 27.0 feet, as heretofore.

"E."—Force Tube Avenue.

Beginning at the intersection of Force Tube avenue and Fulton street, the elevation to be 42.6 feet.

Thence southeasterly to the intersection of "Street," the elevation to be 35.5 feet.

"F."—"Street."

Beginning at the intersection of "Street" and Logan street, the elevation to be 45.0 feet.

1st. Thence easterly to the intersection of Force Tube avenue, the elevation to be 35.5 feet.

2d. Thence easterly to the intersection of Richmond street, the elevation to be 35.0 feet.

3d. Thence easterly to a point distant 130 feet westerly from the western line of Chestnut street, the elevation to be 35.9 feet.

4th. Thence easterly to the intersection of Chestnut street, the elevation to be 35.2 feet.

"G."—Chestnut Street.

Beginning at the intersection of Chestnut street and Fulton street, the elevation to be 38.52 feet, as heretofore.

1st. Thence southerly to the intersection of "Street," the elevation to be 35.2 feet.

2d. Thence southerly to the intersection of Record place, the elevation to be 35.0 feet.

3d. Thence southerly to the intersection of Atlantic avenue, the elevation to be 34.4 feet.

"H."—Euclid Avenue.

Beginning at the intersection of Euclid avenue and Fulton street, the elevation to be 40.90 feet, as heretofore.

1st. Thence southerly to the intersection of Sentinel place, the elevation to be 37.2 feet.

2d. Thence southerly to the intersection of Record place, the elevation to be 36.7 feet.

3d. Thence southerly to the intersection of Atlantic avenue, the elevation to be 36.0 feet, as heretofore.

"J."—Atkins Avenue.

Beginning at the intersection of Atkins avenue and Atlantic avenue, the elevation to be 36.0 feet.

1st. Thence southerly to a point distant 240 feet from the intersection of the eastern line of Atkins avenue with the southern line of Atlantic avenue, the elevation to be 37.6 feet.

2d. Thence southerly to the intersection of Liberty avenue, the elevation to be 33.98 feet, as heretofore.

"K."—Montauk Avenue.

Beginning at the intersection of Montauk avenue and Atlantic avenue, the elevation to be 38.3 feet.

1st. Thence southerly to a point distant 150 feet southerly from the southern line of Atlantic avenue, the elevation to be 40.6 feet.

2d. Thence southerly to the intersection of Liberty avenue, the elevation to be 33.98 feet, as heretofore.

"L."—Milford Street.

Beginning at the intersection of Milford street and Atlantic avenue, the elevation to be 37.1 feet.

1st. Thence southerly to a point distant 170 feet from the intersection of the southern line of Atlantic avenue with the eastern line of Milford street, the elevation to be 39.6 feet.

2d. Thence southerly to the intersection of Liberty avenue, the elevation to be 32.25 feet, as heretofore.

"M."—Fountain Avenue.

Beginning at the intersection of Fountain avenue and Atlantic avenue, the elevation to be 33.4 feet.

1st. Thence southerly to the intersection of Magenta street, the elevation to be 31.2 feet.

2d. Thence southerly to the intersection of Liberty avenue, the elevation to be 29.0 feet, as heretofore.

All elevations refer to mean high-water datum as established by the Department of Highways, Borough of Brooklyn.

FRANK L. DOWLING, CHARLES ALT, TIMOTHY P. SULLIVAN, JAMES OWENS, DAVID M. HOLMES, WILLIAM J. WHITAKER, Committee on Streets, Highways and Sewers.

The President put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Bennett, Bill, Brenner, Bridges, Chambers, Devlin, Dickinson, Donohue, Doull, Dowling, Downing, Florence, Foley, Gass, Gillen, Gillies, Goodman, Haggerty, Harburger, Harnischfeger, Higgins, Holler, Holmes, Jones, Keely, Kenney, Klett, Lundy, John T. McCall, McCarthy, Thomas F. McCaul, Malone, Maloy, Marks, Metzger, Meyers, Nehrbauer, Oatman, Owens, Parsons, Peck, Porges, Richter, Schappert, Shea, Stewart, Sullivan, Tebbetts, Twomey, Walkley, Wentz, Willett, Wirth; President Cromwell, Borough of Richmond; President Cassidy, Borough of Queens; President Cantor, Borough of Manhattan; the Vice-Chairman of the Board of Aldermen and the President of the Board of Aldermen—60.

Alderman John T. McCall called up Special Order No. 92, being a report and resolution, as follows:

No. 46.

The Committee on Docks and Ferries, to whom was referred on January 15, 1902 (Minutes, page 101), the annexed resolution in favor of authorizing the purchase of settees for recreation piers, respectfully

REPORT:

That, having examined the subject, they recommend that the annexed substitute resolution be adopted.

(Original.)

Resolved, That the Commissioner of Docks and Ferries be and he is hereby authorized to purchase three hundred settees for use on the recreation piers at a cost

not to exceed five dollars and thirty-five cents, and in the aggregate amounting to one thousand six hundred and five dollars.

(Substitute.)

Resolved, That the Commissioner of Docks and Ferries be and he is hereby authorized to purchase three hundred settees, without public letting, for use on the recreation piers at a cost not to exceed five dollars and thirty-five cents, and in the aggregate amounting to one thousand six hundred and five dollars.

DAVID M. HOLMES, JOSEPH A. BILL, JOHN V. COGGEY, THOMAS F. FOLEY, JOHN DIEMER, NOAH TEBBETTS, CORNELIUS A. SHEA, Committee on Docks and Ferries.

The President put the question whether the Board would agree to accept said report and adopt said substitute resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Bennett, Bill, Brenner, Bridges, Chambers, Coggey, Culkin, Devlin, Dickinson, Diemer, Dietz, Donohue, Doull, Dowling, Downing, Florence, Foley, Gaffney, Gass, Gillen, Gillies, Goldwater, Goodman, Haggerty, Harburger, Harnischfeger, Higgins, Holler, Holmes, Jones, Keely, Kenney, Klett, Leitner, Lundy, John T. McCall, McCarthy, Thomas F. McCaul, Malone, Maloy, Marks Mathews, Metzger, Nehrbauer, Oatman, Owens, Parsons, Peck, Porges, Richter, Schappert, Stewart, Sullivan, Tebbetts, Twomey, Wafer, Walkley, Ware, Wentz, Willett, Wirth; President Cromwell, Borough of Richmond; President Cassidy, Borough of Queens; President Cantor, Borough of Manhattan; the Vice-Chairman of the Board of Aldermen and the President of the Board of Aldermen —68.

GENERAL ORDERS.

Alderman Gillen called up General Order No. 374, being a report and ordinance, as follows:

No. 1899.

The Committee on Streets, Highways and Sewers, to whom was referred the annexed ordinance (Minutes, page 15, April 7, 1903), in favor of laying out and extending East One Hundred and Eighty-fifth street, from Washington avenue to Third avenue, Borough of The Bronx, respectfully

REPORT:

That, having examined the subject, they believe the proposed improvement to be necessary.

They therefore recommend that the said ordinance be adopted.

AN ORDINANCE to provide for laying out and extending East One Hundred and Eighty-fifth street, from Washington avenue to Third avenue, in the Borough of The Bronx.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

That, in pursuance of section 442 of the Greater New York Charter, the following resolution of the Board of Estimate and Apportionment adopted by that Board on the 20th day of March, 1903, be and the same hereby is approved, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, deeming it for the public interest to alter the map or plan of The City of New York by laying out and extending East One Hundred and Eighty-fifth street, from Washington avenue to Third avenue, in the Borough of The Bronx, City of New York, does hereby favor and approve of the same so as to lay out and extend the aforesaid street as follows:

Parcel "A."—Between Washington Avenue and Bassford Avenue.

Beginning at a point in western line of Bassford avenue, distant 210.03± feet southerly from the intersection of said line with the southwestern line of Third avenue as they are laid down on section 13 of the final maps of the Twenty-third and Twenty-fourth Wards, Borough of The Bronx, City of New York, filed in the Register's Office, New York City.

1. Thence westerly, parallel and 25 feet northerly of the southern property line of Lot No. 78, Block 3053, to its intersection with the eastern line of Washington avenue.

2. The northern line of East One Hundred and Eighty-fifth street is 50 feet northerly and parallel to the previous course.

"Parcel B."—Between Bassford Avenue and Third Avenue.

Beginning at a point in the eastern line of Bassford avenue, distant 160.92± feet southerly from the intersection of said line with the southwestern line of Third avenue as they are laid down on section 13 of the final maps of the Twenty-third and Twenty-fourth Wards, Borough of The Bronx, City of New York, filed in the Register's Office, New York City.

1. Thence easterly along the southern property line of Lots Nos. 33 and 46, Block 3053, to its intersection with the westerly line of Bathgate avenue.

2. The northern line of East One Hundred and Eighty-fifth street is 50 feet northerly and parallel to the previous course.

FRANK L. DOWLING, TIMOTHY P. SULLIVAN, JAMES OWENS, DAVID M. HOLMES, CHARLES W. CULKIN, Committee on Streets, Highways and Sewers.

The President put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Behrmann, Bennett, Bill, Brenner, Bridges, Chambers, Culkin, Devlin, Dickinson, Diemer, Dietz, Donohue, Doull, Dowling, Downing, Florence, Gass, Gillen, Gillies, Goldwater, Goodman, Haggerty, Harnischfeger, Higgins, Jones, Keely, Kennedy, Kenney, Klett, Lundy, John T. McCall, McCarthy, Thomas F. McCaul, Malone, Maloy, Mathews, Metzger, Meyers, Oatman, Owens, Parsons, Peck, Porges, Richter, Schappert, Sullivan, Tebbetts, Twomey, Wafer, Walkley, Ware, Wentz, Willett, Wirth; President Cassidy, Borough of Queens; President Cantor, Borough of Manhattan; the Vice-Chairman of the Board of Aldermen and the President of the Board of Aldermen—60.

Alderman Gillen called up General Order No. 358, being a report and resolution, as follows:

No. 1846.

The Committee on Salaries and Offices, to whom was referred on March 31, 1903 (Minutes, page 1197), the annexed resolution in favor of fixing salaries of employees in Department of Water Supply, Gas and Electricity, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment March 27, 1903:

Electrical Engineer, appointed January 22, 1903, at $2,400 from said date.

Mechanical Engineer, appointed January 24, 1903, at $2,100 from said date.

Rodman and Chainman, appointed February 5, 1903, at $1,050 from said date.

Bookkeeper, appointed March 16, 1903, at $1,200 from said date.

Draughtsman, appointed March 18, 1903, at $900 from said date.

Office Boy, appointed January 8, 1903, at $300 from said date.

ROBERT F. DOWNING, JOHN D. GILLIES, WEBSTER R. WALKLEY, WILLIAM D. PECK, PATRICK H. MALONE, Committee on Salaries and Offices.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Behrmann, Bill, Brenner, Dickinson, Doull, Dowling, Downing, Florence, Gass, Gillen, Gillies, Goldwater, Goodman, Haggerty, Harnischfeger, Holmes, Jones, Keely, Kennedy, Kenney, Klett, Leitner, Lundy, John T. McCall, McCarthy, Thomas F. McCaul, Maloy, Mathews, Metzger, Meyers, Oatman, Owens, Parsons, Peck, Porges, Richter, Sullivan, Twomey, Wafer, Walkley, Ware, Wentz, Wirth; President Cassidy, Borough of Queens; President Cantor, Borough of Manhattan; the Vice-Chairman of the Board of Aldermen and the President of the Board of Aldermen—48.

Alderman Gillies called up General Order No. 360, being a report and resolution, as follows:

No. 1918.

The Committee on Salaries and Offices, to whom was referred on April 7, 1903 (Minutes, page 69), the annexed resolution in favor of requesting the Commissioner of Water Supply, Gas and Electricity to increase the salary of James E. Hanley, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Whereas, James E. Hanley, employed in the Department of Water Supply of The City of New York as Engineer in charge of the pumping station, situated at Avenue U and East Fourteenth street, Borough of Brooklyn, is now receiving a salary of $1,200 per annum, but formerly received a salary of $1,200 per annum and house rent free, making a salary amount to $1,500 per annum, which is received at present by the Engineers performing the same services; so whereas be it

Resolved, That the Commissioner of Water Supply be requested to place the name of James E. Hanley on the payroll of said Department at a salary of $1,500 per annum, beginning immediately on the acceptance of this resolution by the Board of Estimate and Apportionment.

ROBERT F. DOWNING, PATRICK H. MALONE, SAMUEL H. JONES, WILLIAM D. PECK, WEBSTER R. WALKLEY, Committee on Salaries and Offices.

Which was adopted.

Alderman Gillies called up General Order No. 361, a report and resolution, as follows:

No. 1888.

The Committee on Salaries and Offices, to whom was referred on March 31, 1903 (Minutes, page 1268), the annexed resolution in favor of fixing salary of Elevator Man, New City Prison, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment at a meeting held March 27, 1903:

"Resolved, That, subject to the concurrence and approval of the Board of Aldermen, the Board of Estimate and Apportionment hereby ratifies and confirms the action of the Commissioner of the Department of Correction taken and dated March 1, 1903, in fixing the salary of the Elevator Man at the New City Prison, at six hundred dollars ($600) per annum from said date."

ROBERT F. DOWNING, WILLIAM D. PECK, PATRICK H. MALONE, SAMUEL H. JONES, WEBSTER R. WALKLEY, Committee on Salaries and Offices.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Bennett, Bill, Brenner, Chambers, Dickinson, Donohue, Doull, Downing, Florence, Gass, Gillen, Gillies, Goldwater, Goodman, Haggerty, Harnischfeger, Higgins, Holmes, Klett, Leitner, Lundy, John T. McCall, Thomas F. McCaul, Malone, Maloy, Marks, Mathews, Meyers, Owens, Porges, Richter, Schappert, Sullivan, Twomey, Walkley, Ware, Wentz, Willett; President Cantor, Borough of Manhattan; the Vice-Chairman of the Board of Aldermen and the President of the Board of Aldermen—43.

Negative—Alderman Oatman—1.

Alderman Goldwater called up General Order No. 326, being a report and resolution as follows:

No. 1732.

The Committee on Public Health, to whom was referred on March 3, 1903 (Minutes, page 761), the annexed resolution recommending a site (other than the one

at Whitlock avenue and St. Joseph's street, Bronx), for a garbage incinerating plant, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Whereas, Public hearings were duly held on the 31st day of January, 1903, and on February 14, 1903, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, on the locating of a garbage incinerating plant at Whitlock avenue and St. Joseph's street, in the Borough of The Bronx, City of New York; and

Whereas, Many residents, taxpayers, citizens, and taxpayers' associations and other representative bodies, appeared, objected and protested against the locating thereof; therefore be it

Resolved, By the Board of Aldermen of The City of New York, that it is the sense of this Board that the said site selected by the Commissioner of Health and the Commissioner of Street Cleaning for the erection of a garbage incinerating plant in the Borough of The Bronx is not a proper one; and be it further

Resolved, That this Board respectfully recommends that the said Commissioners and the Board of Estimate and Apportionment select another site less occupied for manufacturing and residential purposes, and less objectionable for such a plant, as, for instance, Riker's Island, or some such place, until the plant has been shown not to be a nuisance.

JOHN L. GOLDWATER, WILLIAM WENTZ, ARMITAGE MATHEWS, NICHOLAS NEHRBAUER, THOMAS F. BALDWIN, Committee on Public Health.

Which was adopted.

Alderman Goldwater called up General Order No. 359, being a report and resolution, as follows:

No. 1847.

The Committee on Salaries and Offices, to whom was referred on March 31, 1903 (Minutes, page 1199), the annexed resolution in favor of fixing salary of Junior Clerk in the Department of Finance, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment, at a meeting held March 27, 1903, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of the position of Junior Clerk, Department of Finance, be fixed at the rates of four hundred and eighty dollars ($480) and five hundred and forty dollars ($540) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the position of Junior Clerk, Department of Finance, at the rates of four hundred and eighty dollars ($480) and five hundred and forty dollars ($540) per annum.

ROBERT F. DOWNING, WILLIAM D. PECK, PATRICK H. MALONE, SAMUEL H. JONES, WEBSTER R. WALKLEY, Committee on Salaries and Offices.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Bill, Brenner, Bridges, Chambers, Dickinson, Donohue, Doull, Downing, Florence, Gass, Gillen, Gillies, Goldwater, Goodman, Haggerty, Harburger, Harnischfeger, Higgins, Jones, Keely, Klett, Leitner, John T. McCall, McCarthy, Thomas F. McCaul, Malone, Maloy, Metzger, Meyers, Parsons, Peck, Richter, Schappert, Shea, Stewart, Sullivan, Twomey, Wafer, Ware; President Cantor, Borough of Manhattan; the Vice-Chairman of the Board of Aldermen, and the President of the Board of Aldermen—44.

Alderman Haggerty called up General Order No. 369, being a report and resolution, as follows:

No. 1932.

The Committee on Salaries and Offices, to whom was referred the annexed resolution in favor of fixing salary of Janitor of the Training Department of Normal College (page 96, Minutes of April 14, 1903), respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment, at a meeting held April 7, 1903, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the

Greater New York Charter, that the salary of the position of Janitor of the Training Department of the Normal College be fixed at the rate of nineteen hundred dollars ($1,900) per annum."

Resolved, That the Board of Aldermen hereby concurs in the above resolution, and fixes the salary of the position of Janitor of the Training Department of the Normal College at the rate of nineteen hundred dollars per annum.

ROBERT F. DOWNING, JOHN D. GILLIES, WILLIAM D. PECK, JOHN H. DONOHUE, SAMUEL H. JONES, Committee on Salaries and Offices.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Behrmann, Bennett, Bill, Brenner, Chambers, Dickinson, Diemer, Donohue, Doull, Florence, Gass, Gillies, Goldwater, Haggerty, Harburger, Harnischfeger, Higgins, Holler, Jones, Keely, Klett, Leitner, Lundy, John T. McCall, McCarthy, Thomas F. McCaul, Malone, Maloy, Metzger, Parsons, Richter, Schappert, Twomey, Wafer, Ware, Wirth; President Cromwell, Borough of Richmond; President Cantor, Borough of Manhattan; the Vice- Chairman of the Board of Aldermen, and the President of the Board of Aldermen—43.

Alderman Haggerty called up General Order No. 370, being a report and resolution, as follows:

No. 1884.

The Committee on Salaries and Offices, to whom was referred on March 31, 1903 (Minutes, page 1265), the annexed resolution in favor of fixing salary of Topographical Draughtsman in office of Board of Estimate and Apportionment, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment at a meeting held March 27, 1903, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of a Topographical Draughtsman in the office of the Board of Estimate and Apportionment be fixed at the rate of thirteen hundred and fifty dollars ($1,350) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of a Topographical Draughtsman in the office of the Board of Esti-

mate and Apportionment at the rate of thirteen hundred and fifty dollars ($1,350) per annum.

ROBERT F. DOWNING, JOHN D. GILLIES, WILLIAM D. PECK, SAMUEL H. JONES, JOHN H. DONOHUE, Committee on Salaries and Offices.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Behrmann, Bennett, Bill, Bridges, Chambers Culkin, Devlin, Dickinson, Diemer, Donohue, Doull, Florence, Gass, Gillies, Goldwater, Haggerty, Harburger, Harnischfeger, Higgins, Holler, Jones, Keely, Kenny, Klett, Leitner, Lundy, John T. McCall, McCarthy, Thomas F. McCaul, Malone, Maloy, Metzger, Meyers, Parsons, Peck, Richter, Schappert, Sullivan, Twomey, Wafer, Walkley, Ware; President Cromwell, Borough of Richmond; President Cantor, Borough of Manhattan; the Vice-Chairman of the Board of Aldermen and the President of the Board of Aldermen—48.

Alderman Harburger called up General Order No. 362, being a report and resolution, as follows:

No. 1886.

The Committee on Salaries and Offices, to whom was referred on March 31, 1903 (Minutes, page 1267), the annexed resolution in favor of fixing salary of Office Boy, Court of Special Sessions, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Department of Finance, City of New York,
March 31, 1903.

Hon. CHARLES V. FORNES, President Board of Aldermen:

Sir—I enclose herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment March 27, 1903, ratifying and confirming the action of the Court of Special Sessions, First Division, taken and dated January 14, 1903, in fixing the salary of an Office Boy in said Court at three hundred dollars ($300) per annum from said date.

I also enclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

J. W. STEVENSON, Deputy Comptroller.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment at a meeting held March 27, 1903:

"Resolved, That, subject to the concurrence and approval of the Board of Aldermen, the Board of Estimate and Apportionment hereby ratifies and confirms the action of the Court of Special Sessions, First Division, taken and dated January 14, 1903, in fixing the salary of an Office Boy in said court at three hundred dollars ($300) per annum from said date."

ROBERT F. DOWNING, PATRICK H. MALONE, JOHN D. GILLIES, WILLIAM D. PECK, JOHN J. HAGGERTY, Committee on Salaries and Offices.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Behrmann, Bennett, Bill, Brenner, Bridges, Chambers, Culkin, Devlin, Dickinson, Doull, Dowling, Downing, Gass, Gillen, Gillies, Goodman, Haggerty, Harburger, Harnischfeger, Higgins, Holler, Jones, Keely, Klett, Leitner, Lundy, McCarthy, Thomas F. McCaul, Malone, Maloy, Metzger, Meyers, Owens, Parsons, Richter, Schappert, Sullivan, Twomey, Wafer, Walkley, Ware, Wentz, Wirth; President Cromwell, Borough of Richmond; President Cassidy, Borough of Queens; President Cantor, Borough of Manhattan; the Vice-Chairman of the Board of Aldermen and the President of the Board of Aldermen—50.

Alderman Harburger called up General Order No. 371, being a report and resolution, as follows:

No. 1905.

The Committee on Salaries and Offices, to whom was referred on April 7, 1903 (Minutes, page 27), the annexed resolution in favor of fixing salaries of the several grades in the Schedules "B" and "D" of the Civil Service, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be placed on file.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment April 3, 1903:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with section 56 of the Charter, that in all cases where salaries have not heretofore been specifically fixed for the several grades of Schedules B and D, as established by Rule 37 of the Municipal Civil Service rules and

classification, said salaries be now so fixed for all such positions in all the offices and departments of The City of New York and of the Counties within said City."

ROBERT F. DOWNING, JOHN D. GILLIES, JOHN H. DONOHUE, SAMUEL H. JONES, JOHN J. HAGGERTY, Committee on Salaries and Offices.

Which was adopted.

Subsequently Alderman Meyers moved that the vote by which this report was adopted be reconsidered.

Which was decided in the negative.

Alderman Harnischfeger called up General Order No. 363, being a report and resolution, as follows:

No. 1907.

The Committee on Salaries and Offices, to whom was referred on April 7, 1903 (Minutes, page 29), the annexed resolution in favor of fixing the salaries of a number of employees, Bellevue and Allied Hospitals, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment, at its meeting held Friday, April 3, 1903, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of the following positions in the Bellevue and Allied Hospitals be fixed as follows:

	Per Annum.
Assistant Superintendent	$2,000 00
Bookkeeper	1,540 00
Superintendent of Training Schools	1,334 00
Assistant Night Superintendent	1,000 00
Engineman	1,204 50
Engineman	1,095 00
Supervising Nurse, Gouverneur Hospital	1,050 00
Supervising Nurse, Harlem Hospital	1,050 00
Supervising Nurse, Fordham Hospital	1,050 00

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the above positions in the Bellevue and Allied Hospitals as set forth therein

ROBERT F. DOWNING, WILLIAM D. PECK, JOHN H. BEHRMANN, PATRICK H. MALONE, SAMUEL H. JONES, Committee on Salaries and Offices.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Behrmann, Bill, Brenner, Chambers, Culkin, Devlin, Donohue, Doull, Dowling, Downing, Florence, Gillies, Goldwater, Haggerty, Harburger, Harnischfeger, Higgins, Holler, Jones, Keely, Kenney, Klett, Leitner, Lundy, John T. McCall, McCarthy, Thomas F. McCaul, Malone, Maloy, Owens, Parsons, Richter, Schappert, Sullivan, Twomey, Wafer, Ware, Willett, President Cromwell, Borough of Richmond; President Cassidy, Borough of Queens; the Vice-Chairman of the Board of Aldermen and the President of the Board of Aldermen—43.

Alderman Harnischfeger called up General Order No. 352, being a report and resolution, as follows:

No. 1881.

The Committee on Salaries and Offices, to whom was referred on March 31, 1903 (Minutes, page 1264), the annexed resolution in favor of appointing Harry V. Berry a City Surveyor, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Resolved, That Harry V. Berry, of Port Richmond, Staten Island, Borough of Richmond, be and he is hereby appointed a City Surveyor.

ROBERT F. DOWNING, SAMUEL H. JONES, JOHN D. GILLIES, JOHN J. HAGGERTY, JOHN H. DONOHUE, Committee on Salaries and Offices.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Bennett, Bill, Brenner, Bridges, Chambers, Culkin, Devlin, Dickinson, Diemer, Donohue, Doull, Dowling, Downing, Florence, Gillen, Goldwater, Haggerty, Harnischfeger, Higgins, Holler, Jones, Keely, Kenney, Klett, Leitner, Lundy, John T. McCall, McCarthy, Thomas F. McCaul, Malone, Maloy,

Meyers, Owens, Parsons, Peck, Richter, Schappert, Sullivan, Tebbetts, Walkley, Ware; President Cromwell, Borough of Richmond; President Cassidy, Borough of Queens; the Vice-Chairman of the Board of Aldermen and the President of the Board of Aldermen—46.

Alderman Higgins called up General Order No. 372, being a report and resolution as follows:

No. 1740.

The Committee on Salaries and Offices, to whom was referred the annexed resolution in favor of increasing salary of James Cooney, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

The Committee on Finance, to whom was referred on March 3, 1903 (Minutes, page 770), the annexed resolution to provide for an increase in the salary of James Cooney, and requesting the Committee on Salaries and Offices to appear before the Board of Estimate and Apportionment and urge the same, respectfully

REPORT:

That, inasmuch as this seems to have been improperly referred to this Committee, they ask to be discharged from further consideration of the same and that the same be referred to the Committee on Salaries and Offices.

HERBERT PARSONS, FREDERICK W. LONGFELLOW, JOSEPH A. BILL, JAMES H. McINNES, WILLIAM T. JAMES, TIMOTHY P. SULLIVAN, Committee on Finance.

Resolved, That in order to equalize the salaries of clerks of the same grade attached to the Board of Aldermen and the City Clerk's Office, the Board of Estimate and Apportionment be and it hereby is requested to fix the salary of James Cooney at the rate of $1,350, and that the Committee on Salaries and Offices of this Board be and it hereby is requested to appear before the Board of Estimate and Apportionment and urge its accession to this measure of justice.

ROBERT F. DOWNING, SAMUEL H. JONES, JOHN H. DONOHUE, JOHN D. GILLIES, PATRICK H. MALONE, Committee on Salaries.

Which was adopted.

No. 1906.

Alderman Higgins called up General Order No. 375, being a report and resolution, as follows:

The Committee on Finance, to whom was referred on April 7, 1903 (Minutes, page 28), the annexed resolution in favor of amending a resolution for $44,500 of Corporate Stock for the Department of Parks, respectfully

REPORT:

This is simply a resolution to amend. It does not authorize the issue of any new stock. It simply provides for the use of such stock as has already been authorized for other purposes. By resolution approved by the Mayor October 29, 1901, this $44,500 was authorized for constructing improved public toilet facilities in the public parks in the Borough of Manhattan. In view of the work to be undertaken by the President of the Borough of Manhattan, the plans of the Department of Parks in this respect will be somewhat changed, and it is therefore desired that the resolution be amended so that the proceeds of this stock can be availed of not only for the erection of public comfort stations but also for the improvement of parks, parkways and drives in the Borough of Manhattan, including the Bank Rock Bridge in Central Park.

Your Committee accordingly recommend the adoption of the resolution.

Resolved, That the Board of Aldermen hereby concurs in and approves of the following resolution adopted at a meeting of the Board of Estimate and Apportionment held March 13, 1903:

"Resolved, That, subject to the concurrence herewith by the Board of Aldermen, the resolution adopted by the Board of Estimate and Apportionment April 10, 1901, and concurred in by the Municipal Assembly by resolution approved by the Mayor October 29, 1901, providing for the expenditure by the Department of Parks of the sum of forty-four thousand five hundred dollars ($44,500) for constructing improved public toilet facilities in the City parks in the Borough of Manhattan, be and the same is hereby amended to read as follows:

"Resolved, That, pursuant to the provisions of section 48 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the expenditure by the Department of Parks of the sum of forty-four thousand five hundred dollars ($44,500) for the improvement of parks, parkways and drives in the Borough of Manhattan, by the rebuilding of the Bank Rock Bridge in Central Park and the erection of new comfort stations and additions thereto in the parks of said borough, and that for the purpose of providing means therefor the Comptroller be authorized, subject to concurrence herewith by the Municipal Assembly, to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the

Greater New York Charter, to the amount of forty-four thousand five hundred dollars ($44,500)."

HERBERT PARSONS, JOSEPH A. BILL, JAMES H. McINNES, TIMOTHY P. SULLIVAN, WILLIAM T. JAMES, JOHN L. FLORENCE, Committee on Finance.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Behrmann, Bennett, Bill, Brenner, Chambers, Culkin, Devlin, Dickinson, Doull, Florence, Gillen, Gillies, Haggerty, Harnischfeger, Higgins, Holler, Holmes, Jones, Keely, Kenney, Klett, Leitner, John T. McCall, McCarthy, Thomas F. McCaul, Marks, Owens, Parsons, Richter, Schappert, Shea, Sullivan, Tebbetts, Twomey, Walkley, Ware, Willett, Wirth; the President of the Board of Aldermen—40.

No. 1799—(S. O. No. 103).

Alderman Holler called up General Order No. 348, being a report and ordinance to close Lott place, Borough of Brooklyn, and moved that it be laid over and made a Special Order for the next meeting at 2 o'clock p. m.

Which was adopted.

Alderman Holler called up General Order No. 373, being a report and resolution, as follows:

No. 1931.

The Committee on Salaries and Offices, to whom was referred the annexed resolution in favor of fixing salary of Transitman in the Department of Water Supply, Gas and Electricity (page 95, Minutes of April 14, 1903), respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment, at a meeting held April 7, 1903, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the position of Transitman in the Department of Water Supply, Gas and Electricity be fixed at the rate of thirteen hundred and fifty dollars ($1,350)) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the position of Transitman in the Department of Water Supply, Gas and Electricity at the rate of thirteen hundred and fifty dollars ($1,350) per annum.

ROBERT F. DOWNING, JOHN D. GILLIES, WILLIAM D. PECK, SAMUEL H. JONES, JOHN J. HAGGERTY, Committee on Salaries and Offices.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Bennett, Bill, Culkin, Devlin, Dickinson, Diemer, Doull, Dowling, Downing, Florence, Gass, Gillies, Haggerty, Higgins, Holler, Holmes, Jones, Keely, Kenney, Klett, Leitner, John T. McCall, McCarthy, Maloy, Marks, Metzger, Meyers, Owens, Parsons, Richter, Schappert, Shea, Sullivan, Walkley, Ware, Willett, Wirth; President Cromwell, Borough of Richmond; President Cassidy, Borough of Queens; the Vice-Chairman of the Board of Aldermen and the President of the Board of Aldermen—43.

Alderman Holmes called up General Order No. 349, being a report and resolution, as follows:

No. 1774.

The Committee on Finance, to whom was referred, on March 16, 1903 (Minutes, page 984), the annexed resolution and ordinance in favor of $10,000 of Corporate Stock for plans, etc., for a Borough Hall in the Borough of Queens, respectfully

REPORT:

That, having examined the subject, they believe the proposed bond issue should be granted.

The Borough of Queens, of course, should have a Borough Building, owned and on land owned by the City. At present the Borough President's offices are in a leased building, the rental for which is large. There should be a saving of expense and an economy of work by erecting such a building and combining into it the many borough offices. This ordinance, of course, has nothing to do with the location of the Borough Building.

Your Committee accordingly recommend the adoption of the ordinance.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of ten thousand dollars ($10,000), to provide means to pay the expenses of the preparation of the necessary plans and specifications for the construction of a Borough Hall in the Borough of Queens.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment March 13, 1903, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding ten thousand dollars ($10,000), to provide means to pay the expenses of the preparation of the necessary plans and specifications for the construction of a Borough Hall in the Borough of Queens, and that, when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding ten thousand dollars ($10,000), the proceeds whereof to be applied to the purposes aforesaid."

HERBERT PARSONS, FREDERICK W. LONGFELLOW, JOSEPH A. BILL, JAMES H. McINNES, WILLIAM T. JAMES, TIMOTHY P. SULLIVAN, Committee on Finance.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Behrmann, Bill, Brenner, Bridges, Chambers, Culkin, Devlin, Dickinson, Diemer, Doull, Downing, Florence, Gass, Gillen, Gillies, Goldwater, Haggerty, Harnischfeger, Holler, Holmes, Jones, Keely, Kenney, Klett, Leitner, Lundy, John T. McCall, McCarthy, Malone, Maloy, Marks, Metzger, Meyers, Parsons, Peck, Richter, Schappert, Shea, Sullivan, Tebbetts, Twomey, Wafer, Walkley, Ware, Willett, Wirth; President Cromwell, Borough of Richmond; President Cassidy, Borough of Queens, and the President of the Board of Aldermen—51.

Note—This ordinance, because of the provisions of section 48 of the amended Greater New York Charter, became adopted on April 27, 1903, and was transmitted to his Honor the Mayor on the morning of April 28, 1903.

Alderman Holmes called up General Order No. 376, being a report and resolution as follows:

No. 1929.

The Committee on Finance, to whom was referred on April 14, 1903 (Minutes, page 93), the annexed ordinance in favor of providing Corporate Stock in the sum

of $800 for the preparation of plans, etc., for a new steam plant at the Workhouse on Blackwell's Island, respectfully

REPORT:

That, having examined the subject, they believe the ordinance should be adopted. The Department of Correction needs a new steam plant for the Workhouse on Blackwell's Island. The plant will cost in the neighborhood of $40,000. At present only so much thereof is asked for as will be needed for plans and specifications.

Your Committee are advised that the present steam plant is out of date, inadequate and in dangerous condition. One of the boilers has been condemned and temporarily patched up, but unless an accident is to occur a new steam plant should be installed.

Your Committee therefore recommend the adoption of the ordinance.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of eight hundred dollars ($800) to provide means for the preparation of the plans and specifications for the installation of a new steam plant at the Workhouse, Blackwell's Island.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment April 7, 1903, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding eight hundred dollars ($800) to provide means for the preparation of the necessary plans and specifications for the installation of a new steam plant at the Workhouse, Blackwell's Island, and that when authority therefor shall have been obtained from the Board of Aldermen the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding eight hundred dollars ($800), the proceeds whereof to be applied to the purposes aforesaid."

HERBERT PARSONS, JOSEPH A. BILL, JAMES H. McINNES, TIMOTHY P. SULLIVAN, WILLIAM T. JAMES, JOHN L. FLORENCE, Committee on Finance.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Bennett, Bill, Brenner, Bridges, Chambers, Culkin, Devlin, Dickinson, Doull, Dowling, Downing, Florence, Gass, Gillen, Haggerty, Higgins, Holler, Holmes, Jones, Keely, Kenney Klett, Lundy, John T. McCall, McCarthy, Thomas F. McCaul, Malone, Meyers, Owens, Parsons, Peck, Richter, Schappert, Shea, Sullivan, Tebbetts, Twomey, Wafer, Walkley, Ware, Willett; President Cassidy, Borough of Queens; the Vice-Chairman of the Board of Aldermen and the President of the Board of Aldermen—46.

Alderman Jones called up General Order No. 377, being a report and resolutions, as follows:

Nos. 1631, 1773, 1837, 1850.

The Committee on Finance, to whom was referred the following matters, respectfully

REPORT:

That, having examined the same, they respectfully recommend that the same be placed on file.

Minutes of February 10, 1903, page 512, communication from the New York Board of Trade in favor of a commission to provide for the beautification of the City.

Your Committee have already reported in full on this matter.

Minutes of March 16, 1903, page 983, ordinance for the issue of sixty-five thousand dollars ($65,000) of Corporate Stock for the site of the Borough Hall in the Borough of Queens.

Minutes of March 31, 1903, page 1203, resolution of the Board of Estimate and Apportionment rescinding the foregoing resolution.

Inasmuch as the resolution for the Corporate Stock has been rescinded, the matter cannot be acted upon by this Board, and so should be placed on file.

Minutes of March 31, 1903, page 1187, communication from the Department of Parks, withdrawing request for the purchase of sand sprinkling machines. The original request for authorization to purchase sand sprinkling machines without public letting was placed on file at the oral request of the Department of Parks, and therefore this request should be placed there also.

Minutes of March 4, 1903, page 1143, "City Debt," Mayor's message;

Minutes of January 5, 1903, page 2, that portion of the Mayor's message relating to financial matters.

With the passage by the Legislature of the Sinking Fund Bill probably the most important matter mentioned in the Mayor's message having to do with the finances

of the City has been disposed of, to the relief of the taxpayers and the glory of those who conceived the ingenious plan which the bill contains. In so far as the Mayor's message referred to other financial matters, they were not such as could be acted upon by this Board except as single matters from time to time come to this Board.

Your Committee accordingly recommend that the foregoing matters be placed on file.

HERBERT PARSONS, JOSEPH A. BILL, JAMES H. McINNES, TIMOTHY P. SULLIVAN, WILLIAM F. JAMES, Committee on Finance.

Which report was accepted.

Alderman John T. McCall moved that the Board proceed to the order of business of Motions, Ordinances and Resolutions.

Which was adopted.

At this point Alderman Kenney gave notice that he would insist upon the Committee on Rules reporting out his amendment to Rule 26 within two weeks, or else he would move the discharge of the Committee from further consideration of the subject.

MOTIONS, ORDINANCES AND RESOLUTIONS RESUMED.

No. 1994.

By the President—

Resolved, That the following-named persons be and they hereby are appointed Commissioners:

By the President—

James W. Patterson, No. 296 Ninth avenue, Manhattan.

By the Vice-Chairman—

Peter C. Ochultz, corner Third avenue and Eleventh street, Brooklyn.

By Alderman Alt—

James C. Mar, Liberty avenue and Van Sindern, Brooklyn.

By Alderman Behrmann—

Oscar Heimstadt, Wakefield, N. Y., Bronx.

George W. O'Connor, Jerome avenue and Southern Boulevard, Bronx.

Jeremiah J. Beavan, Lincoln street, Westchester, Bronx.

By Alderman Bennett—

C. F. Ballay, No. 916 Hancock street, Brooklyn.

Edward Fackner, No. 957 Broadway, Brooklyn.

By Alderman Bill—

Benjamin Crafer, No. 894 Broadway, Brooklyn.

By Alderman Bridges—

Herbert M. Jacobson, Nos. 81-87 Bridge street, Brooklyn.

By Alderman Dietz—

Simon Cottlow, No. 1688 Third avenue, Manhattan.

Leopold Prince, No. 302 Broadway, Manhattan.

By Alderman Dickinson—

James H. Stuart, No. 84 Bushwick avenue, Brooklyn.

By Alderman Donohue—

Benjamin Friedman, No. 344 East Houston street, Manhattan.

Samuel Herrmann, No. 45 Avenue D, Manhattan.

M. Sullivan, No. 197 East Third street, Manhattan.

Michael Sullivan, No. 197 East Third street, Manhattan.

By Alderman Foley—

Edwin F. Stern, No. 346 Broadway, Manhattan.

By Alderman Gaffney—

Charles Gramlich, No. 435 East Seventeenth street, Manhattan.

By Alderman Gass—

Sarah A. Gallagher, Main street, Westchester, Bronx.

By Alderman Goldwater—

John P. Bissinger, No. 685 East One hundred and fifty-third street, Bronx.

Curt Kornblum, No. 835 Southern Boulevard, East One Hundred and Thirty-third street, Bronx.

By Alderman Goodman—

Frank W. Geraty, No. 1822 Madison avenue, Manhattan.

Matthew J. Harington, No. 771 Forest avenue, Bronx.

W. R. Mattison, No. 44 West One hundred and thirtieth street, Manhattan.

By Alderman Harburger—

Morris Meyers, No. 90 Eldridge street, Manhattan.

By Alderman Harnischfeger—

Charles L. Roeder, No. 745 East One hundred and seventy-fifth street, Bronx.

By Alderman Holmes—

Bernard Naumburg, No. 34 West Seventieth street, Manhattan.

By Alderman Holler—

Alex. R. Wilson, No. 133 Keap street, Brooklyn.

By Alderman Malone—

Charles S. Warbasse, No. 189 Montague street, Brooklyn.

By Alderman Marks—

Samuel I. Abramson, No. 150 Clinton street, Manhattan.

Sol. C. Bernstein, No. 320 Broadway, Manhattan.

Samuel Cohen, No. 146 Henry street, Manhattan.

Louis T. Harris, No. 59 Mott street, Manhattan.

Julius Hamburger, No. 652 West Thirty-ninth street, Manhattan.

Abraham L. Lowenstein, No. 13 Lispenard street, Manhattan.

Louis Rinaldo, No. 233 Grand street, Manhattan.

Oscar Stevenson, No. 1994 Madison avenue, Manhattan.

Martin Weschler, No. 309 Broadway, Manhattan.

J. Charles Weschler, No. 309 Broadway, Manhattan.

By Alderman Mathews—

John W. Cuthbertson, No. 707 Amsterdam avenue, Manhattan.

By Alderman Porges—

Joseph Shapiro, No. 174 Forsyth street, Manhattan.

By Alderman Richter—

A. G. Oppenheim, No. 346 Broadway, Manhattan.

Jacob Washburn, Surrogates' office, Manhattan.

By Alderman Shappert—

John F. Mahoney, No. 532 East Eighty-ninth street, Manhattan.

By Alderman Stewart—

G. E. Cornwell, No. 181 Emerson place, Brooklyn.

Charles F. Mahnken, No. 422 Grand avenue, Brooklyn.

By Alderman Twomey—

A. T. Schneider, No. 791 Eleventh avenue, Manhattan.

By Alderman Wafer—

Daniel O'Reilly, No. 28 Fourth place, Brooklyn.

By Alderman Ware—

Claude B. Wever, No. 82 Ninety-second street, Manhattan

By Alderman Wentz—

Alma E. Stolpp, No. 742 McDonough street, Brooklyn.

By Alderman Willett—

Arthur L. Ashmead, No. 81 Washington street, Queens.

Charles Metz, Wyckoff avenue and North street, Brooklyn Hills, Queens.

The President put the question whether the Board would agree with said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Behrmann, Bennett, Bill, Brenner, Chambers, Culkin, Devlin, Dickinson, Diemer, Donohue, Doull, Dowling, Downing, Florence, Gass, Gillen, Goldwater, Haggerty, Harnischfeger, Higgins, Holler, Holmes, Jones, Keely, Kenney, Leitner, Lundy, John T. McCall, McCarthy, Thomas F. McCaul, Malone, Marks, Meyers, Owens, Peck, Richter, Schappert, Shea, Stewart, Sullivan, Tebbetts, Twomey, Wafer, Walkley, Ware, Wentz, Willett, Wirth; President Cromwell, Borough of Richmond; President Cassidy, Borough of Queens; the Vice-Chairman of the Board of Aldermen and the President of the Board of Aldermen—54.

At this point the Vice-Chairman took the chair.

No. 1995.

By Alderman Wafer—

Whereas, An Act, No. 253, has been passed by the Legislature of the State of New York, known as the "Marshall Bill," taking all authority from the Board of Aldermen of The City of New York in relation to the change of the map of the City, the laying out and grading of the streets, also in relation to public parks, bridges, tunnels and the approaches thereto, thus depriving the local representatives of the people of their just rights and constitutional privileges granted under the Charter to the Board of Aldermen;

Resolved, That we urge and earnestly request his Honor the Mayor to veto said bill, believing that the interests of the City are better safeguarded by the local authorities than by the Legislature of the State.

Which was adopted.

Alderman Downing moved that a Committee of Five be appointed to appear before the Mayor and protest against Senate Bill 253, introduced by Senator Marshall.

Which was adopted, and the Vice-Chairman appointed as such Committee Aldermen Walkley, Downing, Wafer, Doull and Diemer.

No. 1996.

By Alderman Seebeck—

Resolved, That the Committee on Public Charities be and they hereby are discharged from further consideration of the following enumerated communications and that the same be placed on file:

No. 1445. Communication from Miss C. L. Morehouse. Page 1903, Minutes, December 23, 1902.

No. 1770. Communication from Commissioner of Public Charities inviting the Board of Aldermen to visit institutions on Blackwell's Island. Page 978, Minutes of March 16, 1903.

No. 1771. Communication from Commissioner of Correction inviting the Board of Aldermen to visit institutions on Blackwell's Island. Page 979, Minutes of March 16, 1903.

Which was adopted.

No. 1997.

By Alderman Oatman—

Article I.—Rules of the Road.

Section 1. Vehicles Keeping to the Right—Vehicles shall keep to the right, and as near the right hand curb as possible.

Sec. 2. Vehicles Meeting—Vehicles meeting shall pass each other to the right.

Sec. 3. Vehicles Overtaking Others—Vehicles overtaking others shall, in passing, keep to the left. When practicable, any vehicle in passing another, when both are in motion, shall not go in front of the vehicle passed until they are 15 feet apart.

Sec. 4. Vehicles Driven Abreast—Subject to the provisions of sections 2 and 3, no person shall ride or drive vehicles abreast in any street, provided, however, that two bicycles or two horses may be so ridden. Not more than two horses or two bicycles shall be so ridden, except under a permit from the Police Department.

Sec. 5. Turning and Starting—The driver or person having charge of any vehicle, before turning the corner of any street, or turning out or starting from or stopping at the curb line of any street, shall first see that there is sufficient space free from other vehicles, so that such turn, stop or start may be safely made, and shall then give a plainly visible or audible signal.

Sec. 6. Turning to the Right Into Another Street—A vehicle turning to the right into another street shall turn the corner as near to the curb as practicable.

Sec. 7. Turning to the Left into Another Street—A vehicle turning to the left into another street shall pass to the right of and beyond the centre of the street intersection before turning.

Sec. 8. Crossing Streets—A vehicle crossing from one side of the street to the other shall do so by turning to the left so as to head in the same direction as the traffic on that side of the street.

THUS:

Sec. 9. Stopping at Curb—No vehicle shall stop with its left side to the curb.

Sec. 10. Driving, Backing, etc., on Sidewalks—It shall not be lawful for any public cartman, or for any person driving or having charge of any public cart, or any other cart, wagon or other vehicle, to drive or back any such public cart, wagon or other vehicle on to the sidewalk of any of the streets of said City, except as hereinafter provided, or to stop any such cart, or any other vehicle, on any of the crosswalks or intersections of streets so as to obstruct or hinder the travel along such crosswalks or intersections of streets, or to place any such carts or other vehicles crosswise of any streets of said City, except to load thereon or unload therefrom; but in no case shall it be law-

ful for any person to permit such cart or other vehicle to remain so crosswise of any street for a longer period than may be actually necessary for such purpose, and not to exceed five minutes; but it shall be lawful for the owner or occupant of any store, warehouse or building in any street or avenue in which the rails of any railroad company are laid so close to the curbstones as to prevent the owners or occupant from keeping any such cart or other vehicle in the carriageway in front of his place of business without interference with the passing cars of any such railroad company, to occupy with such cart or other vehicle during business hours so much of the sidewalk as may be necessary for such cart or other vehicle; provided that sufficient space be retained for the passage of pedestrians between the cart or other vehicle so permitted to occupy such portion of the sidewalk and the stoop or front of every such store, warehouse or other building. In no case shall it be lawful to place any such carts, wagons or other vehicles crosswise of the carriageway on Broadway or Fifth avenue south of Thirty-fourth street, or on Park row, or any street terminating at either end at a ferry, nor shall any such cart, wagon or other vehicle be permitted to remain in front of any premises on said Broadway or Fifth avenue, south of Fifty-ninth street, or on Park row, or on any street terminating at either end of a ferry, unless placed in close proximity to the curb, with the side of such cart, wagon or other vehicle parallel therewith; but carts, wagons and trucks shall be allowed to remain on such streets, or portions of streets, only during the process of loading and unloading the same.

Sec. 11. Vehicles Backed Up to the Curb—No vehicle shall stand in any street backed up to the curb, under any circumstances, if the vehicular traffic of the street is thereby obstructed. In no case shall a vehicle remain backed up to the curb, excepting when actually loading or unloading.

Sec. 12. Stopping Close to Curb Line—Unless in an emergency or to allow another vehicle (as provided in Secs. 16, 17 and 18) or pedestrian to cross its path, no vehicle shall stop in any public street or highway of this city, except close to the curb line.

Sec. 13. Obstructing Crossings—No vehicle shall stop, for the purpose of taking or setting down a passenger or loading or unloading freight, or for any other purpose except in case of accident or other emergency, or when directed to stop by the Police, in such a way as to obstruct any street or crossing.

Sec. 14. Stopping near Corners—No vehicle shall stop or stand within the intersection of any street, nor within twenty feet of a street corner.

Sec. 15. Surface Cars Taking on or Discharging Passengers—Surface cars shall stop only on the near side of the street, and before reaching crosswalk, to discharge or take on passengers.

Sec. 16. Right of Way—On all the public streets and highways of the City, all vehicles going in a northerly or southerly direction shall have the right of way over any vehicle going in an easterly or westerly direction.

Sec. 17. Right of Way of Certain Vehicles—The officers and men of the Fire Department and Fire Patrol, with their fire apparatus of all kinds, when going to, or on duty, at or returning from a fire, and all ambulances, and the officers and men and vehicles of the Police Department, and all physicians who have a Police permit (as hereinafter provided) shall have the right of way in any street, and through any procession, except vehicles carrying the United States mail. The Police Department is hereby empowered to issue, upon application therefor, a permit for such right of way to any duly registered physician, which permit shall not be transferable.

Sec. 18. Right of Way of Cars—Subject to the preceding section of this article, surface cars running on tracks laid in the streets especially for their use shall have the right of way along such tracks, between cross streets, over all vehicles moving in the same direction at a less rate of speed than ten miles an hour; and the driver of any vehicle proceeding upon the track in front of a surface car shall turn out immediately upon signal by the motorman or driver of the car. On streets on which surface railway cars run in but one direction vehicles must move in the same direction as the cars, and not opposite thereto.

Sec. 19. Signal in Slowing Up or Stopping—In slowing up or stopping, a signal shall always be given to those behind by raising the whip or hand vertically.

Sec. 20. Signal for Automobile—Every person driving an automobile or motor vehicle shall, at the request or signal by putting up the hand, from a person driving or riding a restive horse or horses, or driving domestic animals, cause the automobile to immediately stop, and to remain stationary as long as may be necessary to allow said horses or domestic animals to pass.

Sec. 21. Slowly Moving Vehicles—Vehicles moving slowly shall keep as close as possible to the curb line on the right, so as to allow faster moving vehicles free passage on the left.

Article II.—Speed.

Section 1. Speed of Vehicles—The following rates of speed through the streets of the City shall not be exceeded, that is: Eight miles an hour by bicycles, tricycles, velocipedes and motor vehicles, however propelled, or by passenger and other vehicles drawn by horses or other animals, except that in portions of the City not built up, where the buildings are at least one hundred feet apart, a speed of fifteen miles an hour may be maintained.

Sec. 2. Exceptions—Nothing in this article shall apply to the apparatus and wagons of the Fire and Police Departments, the Fire Patrol, ambulances, emergency repair wagons of street railroads, and vehicles carrying the United States mail.

Sec. 3. Excessive Speed Prohibited—No person riding, driving or in charge of any vehicle on any street, avenue, pathway or driveway in the City shall drive the same at

a speed greater than reasonable and proper, having regard to the traffic and use of the highways, or so as to endanger the life or limb of any person.

Sec. 4. Speed in Crossing Streets and Turning—No vehicle shall cross any street or avenue running north and south, or make any turn at a speed rate exceeding one-half its legal speed limit.

Article III.—Lights.

Section 1. Lights—Each and every vehicle using the public streets or highways of this City shall show, between one hour after sunset and one hour before sunrise, a light or lights, so placed as to be seen from the front and each side; if dash lantern is carried, it shall be placed on the left-hand side; such light or lights to be of sufficient illuminating power to be visible at a distance of two hundred feet; said light or lights shall show white in front, but may be colored on the sides. Every automobile shall exhibit during the same period two lamps showing white lights visible at a distance of three hundred feet in the direction toward which the automobile is proceeding, and shall also exhibit a red light, visible in the reverse direction. The lamps shall be so placed as to be free from obstruction to light from other parts of said automobile. In the Borough of The Bronx, excepting south of Tremont avenue and One Hundred and Seventy-seventh street, east of Jerome avenue and west of the Bronx river, and in the Boroughs of Richmond and Queens, and in the Twenty-sixth, Thirtieth, Thirty-first and Thirty-second Wards of the Borough of Brooklyn, every car or other vehicle between said hours, while moving on, along or standing upon the portion of streets in said boroughs or parts of boroughs, shall also carry a light or lights of such illuminating power as to be plainly visible two hundred feet both ahead and behind said car or vehicle.

Sec. 2. Exceptions—But this section shall not apply to any equestrian, or to any animal led or driven, not attached to any vehicle, nor to the rider of a bicycle, tricycle or similar vehicle, whose light has become extinguished, or who is necessarily absent from his home without a light, when going at a pace not exceeding six miles an hour, when a clearly audible signal is given as often as thirty feet are passed over.

Article IV.—Improper Use of Streets.

Section 1. Coasting Forbidden to Bicyclists—No bicycle shall be allowed to proceed in any street of the City by inertia or momentum, with the feet of the rider removed from the pedals.

Sec. 2. Trick Riding Forbidden—No rider of a bicycle shall remove both hands from the handle-bars, or practice any trick or fancy riding in any street.

Sec. 3. Carrying Children on Bicycles—No bicyclist in The City of New York shall carry upon his bicycle any child under the age of five years.

Sec. 4. Unbitted Horses in Streets—No horse shall be unbitted in any street unless he is first secured by a halter, nor shall any vehicle be left standing in the street without an attendant, unless the wheels of the vehicle are securely locked.

Sec. 5. Ages of Drivers—Drivers or persons in charge of vehicles other than licensed vehicles, shall not be less than sixteen years of age, unless provided with a permit from the Police Department.

Sec. 6. Riding on Backs of Vehicles—No person shall ride upon the back of any vehicle without the consent of the driver, and when so riding no part of the person's body must protrude beyond the limits of the vehicle.

Sec. 7. "Cruising" by Hacks, Etc., Forbidden—No public or private hack, while awaiting employment by passengers, shall stand in or upon any public street or place other than at or upon public or private hackstands, respectively, designated by the Police Department; nor shall any hackman seek employment by repeatedly and persistently driving his hack to and fro in a short space before, or by otherwise interfering with proper and orderly access to, or egress from, any theatre, hall, hotel, public resort, railway or ferry station, or other place of public gathering, but any hackman may solicit employment by driving through any public street or place without stops other than those due to obstructions of traffic, and at such speed as not to interrupt or impede traffic, and may pass and repass before any theatre, hall, hotel, public resort, railway or ferry station or other place of public gathering, provided that after passing such public place he shall not turn and repass until he shall have gone a distance of two blocks beyond such place.

Article V.—Use of Sidewalks.

Section 1. Driving on Sidewalks—Except as provided in this article, no horse or vehicle shall be driven, backed, led or allowed to stand on any sidewalk which has been curbed.

Sec. 2. Leading Bicycles—Riders of bicycles, when dismounted, may lead their bicycles along the sidewalk in single file, and bicycles may be allowed to stand on the sidewalk, provided they are within the stoop line and cause no obstruction.

Sec. 3. Riding on Sidewalks—Bicycles may be ridden on the sidewalks of any street in the suburbs of the City, the roadway of which is not reasonably rideable for such vehicles.

Sec. 4. Driving Across Sidewalks—Nothing contained in this article shall prevent the riding or driving of horses or vehicles from private property directly across the sidewalks of any street to the roadway, or from the roadway back to such private property.

Article VI.—General Rule Covering the Use of Streets.

Section 1. Reasonable Care to be Used—Nothing contained herein or omitted herefrom shall be construed or held to relieve any person using, or traveling, or being upon any street, for any purpose whatever, from exercising all reasonable care to avoid or prevent injury through collision with all other persons and vehicles.

Sec. 2. Traffic Not to be Obstructed—No vehicle shall be allowed to remain upon or be driven through any street of The City of New York so as wilfully to blockade or obstruct the traffic of that street.

No vehicle shall be so overloaded that the horse or horses are unable to draw it.

Article VII.—Powers of Police Department.

Section 1. Police Department to Regulate Traffic—The Police Department shall have all powers and duties in relation to the management of vehicular traffic, including the establishment and maintenance of cab, hack, omnibus and truck stands, and shall cause suitable signs to be placed at licensed cab, hack, omnibus and truck stands to indicate the number and character of vehicles allowed to stand at that point.

Sec. 2. Police Department to See That Ordinances Are Posted—The Police Department shall see that these ordinances are posted in all public stables and at the hacks, cab and truck stands, and shall keep copies of them at all of its stations and issue them on application.

Article VIII.—Definitions.

Section 1. Definitions of Terms Used Herein—The following terms, whenever used herein, except as otherwise specifically indicated, shall be defined to have, and shall be held to include each of the meanings herein below respectively set forth; and any such term used in the singular number shall be held to include the plural.

Street—Every avenue, boulevard, highway, roadway, cartway, lane, alley, strip, path, square and place used by or laid out for the use of vehicles.

Roadway—That portion of any street which is included between the curbs or curb-lines thereof, and is designed for the use of vehicles.

Curb—The lateral boundaries of that portion of a street designed for the use of vehicles, whether marked by curbstones or not so marked.

Vehicle—Every wagon, carriage, omnibus, sleigh, pushcart, bicycle, tricycle and other conveyance (except baby carriages), in whatever manner or by whatever force or power the same may be driven, ridden or propelled, which is or may be used for or adapted to pleasure riding or the transportation of passengers, baggage or merchandise upon the street; and every draught and riding animal, whether

driven, ridden or led, excepting that an animal or animals attached to any vehicle shall, with such vehicle, constitute one vehicle.

Article IX.—Penalties for Violations.

Section 1. Penalties for Violations—Any person violating any provision or regulation hereof shall be deemed guilty of a misdemeanor, and upon conviction thereof by any Magistrate, either upon confession of the party or by competent testimony, may be fined for such offense any sum not less than one dollar and not exceeding ten dollars, and in default of payment of such fine may be committed to prison by such Magistrate until the same be paid; but such imprisonment shall not exceed ten days.

Article X.—Repeal of Inconsistent Ordinances, Etc.

Section 1. Conflicting Ordinances Repealed—All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

Sec. 2. To Take Effect Immediately—These ordinances shall take effect immediately.

Which was referred to the Committee on Laws and Legislation.

No. 1998.

By Alderman Mathews—

AN ORDINANCE relating to horse troughs.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. No horse trough shall hereafter be erected, placed, kept or maintained in any street or thoroughfare unless a license therefor shall have been granted, as hereafter more specifically provided.

Sec. 2. Horse troughs may be placed on sidewalks adjacent to the curb, provided they shall be of a size and pattern approved by the President of the Borough in which they are located, and shall in no way prove an impediment to pedestrians.

Sec. 3. No horse trough shall be placed except as prescribed in section 2, and for each horse trough so placed a license fee of $5.00 shall be paid.

Sec. 4. An applicant for a license under the provisions of this ordinance shall file in the Bureau of Licenses an application having endorsed thereon the consent of the Alderman of the district in which the horse trough is to be erected; or in lieu thereof, a statement that such Alderman has refused his consent, and in such case a consent signed by a majority of the members of the local Board of Improvements embracing such Aldermanic District. Such application shall state the location at

which it is desired to erect and maintain the said horse trough and contain a general description of the said horse trough.

Sec. 5. All licenses granted under the provisions of this ordinance shall be for the term of one year from the date of the issue thereof, and any license before its expiration or within fifteen days thereafter may be renewed for another term upon the payment of one-half the license fee designated therefor. Notices of the expiration of licenses shall be served upon the holders thereof by the Police Department upon information furnished by the Chief of the Bureau of Licenses. Failure to renew a license within the time herein prescribed shall be forthwith reported by the Police Department to the President of the Borough in which the licensed horse trough is situated, who shall forthwith direct that such horse trough be removed.

Sec. 6. Any license granted under the provisions of this ordinance may be revoked at any time by the local Board of Improvements of the district in which such horse-trough is situated. The President of a borough must order and direct the removal of any horse trough maintained contrary to the provisions of this ordinance in any portion of the Borough of which he shall be at the time President. The Bureau of Licenses must at any time at the written request of the Commissioner of Water Supply, Gas and Electricity, revoke any license heretofore or hereafter granted for the maintenance of a horse trough.

Sec. 7. Violation of any of the provisions of this ordinance shall be a misdemeanor, the penalty of which shall be ten ($10) dollars.

Sec. 8. All ordinances of the former municipal and public corporations consolidated into The City of New York inconsistent or conflicting with the provisions of this ordinance, are hereby repealed.

Sec. 9. This ordinance shall take effect immediately.

Which was referred to the Committee on Water Supply, Gas and Electricity.

No. 1999.

By the same (by request)—

AN ORDINANCE to regulate the matters provided for in sections three hundred and forty-six, fourteen hundred and seventy-two, fourteen hundred and seventy-three, fourteen hundred and seventy-four, fourteen hundred and seventy-five, fourteen hundred and seventy-six, fourteen hundred and seventy-seven, fourteen hundred and seventy-eight, fourteen hundred and seventy-nine, fourteen hundred and eighty, fourteen hundred and eighty-one, fourteen hundred and eighty-two, fourteen hundred and eighty-three, fourteen hundred and eighty-four, fourteen hundred and eighty-five and fourteen hundred and eighty-six of chapter three hundred and eighty-seven of the Laws of eighteen hundred and

ninety-seven, in pursuance of section three of section sixteen hundred and twenty of the Laws of nineteen hundred and one, chapter four hundred and sixty-six.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

The matters provided for in said sections three hundred and forty-six, fourteen hundred and seventy-two, fourteen hundred and seventy-three, fourteen hundred and seventy-four, fourteen hundred and seventy-five, fourteen hundred and seventy-six, fourteen hundred and seventy-seven, fourteen hundred and seventy-eight, fourteen hundred and seventy-nine, fourteen hundred and eighty, fourteen hundred and eighty-one, fourteen hundred and eighty-two, fourteen hundred and eighty-three, fourteen hundred and eighty-four, fourteen hundred and eighty-five and fourteen hundred and eighty-six of said chapter three hundred and seventy-eight of the Laws of eighteen hundred and ninety-seven are hereby regulated by the Board of Aldermen, as follows:

Bureau of Licenses—Licenses for Public Exhibitions.

Section 1. The Bureau of Licenses of The City of New York is hereby authorized to grant licenses for public exhibitions in the manner and on the conditions provided for in the following sections of this ordinance.

Public Exhibitions to be Licensed.

Sec. 2. It shall not be lawful to exhibit to the public during week days in any building, garden or grounds, concert room or other place or room within The City of New York any interlude, tragedy, comedy, opera, ballet, play, farce, minstrelsy or dancing, or any other entertainment of the stage, or any part or parts therein, or any equestrian, circus, or dramatic performance, or any performance of jugglers, or rope dancing, or acrobats, until a license for the place of such exhibition for such purpose shall have been first had and obtained, as hereinafter provided.

Bureau of Licenses—Grants Licenses, Fee, Penalty for Neglect to Obtain License.

Sec. 3. The Bureau of Licenses of The City of New York is hereby authorized and empowered to grant such license, to continue in force until the first day of May next ensuing the grant thereof, on receiving for each license so granted, and before the issue thereof, the sum of five hundred dollars; and every manager or proprietor of any such exhibition or performance who shall knowingly neglect to take out such license, or knowingly consent, or knowingly cause or allow any such exhibition or performance, or any single one of them without such license, and every person knowingly aiding in such exhibition, and every owner or lessee of any building, part of a building, garden, grounds, concert room or other room or place, who shall knowingly lease or let the same for the purpose of any such exhibition or performance, or knowingly assent that the same be used

for any such purpose, except as permitted by such license, and without such license having been previously obtained and then in force if the same shall be used for such purpose, shall be subject to a penalty of one hundred dollars for every such exhibition or performance, which penalty shall be prosecuted, sued for and recovered in the name of The City of New York, and shall be paid to the Chamberlain of The City of New York, to be paid into the treasury of said City.

Id.—Commutation of License Fee.

Section 4. The said Bureau of Licenses is hereby authorized to grant licenses for said exhibitions or performances for any term less than one year, and in any case where such license is for a term of three months or less, the said Bureau of Licenses is hereby authorized to commute for a sum less than five hundred dollars, but in no case less than two hundred and fifty dollars for a theatre, or one hundred and fifty dollars for a circus, concert room, or other building or place whatsoever.

Id.—Fees to Be Paid Over to Comptroller.

Sec. 5. Upon granting every such license authorized by this title, the said Bureau of Licenses shall receive from the person to whom the same shall be granted the amount payable for said license, as above provided, which amounts as respectively received by it shall be paid over to the Comptroller of The City of New York, to be paid into the treasury of said City.

Exhibitions on Sunday.

Sec. 6. It shall not be lawful to exhibit on the first day of the week, commonly called Sunday, to the public, in any building, garden, grounds, concert room or other room or place within The City of New York, any interlude, tragedy, comedy, opera, ballet, play, farce, negro minstrelsy, negro or other dancing or any other entertainment of the stage or any part or parts therein, or any equestrian, circus or dramatic performance, or any perfomance of jugglers, acrobats or rope dancing; provided, however, that any such performance or other entertainment of the stage may be lawfully exhibited after 2 o'clock in the afternoon on the first day of the week, commonly called Sunday, to the public, under a license for the place of such exhibition for such purpose first had and obtained as hereinafter provided.

Id.—Licenses for Sunday Exhibition.

Sec. 7. The said Bureau of Licenses in The City of New York is hereby authorized and empowered to grant such licenses provided for in section 6 hereof to continue in force until the first day of May next ensuing the grant thereof unless sooner revoked by the said Bureau of Licenses, on receiving for each license so granted and before the issuing thereof the sum of one hundred dollars to be paid over

by the said Bureau of Licenses into the City treasury; and provided, however, that no person shall be so licensed except a citizen of the United States or a corporation incorporated under the laws of the State of New York, or a state of the United States. The said Bureau of Licenses is hereby authorized to grant such licenses for such exhibitions or performances for any term less than one year; and in any case where such license is for a term of four months or less, the said Bureau of Licenses hereby is authorized to grant such license upon the payment of a license fee of fifty dollars; and in any case where such license is for a single exhibition or performance, the said Bureau of Licenses is hereby authorized to grant such license upon the payment of a license fee of ten dollars, said license fee to be paid over into the treasury of The City of New York.

Revocation of License.

Sec. 8. Any license provided for by any of the preceding sections of this ordinance may be revoked and annulled by the said Bureau of Licenses upon proof of a violation of any of the provisions of the sections of this ordinance or upon proof of a violation of any provision of any law of this State or ordinance of The City of New York relating to disorderly houses used in any way in connection with such exhibitions or performances, or affecting the public morals or public health relative to such place or exhibition for the purposes aforesaid or any part or portion of the building or place in which or connected with which such exhibitions or performances are given and used in any way in connection with any such exhibitions or performances upon notice of not less than two days to show cause why such license should not be revoked and annulled; and any person whose license shall have been revoked or annulled by said Bureau of Licenses shall have the right to review in the Supreme Court the action of said Bureau of Licenses upon a writ of certiorari, and any person whose license shall have been so revoked and annulled and such revocation not reversed upon certiorari shall not thereafter be entitled to a similar license under the provisions of the foregoing sections.

Penalty for Violating Provisions of This Ordinance.

Sec. 9. Any person violating any of the provisions of sections 2, 3. 6 or 7 of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction shall be punished by imprisonment in the Penitentiary for a term not less than three months nor more than one year, or by a fine not less than one hundred dollars nor more than five hundred dollars, or by both such fine and imprisonment.

Sec. 10. It shall be the duty of every Sheriff, Deputy Sheriff, Constable and of every member of the Police Force to enter, at any time, said places of amusement and to arrest and convey any person or persons violating any provisions of sections 2, 3, 6 and 7 of this ordinance, forthwith, before any City Magistrate or Recorder having jurisdiction in said City, there to be dealt with according to law.

Corporaton Counsel May Enjoin Exhibitions Without License.

Sec. 11. In case any person shall open or advertise to open any theatre, circus or building, garden or ground, concert room or other place for any such exhibition or performance in said City heretofore referred to without first having obtained a license therefor, as provided for by the preceding sections of this ordinance, it shall and may be lawful for the Corporation Counsel of The City of New York to apply to the Supreme Court, or any Justice thereof, for an injunction to restrain the opening thereof until he shall have complied with the requisites of this ordinance in obtaining such license and also with such order as to costs as such court or Justice may deem just and proper to make, which injunction may be allowed upon a complaint to be in the name of The City of New York in the same manner as injunctions are now usually allowed by the practice of said court. Any injunction allowed under this section may be served by posting the same upon the outer door of the theatre or circus or building wherein such exhibitions may be proposed to be held, or if the same shall be in a garden or grounds, then by posting the same at or on or near the entrance way to any such place of exhibition, and in case of any proceeding against the manager or proprietor of any such theatre, circus, or building, or garden or grounds, as aforesaid, it shall not be necessary to prove the personal service of the injunction, but the service hereinbefore provided shall be deemed and held sufficient.

Preceding Sections Not Applicable to Certain Performances.

Sec. 12. The provisions and requirements of the foregoing sections of this ordinance shall not be held to apply to any building, hall, room or rooms in which only private theatricals, tableaux and other exhibitions for charitable and religious purposes are given, nor to the manager or managers of exhibitions given by amateurs for the benefit of any church, mission, parish or Sunday-school, or for any other charitable or religious purpose, nor shall the same be held to apply to the Masonic Temple in New York, or the trustees of the Masonic Hall and Asylum Fund, so long as the revenues of said temple shall continue to be applied to the use of the Masonic Hall and Asylum, or other charitable purpose, nor to the Educational Alliance, or to the directors or officers of said society as such with respect to any building which shall in whole or in part be owned or leased by said society, while so owned or leased, so long as the revenue thereof shall continue to be applied to the support of said society and to the religious, charitable, social, educational or literary purposes of said society.

Minors Under Fourteen Unaccompanied by Adult not to be Admitted to Theatres at Night.

Sec. 13. It shall not be lawful for any owner, lessee, manager, agent or officer of any theatre in The City of New York to admit to any theatrical exhibition held

in the evening any minor under the age of fourteen years, unless such minor is accompanied by, and is in the care of, some adult person. Any person violating the provisions of this section shall be guilty of a misdemeanor, and shall be liable to a fine of not less than twenty-five dollars nor more than one hundred dollars, or imprisonment for a term not less than ten nor more than ninety days for each offense. All moneys recovered under the provisions of this section, for fines, shall be paid over to the Comptroller of said City, to be paid into the Treasury of said City.

Prohibition of Sale of Spirituous Liquors and Employment of Female Waiters.

Sec. 14. It shall not be lawful to sell or furnish any wine, beer or strong or spirituous liquors to any person in the auditorium or lobbies of any place of exhibition or performance mentioned in section 2 of this ordinance, or in any apartment connected therewith by any door, window or other aperture, except that the Bureau of Licenses may, in its discretion, and subject to such regulations and restrictions as it may determine, permit the same to be sold or furnished while concerts, consisting of vocal or instrumental music only, are being given in a place duly licensed, as hereinbefore provided. Such permission shall only be operative so long as it shall be lawful under the laws of this State to sell or furnish wine, beer or strong or spirituous liquors at such place, and may be revoked at any time by the Bureau of Licenses. It shall not be lawful to employ or furnish or permit or assent to the employment or attendance of any female to wait on or attend in any manner, or furnish refreshments to the audience or spectators, or any of them, at any of the exhibitions or performances mentioned in said section, or at any other place of public amusement in The City of New York. The provisions of this ordinance shall not be construed to interfere with the right of any incorporated or other society, organized and maintained for the cultivation of vocal or instrumental music, to exercise and practice the same in good faith for themselves only, and not for the observation and entertainment of the public; nor shall the use or occupation by any such society for the purpose aforesaid of any hall or room connected with any place wherein by the laws of this State it is lawful to sell wine, beer or strong or spirituous liquors be construed to make such place a place of public amusement within the provisions of this ordinance.

Violation of Preceding Section Annuls License.

Sec. 15. No license shall be granted for any exhibition or performance given in violation of the preceding section, and any and every exhibition or performance at which any of the provisions of the said section shall be violated shall of itself vacate and annul and render void and of no effect any license which shall have been previously obtained by any manager, proprietor, owner or lessee consenting to, causing or allowing or letting any part of a building for the purpose of such exhibition and performance.

Violation of Any Provision of the Two Preceding Sections a Misdemeanor.

Sec. 16. Any person violating any of the provisions of the two preceding sections, or employing or assenting to the employment or attendance of any person contrary to the provisions of said sections, shall be deemed guilty of a misdemeanor, and upon conviction shall be punished by imprisonment in the penitentiary for a term of not less than three months nor more than one year, or by a fine not less than one hundred dollars nor more than five hundred dollars, or by both such fine and imprisonment.

Police, Etc., to Enter Places of Amusement and Arrest Offenders.

Sec. 17. It shall be the duty of the Sheriff, Deputy Sheriff, Constable and of every member of the Police Force to enter at any time said places of amusement, and to arrest and convey any person or persons violating any provision of the three preceding sections, forthwith, before any City Magistrate or Recorder having jurisdiction in said City, there to be dealt with according to law.

Sec. 18. This ordinance shall take effect immediately.

On motion of Alderman John T. McCall this paper was laid on the table.

No. 2000.

The same (by request)—

AN ORDINANCE amending section 334 of the Revised Ordinances of The City of New York to read as follows:

Sec. 334. Every description of opening below the surface of the street in front of any shop, store, house or other building, if covered over, shall be considered and held to be a vault or cistern within the meaning of this article, unless the same shall be covered by a stoop, platform or steps, forming an entrance to the said building; and the master builder, or owner, or person for whom the same shall be made or built shall be liable to the provisions, payments and penalties of this article severally and respectively.

Which was referred to the Committee on Buildings.

No. 2001.

By Alderman Klett—

AN ORDINANCE to amend the Revised Ordinances of The City of New York of 1897, in so far as they relate to the discharge of firearms.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. Section 721 of the Revised Ordinances of 1897 is hereby amended by adding at the end thereof the words "the premises known as Manhattan Casino

Park, situate on the north side of One Hundred and Fifty-fourth street, between Eighth avenue and Central avenue, in the Borough of Manhattan."

Sec. 2. All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

Sec. 3. This ordinance shall take effect immediately.

Which was referred to the Committee on Fire.

No. 2002.

By Alderman Kennedy—

Resolved, That it is hereby respectfully recommended to the Commissioner of Water Supply, Gas and Electricity that an electric light be placed at the northeast corner of Grand and Varick streets, Borough of Manhattan.

Which was adopted.

No. 2003.

By Alderman Higgins—

Resolved, That it is recommended to the Commissioner of Water Supply, Gas and Electricity, that two lampposts be erected, street lamps placed thereon and the same lighted, in front of St. Clement's Protestant Episcopal Church, in West Third street, near Macdougal street, in the Borough of Manhattan.

Which was adopted.

No. 2004.

By Alderman Foley—

Resolved, That the ordinance relating to the discharge of fireworks be and the same is hereby suspended so as to permit the Societa Stabiana Mutuo Succorco St. Giorgio Abbanese to discharge fire-crackers on the occasion of their festival in the Second Assembly District, New York County, on May 11 and May 12, 1903, such suspension to continue only for the place and dates above mentioned.

Which was received and placed on file.

No. 2005.

By Alderman Florence—

AN ORDINANCE amending section 10 of the Building Code.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

That the Building Code, section 10, is hereby amended so as to read as follows:

THE BUILDING CODE—SECTION 10.

Hotel, Definition Of,

A hotel shall be taken to mean and include every building or part thereof intended, designated or used for supplying food and shelter to residents or guests and having a

general public dining room or a cafe, or both, and containing also more than fifteen sleeping rooms above the first story, but this section shall not apply to buildings heretofore erected as tenement houses.

Occupation of Area of Lot Limited.

Whenever any such building hereafter erected shall be located on any other than a corner lot or plot it shall not cover in the aggregate more than 90 per cent. of the area of such lot or plot at and above the second story floor level, if not more than five stories in height, and 2½ per cent. less for every additional story in height.

And on a corner lot, when covering an area of not more than 3,000 square feet, it shall not occupy more than 95 per cent. of the area of such lot at and above the second story level.

In case any such building is to occupy a number of lots the Commissioner of Buildings having jurisdiction may allow the free space, proportioned as herein stated, to be distributed in such manner as in his opinion will equally as well secure light and ventilation.

Which was referred to the Committee on Buildings.

No. 2006.

By Alderman Dowling—

Resolved, That the Board of Estimate and Apportionment be and hereby is respectfully requested to take under advisement, and make provision for, an advance in the salary of each of the following enumerated attaches of the office of the City Clerk and the Clerk of the Board of Aldermen, as follows:

Albert E. Hull, Stenographer, from $2,000 to $2,500.

Thomas B. Jones, Cashier, from $1,500 to $2,100.

Owen Hagan, Journal Clerk, from $1,200 to $1,800.

Resolved, further, That the President of the Board, the Chairman of the Finance Committee and the Chairman of the Committee on Salaries and Offices be and hereby are appointed and requested to appear, after consultation with and indorsement hereof by the City Clerk, before the Board of Estimate and Apportionment and urge favorable consideration of the several advances requested.

Which was adopted.

REPORTS OF THE STANDING COMMITTEES AGAIN RESUMED.

Report of Committee on Streets, Highways and Sewers—

No. 1935—(G. O. No. 383).

The Committee on Streets, Highways and Sewers, to whom was referred on April 14, 1903 (Minutes, page 100 of April 14, 1903), the annexed ordinance in favor of governing the width of sidewalks in the Borough of Richmond, respectfully

REPORT:

That, having examined the subject, they recommend that the said ordinance be adopted.

AN ORDINANCE governing sidewalk widths in the Borough of Richmond.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. In carrying out street improvements in the Borough of Richmond, where the regulation of sidewalks and curbing is affected: In all new streets and in old ones, where possible, unless serious difficulties interfere, to be then determined by the President of the Borough, the sidewalks between street lines and curbs shall be of widths as follows:

	Adopted Width.
A. Where street is less than forty (40) feet wide, to be determined by the President of the Borough, as each special case may require...	Special
B. Where street is forty (40) feet wide and less than fifty (50) feet.....	10
C. Where street is fifty (50) feet wide and less than sixty (60) feet.....	12½
D. Where street is sixty (60) feet wide and less than seventy (70) feet..	15
E. Where street is seventy (70) feet wide and less than eighty (80) feet.	17½
F. Where street is eighty (80) feet wide and less than one hundred (100) feet	20
G. Where street is one hundred (100) feet wide and over.....	25

Sec. 2. For all new sidewalk pavement the footway shall be not less than five (5) feet in width, with either flagstones or artificial stone; in full accordance with or better than called for in the standard specifications for this work, on file in the office of the President of the Borough of Richmond.

Sec. 3. All sidewalks shall be laid on a grade rising from top of the curb, one-half (½) of an inch to each foot, where only one five (5) foot width of pavement is laid; and of one-third (1-3) of an inch where the whole sidewalk width is to be paved.

Sec. 4. All ordinances, or parts thereof, now in effect conflicting with these, are hereby repealed.

Sec. 5. This ordinance shall take effect immediately.

FRANK L. DOWLING, CHARLES ALT, PATRICK H. MALONE, DAVID M. HOLMES, JAMES OWENS, Committee on Streets, Highways and Sewers.

Which was laid over.

MOTIONS AND RESOLUTIONS AGAIN RESUMED.

Alderman Owens moved that the Board do now adjourn.

The Vice-Chairman put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

And the Vice-Chairman declared that the Board stood adjourned until Tuesday, May 5, 1903, at 1 o'clock p. m.

P. J. SCULLY, City Clerk, and Clerk of the Board of Aldermen.

APPENDIX

TO

MINUTES OF STATED MEETING

OF

THE BOARD OF ALDERMEN

OF THE CITY OF NEW YORK

TUESDAY, APRIL 28, 1903

The President laid before the Board the following communication from the Department of Finance:

Department of Finance, City of New York,
April 17, 1903.

Hon. P. J. SCULLY, City Clerk:

Dear Sir—In compliance with chapter 3, article 1, section 23 of the Revised Ordinances of 1897, I have the honor to transmit herewith for presentation to the Board of Aldermen statements of all contracts made by the Mayor, Aldermen and Commonalty of The City of New York and the municipalities, corporations, etc., consolidated therewith prior to January 1, 1898, and The City of New York (Greater New York) since January 1, 1898, or directed or authorized by the Common Councils of said corporations, and not performed or completed or upon which any moneys remain unpaid on each on December 31, 1902.

These statements show the payments made on account of the various contracts to December 31, 1901, inclusive; the payments on account thereof during the year 1902, the total amounts paid thereon to December 31, 1902, the balances remaining unpaid thereon December 31, 1902 and the funds or accounts against which said contracts are chargeable.

Statement "A" shows the contracts executed prior to January 1, 1898, by the Mayor, Aldermen and Commonalty of The City of New York.

Statement "B" shows the contracts executed prior to January 1, 1898, by the municipalities, corporations, etc., consolidated with the Mayor, Aldermen and Commonalty of The City of New York.

Statement "C" shows the contracts executed since January 1, 1898, by The City of New York (Greater New York).

Yours truly,

EDWARD M. GROUT, Comptroller.

STATEMENT "A."

Statement of Contracts Executed Prior to January 1, 1898, by The Mayor, Aldermen and Commonalty of The City of New York, Registered in the Comptroller's Office, to and Including December 31, 1902, and not paid in full at December 31, 1901.
